JOHNERS ABOUT TOWN.

McKauls to-night. Do not miss the McKauls Minstrel Co. to-night. It is one of the best on the road.

The wife of Geo. Sill, well known in this city, died at her home in California recently.

A fine six-hundred pound Royal Chinook was an attraction at the fish market yesterday.

Two gentlemen from Tacoma were in the city yesterday looking for city property. More will soon follow.

A gentleman recently from the East will soon open a butcher shop on First street in Hackleman's 2d addition.

Protracted meeting services are in progress at the Christian church, preaching by Rev. W. W. Laye. Services begin at 7:30 p. m.

A little less carelessness might have prevented the breaking of the large glass in the door at Webber's barbershop, and also at Guiss' drug store.

A new fifteen-cent barber shop has been started at the corner of First and Lyon streets and another will soon be opened in the St. Charles hotel building.

Mr. Klein, the boot and shoe man, has moved into the dwelling owned by C. C. Cherry and Mr. Elderkin will soon occupy Judge Strahan's residence, which is now being fitted up.

The Ladies Society of the Presbyterian church will give a sociable at the residence of Mr. John A. house on Thursday evening, April 18th, to which all are cordially invited to attend.

Should the present rain continue a few days longer it will be worth thousands of dollars to the saw-mill company here in allowing them to make their annual run of logs down the Calapooia.

The old Salvation Army barracks in Parrish's brick is now used as a warehouse, and that noble band of veterans are fitting up for new quarters the old building formerly used by Mr. Miller as a paint shop, opposite the Kress House.

R. H. Schultz and son and Geo. C. Henderson have opened a real estate office in the St. Charles hotel building, which will be conducted under the name of the Willamette Valley Land Agency. The new firm will do a general real estate business, and we bespeak for their success. There is room for all.

PERSONAL MENTION.

Mrs. S. J. Kirk, of Shasta county, California, is visiting her brother, G. T. Frost, of Linn county.

Mr. Mills, of Cleveland, Ohio, who invests in Albany property about a year ago, writes that he will shortly visit here again and invest quite heavily in real estate.

COMERT AT HARRISBERG.

An Easter Sunday concert will be given on Sunday evening, April 21st, at Harrisburg, Oregon, under the auspices of the Young People's Methodist Alliance for the sole purpose of securing means to assist in the building of the new church. Arrangements have been made with the best musical talent we have and the entertainment will consist of solos, duets and male quartettes. A musical treat for the music-loving people. Come and patronize a public enterprise wherein all are interested. Tickets can be secured during the week of Mrs. Nettie Hendee and Mrs. Narzette Smith. Tickets for adults are 25 cents and children are 15 cents. Come and give us your patronage. By order of committee.

MRS. NARZETTE SMITH, MRS. NETTIE HENDEE.

Recitals and Personalities.

Miss Ida K. Hinds comes with the highest encomiums from New York City and all over the country as the most accomplished elocutionist and personator in the country. She will give an entertainment at the Presbyterian church next Monday evening, under the auspices of the Y. P. S. C. E., consisting of recitals and impersonations, interspersed with music by the best of our home talent, and making an evening well worthy of attending. Tickets will be on sale the last of the week.

Serious Accident.

Yesterday the elevator at G. W. Smith's stove and tinware store fell upon Frank Hastings, who was running it and accidentally tripped and fell under it. The elevator was loaded with about a thousand pounds of stoves and Mr. Hastings was considerably bruised and wrenched. He is an industrious, hard working citizen and will probably be laid up several weeks.

A poorly made hat or bonnet is the laughing stock of the ladies. Do not wear one when you can get the best work, the latest styles and the lowest prices at Mrs. Merie Davis & Co.'s new millinery and notion store. Room No. 1, Strahan's block.

THE BROWNSVILLE MILLS.

A New Company Organized. There to Operate Them—The Old Plant.

A dispatch from Brownsville under date of April 15th says: The plant of the roller grist mills and the woolen mills of this city were bought for the sum of \$30,000 to-day by a home company composed of the business men of this city. The sum of \$17,000 was raised in one hour. This comprises the whole plant of the mill here except some machinery which the old company reserves to move to their mills in Albany.

With the prospect of a new \$5000 school house here, the outlook for the future prosperity of this city looks very encouraging.

Mr. J. P. Galbraith, of Brownsville, who was in the city corroborates the statement of the sale of the old machinery. The leading men in the company are Messrs. W. R. Kirk, Hugh Fields, Peter Hume, John Brown, R. H. Curl, J. M. Gager, R. N. Thompson and Cable & Stanard.

Mr. Galbraith states that as soon as the plans for the new Albany Woolen Mills, which are now being drawn, are finished, contracts will be let and the work here commenced. It is expected that the mills in this city will be in operation before the close of the year.

The Narrow Gauge Lines.

The Oregonian has the following to say of the Narrow Gauge railroad: Mr. Alexander Mackay, attorney for Mr. David Myles, the lately appointed liquidator of the Oregonian Railway Company (limited) arrive here Saturday from Scotland direct. He is clothed with full authority to do whatever in his judgment he deems for the best interests of the company. He is not prepared to say what will be the result of his visit till he has made a thorough examination of the property of the company, and will go over the roads soon for that purpose. He is in no hurry to arrive at a decision in the matter, but will take time to acquire a thorough understanding of the situation. The company see several courses open for them to pursue, and have no intention of throwing away a property which has cost them so much and which has such possibilities for the future. Mr. Mackay has been over a large portion of the United States, North and South, and has been as far West as San Francisco, but this is his first visit to the Northwest. He strolled up to the Heights yesterday and was very favorably impressed with the situation of Portland, and the magnificent scenery.

Another Train.

On the question of putting a second train on the route from San Francisco to Portland the Oregonian says: It was stated a few days since that it was more than likely that the Southern Pacific Company would put on two trains per day each way between this city and San Francisco owing to the great increase of business on that line. General Manager Towne, of San Francisco, in an interview, expressed the opinion that this would not come about for some time yet. However, some of the trains from San Francisco are coming in two sections, and in a short time every through train will be made up in two sections, and the natural consequence will be that soon there will be two trains per day. Travel on the O. & C. has increased greatly of late, and all who pass through the Willamette valley are struck with the fine appearance of the growing crops and the exuberance of vegetation seen on every hand.

The River.

The recent rains have brought the Willamette up to about four feet above low water mark. The river is now at a good boating stage and the O. R. & N. and Oregon Pacific boats are doing a lively business. The government snag boat Willamette passed up the river yesterday, having in tow a barge of rock for the revetment work at Corvallis. The rock for this work is brought from the mouth of the Luckiamute.

An Immense Leaf.

Prof. D. V. S. Reid brought into our office yesterday morning a leaf from a maple tree that measured from the tip of the leaf to the base of the stem, where it was broken from the branch, 26 3/4 inches, and across the leaf, from tip to tip of its serrated lobes, it measured 18 3/4 inches. For the 16th of April, growing in the open air on an indigenous maple tree, that is tolerably fair and speaks pretty well for our wonderful Oregon climate.

Rains.

Oregon is all right. The rains have not entirely deserted us. Yesterday could most certainly be denominated a rainy day, for the very flood gates of the clouds seem to open, and the floods came down in true earnest. Those delayed saw logs in the mountain fastnesses can certainly come out on the bosom of the flood that will surely follow such a rainfall.

Novelty Store.

The brick building adjoining C. H. Spencer's grocery store is being fitted up for a Japanese novelty store, which will be open for business about the first of May. A full line of Japanese notions and Chinese curiosities will be carried in stock.

Finger Cut.

Six months ago yesterday Ans Marshall met with a very severe accident, while cutting wood, by badly cutting with an axe the forefinger of his left hand. He celebrated the half year anniversary last evening by repeating the operation, but in a little more severe manner this time nearly severing that member from the hand.

RESOLUTIONS OF CONDOLENCE.

By Ezra Ridge Grange in Memory of Annie E. Swank.

WHEREAS, It has pleased our Heavenly Father on January 27, 1889, to remove from our midst our esteemed and beloved sister, Annie E. Swank, from a life of toil and care to one of peace and rest, a seat is vacant in our grange which has been long and faithfully filled.

Resolved, That while we deeply mourn her death, we will strive to emulate her virtues; that we cherish her memory, because a faithful sister has fallen, the grange has lost a faithful counselor, the community a true friend.

Resolved, That as a grange we extend to the bereaved husband and parents our deepest sympathy. Resolved, That these resolutions be spread upon our minutes as a small testimonial of our appreciation of Sister Swank. Also that a copy of the same be presented to the family of the deceased and to the county papers for publication.

R. A. IRVINE, H. R. POWELL, MRS. M. BARDWELL, Committee.

Some Twine.

Last Saturday Messrs. Stewart & Sox received from the factory at San Francisco five car loads of pure Manila twine. Five car loads means 2000 sacks; 12 balls to each sack, and a fraction over 4 lbs. to each ball is 100,000 lbs.; 750 feet to the lb. is 75,000,000 feet, or over 14,000 miles of twine, a sufficient amount to string 28 lines of telegraph lines between their store and the factory in San Francisco; and yet this vast amount will be sold by one firm only, and will be used by the farmers of Linn county in harvesting this year's yield of wheat.

The Fire Bell.

At the last meeting of the Board of fire delegates it was ordered that hereafter when an alarm of fire is sounded the ward will be rang immediately after. Also after the fire is extinguished, or if it be a false alarm when the engines have returned another alarm will be rang, which will consist of three taps followed by two taps, which will notify the residents of the city and firemen that there is no more danger.

Party at the Opera House.

By the urgent solicitation of a number of citizens the Italian orchestra that furnished the music for the party last Saturday evening will remain over and another dancing party will be given at the opera house on Thursday evening. This gives excellent music while attending a first-class social party, as they give the finest opera music between the dances. A committee of citizens has the party in charge.

Under the new order of business Dr. G. W. Maston has been appointed resident physician for the Southern Pacific railroad in this place, and already has one case on his hands. Under this arrangement each employe is assessed 50 cents per month to meet the requirements of the case.

Teachers Institute.

The teachers and friends of education throughout Linn county are hereby notified that the teachers' institute for the third judicial district will be held at McMinnville, beginning the 30th of April and continue through a three days' session. As this district includes Linn county, it is expected that a number of teachers from this county will be present. Every teacher should consider the importance of a good institute and should attend when it is in his power to do so. Ask your directors whether you can attend and explain the benefits to be derived from such work; if you are desiring to make a success of your work take advantage of these opportunities to improve yourself. Supt. McElroy is in earnest when he says he expects a good representation from Linn county, so let us all go. Everybody is invited to attend, teachers, parents and school officers.
