Warning.

The modes of death's approach are
various, and statistics show conclusively
that more persons die from diseases
of the throat and lungs than any other.
It is probable that everyone, without
exception, receives vast numbers of
Tubercle Germs into the system and
where these germs fall upon suitable
soil they start into life and develop,
at first slowly and is shown by a
slight tickling sensation in the throat
and if allowed to continue their
ravages they extend to the lungs pro-
ducing consumption and to the head,
causing catarrh. Now all this is
dangerous and if allowed to proceed
will in time cause death. At the onset
you must act with promptness, allow-
ing a cold to go without attention is
dangerous and may lose you your
life. As soon as you feel that some-
thing is wrong with your throat, lungs
or nostrils, obtain a bottle of Roche's
German Syrup. It will give you im-
mediate relief.

The Albany Furniture Co. would
be glad to have you call and ex-
amine their complete stock of
goods before purchasing elsewhere.
We believe we can make it to your
interest to examine our prices and
goods before purchasing. Corner

GENERAL NEWS.

A Baptist Minister and Family
Murdered in Cold Blood.

A BRIDGE JUMPER'S LEAP.

The Royal Gamblers in London Go Free—
Threatened in Northern
Waters—Eastern News.

The Herald's Special Despatches.]
NEW YORK, May 20.—Advices
from Rua Tan, an island off Hon-
lulu coast, say that Rev. Hobbs, a
Baptist minister, and his wife and
child were horribly butchered with
knives by unknown persons while
asleep in their home. The object
was robbery. A sailor named
Burrell was arrested with some of
the stolen money on his person.

THE ROYAL GAMBLERS.

The Lords Were All Discharged—
The Proprietor Fined \$500.

LONDON, May 20.—The hearing
in the case of the persons arrested
for gambling last week in the Field
Club to-day resulted in the con-
viction of S. Eton, the proprietor,
who was fined \$500. The players
were discharged. The counsel for
Gousses Dudley, whose son, Lord
Dudley, was among the arrested,
denied that she had any communi-
cation with the police concerning
the character of the Field Club and
investigated arrests. The public
prosecutor announced that it was
the intention of the authorities to
suppress all gambling clubs, hun-
dreds of which exist in London.

A CRANK'S LEAP.

A Bridge Jumper who Aspires to
Outdo Sam Patch.

NEW YORK, May 20.—Steve
Brodie, a bridge jumper, jumped
from Passaic Falls this morning
and came out without damage.
For the past three months Brodie
has entertained the idea that it
was necessary, in order to preserve
his record as a jumper, to rival the
late Sam Patch by jumping from
some of the places from which the
latter jumped. About March 18th
Brodie went to Rochester to jump
from the Genesee Falls, where
Patch lost his life, but was dis-
suaded as the water was only five
feet deep. The scene of to-day's
jump is one of the places where
Patch jumped.

CONFLICT AMONG STRIKERS.

MILAN, May 20.—The strikes

A LUCKY TRIAL.

The Good Fortune Which Followed
It affords me great pleasure to send to
you this voluntary statement of my ex-
perience in testing the merits of Joy's Vege-
table Sarsaparilla. For the past five
years I have been troubled with an ex-
ceedingly sluggish liver, including loss of
appetite and distaste after eating, pains
in the back and kidneys, and a ball around
my neck and face. I tried many liver
remedies, only getting temporary relief.
I was recommended to try a bottle of
Joy's Vegetable Sarsaparilla as a test, and
while taking the first bottle I became con-
vinced of its merits, for I could feel that
it was working a change in me. I took
five bottles, and during that time my
troubles left me. Everything is working
full and regular, in fact it has cleansed
and braced me up generally. You are
at liberty to use this as you see fit, or
can refer whom you please to

CROP WEATHER BULLETIN.

Following is the Crop Weather
Bulletin No. 11, for the week ending
May 18, 1889, reported by the
Oregon State Weather Bureau co-
operating with U. S. Signal Service,
central office, Portland, Oregon.

The past week has been one of rain,
little sunshine and about an average
temperature. The notable feature of
the week was the storm on the 13th,
which foundered the steamer Alaskan
off the Oregon coast, and gave to the
state heavy rains, thunder and hail.
The first report of the thunder storm
is from Lane county, where rain fell
in torrents and hail fell to a depth of
from 6 to 12 inches. The thunder
storm moved north principally on the
west side of the Willamette river,
reaching Portland at 2:35 p. m. A
portion of the storm moved north to
Toocoma, doing damage and fatally
injuring some persons, another por-
tion moved eastward giving copious
rains through Wasco, Morrow and
Umatilla counties, causing the rivers
and streams to rapidly rise, and
doing slight damage. While west of
the cascades reports indicate that the
wet weather has been of injury to
winter wheat, in Eastern Oregon
reports show that the late rains have
been of great benefit. Never before
has there been such uniform and
flattering reports in regard to the
prospects of crops as now come in
from Oregon as a whole and Eastern
Oregon in particular. In Western
Oregon while the rains have not been
beneficial to winter wheat, to the
spring wheat it has given it
strength, and it shows promise of
more than an average yield. Warm
sunshine is needed now to mature
more rapidly the strawberries and
cherries, which have been greatly re-
tarded by the cloudy, wet weather.

In the Umpqua valley the straw-
berry pickers have been wearing
gun clothes while picking the fruit.
In the Willamette valley there is
danger of the winter wheat going
out too much straw and to fall,
clover in sections have a tendency
to lodge.

The rainfall for the week has been
above the average, the sunshine
below the average and the tempera-
ture about normal.

B. S. PAGUE,
Observer, Signal Service.

It was a Clever Trick.

No one enjoys feeling that he has
been the object of a clever trick, yet
there are circumstances under which
one must yield to the humor of the
situation. In the days when Califor-
nia did not seem as since the East
as traveling by rail has since made it,
a man entered the office of a San
Francisco banker and said:
"I want exchange for this on New
York."

"All right. What is it?"
The man looked fearfully around
him and then brought out a packet.
"It's \$25,000 in greenbacks."

"I guess I can do it. Going East?"
"Yes, I'm going to-morrow. I
don't want to carry all this with me.
Couldn't do it. Sure to get robbed,
so give me a draft."

"Oh, seeing it's you, one per cent—
two hundred and fifty dollars."

"It goes."

The banker made out the draft on
New York, and, as he handed it to
the man, asked if he would mind
taking along a small parcel, to be
delivered in New York to the
banker's brother. The man was will-
ing to undertake the errand, and the
banker, having gone into the other
room, presently came back with the
parcel.

"Just put it in your valise, and
don't lose it, will you?"
"I'll take the best care of it."

"Thank you. Good by. Pleasant
trip."

Arriving in New York the Califor-
nian went to the address and
delivered the package. He then pre-
sented his draft. The man opened
the package and gave him the identi-
cal \$25,000 he had deposited in San
Francisco. He carried them all the
way himself.

You Cannot Afford.

At this season of the year to be
without a good reliable diarrhoea
balsam in the house, as cramps, colic,
diarrhoea and all inflammation of the
stomach and bowels are exceedingly
dangerous if not attended to at once.
One bottle of BEGG'S DIARRHOEA
BALSAM will do more good in cases
of this kind than any other medicine
on earth. We guarantee it. G. L.

Why Its It

That people linger along always
complaining about that tired feeling!
Use bottle of BEGG'S BLOOD PURI-
FIER and BLOOD MAKER will en-

AT WASHINGTON

Notes and Comments From the
National Capital.

POLITICAL PLEASANTRIES.

Counting the Cash in the United States
Treasury.—Improve the Postal
Service.

Special Correspondence.]
WASHINGTON, May 15.—Senator
Hawley of Connecticut or as most
people hereabouts call him, "Joe"
Hawley, is not a native down
east but, this few people who
know his peculiar faculty for
always "getting there," would be-
lieve, so well has he imbibed the
shrewdness which seems to come
abroad to most citizens of his
adopted State. I am reminded of
this by the manner in which Sen-
ator Hawley stole a march on all
his republican colleagues by get-
ting invited to accompany the
President during a three days
pleasure trip on the U. S. S. Des-
patch. When the fact is remem-
bered that great trouble is con-
stantly being inderege by Sena-
tors, Members and other influential
republicans in order to get the
President's ear for a few minutes it
can be fully understood what a
very fortunate man Senator Haw-
ley is in being able to speak to the
President at any time he may
desire for three whole days. The
other members of the Presidential
party which left here Saturday
morning bound for Chesapeake
Bay and returned to night were
Mrs. Harrison, and two McKee
children and Secretaries Winck
and Rusk. There are a number of
men in Washington who would
have paid a big price to have taken
Senator Hawley's place.

To-day the count in the cash in
the United States Treasury begins.
It is expected that it will take
nearly or quite three months to
complete it. The count is made
necessary by the change in the
office of Treasurer. The count
will be made under the personal
supervision of a committee of
three, two representing the Treasury
department and the third Mr.
Huston, the new Treasurer. The
money which is to be counted is
\$10,935,157 in United States notes,
\$3,538,522 in National bank notes,
\$148,199,511 standard silver dol-
lars, \$2,092,648 in fractional silver,
\$25,544,706 in gold, \$703,240 in
gold certificates and \$778,412 in
silver certificates.

First Assistant Postmaster Gen-
eral Clarkson has gained the good
will of all the ladies clerks in his
office by issuing an order prohibit-
ing smoking by employees located
in rooms where lady clerks are em-
ployed. To most people it would
seem that such an order should
have been unnecessary. But it
wasn't. Hence Mr. Clarkson's
order.

The honor of being the first
colored appointee of the President
has fallen to Rev. Jas. M. Town-
send of Richmond, Indiana, who
has been appointed Recorder of
the General Land Office. Mr.
Townsend was a member of the
fifty-fourth Massachusetts regi-
ment during the rebellion since the
war he has been a member of the
Indiana legislature, and is at
present the Missionary Secretary of
the A. M. E. Church. He has been
a warm personal friend of the
President for many years.

Postmaster General Wanamaker
does not believe that the time has
quite come for one cent letter post-
age, so he has adopted as his motto,
"Don't reduce the rate, but improve
the service." That is just the
right sort of idea to have of our
postal service, give us four or five
years of improvements at the
present rate, and then let's talk
about penny postage. Of course
everybody knows that it has got to
come in few years.

Secretary Tracy in his general
order has carried joy to a great
majority of the officers in the Navy
by making it plain that no favorit-
ism is in future to be shown in
detaining officers for special duties.

It is said to be about settled that
Ex-Senator Saunders of Nebraska
and Ex-Lieutenant Governor
Robertson of Indiana, are to be ap-
pointed members of the Utah Com-
mission. The Commission is to
have five members
