PRODUCTION OF SALT.

Late political discussion brought into prominence that article of enormous consumption - salt. Probably very few who talked about it were informed as to how and where salt is procured. As an movement of the population Westitem of interest upon that subject ward, for example, never was so we glean from an exchange the active at this time of the year, as following in regard to the productit is now, and the lines of trade tion of the article in the state of that furnish the supplies carried Kansas. "'About 18 months ago, into new countries are correspond while boring for natural gas at ingly animated. Furthermore, Hutchinson, the machine passed spring trade is unusually early, through a vein of salt about 400 and in the South and Southwest feet thick. Oil was found some the distribution of merchandise distance below this vein. Kansas which commonly begins late in went wild at the discovery of oil, February is already well under but the excitement soon died away way. Preparations for an early as the supply of oil was too insigni- season are also going on further ficant for profitable working. At- North. tention was then turned to the salt vein, situated 350 feet below THE Oregon City Enterprise has the surface. Surveys and borings found out that it takes two days

utilize some portion of this vast vexatious than our mail facilities. deposit, and there are now in operation eight large salt companies at Hutchinson besides numerous KLEIN-To the wife of A. Klein, in this city, others in Sterling, An'hony and other Kansas towns.

The way of obtaining the salt is not by mining, as at Avery's Island, although preparations are NOTICE IS HEREBY GIVEN TO THE being made to resort to that system. The present method is to bore a hole down into the salt bed. In this hole a double pipe is inserted. Through the inner tube water is pumped down into the support of the school for the ensuing year. Also for the purpose of levying a tax for the purpose of levying a tax for the purpose of paying interest on he bonds of said district, and for the transaction of any other business that may legally come before space between the inner and outer tube. The brine is evaporated in open tanks of enormous size. One of these, built at Fort Scott recent- February, 14; 1889. ly, is 80 feet in length by 30 in width. Fire is applied under the tanks, but very little fuel is required, as the brine is already on on Monday, the 11th day of March 1889. purred, as the brine is already highly concentrated. As the water is evaporated the salt is raked up on the flaring sides of the pan, where it is dried and put up in barrols for other packages. Kapsas barrels for other packages. Kansas salt now monopolizes the Kansas City market. where it is laiddown, rapid development of the new salt industry has given great encourfreights paid, at \$4 a ton. The points where cattle, hogs and salt on the place. are all convenient to the packers."

THE bill passed by the house to office. allow school directors in incorporated towns of 10,000 inhabitants to select and adopt text books to be used in the public schools in the purpo city, is not a move in the right direction. A change in the pres ent method of selecting a uniform Notice is HEREBY GIVEN THAT PROseries of text books is demanded alleys and the streets adjoining their property by the people; but it is certainly at once in accordance with the order of the city council, John N. HOFFMAN, very doubtful if making the directors the ones to adopt books would better the matter, or make it more 20 SMALL TRACTS AND THREE FARMS acceptable. It would assuredly not satisfy the people to have the chance of selection confined to the large cities. A uniformity of text books is a great dissideratum, and that uniformity should extend to the large cities. A uniformity of text books is a great dissideratum, and that uniformity should extend to the large cities. Some selection confined to the large cities and G. W. Hochstedler, is this day dissolved by mutual consent, Mr. Zeyss retiring. Either member of the late firm retiring. Either member of the late firm retiring. every district in the state-rich and populous as well as poor and sparsely settled. If there is any benefit in it all should share that the city go to Stewart & Sox's. benefit.

At will be great rejoicing among the thousands who have paid royalty De, SHELL WILL FURNISH PLANS, on this cheap ience material. The monopoly in it has been an excit- ly done and guarantee i to be first-class. Estimates furnished on short actice for brick ing one, and if suits are brought to buildings, residences, public buildings, bridges, etc. recover royalties paid, what has been for fifteen years one of the great bonanzas of the country, will petite, dizziness and all symptoms of prove to be a ruinous investment. dyspepsia. Price, 10 and 75 cents per bottle. Foshay & Mason. The chances are, however, that the St. Louis report will turn out to be a canard, or that the able counsel Children Cry for Pitcher's Castoria of the monopoly will devise some legal means of compassing the difficulty.

SET THE SAME OF THE SECOND

An example of the danger of delay, and the useless features of the red tape style of performing public duties is snown in the case of Dr. H. J. Purdy of Senaca Falls, N. Y., who was thrown into prison, Published every morning except Monday.) on the Isthmus of Panama, on the charge of being a quack doctor. His friends placed ample proof of his genuine character in the hands of the state department, but instead ot demanding his immediate release Secretary Bayard depended upon the mails and diplomacy, and the result was the death of the victim of false imprisonment before his release could be obtained. The boasted protection of the American The postoffice will be closed each evening flag seems to be a mythical claim

> In speaking of the business prospects of the country the Philadelphia Inpuirer says the aggregate volume of transactions, taking the whole country together, is fully up to the range of last year. Winter stocks of all kinds are dull, but what is lost in that direction is made up in other ways. The

A Warning.

arious, and statistics show conclusivey that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives yast rumbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop at first slowly and is shown by a slight tickling sensation in the throat ravages they extend to the lungs producing consumption and to the bend. causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the orset you must act with promptness; allow ing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that some thing is wrong with your throat, lungs or nostrils, obtain a bottle of Boschec's German Syrup. It will give you lim

Worth knowing. Mr. W. H. Morgan, merchant, Lake City Fia., was taken with a severe Cold: attended with a distressing Cough and running into Consumption in its first stages. He tried many socalled popular cough remedies and steadily grew worse. Was reduced in flesh, and had difficulty in breathing and cas unable to sleep. Finally tried Dr. King's New Discovery for Consumption and found immediate rel.ef and after using a half dozen bottles found himself well and has had no return of the disease. No other remedy can show so grand a record of cures as Dr. King's New Discovery for Consumption Guaran teed to do just what is claimed for it Trial bottle free at Foshay & Mason
