FOURTH OF JULY.

F. Co., O. H. G., Discusses the Question of a Big Celebration.

At the meeting of F. Co. at their armory last evening the question of participating in a big celebration at this city was discussed. Capt. O. H. Irvine stated that the entire 2d regiment would attend a celebration somewhere in a body, and that would no doubt be at Albany if the citizens here move in the matter first and raise sufficient funds to delay the expenses of the militia companies.

F. Co., as well as several of the companies in different portions of the state, would like to celebrate at Albany, but of course they will all have to go where they are ordered. If the citizens of Albany desire to have a big celebration this year and wish to have a grand military display as a drawing card, with competition drills, target practice, etc., they should begin without delay, call a meeting and arrange for the necessary funds to offer prizes for such drills, expenses, etc.

No time should be lost, if the 2d regiment is to be secured, as they will go where they are first offered suitable inducements. In view of Albany's growth and prosperity there should be a rousing celebration here this year.

The Chicago Comedy Co.

Concerning this excellent company, which will appear at the Albany opera house next Monday evening, the Salem Statesman says: The Chicago Comedy Co. scored a great success at the opera house last evening. The house was packed to the doors. The play was "The Diamond Mystery," a straight cut comedy. Jas. A. Devlin, the comedian, was simply immense as "Pete Grump, the lawyer," and captured the house from his first entrance, and kept everybody in a roar of laughter during the entire evening.

Mr. Devlin is without doubt one of the best comedians that ever appeared in the city. Val. E. Love, who played the part of the villain, was excellent. Chas. C. Patterson, as "Julius Johnson, the head cook," in his songs and jigs greatly pleased the audience. Miss Belle Inman made a bewitching "Polly," especially in her disguises. Miss Snow as "Walter Raymond," Louis Benway as "Mr. Bland, the lawyer," Miss Virginia Snow as "Mary Marshall," and Annie E. Inman as "Mrs. Raymond," all played their parts well. The audience was pleased with the entertainment throughout.

THOSE CHINESE PHEASANTS.

The handsome pair of Chinese pheasants recently shipped to the board of commissioners of the Golden Gate Park in San Francisco by W. J. Monteith, of this city, have reached their destination in safety, and the following letter has been received from the board:

SAN FRANCISCO, May 3. W. J. Monteith, Esq., Albany, Oregon—Dear Sir: The board of park commissioners highly appreciate your kindness in donating to the park a pair of Mongolian pheasants, and they tender to you their thanks for your kindness.

I remain respectfully, R. P. HAMMOND, JR., Chm. Per V. M. ELACK, Sec'y.

A full and faithful description of the habits and character of the birds was sent with them, which no doubt has before this found its way into print in some of the many publications in San Francisco.

A Wife Beater.

Corvallis, it seems, is afflicted with a wife beater, whom the Benton Leader has written up as follows: Mr. Matthews is a man who has infinite respect for his appetite and infinitesimal respect for his wife. He came home Saturday and found his dinner not done and his wife engaged in doing up the week's washing. She had been washing for other people all the week and was doing her own for Sunday. But Mr. Matthews concluded to relieve her of her work by throwing the washing out of doors. Then he emphasized his action by beating her. She had him arrested and he was taken before the recorder, tried and found guilty of assault and battery and fined \$25. Not paying the fine he was lodged in jail to serve his fine out. At last accounts of him he was making inquiry about the bondsmen of the officers who have put him in jail, with the supposed purpose of collecting a large amount of damages.

Corvallis City Election.

At the city election in Corvallis Monday J. B. Lee was elected mayor; Z. H. Davis, J. C. Taylor and M. S. Neugass, councilmen; Johnson Porter, recorder; James Dunn, marshal; E. Bier, treasurer.

The vote on the cow question stood 171 in favor of cows running at large and 130 against, so the bovines will continue to graze on the village commons and in the streets.

ABOUT ADVERTISING.

Some Suggestions Concerning the Growth of Albany.

TO THE EDITOR OF THE HERALD:

Having noticed Hon. E. B. McElroy's letter, the board of trade and their committee's action thereon, I would like to make a few observations and a suggestion or two in regard to advertising Albany and Linn county, which, perhaps, may be well to take into consideration. The average Oregonian has but little conception of the vastness of the country and the countless number of people that our little spasmodic efforts at advertising have to reach, and the large amount of money it will take to do any material good, for other places like Tacoma, Seattle, Spokane Falls and Portland have got and are spending thousands of dollars for advertising, and doing it continuously, with all the help of the N. P. R. R. Company, while Albany has not hundred, and what we do is not more than a business card compared to one of those full page advertisements we have recently seen of boom towns in Washington territory.

The one we cannot help but see and read, while the other is scarcely noticed. What ever we do in the way proposed will no doubt help to induce many to come to this coast, but the network of advertising is made so complete with the help of the N. P. R. R. that nearly all the immigration is piloted into Washington territory, and not one in twenty ever hears of the Willamette Valley, with its business and other advantages, and will not so long as the cities and railroad company above mentioned can help it.

Now while I am not opposed to doing all that has been suggested by the board of trade, I am of the opinion that if we would do some advertising nearer home, with the people that have already been induced to come to this coast, thereby reap some of the advantages of our competitors' advertising, we would get a hundred fold more returns for our money.

Our motive is to build up Albany and the country tributary to it, and do it with the least amount of money that will accomplish our object in the way of advertising, or in other words to place what money we have to spend for advertising where it will do the most good, and induce immigration and men with money to settle and make their homes with us and help build our city. I am reliably informed by those who have talked with the people that are now going into Washington territory that one in fifty have never heard of such a place as Albany or the Willamette valley, but all they hear of is Tacoma, Seattle and Spokane Falls.

Now my idea of the mode of advertising that will do us the most good for the money expended would be to raise a fund and employ two men, suitable for the business, have printed a good supply of descriptive matter, bird's eye views of Albany, and such other advertising as may be thought best under the auspices of the Board of Trade; send one man to Portland and the other to Tacoma; let them work on the immigrants as they arrive, visit hotels and other places of resort, talk with and distribute advertising matter among them and get every one started this way possible; also have some of the bird's eye views framed and placed in hotels and other conspicuous places, and I venture to say if the right men are employed that the returns will surprise the most sanguine. More than half the people are not satisfied after they get to Washington territory, and are in a condition to start in any direction that gives a reasonable promise of a location that will suit them.

We have in every respect a better country than Washington territory, and all we have to do is to get the people to come here, and they will be quick to see its advantages, and we ultimately will reap the benefits therefrom.

ENTIRELY INCORRECT.

A reliable correspondent writes that the report which in some unaccountable manner has been circulated that Mrs. Melissa J. Pugh had eloped with one E. J. Hughes, going to California, is absolutely false and needs correction. She went to Stockton, California, and her family knew when and where she was going. She was taken sick on the way, and was delayed some time. She is now at her uncle's at Stockton, for which place she started.

Shot Himself.

Mr. William Dow, who lives about 12 miles south of Corvallis, shot three fingers of his hand off and part of his forefinger Sunday. He was sitting on a fence with his gun resting on the ground and his hand over the muzzle, when in moving the gun the hammer was discharged. Dr. Charles went up and amputated what was left of the three fingers and the first joint of the forefinger. A gun is a successful thing in getting up a surprise party, or a neat newspaper paragraph.

Business Change.

Notice is hereby given that the partnership heretofore existing between S. W. Smith and Edward Washburn, under the firm name of Smith & Washburn, has been dissolved by mutual consent. Mr. A. B. Mathews having purchased the interest of Mr. Smith. The firm will hereafter be Matthews & Washburn. The new firm will assume all the indebtedness of the late firm and will collect all accounts due the same. A continuance of the liberal patronage of the public is respectfully solicited.

THE STREET RAILWAY.

Work Began Yesterday on the Grading by the Sub-Contractors.

Ground was broke yesterday on the street railway line, the grading being commenced on the south end of the Lyon street line. The sub-contract for the grading has been let to the contractor, W. E. Kelley, to Martin & Co. Mr. Martin thoroughly understands the business, having done similar work on some of the great New York lines. The first shipment of rails will be received this week from San Francisco. The street will be cut down sufficiently to receive the ties and rails, the top of the track being on a level with the surface of the street.

A meeting of the directors of the company was held yesterday to decide on the cars to be used. They will purchase large sized cars, arranged for either motor or horses, and both the road and cars will be second to none in the state. It is expected that the cars will be running by the Fourth of July.
