Attempted Outrage at Corvallis.

It seems that Italian laborers are giving trouble in Corvallis as well as in this city. The Benton Leader says: There are in the property of John Rickard on River street, a lot of Dagos who came off the work on the Oregon Pacific when the troubles were on here. Last Friday night, an old German lady was going to call on a neighbor and had to pass the alley back of this house, when a man, one of the Dagos, stepped from the alley and caught her by the arm and assaulted her with criminal intent. She screamed and struggled and finally broke away from him and fled to the house of Mr. Cal Hutton. The poor woman could not speak English. Mr. John Riley was sent for to learn what was the matter with her, and to him she told her story, and he went with her home. No effort has been made to bring the fellow to justice as it probably would be impossible to identify him.

The Lane County Suicide.

There is a great deal of comment in Lane county over the suicide of Mrs. Martin at Cottage Grove on Saturday morning. The funeral was held on Sunday. "Uncle Billy" Martin, the husband of the deceased, was arrested on a charge of assault with intent to kill his wife, and was bound over. This was done on complaint of his son, "Uncle Billy," as he is known, is grief stricken over the horrible consequences of his habit of drinking too much.

AN IMPORTANT MEASURE.

A Bill to Construct \$25,000 School Building for Deaf Mutes at Albany.

Senator S. A. Dawson introduced in the Senate on January 16th a bill for an act to provide for the purchase of land at or near Albany the enclosing and improving thereof, and the erection thereon of a substantial brick building or buildings, with suitable outbuildings; the said building or building to be occupied by the school for the deaf mutes of the state of Oregon. The bill provides that three commissioners shall be appointed by the Governor whose duty it shall be, and they are hereby authorized by the state, to select and purchase land, not exceeding fifty acres, and at a price not exceeding seventy-five dollars per acre, on the east side of the Willamette river, within the distance of two and one-half miles of the city of Albany; the said land to be a suitable location for the school for deaf mutes of the state of Oregon. Within one month after receiving notice of their appointment they shall meet at some point agreed upon by themselves and elect one of their number chairman and another secretary, and make any rules for their guidance as they may deem necessary, and at the same time prepare an advertisement for proposals of land within the area of country designated in the act; said advertisement shall be inserted without delay in some paper or papers of general circulation in the county of Linn, and continued four successive weeks. The said commissioners, having designated the time and place of receiving and opening proposals for land, shall, after examining the same personally, inspect the different premises offered and select those best adapted to the uses and purposes of this act. Other things being equal, the price of land offered at the lowest price shall be selected. The said commissioners are not hereby bound to select only from lands offered in these proposals, if they can buy to better advantage from others, nor from one person only if they can buy to better advantage from others, nor from one person only if they can secure a better location by taking parcels of different lots of land offered. The title of the land selected must be perfect. After the state has secured the title and possession of said land, the Governor, Secretary of State and State Treasurer shall constitute a board of improvement, and shall invite plans and specifications from architects of such building or buildings, which shall be constructed of brick in a good, substantial manner, as they may deem necessary, and they shall be permitted to pay a reasonable sum for any plan which may be accepted, or proportional rates for any parts of plans accepted. The cost of said building or buildings must not exceed the sum of twenty-five thousand dollars. The said board of improvement shall take action as soon as they deem it practicable, in contracting for the fencing of the premises and the planting of fruit and ornamental trees and to lease or make use of in any profitable manner, the pasture or tillable lands, until their occupancy by the state is desired. After the said board of improvements have decided upon the plan of the building or buildings, they shall advertise in some paper of general circulation for four successive weeks, for sealed bids for contracts to furnish such material as the state cannot furnish, such material to be definitely set forth as to quality and quantity in said advertisement and the lowest responsible bidder shall be awarded the contract; provided always, that no bid shall be accepted which shall exceed the price for which any article may be purchased in open market, and all contractors, either for material or labor, shall give good and sufficient bonds for the strict performance of their contract. If the board, in their judgment believe that it would be advantageous to secure labor in the same way, they are authorized to invite bids for it also. The board of improvement shall have authority to make requisition upon the superintendent of the penitentiary for such material manufactured by convict labor and belonging to the state, as may be advisable for the construction of said building or buildings, and such convict labor as can be furnished with due regard to safety. The work of erection of said building or buildings shall not commence later than May 1st 1890. It shall be the duty of said board to furnish the next regular session of the legislative assembly of the state of Oregon, a full report of its transactions. The sum of twenty thousand dollars, or as much thereof as is necessary, is by the bill appropriated out of the general fund enumerated in the act, and the Secretary of state is authorized to draw warrants for the disbursement of the same. Inasmuch as there is great need of prompt action in this matter, the act shall take effect and be in force and after its approval by the Governor.
