HISTORY OF THE FISH LADDERS.

A contemptible little item concerning the old fish ladder project has been circulated among a few small democratic papers of the Willamette Valley...

The Journal afterwards examined into the records at the state house and found, to quote its own words, "abundant proof that the whole article is not only contemptible in its insinuations but absolutely false."

It then makes an amende honorable, as follows: "Not being quite familiar with the question and the reliability of the author, we suppose the endorsement of the statements made were reliable, and thinking a fish ladder was needed, we published the comments of the papers named. But the facts are these: In 1882 the legislature appropriated \$5000 for a fish ladder at Oregon City and authorized the governor to appoint a commission...

TEMPERANCE NOTES.

The Nebraska legislature has voted to submit prohibition to a popular vote, in a novel way, every voter is to express by his vote his preference for prohibition or high license.

The fact that our legislature has passed a high license law brings the measure directly before the people of Oregon. Those who have been allowing matters to take care of themselves will be fully awakened, have ample time for thought, and those who have been urging high license upon the people will have the satisfaction of seeing a practical demonstration of its workings.

Massachusetts, according to the recent annual report of the State Board, has 230 city and town almshouses, and nearly 3,000 paupers residing in these and the state institutions. The poverty, insanity and crime for which the property of that state is so heavily taxed, is known by actual investigation to be the result of intoxicating drink.

Maj. Hilton is now holding a series of meetings in East Portland from there he goes to Harrisburg, Corvallis, The Dalles, La Grande and Baker City.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing consumption and to the head causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death.

Worth Knowing! Mr. W. H. Morgan, merchant, Lake City, Pa., taken with a severe cold; attended with a distressing cough and running into consumption in its first stages. He tried many so-called popular cough remedies and steadily grew worse. Was reduced in flesh, and had difficulty in breathing and was unable to sleep.

California Catarrh-Cure. The only guaranteed cure for catarrh, cold in the head, hay fever, cold, catarrh of the nose and sore eyes. Resolves the sense of taste and opens the breath, resulting from catarrh. Easy and pleasant to use. Follow directions and a cure is warranted.

A Child Killed. Another child killed by the use of opiates given in the form of soothing syrup. Why mothers give their children such deadly poison is surprising when they can relieve the child of its peculiar troubles by using Acker's Baby Soother. It contains no opium or morphine. Sold by Foshay & Mason.

Have you a cough in the head which does not get better? Have you an excessive secretion of mucus or matter in the nasal passages which either must be blown from your nose or drop back behind the palate, or hawked or snuffed back and to the throat?

Have you a hacking cough? Have you dyspepsia? Is your breath foul? Do you have a sore throat? Some have all these symptoms, others only a part. The leading symptom of ordinary catarrh is increased secretion of mucus yellow or greenish colored matter. Coughing is caused by the decaying secretions exuding from festering ulcers far back in the head, causing the membrane covering the bones in the throat to be irritated and the bones themselves gradually to decay. Such cases are in danger of death, as a stomach from corroding sores. The corruption within, less impairment of the hearing, loss of memory, impaired, dulness or dizziness of the head, drowsiness or heat of face, are the result of the disease. The cure is to be had by the use of the only guaranteed cure for CATARRH OF THE THROAT, CHEST, AND LUNGS - Sold on GUARANTEE. Send for circular, \$1 per bottle, 3 for \$2.
