THE CITY COUNCIL

Washington Street Ordered Cut Down to Grade.

WORK TO BEGIN IN FIFTEEN DAYS. Full Text of the Petitions and Remonstrance, Published by Authority of the Council—Details of the Work.

A special meeting of the city council was held last evening, all officers and members being present. In order to fully understand the object of the meeting the minutes of the last regular meeting were read in full.

The mayor announced that the meeting was to give the council, as the committee of the whole, opportunity to consider the subject of grading Washington street. After deliberation the committee of the whole reported as follows:

We would make the following report in the matter of the petition of W. C. Tweedale and thirty-nine others to have Washington street, and intersecting from first to third streets, put on the regular grade, and the petition of E. L. Thompson and Peter Schlosser to have the alley in block ten (10) put on the regular grade, and also the remonstrance of A. H. Marshall and fifteen others against putting said Washington street, and intersecting streets between first and third streets on the regular grade, that they have carefully and thoroughly examined both, and considered both the petition and remonstrance, and would respectfully submit the following improvement of said streets, to-wit:

1st. We recommend that Washington street be graded and gravelled from Water street to Third street, according to the established grade now on file in the recorder's office.

2nd. That the alley in block ten between Ferry and Washington streets be cut down and graded so that the same shall correspond with the grade on Ferry and Washington streets.

3rd. That second street be cut down to regular grade from Ferry to Washington streets, the same to be gravelled. Also that a running grade be made for the present between Washington and Calapooia streets, the same to be gravelled, the work not to be commenced until the Washington street grade is finished.

4th. That the alleys in block 11, 14 and 15 be graded at present sufficiently to make an easy running grade for travel. We recommend that the work shall be commenced within 15 days and completed on or before the expiration of three months. We also give notice that at the next meeting of the city council, we shall recommend that certain streets and squares be filled and gravelled.

On motion of Councilman French the report was adopted by a unanimous vote. On motion it was voted that the petitions, remonstrance and report be published. THE PETITION. To the Honorable Mayor and Common Council of the City of Albany, Oregon:

- W. C. Tweedale, Mrs. E. Sumerville, W. T. Hearst, E. N. Condit, B. W. Cundiff, W. W. Parrish, C. Meyer, N. T. Moore, F. P. Nutting, H. F. Merrill, John Morrison, S. E. Young, E. F. Sox, C. H. Stewart, J. M. Irving, C. H. Spencer, Mrs. E. Murray, Mrs. C. McFarland, Martin Payne, Peter Schlosser, George W. Dodder, M. Sternberg, Earl Kisco, William Fortmiller, M. S. Monteith, Jay W. Blain, C. E. Brownell, N. A. Blodgett, J. F. Backensto, Mrs. J. M. Fish, S. A. Schiffer, L. A. Woodie, Mrs. E. Blain, Louis Miller, J. L. Hill, G. W. Smith, W. H. Greenwood, W. S. Miller, John Briggs, D. L. Crossen.

THE ALLEY PETITION. To the Honorable Mayor and Common Council of the City of Albany, Oregon: The undersigned would most respectfully petition your honorable body to make an order requiring the alley in block No. 10, in said city of Albany, be cut down and graded so that the same can be used. And they will ever pray etc. PETER SCHLOSSER, E. L. THOMPSON. THE REMONSTRANCE. To the Hon. Mayor and Common Council of the City of Albany,

Linn County, Oregon:

Understanding that a petition will be presented to your honorable body asking that Washington street in said city, and, as a natural result, other adjoining and intersecting streets, be cut down to the grade heretofore established, we, the undersigned citizens of Albany, some of whom are property owners in the immediate vicinity of said streets, respectfully remonstrate against such action as useless and unjust. We do not object to a reasonable grade of said street or streets, but consider the grade, as proposed, unreasonable, inequitable and unjust, and an absolute destruction of some property on said streets, rendering the same wholly useless and worthless, without the expenditure by the owners of such property of as much or more money than the property is now worth or would be worth after such grading had been done. Respectfully submitted. A. H. Marshall, A. Cohen, S. Gourley, O. P. Danials, Ben. Johnson, T. Brink, A. J. Hunt, A. J. Simpson, N. H. Allen, S. W. Johnson by Curran & Monteith, agents, D. B. Monteith, E. D. Barrett, John Schmeer, liveryman, W. H. Huston, W. H. Garrett, D. M. Jones.

THE STREET CAR LINE. It Should Reach the Different Portions of the City—City Park Needed.

TO THE EDITOR OF THE HERALD: In a recent issue of the DAILY HERALD the writer was pleased to note an article in which it was stated that Mr. A. Hackleman had agreed to donate sufficient land for a public park in the suburbs of Albany. This is a matter which ought not to be overlooked in connection with the building of the street railway system that this city is soon to have. It is a recognized fact that a street railway in a city of the size of Albany should reach as many different portions of the city as possible in order to pay. Now if Albany really wants a public park there can certainly be no excuse for not having it, when the land is offered absolutely free, and why would it not be policy to construct a street car line to such a park? It would probably be on First street near the river, which it is understood is the locality where Mr. Hackleman offers to donate the grounds. The revenue from a well kept park would keep it in good order and would at the same time offer an increased business for the street railway.

Do 't Experiment. You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems at first only a cold. Don't permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. True bottles free at Foy & Mason's Drug Store.

Merchant Tailoring. Mr. E. A. Schiffer, who has recently been engaged in the tailoring department of the well known clothing house of L. E. Blain, is the right man in the right place, and is turning out some of the neatest fitting clothing to be obtained anywhere. A large line of new patterns, including some elegant light-weight suitings for spring and summer wear have just been received. Those desiring neat fitting clothing should call and leave their orders. A Rusted Paragon. If you enjoy a good cup of coffee call at the Willamette Packing Company's. They have just received a fine lot of green and roasted coffees. Do not fail to give them a trial. Another new line of Sterling pianos and Estey organs just received at G. L. Blackman's. A new barrel of water keut at Wallace, Thompson & Co's. Buy your garden seed and onion sets at Wallace, Thompson & Co's. Some choice Early Rose seed potatoes at Wallace, Thompson & Co's.

Shooting at Independence. The other day at Independence W. P. Kerr, with little or no provocation, shot A. S. Kerr in the thigh with a .22-caliber pistol. He tried to shoot the second time, but the pistol was taken away from him. The ball passed through the thigh, missing the bone and barely missing the main artery. Both are young men and live at Parker's, Oregon. They are not of kin, although bearing the same name. The young man who did the shooting is about 21 years of age. Store Robbed. City Marshal Hoffman received information yesterday that on Saturday two men, who are supposed to have come down the valley, broke into the store of J. W. Stewart, at Springfield, Lane county, and robbed the safe of about \$60. Among the money taken were about a dozen gold dollars and a 25-cent gold piece. The officers hope to capture the men. A Bridge Wanted. A petition is being circulated in this city asking that Linn and Marion counties jointly build a bridge across the Santiam at Stayton. The petition will be presented to the county court at the March term. That section of country is being rapidly developed and a bridge is needed. PERSONAL MENTION. Ralph Fisher, of Sodaville, is in the city. Mr. Bruce V. Knight and family have removed to Corvallis to enter this summer. N. T. Moore, Richard F. S. W. Brown, J. W. Reeves and Z. T. Bryant will leave to-day for the Upper Santiam, where they have taken up government land.

YAQUINA BAY NOTES.

Capt. Willard Young, government engineer, came in Tuesday to inspect the work on the government jetties.

Bob Campbell and his crew of men have re-umcd work getting out the machinery of the wrecked Yaquina Bay.

The donkey engines, locomotive, etc., for the government works have arrived at Yaquina and will soon be placed in position on the wharf on this side.

Capt. Robinson, of Bar Harbor, Maine, an experienced deep sea fisherman, will command the schooner Geo. H. Chace. He recently arrived from Maine to assume his duties.

The present season promises to be very lively in Newport. New students are constantly being added to the city's population. Many hundred summer tourists will spend the season in Newport.

The old Megginson building on Front street between Phelps' hall and Williams store is being taken down. It is one of the old landmarks of Newport. Its destruction will lessen the fire risk in this block.

The people of Newport and Yaquina have a good opportunity this week to appreciate the convenience of the steamer Richardson. She was laid up on South beach for three days, having her machinery repaired.

It will probably take the Deep Sea Fishing company some weeks yet to get into operation. Their schooner has to go to San Francisco for her machinery and the works at Oneatta are not yet fitted up. By July the company will be in full operation.

We understand that the steamer Willamette Valley will be put in the docks at San Francisco this trip and be overhauled and have some needed repairs made. She will probably lay off some two weeks. The Santa Maria will run in her place.

The underwriters sent to Capt. Lord funds amounting to fifty per cent. of what is due the hands who have been working on the steamer Yaquina Bay, which Capt. Lord justly disbursed to the men. We understand that the men refused to go on with the work until the balance of their claim is paid.

Coming Wednesday Night. Paul Philippeaux's great historic cyclorama painting of the battle of Gettysburg will be shown by the French stereoscopic process at the W. C. T. U. hall Wednesday evening. This great historical cyclorama was especially made to order at great cost to the manager, and will be presented here for the benefit of an old soldier. Admission, 25 cents; no halt price.

THE TRAMP NUISANCE. TO THE EDITOR OF THE HERALD: The large number of tramps which Albany has to deal with is becoming a serious question. The officers of the city could be aided greatly in the matter if the housewives would refuse to give food to these unworthy fellows. Many of these camp outside of the city units to avoid arrest, and obtain good meals by begging from door to door. They invariably shirk all forms of work unless arrested and put to work on the street. If citizens would not provide them with meals they would soon move on. All any, March 5. J. N. HOFFMAN, Chief of Police.
