JOTTINGS ABOUT TOWN.

Lucretia Borgia to-morrow night. Jos. Webber, Jr., of Portland, is in the city. Merrill Fish returned last evening from Salem.

LOCAL NEWS

Our Usual Budget of News About the City.

THE OREGON PACIFIC'S OFFICES.

Sternberg & Senders Will Add Another Story to their Corner for this Purpose.

Messrs. Sternberg & Senders who own the brick corner formerly occupied by Monteith & Seitenbach, and the building occupied by P. Cohen, refused an offer during the past week of \$20,000 for the property.

Mr. Sternberg states that during the coming season they will add another story to their building, which will be occupied by the general offices of the Oregon Pacific Co., which will be removed from Corvallis to this city as soon as the building is completed.

Several other brick buildings are in contemplation, among them being a fine Masonic building. Indications point to a larger amount of building of residences than ever before. This is the natural result of the steadily increasing population of the city. Rents have advanced to a figure which pays good interest on the money invested in buildings, and vacant houses are not to be found. As long as this condition of things exists, there is bound to be a healthy growth in the residence portion of the city, as well as on the business streets.

The Agricultural College.

A member of the legislature has received a telegram from a man at Corvallis questioning veracity, who says the Methodist church South wants its claims fully established to the building and grounds and all other things belonging to State Agricultural college at Corvallis and then, after that, its officials will consider any reasonable proposition from the state for a settlement, and the Methodist church South have memorialized the legislature in accordance with their wishes above stated. The legislature will not likely decide to acquiesce in this demand. The school ought not to be under control of any church denomination but be a purely state institution and it is on this line the state will act.

A Blaze at Marion.

On Wednesday evening the usually quiet little village of Marion was thrown into a state of wild excitement by the cry of fire ringing through the streets. Rushing to the scene of the alarm flames were seen leaping from the store room of W. B. Peacock. The fire had gained such headway before discovered that nothing could be saved, as the town was unprepared to fight the element. The fire was first discovered by Mr. Matthews, but he was unable to do more than give the alarm. The store, with entire contents, was destroyed, causing a loss to Mr. Peacock of about \$1500 above insurance. It is not known how the fire originated, but a defective flue is supposed to have been the cause.

Three New Mining Claims.

To-day three new mining claims have been filed with the county clerk. They are gold placer claims and are located in the Hecla district upon the Santiam. John S. Eansfield, Walter S. Cline and G. B. Rains are the prospectors. They think there is a prosperous outlook for the future of placer mining up in the mountains where rolls the Santiam. -Salem Journal.

Church Notice.

Preaching services at the Presbyterian church to-day at 11 a. m. and 7:30 p. m. Sabbath school at 12:15 p. m. Young People's prayer meeting at 6:30 p. m. in the lecture room. The subject of the morning service will be "The Safe Guide." The subject of the evening discourse, "The Proud Brought Low." All will be made welcome to these services.

An Excellent Work.

Every family should have a standard atlas for reference and study. One of the best and most extensive and fullest is Cram's Family Atlas of the world. It is not only a perfect atlas, but is also the latest and most extensive gazetteer issued. The work is being canvassed for in this city and vicinity by Joseph Talt, and every family should secure a copy while they have the opportunity.

Another National Bank.

The first national bank of Hillsboro, Washington county, will open its doors for the transaction of business on Monday. The stock of the new bank is nearly all held in Washington county. The president is J. W. Shute and the cashier Capt. J. D. Merryman.

Ice Works.

The scarcity of ice and the demand for this article next summer should lead to the establishment of ice works in Albany. Those who are posted say that it would be a paying business. The dependence for the annual summer supply of ice upon the frozen streams in winter is often deluding and the only satisfactory and sure way is found in ice works.

Sour Kraut.

Ten barrels of the genuine German sauer kraut were received yesterday, also a fine lot of delicacies, salted Chinook salmon and a few kits of Boston mackerel, which is a rare treat, by the Willamette Packing Co.'s store.

Cows at Large.

The Willamette Packing Co. received a fine lot cabbage yesterday and it took three small boys and a dog to keep the cows away.

CITY COUNCIL MEETING.

Called Meeting for the Purpose of Ordering the Clearing of Alleys, Etc.

A special meeting of the city council was held last evening. Mayor Cowan in the chair. Councilmen Gradwohl, Parker, French and Burkhart present. Recorder absent. Councilman Burkhart appointed recorder pro tem.

Recommendation for a new sidewalk on west side of Baker street, lot 5 in block 3, crosswalk west side in block 3 and gravel, new crosswalk on east side block 17, alley crosswalk in block 18, crosswalk on Sixth and Jackson west side, were referred to committee on streets and public property.

The alleys in blocks 3, 4, 5, 11, 10, 9, 7, were ordered cleaned. Street commissioner instructed to order the leveling and graveling of Ferry, Broadalbin and Ellsworth streets between First and Second. New sidewalk in block 8 lot 6 was ordered.

COAST NOTES.

A large portion of the Umatilla reservation will shortly be opened to settlement.

It costs Lake county, at present, from \$40 to \$50 per day to pay warrants on rabbit, coyote, wildcat, cougar and bear scalps. For the first time since September 19th last there is not a case of small pox in Marion county which is once more free from the scourge. Of the dozen or fifteen cases there have been but two deaths, those of the Lachnappel children.

There was a foot race at Siaslaw a short time since and the whole bay went broke on the "hind sprinter." Even the big hotel is without milk, owing to the fact that the landlady lost her cows through a misplaced confidence in the speed of the wrong chap.

An immigrant family named Henderson, with twelve members, lately arrived at Weston, from Indiana. They were attacked with typhoid fever, and several died. One of the survivors, a young woman, has gone crazy on account of disease and anxiety.

The average salary paid male teachers in this state in the year 1885 was \$48.22, and in the year 1886 was \$46.20, and of females it was for 1885 \$36.90, and for the year 1886 it was \$34.65, thus showing that teachers' wages are declining.

A San Francisco company has agreed to build and operate an extensive nail factory at Oregon City, and a building site and power sufficient to turn out 300 kegs of nails a day has been guaranteed them free of cost for ten years. The company will expend \$50,000 on buildings and machinery, it is said.

Collar Bone Broken.

Water Schaller, a student of the Albany college from Portland, who holds with Prof. E. N. Condit, while practicing at gymnastics yesterday fell, breaking his collar bone. Dr. G. W. Maston reduced the fracture, and the patient is doing well.

A Good Hunt.

James Murray and Wat Montie caught 100 fish in the Willamette at this city yesterday in about two hours. They were chubs and suckers. All the trout they caught they threw back to wait until the prohibitory law goes out of effect.

STATE NEWS.

Newsy Notes from the State Capital.

MR. KAY'S WOOLLEN MILL PROJECT.

A \$20,000 Bonus to be Raised - Marion County Finances.

Special to the Herald.

SALEM, Feb. 2. - Taxes in this county are being paid with cheerful rapidity. The sheriff has already turned \$21,000 over to the county treasurer and took in nearly \$1000 to-day. County Treasurer Condit has paid off \$9,657 of the state taxes, leaving about \$8000 yet unpaid. He is also paying off county warrants as presented and the county is paying interest on only a small sum.

The following resolutions were adopted by Salem grange at the regular meeting to-day: Resolved, That a committee of 5 be appointed to wait upon the governor and request him to veto the "Portland Water Bill" and labor with our members in the legislature to sustain the veto. The Salem woolen mill project is now a nearer assured success than most people had dared to hope for so soon. A bond for a deed was secured to-day from G. W. Gray to the most desirable water power here and the only question now is the raising of a \$20,000 bonus. Thus the committee of the board of trade that has the matter charge think can be raised without trouble. If so, as soon as Thos. Kay returns from England, where he is going forthwith, a mill will be built here that will use up 20,000 pounds of wool per year. The committee will take steps immediately to have the bonus subscribed.
