FAILED TO MATERIALIZE.

The Glib Tongued Stranger Who Donated \$250 to the W. C. T. U.

At the meeting of Major Hilton at the opera house Sunday evening when a collection was being taken to pay certain indebtedness on the hall of the W. C. T. U. a glib tongued stranger, who said he was E. W. Walters, a wealthy attorney of Philadelphia, generously donated \$200. He spoke enthusiastically on temperance and also spoke at the M. E. Sunday school in the afternoon. Yesterday morning it was discovered that the man, who had registered at the Russ house as J. P. Hope, of Chicago, had conveniently left on the early train, leaving no money or check for \$250 or any other amount. He seems to have simply been desirous of creating a sensation, as no cuse of his very shabby conduct can be ascribed. He is probably a crank without as much as \$250 to his name.

GRANGE ORGANIZED.

The Independence West Side says that on Saturday last there was a grange of P. of H., at that place composed of some forty members, among them some of the most prominent farmers of this county, there were also present State Lecturer Simpson, of Eugene, deputies John White of Oak Grove Grange, and J. D. Chitwood of Pleasant Valley Grange, besides S. K. Crowley and Gold Hubbard, and many others whose names escaped us. The officers of the new grange which was christened "Oak View" are as follows: overseer, James Tatum; lecturer, P. W. Haley; steward, John Compton; assistant steward, H. M. Lacey; chaplain, A. B. Lacey; treasurer, J. J. Russell; secretary, Miss Nellie Hill; gate keeper, C. Hubbard; Pomona, Mrs. D. A. Masterson; Flora, Mrs. M. E. Gold-falter; Ceres, Miss Lettie Masterson; lady assistant steward, Miss Minnie Johnson. Messrs. Haley and Goldfalter were elected delegates to the county council. The grange of this place promises to be one of the strongest in the county and we trust it will exercise a powerful influence for good. The next meeting is to take place at that place on next Saturday the 9th, inst., when the master of the state Grange is to be present and a good time is anticipated.

Coming Wednesday.

On Wednesday evening of this week the people of Albany will have an opportunity of a life time. Mr. Josef Heine, the blind violinist, who is said to be one of the best in the world, and accompanied by his almost equally accomplished wife and daughter, will give an entertainment at the opera house and will miss the pleasure of hearing them. The Boston Folio, a journal of authority in musical matters, speaks thus of Mr. Heine: "In our opinion, Mr. Heine is one of the surpassing violinists of the age. His style is thoroughly artistic, his tone melodious and full, and his intonation perfect. His expression is that which results from a deep understanding, and is full of feeling, tenderness and purity. He executes with ease the most difficult passages from Ernst, Paganini and other composers, and in a manner which never fails to delight his hearers. We think that Mr. Heine is second to no violinist now living."

Popular Piano Collection.

Another splendid collection of good piano music in one large book and bound, and entitled the "Popular Piano Collection," has just been published, and will, without doubt, find a ready welcome among all who admire music that is above the ordinary, and yet not too difficult for the young player. The choice piano pieces in this new book are by the well known composers, Bohm, Behr, Arfild, Wilson, Mack, Suddis, King, Hoffman, Eilenberg, Lange, Goerdeler, Popp, Smith and others, and have been carefully selected, with the view of satisfying the taste and meeting the requirements of ordinary performers on the piano. The "Popular Piano Collection" will be sent by mail to any address on receipt of price, (\$1.00), by the publishers, Oliver Ditson & Co., Boston, Mass.

Returned from California.

Frank Wood Sr., who has been spending the winter in California, returned home yesterday morning. He has taken a contract to furnish 10,000 cubic of stone from his quarry near this city to parties in San Francisco for building purposes. He has purchased an engine, steam drills, and other machinery, for use in the quarry. Mr. Wood says that California cannot beat Oregon in climate.

Death of Dr. Majors.

Dr. John Majors, of Stayton, one of Oregon's pioneers, died at his home in that place Sunday after a protracted illness. His daughter, Mrs. Sherman Thompson, of this city, and husband, who had been present much of the time during his last illness, left yesterday to attend the funeral.

Case Continued.

THE LEGISLATURE

The Portland Water Bill De-feated in the House.

THE VOTE STOOD 37 TO 22.

The Albany Charter Bill Reported Favorably by the Linn County Delegation—Other Measures.

Special to the Herald.—SALEM, Feb. 11.—The legislature re-convened at 2 o'clock to-day. Considerable time was occupied over the Portland water bill, which was vetoed by Governor Penoyer, and which was passed over his veto in the senate. The fate of the bill was thus left to the house, and much has been done and much speculation indulged in as to whether or not it would receive a two-thirds vote in the house. When the vote was taken this afternoon all doubt was dispelled by the house refusing to pass the bill over the governor's veto. The vote stood 37 for and 22 against, the bill having by the vote failed to receive the required two-thirds vote. An evening session was held this evening. The committee reported favorably on Fullerton's bill authorizing the treasurer to pay to Douglas county the North Uniqua bridge fund. The Linn county delegates to whom was referred Irvine's bill to amend the Albany charter, reported favorably upon the same. Dawson's bill establishing a railroad or commission was passed. Gray's bill to construct a bridge on Young's bay was passed.

FIREMEN'S MATTERS.

Assistant Chief Engineer Elected—A New Fire Company Needed.

At the regular meeting of the board of fire delegates last evening Geo. E. Chamberlain was elected assistant chief engineer to fill the vacancy caused by W. R. Blain failing to qualify. A resolution was adopted to be presented to the city council, expressing it as the sense of the board that the interests of the city would be subserved by the organization of a new fire company in the third ward, and asking the city council to erect a hall and give the hand engine for this purpose.

There will be a meeting of the stock holders of the Albany Building and Loan Association on Friday evening at 7 o'clock, Feb. 15th, 1889, at the store of Stewart & Sox, for the purpose of organizing and electing a board of directors for the ensuing year, a sufficient number of shares having been subscribed. It is hoped all share holders will be present, and all those desiring to take stock in the first "series" will do so at once or at that meeting as the first series will then be closed. By order of committee.

The commission appointed by the government to select a site for a naval station, report that near the bar at the mouth of Yaquna bay they discovered a steamer loaded with Emperor Mixed Tea for the Willamette Packing Co. This is the finest tea on the market. Don't fail to give it a trial.

How Can Parents

allow their children to cough and strain and cough and calmly say, "Oh it's only a cold," and keep giving them cheap and dangerous medicines until they are down with lung fever or consumption, when they can be easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior, or few equals. Geo. L. Blackman, druggist.
