The Heine Concert.

The audience which greeted Josef Heine and company last evening was not large, but a more delighted assemblage was never gathered at the opera house.

The concert was of a high order, and the music of the great violinist and his gifted wife and daughter won the heartiest plaudits from all present, a storm of applause following each selection from the opening numbers to the close.

The concert opened with a vocal duet "Cheerfulness," by Mrs. and Miss Heine, which was followed by a solo in B minor by Mrs. Heine, her brilliancy as a pianiste being beautifully exhibited.

Mr. Heine was then heard in an original solo, which so captivated the audience that he was compelled to respond again and again to an encore.

He then played a medley of popular airs upon an ordinary tin whistle, which was really a wonderful musical exhibition.

Miss Heine has a beautiful soprano voice, and her rendition of "Coming Thro' the Rye" fairly captivated the audience.

Part second was equally as delightful as the first, and the violin duet, "Nearer My God to Thee," by Mr. Heine and daughter was simply grand. His humorous opera in Italian, in which he burlesqued the Italian tenor and the prima donna Miss Kellogg, was most entertaining.

The concert closed with "Home, Sweet Home," as a vocal solo by Miss Heine, accompanied by Mr. and Mrs. Heine, on the violin and piano. The entertainment was one of the rarest musical treats that the people of Albany have ever been privileged to hear.

A Naughty Girl.

A 13-year-old adopted daughter of Mr. Smith, who runs a hotel in Southern Oregon, ran away from home several days ago and came to this city, engaging to do housework for Postmaster Rufus Thompson.

Yesterday Mrs. Smith arrived and took the girl home. She had simply become tired of working at the hotel of her foster father and left without letting anyone know where she was going, and she was only found after a week's diligent search.

Swamy of a Check.

Constable C. G. Burkhardt left yesterday for Portland with a warrant for the arrest of one Louis White, who is wanted on a charge of the larceny of a check.

An Italian had given the check to White to get it cashed for him. He sold it to Earl Race for \$51.60 and decamped with the money, hence the arrest.

Later, White was brought up on last night's train and was lodged in jail.

Wedding Bells.

Edward Will, of the popular firm of Will Bros. of this city, will be united in marriage to Miss Maggie Campbell this morning at Corvallis. The happy couple will reside in this city, where they will be the recipients of hearty congratulations.

WANTS TO VISIT ALBANY.

The Noted Swimmer Paul Boyton Desires to Exhibit Here.

THE HERALD is in receipt of the following letter from the manager of Paul Boyton the noted swimmer and navigator, who has a national reputation:

CHICAGO, Feb. 1, 1889. TO THE EDITOR OF THE HERALD: DEAR SIR.—Capt. Paul Boyton a successful two years engagement with P. F. Barnum's "Greatest show on earth," in which he was the leading attraction, and highest salaried performer. The facilities afforded for his aquatic entertainment under the circus canvas were so meagre, that he could do little more than show himself. During the next summer season the Captain proposes to run his own show. He will thus be able to give his full programme to which many odd novel and wonderful features have been added, notably, an exciting and spectacular naval contest, illustrating the connection of his dress with marine warfare. There will also be all kinds of aquatic sports.

Knowing that you are thoroughly acquainted with the places of popular resort in your locality, I write to ask if you will kindly give me some information regarding them.

Is there any little lake or other water in the vicinity that is enclosed, or so arranged that admission can be collected?

Is there a waterside resort, grove, picnic or fair ground on any line of travel within twenty miles of the city, where arrangements could be made with the management of the line or transportation, for the aquatic entertainment?

Is there a society or an association with whom arrangements might be made for an exhibition?

The exhibition can be given in 400 feet of water, with surface of 200x200 feet. This is the minimum size.

If you would be pleased to give me information of the water resorts in your locality, and the address of parties to whom I may write with a view of arranging a date for next summer, you will place me under many obligations.

Hoping to have the pleasure of meeting you next summer, and personally thanking you for your kindness. Very Respectfully,

S. C. FREEMAN, Manager Capt. Paul Boyton.

There are some nice little lakes below this city which might be utilized for this purpose, or possible arrangements might be made for an exhibition on the river at this city, or why not get up an excursion next summer to Yaquina, and have the exhibition there. The situation of things here will be detailed to Capt. Boyton, and it is hoped he will be able to visit this portion of the state.

ABOUT A STREET RAILWAY.

TO THE EDITOR OF THE HERALD: The proposition for the construction and operation of a street railway line in this city, which was submitted to the city council Tuesday evening, deserves favorable consideration.

J. R. Neill, of Crete, Nebraska, the gentleman who proposes to construct the line from Washington street down First street to Lyon street, thence south to the Southern Pacific depot, asks that an exclusive franchise be granted for 25 years. He agrees to keep the charges for fares to the minimum, and to construct lines on other streets as soon as the requirements of the city demand it. Under these conditions the city can safely afford to grant such a franchise. We cannot expect public improvements to come unasked, or to grow up without inducements, and in this instance the enterprise of providing Albany with a street railway system should be encouraged.

Ordinarily exclusive franchises are to be shunned, but by imposing conditions in the franchise requiring the company to build all additional lines needed by the city, under penalty of forfeiting their right to some other company, and maintain a uniform schedule of fares the city could not lose by the establishment of the proposed street railway.

ALBANY, Feb. 13.

CITIZEN.

The Wheat Market.

There is an upward tendency in the grain market. Wheat in this city remains at 70 cents and oats at 25, but indications point to an advance in wheat. The foreign market is on the mend, but as yet the only visible effect on the local market is a renewal of that stiff holding which has been noticeable since the beginning of the decline.

In Portland wheat is quoted at \$1.30 to \$1.37 1/2 per cental.

Attention, Mr. Knights.

A stated convalescence of Temple Commandery No. 3, K. T., will be held in their asylum this Thursday evening at 7:30 o'clock p. m. Work in the red cross degree. Visiting Sir Knights cordially invited. A full attendance is desired. By order of the E. C. Geo. E. Chamberlain, recorder.

Missionary Meeting.

A missionary meeting will be held at the Baptist church Thursday evening, Feb. 14. A short program will be given by the Mission Band, and an address by Miss Minnie Buzzell, our missionary. At the close she will appear in the Japanese costume. All are invited to attend.

At last we are having enough snow to lay the dust. This may be considered by our Eastern friends a remarkable midwinter expression, but is applicable here just now, the streets having been dusty for several weeks past. A change in one day from dust to snow is a refreshing novelty.

A MARRIED TRIBUTE.

What Mr. and Madam Heine Think of the Sterling Pianos.

Mr. Josef Heine in his entertainment last evening took occasion to speak in terms of warm praise of the beautiful Sterling piano, which had been placed in the opera house for the use of Mrs. Heine.

He said that they had been able to play some of their most brilliant numbers because they had a good piano, which at several places they did not have, and were compelled to omit some of the passages on that account.

Mrs. Heine was so delighted with the instrument that she wrote the following note at the close of the performance to Mr. G. L. Blackman, who furnished the piano:

ALBANY, Feb. 13, 1889.

MR. G. L. BLACKMAN: Dear Sir—Having thoroughly examined the beautiful Sterling piano furnished for use at our entertainment at the opera house this evening, it affords me much pleasure to say that I consider it one of the best pianos upon which I have ever played. The purity of tone and excellence of finish makes it, in my estimation, a superior instrument, not excelled by any of the best pianos in use in this country.

Yours truly, ADA HEINE.
