DEATH OF HON. ENOCH HOULT.

He Dies After a Brief Illness at His Home at Harrisburg.

Special to the Herald.]

HARRISBURG, March 18.—Hon. Enoch Hoult died at his home near this place this morning of congestion of the lungs, after a brief illness, aged 79.

He was prominently identified with the politics of the state, being one of the leaders of the democratic party in Linn county.

He was born in Monongalia county, West Virginia, April 18, 1820, and came to Oregon early in the fifties, settling in Lane county. In 1853 he removed to Linn county and has since that time until his death been a resident of Harrisburg. Mr. Hoult was a member of the Constitutional convention for Oregon, chosen from Lane county in 1857; he was elected state senator from Linn county in 1870 and was re-elected in 1882. He was a zealous worker in the interest of education and was a public spirited and upright citizen. He was married to Miss Jeannette Sommersville in 1842, who died in 1873. Their children were ten in number, three of whom are deceased. Mr. Hoult was a prominent member of the Masonic fraternity, and had many warm friends who will hear of his death with regret.

THE OREGON PACIFIC.

Chief Engineer Eckleson Says there are No Engineers at the Summit.

Col. Eckleson, chief engineer for the Oregon Pacific, arrived here from Albany last Saturday, says the Ochoeco Review, and left on Monday's stage for The Dalles. He crossed the Cascades from the front of the O. P. on foot. What mission the colonel was on we were unable to learn, nor could we find out from him anything definite regarding when the O. P. Co. would resume work, though he said something would be known within one month of the company's intentions. Col. Eckleson says the company can complete the road from Albany within six months from the time active construction is begun. When asked whether the road would be located through Prineville, Col. Eckleson said that was a matter entirely with the managers, and a thing over which the engineers had no control, but the object of the company was to get a direct route, and he thought the most direct line was across the desert. The colonel said there was nothing in the report that a surveying party in the employ of the Union Pacific were locating a line on the summit of the Cascades.

THE COMMITTEE.

Here is the committee of citizens who will start this morning with the woolen mill subscription:

A. Hackleman, chairman; D. B. Monteith, secretary; E. J. Lanning, J. L. Cowan, W. L. Vance, D. F. Brown, S. E. Young, Wm. Cusick, C. H. Stewart, Frank Wood, H. Bryant, Milton Hale, R. A. Irvine, John Schmeier, M. Sternberg, L. Senders, John Millard, L. Flinn, W. C. Tweedale.

The proposition to secure first-class woolen mills is now before the people of Albany. There should be no hesitating or cessation until the \$25,000 is raised.

Trains it is announced will hereafter run regularly, the breaks in the track having been repaired.

THE STATE REFORM SCHOOL.

A Petition to Have It Located at This City Albany Deserves It.

At the recent session of the legislature a law was enacted creating a State Reform School and providing for the erection of buildings, and maintenance of such school. A board, consisting of Governor Penoyer, Secretary of State Geo. W. McBride and Superintendent E. B. McElroy, was appointed to select the location for the same. In view of the fact that Linn county has heretofore been entirely overlooked in the location of state institutions, and since Linn pays more taxes than any county in the state except Multnomah, the people of Albany and surrounding country are urgently demanding that the State Reform School be located in this city. To this end a petition is being circulated and signed by republicans and democrats alike, asking that such school be located here. The petition will be forwarded to Governor Penoyer and it is hoped the locating board will select Albany as the site of the school.
