themselves indebted to Coshov & Cable to  
call and settle at once. Having sold out on  
account of poor health, I expect to change  
climate for a while, and all accounts not  
settled here I get ready to leave Brownsville  
will be left with any "Bee" for collection. A  
word to the wise is sufficient.  
C. E. COSHOV, Brownsville

**Warnings.**  
The modes of death's approach are  
various, and statistics show conclusively  
that more persons die from diseases  
of the throat and lungs than any other.  
It is probable that everyone, without  
exception, receives vast numbers of  
Tubercle Germs into the system, and  
where these germs fall upon suitable  
soil they start into life and develop,  
at first slowly and is shown by a  
slight tickling sensation in the throat  
and if allowed to continue their  
ravages they extend to the lungs pro-  
ducing consumption and the head,  
causing catarrh. Now all this is  
dangerous and if allowed to proceed  
will in time cause death. The onset  
you must act with promptness. Al-  
lowing a cold to go without treat-  
ment is dangerous and may prove fatal  
to life. As soon as you feel that some-  
thing is wrong with your throat, lungs  
or nostrils, obtain a bottle of Besche's  
German Syrup. It will give you im-  
mediate relief.

The Albany Furniture Co. would  
be glad to have you call and ex-  
amine their complete stock of  
goods before purchasing elsewhere.  
We believe we can make it to your  
interest to examine our prices and  
goods before purchasing. Corner  
First and Ferry streets.

### GENERAL NEWS.

#### The Latest Concerning the Behring Sea Cruisers.

**NO PROBABILITY OF WAR.**  
Another British Expedition to the Bering  
Sea.

The Victoria Colonist's Ottawa  
correspondent had an interview  
with Sir John Macdonald, the Do-  
minion premier, on the Behring  
Sea matter. He said: "The British  
government has no hostile in-  
tentions, nor, I am satisfied, has  
the American government. These  
ships are going for a cruise, but it  
will only be sort of a marine picnic,  
and has no more significance than  
if the fleet went to Valparaiso."

**THE SAMOAN CONFERENCE.**  
The Agreement will be Published  
in About Ten Days.

**LONDON, May 30.**—The Berlin  
correspondent of the Daily News  
says the Samoan conference ap-  
pointed a new committee, which  
after a lengthy discussion, arrived  
at an agreement. All questions  
under discussion will be definitely  
settled at today's sitting. The  
agreement will be published in  
about ten days, when the ratifica-  
tions of the American commission-  
ers will receive instructions from  
their government by cable. Sir  
Edward Malet, British ambassador,  
goes to London for instructions.

**A MORMON EXCITEMENT.**  
Families Disrupted and Young  
Women Induced to Leave Home.

**TUSCULA, (Ill.), May 30.**—A  
party of male and female Mormon  
missionaries is creating great ex-  
citement in this vicinity. They  
have broken up families, separated  
husbands and wives, and induced  
several young ladies to travel with  
them. Last night one of the  
preachers was knocked down with  
a stone by Samuel Davis for having  
his two daughters locked up in  
church late at night, and this morn-  
ing Davis soundly thrashed another  
preacher on the street.

**LETTER FROM CALIFORNIA.**  
**WOODLAND, Cal., May 26.**  
Of late I have had numbers of  
letters from home saying that  
friends and acquaintances have  
been making anxious inquiries as  
to my whereabouts and when I am  
coming home. To them I will say  
that for some time I have made  
my home at this place, county of  
Yolo, 86 miles northeast of San  
Francisco, and for the benefit of  
my dear land not forgotten friends  
I will set foot in Albany, Saturday,  
June 1st.

It is very warm here, 95 degrees  
in the shade. Haying is pretty  
well along, some are through.  
Heading grain has begun in some  
parts. The recent storm in May  
beat down thousands of acres of  
the heavy summer fallow grain,  
so that it will be difficult to cut, if at  
all. In some of the southern coun-  
ties everything is dried to a crisp.  
Woodland is situated 7 miles west  
of the Sacramento river, 18 miles  
northwest from Sacramento City.  
It has a population of 5000. Yolo  
county is the same to this state as  
that of old Linn is to Webster, the  
banner county. Its products con-  
sist of general varieties of fruit  
orchards, extensively large vine-  
yards, both of wine and raisin  
grapes. It also produces more  
grain than other county. One per-  
son I am acquainted with is L.  
Walker, of Woodland, who edited  
the ALBANY HERALD for some time.  
He was postmaster when I first  
came here in December, 1880. I  
have traveled a great deal since  
and have been nearly the world  
over.

**FRANKLIN SUARD INGRAM,**

**HE FOLLOWED SUIT.**  
My wife has been under physicians  
care for two years, for what they called  
"liver complaint." She would get some  
relief while taking prescriptions, but  
would soon fall back into the same  
drowsy, inactive state. I got her a bottle  
of Joy's Vegetable Sarsaparilla. It did her  
immediate good, and when three bottles  
had been taken she regained her old ac-  
tiveness and health and spirits and is now as  
well as ever. I used it for rheumatism  
with the result that I am now entirely free  
from the disease with which I had suffer-  
ed a year.

### WHERE THEY WILL GO.

**Summer Outing of the President  
and Cabinet.**

**WASHINGTON, May 29.**—Presi-  
dent Harrison does not expect to  
spend another Sunday in Wash-  
ington until September. Mrs. Harri-  
son is making preparations to  
move this week to Deer Park,  
where the President has engaged  
a cottage for the season. Deer  
Park is about five hours from  
Washington, on the Baltimore and  
Ohio road, and the President in-  
tends to run out there every Sat-  
urday and remain over Sunday.

Secretary Widom is arranging to  
take his family to the Adirondack.  
Secretary Proctor and family will  
go to the mountains. The wilds  
of Wisconsin are good enough for  
Secretary Rusk and his family,  
while Postmaster-General Wanni-  
maker intends to secure his recre-  
tion by frequent cruises in his new  
yacht. Attorney-General Miller  
is thinking of locating his family  
near the President's at Deer Park.  
Secretary Blaine and family will  
go to Bar Harbor.

**THE SUPREME BENCH.**  
Who Will Be Chosen to Fill the  
Vacancy?

**INDIANAPOLIS, May 29.**—People  
here are wondering whether Presi-  
dent Harrison will appoint his  
friend and law partner, W. H. H.  
Miller, to the United States  
Supreme bench to fill the place  
made vacant by the death of Stan-  
ley Matthews, or will select of the  
honorable his friend and the friend of  
W. W. Dudley, Judge Woods of  
the United States District Court for  
Indiana. Politicians feel sure that  
it will be one of the two. It was  
reported on high authority that  
during that visit Judge Gresham  
and General Harrison met and  
were reconciled; that Judge Gresham  
was offered and accepted the  
first vacancy on the Supreme bench;  
that Judge Woods was told that he  
should be promoted to the United  
States Circuit Judgeship, which  
Judge Gresham now has. Judge  
Gresham has not been offered the  
place, however, and there are  
influential Republicans who say  
that neither Miller nor Woods  
would be confirmed by the Senate  
even if nominated.

**THEY ARE LEGAL TENDER.**  
Pennies Go When You Shove 'Em  
Out One at a Time.

Washington Post.  
The action of that New Jersey bank  
in dumping \$4000 in silver on its  
floor in payment of its checks in the  
hands of a rival institution brings up  
the question of legal tenders. Gold  
has always been legal tender in the  
United States. With a brief inter-  
val previous to the passage of the  
Bland Act, silver dollars have been  
also. Greenbacks are, but gold and  
silver certificates are not, except on  
customs, taxes and public dues.  
National bank notes are not legal  
tenders, and can, and have often been  
refused in payment of debt. Sub-  
sidiary coin is legal tender only in  
limited quantities.

A gentl man went to the stamp  
window of the postoffice in a neig-  
boring city and called for 100 1-cent  
stamps, tendering in payment 100  
1-cent pieces.

"Those are not legal tender in any  
such amounts," growled the stamp  
clerk. "I refuse to accept them."  
"You do, eh?" answered the gen-  
tleman. "Well, give me one stamp,"  
at the same time shoving out a penny.  
The stamp was forthcoming.

"Now, give me a stamp." He got  
it.

"Another stamp."  
"Now another."  
"See here," said the clerk, "how  
many stamps do you want? You  
are keeping twenty people waiting."  
"Oh, I always keep within the  
law," responded the gentleman.  
"Another stamp, please. Pennies  
are not legal tender in large amounts.  
Another stamp."

And he shoved out his pennies and  
purchased stamps, one at a time, till  
he got his hundred. But the clerk  
was cured. Pennies are legal tender  
at this window in barrel lots.

**The Frigid of Woman.**  
A clear pearly and transparent skin  
is always a sign of pure blood, and  
all persons troubled with dark,  
greasy, yellow or blotched skin can  
rest assured that their blood is out of  
order. A few doses of BEGG'S  
BLOOD PURIFIER and BLOOD  
MAKER will remove the cause and  
the skin will become clear and trans-  
parent. Try it, and if satisfaction is  
not given it will cost you nothing.  
It is fully warranted, G. L. Black-  
man, druggist.

**A Safe Investment.**  
Is one which is guaranteed to bring  
you satisfactory results, or in case of  
failure a return of purchase price. On  
this safe plan you can buy from our  
advertising Druggist a bottle of Dr.  
King's Few Discoveries for Consumption.  
It is guaranteed to bring relief  
in every case, when used for any affec-  
tion of Throat, Lungs or Chest, such  
as Consumption, Inflammation of  
Lungs, Bronchitis, Asthma, Whoop-  
ing Cough, Croup, etc., etc. It is  
pleasant and agreeable to taste, per-  
fectly safe, and can always be depend-  
ed upon. Trial bottles free at Foshay  
& Mason's Drugstore.

### STATE NEWS.

**How Memorial Day was Ob-  
served by the G. A. R.**

**AT PORTLAND AND SALEM.**  
Arrival at the Willamette Valley at  
Yaguina—News from Various  
Places.

The Herald's Special Reporter,  
PORTLAND, May 30.—The annual  
exercise of the Grand Army of the  
United States was appropriately ob-  
served in this city to-day. Business  
was suspended during the  
hour of the exercises in order to do  
homage to the soldier dead.

At 9 A. M. details from the posts  
of the city reported at Grand Army  
hall, and from thence proceeded to  
decorate the soldiers' graves at  
Mount Cavalry, Riverview and  
Grand Army cemeteries.

At 1 P. M. the several posts of  
the G. A. R. of the city and the  
Relief corps assembled at Grand  
Army hall for parade, each post  
being in command of its senior  
post officer.

At 1:30 P. M. the procession, con-  
sisting of the Grand Army posts,  
First regiment, O. N. G., Colonel  
Charles F. Beebe, commanding,  
and citizens, moved west on Salmon  
street to Sixth, down Sixth to Mor-  
rison, east on Morrison to the  
bridge, where cars were in readiness  
to convey the Grand Army  
division to Lone Fir cemetery,  
where the exercises were held, ad-  
dresses being delivered by officers  
of the day, F. R. Neal and Mrs.  
H. B. Baker, president of the  
Women's Relief corps. After a  
salute of guns to the dead the  
graves were decorated with flowers.  
The procession then returned to  
the city.

In the evening exercises were  
held at the Tabernacle, consisting  
of a musical and literary pro-  
gramme, and an oration by Ross  
C. Houghton, D. D.

**AT SALEM.**  
SALEM, May 30.—Decorations day  
was appropriately observed at the  
state capital to-day. The exercises  
consisted of a grand parade of the  
G. A. R. military companies, A, B and  
I, Second Regiment, civic societies,  
school children, Women's Relief  
Corps, band, cadets, and students  
of the Indian school, and citizens,  
who marched to the cemetery and  
decorated with flowers the graves.  
In the evening literary exercises  
were held and an address delivered  
by Rev. J. F. Ellis. The exercises  
of the day were largely attended.

**Yaguina Passengers.**  
YAGUINA CITY, May 30.—The  
steamship Willamette Valley ar-  
rived at 12:10 to-day from San  
Francisco with the following pas-  
sengers: M. B. Gelson, Mrs.  
Gelson and child, J. Douglas, F.  
Whitmore, A. Haskins, Geo. Trask,  
Mrs. Trask, W. H. Morris, F. Han-  
son, Mrs. E. A. W. Morris, M. Gerhart,  
E. D. Fieldman, T. C. Hawkins, J.  
Owens, S. S. Stuzman, Jas. Robin-  
son.

**A SODA LOCOMOTIVE.**  
The First Engines of the Kind Ever  
Constructed in this Country.

Four locomotives to be run by soda  
which takes the place of fire under  
the boiler, have been built in Phila-  
delphia. They are for service on the  
streets of Minneapolis, Minn., where  
steam engines are forbidden. The  
engine is about sixteen feet long,  
squarely boxed in, with a visible  
smokestack or pipes, as there is no  
exhaust or reflux. The boiler is of  
copper, eighty-four and one-half  
inches in diameter and fifteen feet  
long, having tubes running through  
it as in steam boilers. Inside the  
boiler will be placed five tons of soda,  
which, upon being dampened by a  
jet of steam, produces an intense  
heat. In about six hours the soda is  
thoroughly saturated when the action  
ceases. A stream of super-heated  
steam from a stationary boiler is then  
forced through the soda, which drives  
out the moisture and the soda is  
ready for use again. The exhaust  
steam from the cylinder is used to  
saturate the soda, and by this means  
all the refuse is used. These engines  
are the first of their kind that have  
been built in this country. They  
will have the same power as those  
used on the New York elevated  
roads. Soda engines are used in  
Berlin and other European cities very  
successfully, and they also traverse  
the St. Gothard tunnel under the  
Alps, where the steam engines cannot  
be used, because the tunnel cannot  
be ventilated so as to carry off  
the noxious gases generated by a  
locomotive.
