A PRISONER'S ESCAPE.

Several Shots Fired by Marshal Hoffman, but Without Effect.

Late Saturday night an Italian who was wanted for assaulting another dago by striking him upon the head with a stone, was arrested by chief of police Hoffman. The prisoner on reaching the door of the city jail, made a break for liberty and escaped. He ran down Broadalbin street and turned up Broadalbin street. Hoffman pursued him, and began firing at the fugitive. Several shots were fired, but none took effect, and the Italian, who was a fleet runner, made good his escape, disappearing in the darkness down Third street.

As the charge against him was for a trivial offense, it is probably just as well that the city is rid of his presence in this way without any further expense.

The Wizard at the Opera House.

It is nothing new to hear good music and have a good laugh at a Wizard Oil concert, their reputation is too well established for that, yet we venture to say that few who attended last night were prepared for the rare treat set before them. This troupe number seven performers, and if continuing enjoyment and rapturous applause of each and every number is any indication they are booked for jimmied houses the balance of the week. As the manager quaintly remarked, they are not giving ten and fifteen cent concerts, but present a dollar entertainment free, charging only ten and fifteen cents for seat and shelter. Good luck to the Wizards.

New Grange.

O. J. Kizer of Gilliam county, reports that he has organized a new grange at Fossil, in that county, with membership of seventeen to start with. The name of Butte Creek was adopted, which is to be regretted as there is one Butte Creek grange in the State already. However, the number will be a distinguishing feature, as it is in the case with Grand Prairie grange near this city, which is universally known as No. 10, to distinguish it from Grand Prairie No. 26 in Lane county.

Harrison's Insurance Bill.

This is going to be the grandest affair on record, and parties wishing to celebrate the inaugural should have spiced sardines, grated horse radish, chow chow, pickled onions, mixed pickles, etc. on that date. A fine line just received at the Willamette Packing Co.'s store.

A MERITED TRIBUTE.

What Mr. and Madam Heine Think of the Sterling Piano.

Mr. Josef Heine in his entertainment Wednesday evening took occasion to speak in terms of warm praise of the beautiful Sterling piano, which had been placed in the opera house for the use of Mrs. Heine.

He said that they had been able to play some of their most brilliant numbers because they had a good piano, which at several places they did not have, and were compelled to omit some of the passages on that account.

Mrs. Heine was so delighted with the instrument that she wrote the following note at the close of the performance to Mr. G. L. Blackman, who furnished the piano:

ALBANY, Feb. 13, 1889.

MR. G. L. BLACKMAN:

Dear Sir:—Having thoroughly examined the beautiful Sterling piano furnished for use at our entertainment at the opera house this evening, it affords me much pleasure to say that I consider it one of the best pianos upon which I have ever played. The purity of tone and excellence of finish makes it, in my estimation, a superior instrument, not excelled by any of the best pianos in use in this country.

Yours truly,

ADA HEINE.

Heine company.

This voluntary recommendation coming from such distinguished musicians as Mr. and Madam Heine speaks volumes for the popular Sterling pianos.
