THE WOOLEN MILLS.

The Subscription Will Be Opened Monday - The Proposition.

Below is given in full the terms of the proposition of the Brownsville Woolen Mill Company, upon which the mills will be enlarged and removed to this city, together with the agreement upon which subscriptions will be made to the subsidy. The agreement was sent to Brownsville yesterday to receive the official seal of the company. It will be returned in time to open the subscriptions Monday morning. The HERALD predicts that over one-half of the amount will be raised the first day.

THE PROPOSITION.

To the Citizens of Albany, Linn county, Oregon:

The undersigned, a duly incorporated company under the laws of Oregon by the name of the "Brownsville Woolen Manufacturing Company," of Brownsville, Oregon, hereby make the following proposition to the people of Albany, Oregon, and vicinity:

That the undersigned will erect a good and substantial, at least two story, brick building sufficiently large for a four set mill, with the necessary out buildings to carry on a first-class four set woolen mill, on the river bank between the Red Crown Flouring Mills and the Farmers' Warehouse in the city of Albany, Oregon, and to bring all of the machinery that we can use to advantage now used and in the woolen mills owned by the undersigned in Brownsville, Oregon, and such new machinery as we now have on the way from the East, or such other machinery as may be necessary to make a complete woolen mill, provided the people Albany and vicinity will pay the undersigned the sum of \$25,000 - the payments to be made as follows:

One-half to be paid as soon as the main building is completed and the machinery above specified placed thereon. The remaining one-half to be made within two months after the mill is in operation, the said sum of money to be secured before work is commenced on the building, work to be commenced as soon as the money is secured and pushed to as speedy a completion as possible; provided, however, arrangements can be perfected for water power with the owners of the canal. This proposition to remain good for two weeks from this date. March 16, 1889. BROWNVILLE WOOLEN MFG CO.

By J. M. MEYER, President. [Attest] J. P. GALBRAITH, Sec'y.

THE SUBSCRIPTION.

In consideration of the above agreement and performance by the Brownsville Woolen Manufacturing Company of their agreement as herein above set forth, and in consideration of the benefits that may accrue to each of the undersigned therefrom, each of the undersigned promise and agree to pay to said Brownsville Woolen Mills Company, their order or assigns the sum of money set opposite his respective name hereunto subscribed, payments to be made as follows: One-half thereof to be paid as soon as the main building is completed and the machinery above specified placed thereon. The remaining one-half to be made within two months after the mill is in operation.

This the 16th day of March, 1889. (Names.) (Amount.)

THE STREET RAILWAY COMPANY.

Directors Elected at the Stockholder's Meeting Last Night.

The first regular meeting of the Albany Street Railway Co. was held last evening at the office of C. E. Wolverton.

J. L. Cowan was elected chairman and C. G. Burkhardt secretary.

On motion seven directors were elected as follows: S. E. Young, A. B. McIlwain, W. F. Read, E. F. Sox, C. G. Burkhardt, J. W. Cassick, L. Finn.

A committee was appointed to draft by-laws as follows: C. E. Wolverton, G. F. Simpson, C. G. Burkhardt, W. H. Goltra, Geo. E. Chamberlain, the committee to report at an adjourned meeting to be held on Friday evening, March 22.

The directors will meet on Monday to perfect organization and elect their officers.

Horse Show.

The horsemen of Linn county met in this city Saturday and appointed Friday, March 29, as the day for holding the stallion show here. On that date a fine exhibition of horses will be made. Some of the finest trotters and draft horses of the country will be seen. At 2 o'clock they will be assembled on the public square and the parade will then take place. Linn county has some fine horses. A large attendance is promised. Horsemen from any portion of the state are invited to participate.

Impudent Tramps.

About half a dozen tramps were forcibly ejected from the Southern Pacific train yesterday morning. They were very impudent and wanted to fight the conductor. The city authorities are having bails and chains made and will put those fellows who stop here in a chain gang. Under such treatment they will most likely prove to move on.

New Millinery Store.

Mrs. Marie Davis & Co. have rented rooms in Strahan's new brick, and in a few days will open a new millinery store. The stock will be one of the largest and most expensive ever shown the Ladies of Albany, being of the very latest in designs for 1889, and all purchased in Chicago, the leading fashion city of the west. Due notice of their opening day will be given.

COMING TO OREGON.

Albany Should Receive a Liberal Share of the 200,000 Oregon Immigrants.

The rush of immigrants to Oregon this summer promises to be enormous. Especially should this be felt in Albany and Linn county, where real estate sales show an activity never before equaled and business enterprises are prospering. The proper rustling on the part of real estate firms and citizens will accomplish this. It is stated that the Oregon Short Line intends soon to provide increased means of transportation to meet the demands upon it. The Shoshone Journal states that during the last week in February at least a thousand persons passed through Idaho over the Short Line. The Northern Pacific is already running extra trains to accommodate the increased travel westward, and the immigration to Oregon by way of the Southern Pacific is also on the increase, as one can see by the daily published reports. That two hundred thousand people will be added to the population of Oregon alone during the current year is not an extravagant estimate, and probably as many more will seek homes in Washington territory. The entrance of the latter into the union of states will have a prodigious influence in directing public attention to its capabilities for desirable homes and in stimulating immigration hitherward. Idaho also will receive its due proportion of immigration, and taken altogether, it is safe to say that not less than a million people from the East will settle this side of the Rocky Mountains, north of the California line, and make homes for themselves and their children.

EXTENDING THEIR BUSINESS.

Another Firm Going into the Wholesale Business in Albany.

The well known firm of Will Bros. who have been successful dealers in guns, sewing machines, musical instruments since 1876, made arrangements yesterday with the new Eldredge B Sewing Machine Co. to engage in the wholesaling of these machines, which are noted for their simplicity, strength and durability, having received the agency for the state of Oregon. They still continue their retail trade in these as well as all other standard makes of sewing machines, of which they carry a complete stock, also sewing machine supplies and extras for all machines. Having years of experience in this business, they are competent judges of what constitutes a first-class sewing machine, and their taking hold of these machines in an extensive manner is a sufficient guarantee of their superiority.

On account of their increasing business they have employed Wm. Chambers as traveling salesman.

They still carry a full line of guns, cutlery, musical merchandise, pianos and organs, including the famous Bauer piano, which is noted for its violin shaped sounding board, giving it a sweetness and purity of tone that entitles it to the name of "the King of Instruments," also the noted Baner organs, which have been thoroughly tested and found to stand the climate of this coast perfectly and which have the latest patents, one of them making each organ absolutely music proof.

To Bridge the Santiam.

An enthusiastic mass convention of Marion and Linn county farmers was held at Jefferson Thursday afternoon, under the Capitol Journal, for the purpose of taking active steps in the matter of bridging the main Santiam at Jefferson. The construction of a bridge at this point would be of untold benefit to both counties. It would cost not over \$15,000. The proposition is to locate it just below the railway bridge on the main road leading to Albany. This is one of the oldest and most heavily traveled thoroughfares of the valley. The following named gentlemen were appointed as an executive committee and will look the matter up thoroughly: C. M. Smith, E. H. Relling, C. B. Roland, Lou Taylor, George Devaney, F. P. Devaney, Wm. Hale, John Jones, F. M. Miller, T. M. Munkers.

The Next Firemen's Tournament.

The citizens of Tacoma are making an effort to have the next firemen's association and tournament held in that city. It is reported that they guarantee three thousand dollars in cash prizes for the races. Will the Albany firemen be represented or are they willing to rest on their lands already won? It will soon be time to commence talking seriously of the matter. If they intend going they should work with the same earnest will they did last year, and then as before success will crown their efforts. The citizens of Albany are proud of their firemen, and should they decide to go will no doubt give them the same hearty assistance they have always given them in the past.

THAT FOOT RACE.

How an Uswary Frochman Lost His Money - Two Champion Sprinters.

Few of Albany citizens who have any interest in athletic sports were aware that there were in the city last Tuesday two celebrities in that profession. One was Harry Bethune, champion sprinter of the world, who recently won that honor at St. Louis by defeating such men as Jack Gibson, H. M. Johnson, Kitleman and others of equal fame. The other was H. M. Dobbins, of Iowa, who desires to be classed as among the fastest in America. These two gentlemen "met" by chance, the usual way, the former coming from Seattle and the latter from San Francisco, and ran one hundred yards near the end of Washington street for the sum of \$1000. The race was won by Dobbins, alias Langdon, by two feet, and the backer of Bethune, alias Gregory, believing it was a chuck, which it undoubtedly was, went before the district attorney and tried to have him arrested, but nothing could be done, and by the noon train the two sprinters went on to other pastures green.

STATE DISPATCHES.

The Polk County Murder - Scheme to Drain Lake Labish - Portland News.

SALAM, March 16.—The examination of O. P. Beardsley, in jail at Dallas for killing Thomas L. Perryan at Fola, last Thursday morning, which was set for 2 o'clock to-day was postponed until Thursday next at 1 o'clock, Prosecuting Attorney Hewitt not being able to be present on account of court at Albany and the deputy attorney not getting the case ready. Richard Williams, of Portland, defends Beardsley, also J. J. Daly, of Dallas. There is a great deal of feeling in Polk county. The jail is being guarded by five men, and Sheriff Smith is determined to protect the prisoner from a mob. General Beadle, the new superintendent, and other officers of the Chemawa Indian school, met with the citizens of that neighborhood in this city to-day for the purpose of making arrangements to endeavor to enlist the aid of the U. S. government for draining Lake Labish, which could be done at a small expense, and would leave a large area of most valuable land, worthless by reason of overflow. Another meeting will be held soon and definite plans formed.

Articles of incorporation were filed to-day in the office of the secretary of state as follows: Roseburg Water Company, T. R. Sheridan, D. S. K. Buick, W. S. Hamilton, W. F. Benjamin, O. L. Willis, incorporators; capital stock, \$100,000.

THE SUICIDE OF C. C. SCOTT.

PORTLAND, March 16.—The suicide of C. C. Scott, one of the proprietors of the Gilman House, by jumping from a third story window in that building last evening, caused a great sensation here and has been the principal topic on the street to-day. All manner of rumors were afloat respecting the cause which prompted the deed. One was financial embarrassment, brought about by betting heavily on Cleveland's re-election. There is no truth in that, for those in a position to know state that the deceased did not wager \$100 of his own money on the election. Then again it was reported that there had been estrangement between himself and wife, which rendered him despondent. That is also refuted by reliable persons. Another rumor has it that he had been drinking heavily, but the latter statement is absolutely groundless, because Mr. Scott did not drink so much as a glass of claret for months. The coroner has decided to hold no inquest.
