Wine On Earth.

Is the reason people will not, can
not or do not see any difference in
cheap nostrums put up by Cheap
Johns and irresponsible parties
at enormous profits, rather than take
a medicine of world wide reputation
and one that is giving universal satis-
faction at equal cost? No medicine
in the world is giving such unparal-
leled satisfaction for purifying the
blood as B. J. Blood Purifier and
Blood Maker. In every bottle that
does not work will cost you nothing.
B. J. Blackman, drug-
gist.

GENERAL NEWS.

Latest Concerning Affairs at
Samoa.

NAVY DEPARTMENT CRITICISED.

Seventeen Boulangerists to Be Arrested—A
Bloody Prize Fight—Eastern and
Old World Notes.

The Herald's Special Despatches.]

WASHINGTON, April 11.—Re-
specting the San Francisco dis-
patch criticizing the navy depart-
ment for its failure to accept the
offer of coal from Australia for the
American men-of-war at Apia,
the commander of the bureau of
equipment said: "We don't know
that the loss of the vessels at Apia
was due to the lack of coal. My
latest advices are dated the last
week in January and show that
there was a supply of coal on the
beach amounting to 150 tons.
Nine weeks ago the Monongahela
sailed from San Francisco to Apia
with 600 tons of coal which we
had on hand at Mare Island navy
yard. It was not, therefore, re-
garded as necessary to buy Wel-
lington coal at \$10 per ton when
we had coal of our own which had
been bought and paid for. Wel-
lington coal will not be exposed to
weather, and it would not be wise
to lay in a stock at any place where
we have no provision for shelter.

Another Dividend Declared.

WASHINGTON, April 11.—The
Comptroller of Currency has de-
clared a second dividend of 20 per
cent in favor of the creditors of
the First National bank of Living-
stone, Montana, that making in all
95 per cent of claims paid, and
amounting to \$253,222. The bank
failed in August 1884.

The Samoan Commission.

WASHINGTON, April 11.—Lieu-
tenant Parker, of the U. S. Navy,
will accompany the Samoan com-
mission which sails from New
York Saturday in the capacity of
the secretary. He was attached to
Adams for three years and it is ex-
pected that his knowledge of
Samoa affairs will be of assistance
to the commission.

Riotous Strikers.

PARIS, April 11.—The strike
among the dock workers at Mar-
seilles has spread to all the men
employed on the docks. The
strikers are becoming demonstra-
tive and threaten to attack the
officers of the steamship companies.
The authorities have placed guards
at the offices.

A Bloody Prize Fight

DAYTON, (Ohio), April 11.—A
bloody fight occurred here last
night between Harry Nikirk and
Tom Delaney for a purse with
skin gloves to a finish. Nikirk
scored the first knock down and
the first blood. In the seventh
round Delaney went blind and
Nikirk was given the battle.

Boulangerists to Be Indicted.

PARIS, April 11.—Seventeen
members of the Boulanger party
will be indicted by the senate
court. They will deny the juris-
diction of the senate.

Mary Anderson's Health.

QUEENSTOWN, April 11.—Mary
Anderson arrived this morning
from New York, in better health
than when she sailed.

CLEVELAND NOT ASSASSINATED

Great Excitement in an Iowa Town
over a False Rumor.

MINNEAPOLIS, April 10.—The
Tribune's special from Creston,
Iowa, says: This morning a re-
port reached this city that ex-
President Cleveland had been
assassinated last night by the
colored porter of a Pullman car,
between Philadelphia and New
York. The report was generally
believed to be true, and created
intense horror and excitement. Flags
were displayed at half-mast, and
not until dispatches arrived from
Chicago denying the report was
the suspense ended. The flags
were raised to the top of the masts
and there was great rejoicing.

THE PENSION OFFICE.

Corporal Tanner Discovers Violations
of the Law by General Black.

WASHINGTON, April 10.—Corporal
Tanner, pension commissioner, has
determined to give the pension
office a thorough overhauling. A
list is being prepared of the special
examiners, both in field and office,
and the clerks who were put into
positions under General Black
through civil service examinations
who did not pass fair examina-
tions.

It is stated that more than half
of the special examiners who were
appointed through pretended civil
service competition were in fact
subjected to no competition at all.
The re-examination of the papers
showed that the percentage attained
was far below that required by law
in order to make them eligible for
appointment.

After this list has been made up
and proof collected of the fact that
their civil service examinations
were frauds, the names of a lot of
men will be presented to the sec-
retary of the interior for dismissal.
Enough has been found in this

investigation of the pension office
to prove that the office during the
last three years, and especially the
past summer and fall, was used as
a political machine. Not only was
the office itself filled with em-
ployees in violation of the law, but
pensions were allowed with a view
to political effect. It is probable
that nearly every one of the men
employed by General Black will be
dismissed within a very short
time.

The exposures which Commis-
sioner Tanner will undoubtedly
make of the management of the
pension office under Commissioner
Black will prove a sensation.

THE DAKOTA FIRES.

Hundreds of Families are Destitute
—An Appeal for Help.

MINNEAPOLIS, April 10.—Alder-
man Smith returned this morning
from Sully county, Dakota, where
he went to investigate the extent of
the damage by the recent prairie
fires.

"It was a terrible sight," he
said. "I did not suppose the fires
were so bad. There are at least
100 families in Sully county who
lost most of the wheat they had.
Some of them saved a few things,
but in most cases nothing was
saved. Those who witnessed the
fire told me that the flames jumped
four and five rods so that ordinary
fire protection was of no avail. One
man had a sick daughter in bed,
when he saw the fire coming, and
his wife rushed into the barn to
untie the horses, while he ran to
save the girl, and he had just car-
ried her out on the ploughed field
when fire sprang upon his house,
his wife barely escaping. The
horses were burned. I saw 400
sheep burned in a heap. The peo-
ple of Blunt have done a good
deal for the sufferers, but they are
unable to do half enough, and I
hope the good people of Minneap-
olis will put their shoulders to the
wheel at once. Seed wheat is
what they want, particularly now
that the spring season is at hand.
Everything that can be given in
the shape of relief ought to be
turned in at once."

The Base Ballists.

PHILADELPHIA, April 11.—The
Chicago and All America base ball
teams were given a dinner at
"Planked Shade" by the Philadel-
phia club last night.

Worth Knowing.

Mr. W. H. Morgan, merchant, Lake
City Fla., was taken with a severe
Cold; attended with a distressing
Cough and running into Consumption
in its first stages. He tried many so-
called popular cough remedies and
steadily grew worse. Was reduced in
flesh, and had difficulty in breathing
and was unable to sleep. Finally
tried Dr. King's New Discovery for
Consumption and found immediate
relief and after using a half dozen
bottles found himself well and has
had no return of the disease. No
other remedy can show so grand
a record of cures as Dr. King's New
Discovery for Consumption. Guar-
anteed to do just what is claimed for it.

verent cold will soon yield to its sooth-
ing effects. For sale by Foshay &

pearance of the united cures at

WHITE HOUSE BILLIARDS.

A Rainy-Day Game Between Harri-
son and Halford.

Washington Post.
Rain prevented President Harrison
from taking his usual constitutional
walk on Tuesday, and in his deter-
mination to find some kind of recrea-
tion he called Secretary Halford, and
the two men began an investigation
of the ramifications of the White
House. They finally invaded the old
billiard-room, which has not been
used since President Arthur's time.
The private secretary, not knowing
any more about billiards than the
President, was non-plussed when he
was directed to "set the balls." The
two men slouched their coats, how-
ever, selected each a cue and began
to chalk the ends of the sticks like
professionals.

"Shall it be a pocket game or a
three-ball ball?" asked Mr. Halford.

"What's that?" asked the Presi-
dent.

"I don't know," replied the Sec-
retary, "except I have seen the terms
used in the sporting columns of the
Indianapolis 'Journal.'"
The President smiled as he replied:
"All right; let it be three balls, and
we will make it a cushion game."

The two men fixed a rule that each
should have three times to strike at
his own ball with the cue and four
successive opportunities to hit a
second ball with his own after he
had succeeded in punching the
white alley." At the end of an
hour the President drew a long sigh,
and, putting up his cue, inquired of
the private secretary:

"Lage, how does the score stand?"

The private secretary put on his
Methodist eyeglasses, and, looking at
the blackboard, replied to the Pres-
byterian President:

"I have forgotten to keep the
score, and don't see a scratch on the
board."
