TO IMPROVE SODAVILLE SPRINGS.

Full Text of the Measure for the Improvement of These Mineral Springs.

Following is the bill introduced in the house by Representative J. B. Morelock, for the improvement of the soda springs at Sodaville, it having been already read the first time.

A bill for an act to appropriate money for the improvement of a public soda spring in sodaville, Linn county, Oregon.

Be it enacted by the legislature assembly of the state of Oregon.

SEC. 1.—That there be and here by is appropriated out of any money in the state treasury not otherwise appropriated, the sum of \$1,000 for the improvement of the public soda spring situated in block eight, in the city of Sodaville, Linn county, Oregon.

SEC. 2.—The secretary of state shall draw a warrant on the state treasury in favor of the treasurer of the city of Sodaville for the said sum of \$1,000, which shall be expended under the direction and supervision of the board of trustees of said city of Sodaville.

SEC. 3.—That because of the great demand of the public for the water of said springs, because of their great medicinal virtues this act shall take effect and be in force from and after its approval by the governor.

The appropriation in the bill is not large, and in view of the fact that Linn county does not often ask or receive state appropriations for public purposes, it would behoove our representatives to urge the passage of this bill.

The springs at Sodaville are being brought into prominence, and it is probable that a railroad branch will be extended to them. They are visited by people from all portions of the state, and they ought to be improved.

Hints to Gardeners.

Now is the time to think over what vegetables are best to sow and plant the coming year; and having so decided get from good, reliable sources the seeds likely to be required.

A model garden should have an asparagus and rhubarb patch. Early in the spring have, first, radishes and lettuce, and green onions, one of the very earliest products, and much liked by everybody.

Young beets, peas and beans, both French and Lima, should not be forgotten. Early and late cabbage, with a few dozen of cauliflower, are good changes in this line.

Tomatoes, egg-plants and peppers will require a hot-bed to bring forward. Only a few plants are, however, required, and, if not grown, can be purchased.

For celery, a pinch of seed sown in April will give all the plants required. A piece of land should be selected, rather sandy, if possible, for the melon patch, a few hills of cucumbers, and half-a-dozen of the squash family.

These, with a spot still more sacred by itself for the pot-herbs, to flavor the soups and other dishes, would make a tolerably good supply for an ordinary family.

For the present season Messrs. Wallace, Thompson & Co. have, in addition to their immense stock of groceries, added a very large line of garden seeds, adapted especially for this climate, and embrace everything desired by gardeners.

Smallpox at Oregon City.

Oregon City is very much excited over a reported case of smallpox. There was an aged man stopping at a boarding house and was taken sick. He went to Portland, and the doctor at the city jail pronounced it smallpox. There were about forty boarders at the place, and if it should be smallpox Oregon City will be well exposed.

But a doctor examined the man before he went to Portland and said it was pneumonia.

Locating on the Santiam.

The Lebanon Express says: Los Angeles emigrants are moving from that overboomed section to this favored valley. Mr. G. W. Whitcomb, C. P. Gregory and others whose name we failed to get, were in Lebanon for supplies for their new founded homes up on the Santiam. They informed us that fifty families were on their way and would all locate on the North fork of the South Santiam.

Growing Towns.

Plats of Glass' addition to Crawfordville and Hobson's addition to Mill City have been filed in the office of the county clerk. The latter, a new town on the Oregon Pacific, has a population of 300, and it is said the new saw-mill and planing factory there will employ 100 men. The town is in Marion county, but the addition lies across the Santiam in Linn county. These are indications of the growth of some of the lively towns of Linn county.

Major Hilton.

Major Hilton, the noted temperance orator, began his work in this city yesterday afternoon, holding a bible meeting at the W. C. T. U. hall, which was well attended. In the evening a large audience was present to hear his lecture. Major Hilton is an eloquent and forcible speaker, and at the same time entertains and instructs his hearers on theme he discusses. He will remain in this city over Sunday, speaking once or more each day. The meeting this evening will be held at the opera house, instead of W. C. T. U. hall.

Arm Broken.

J. M. West of Soio, familiarly known as Doc West, was thrown from the Russ House bus in this city yesterday, falling in such a manner as to break both bones of his left arm. The fracture was reduced by Dr. J. L. Hill, and the unfortunate young man is doing well.

COMING NEXT WEDNESDAY.

The Renowned Violinist Josef Heine and His Grand Concert Company.

Mr. Josef Heine, the celebrated blind violinist, and his wife, Madame Ada Heine, the famous pianiste, accompanied by the grand concert company which the music loving people of Portland have recently praised so highly, will appear at the Albany opera house next Wednesday evening.

The Oregonian of Jan. 31, says of them: "Not since the artist Ovide Musin, with his brilliant handling of the keys of instruments thrilled the large houses that gathered within the walls of the old New Market theatre, has the musical portion of the community who were present been so regaled as they must have been last evening by the superb instrumentation of the celebrated blind violinist, Josef Heine.

His reputation as a phenomenal musician is world wide, and the illustrations he afforded of his mastery over the resources of the violin gave ample proof that he well merits the commendation that has been bestowed upon him both by the press and the public. He fairly bubbles over with music.

His first selection was a composition of his own, "The Mother's Prayers," "Mazurka," a light, graceful composition which he played with the ease and finish of a true artist. His solo on a common tin whistle, with variations, was most uproariously applauded, and he was compelled to repeat it. But by far his most artistic work was done in his playing of the "Legend," and Rondo from Concerto in D (Weinawski). Here his bowing and lightning like fingers were seen to the best advantage and the facility with which he executed all the different harmonies of this beautiful number was simply marvelous.

In response to a hearty encore he gave what he called his "Chicken March," which was a most clever imitation of the vocal notes produced by that familiar fowl. The violin duet, "Nearer My God to Thee," was beautifully rendered by Mr. Heine and his daughter, Miss Heine, as was also the violin and piano duet from "William Tell." It seems almost miraculous that one who has been blind from his birth should be able to acquire such a wonderful mastery over so difficult an instrument as the violin.

Another feature of the entertainment was the splendid piano performance of Mme. Heine. Her execution of the Grand Rondo in B minor (Mendelssohn), was a most artistic piece of work. Her touch is strong and true and her technique throughout is that of a thoroughly trained artist.

There will be a meeting of the stock holders of the Albany Building and Loan Association on Friday evening at 7 o'clock, Feb. 15th 1889, at the store of Stewart & Sox, for the purpose of organizing and electing a board of directors for the ensuing year, a sufficient number of shares having been subscribed. It is hoped all share holders will be present, and all those desiring to take stock in the first "series" will do so at once or at that meeting as the first series will then be closed. By order of committee.
