DEBINATION DAY.

The G. A. R. Veterans Join With the Citizens in Honoring the Soldier Dead.

"Scatter bright roses o'er the grave Of our soldiers proud and brave, Who died in blue or gray."

Memorial day was appropriately observed in this city yesterday by the members of McPherson Post, G. A. R., and the Women's Relief Corps, citizens generally joining in the exercises.

The procession, consisting of McPherson Post, G. A. R., the W. R. C. school children and citizens, headed by martial music and a standard bearer, carrying the national colors, formed at the G. A. R. hall at 9 o'clock and marched to the cemetery, where the ritualistic services were held over the grave of the late Fred Mueller. The graves in both cemeteries were decorated with flowers by details from the post, corps, and by citizens.

After the decoration exercises the procession marched back to the opera house, where interesting exercises were held. The exercises were opened with prayer by Rev. L. J. Trumbull.

The choir, under the direction of Rev. E. B. Prichard, then sang the old, yet ever new and grand old song "America."

Next followed the roll call of the members of the G. A. R. The choir then sang, "Cover Them Over With Beautiful Flowers."

Post Commander E. F. Sox then introduced Hon. E. B. McElroy, department commander of the G. A. R., who delivered an able address, full of interest and lofty patriotism.

The choir sang another beautiful selection, and the benediction was pronounced by Rev. H. P. Webb.

THE EVENING EXERCISES. In the evening an entertainment was given at the opera house, by the ladies of the W. R. C., assisted by the pupils of the public schools and Albany college.

In honor of the soldiers who fell upon the field and whose graves are unmarked, a monument had been erected upon the stage dedicated to the unknown dead. This, 43 little girls, representing the different states and the District of Columbia, decorated with flowers, forming one of the most interesting features of the entertainment. It was followed by a beautiful tableau.

Following was the programme, which was admirably carried out: PART I. Roll and bugle call. Prayer—Rev. H. P. Webb. Opening chorus. Recitation—"Hail to the Veterans"—Carlton Sox. Quartette—"God Bless our Native Land"—Mrs. Lee, Mrs. Henton, Mr. Sears and Mr. Fortmiller.

Select reading—"The Soldier's Address"—Miss Vesta Mason. Recitation—"The Reveille"—Miss Velle Irving. PART II. Bugle and camp calls. Music—"Tenting on the Old Camp Ground." Recitation—"How are You, Sanitary?"—Clémie Jones. Solo—"The Vacant Chair"—Miss Minnie Van Horn. Recitation—"Cover Them Over With Flowers"—Miss Lora Varce. "Marching Through Georgia"—By the soldiers. Memorial of Flowers—By forty-three little girls and boys. Tableau.

The exercises of the day were most interesting and were well attended. A Fine View. Mr. Chas. E. Wolverton received yesterday from Mr. F. L. Such, who is in San Francisco, a finely executed colored view of the proposed suspension bridge across the river at this city. Accompanying it was a small view representing the Albany ferry and residence of Ashby Pearce as it appeared when the picture was taken. The latter is entitled "The Present," and the other "The Future." Mr. Such states that as soon as the necessary government permit can be obtained he proposes to see the river at Albany spanned with a fine suspension bridge, if he has to build it himself. The view of the bridge shows it at the foot of Broadalbin street, and the estimated cost is \$75,000.

An Eminent Lecturer. Col. L. F. Copeland, who is acknowledged to be one of the most popular, eloquent, witty and instructive lecturers of America, will deliver two lectures at the opera house in this city on the evenings of June 6 and 7, the subjects being "What's to Hinder?" and "The Future of the Republic." Mr. Copeland lectured in Albany about a year ago and delighted his audiences as he does everywhere. The price of admission will be 40 cents for single lecture or 75 cents for both. College and public school pupils will be admitted for 25 cents for single or 40 cents for both lectures. Tickets can be procured at Blackman's.

To-Day's Limited Number of Tickets. Only a limited number of tickets will be sold in this city. Nearly all of these have been taken, so those desiring to go and enjoy this remarkably cheap rate and see the finest of Oregon scenery in daylight, should secure their tickets from Burkhart & Keeney. This excursion offers an opportunity for a trip to Southern Oregon not often presented.

Vegetables and Fruits. To-day we will have the first raspberries of the season, also a fine lot of Triumph strawberries, the finest in the market, also green peas, new potatoes, new turnips, onions, radishes, cabbage, lettuce, etc. We have also just received a fine lot of California gold medal crown cheese. ATTEMPTED BURGLARY.

Three Men Try to Effect an Entrance into the O. E. & N. Office.

Last evening three men were observed loitering in a suspicious manner about the O. E. & N. dock and their movements were closely watched. About 10 o'clock last night they approached the office window and attempted to force an entrance. Officer Hoffman was informed, and he quickly hastened to the spot. As he approached the three men fled. Two of them disappeared beneath the dock and one ran up the river bank. Officer Hoffman blew a police whistle for aid, and was soon joined by Police-men Jones. The search for the men was continued for some time but they could not be found.

Just what object they had in desiring to break into the office is not known, as no money is kept there.

THE NARROW GAUGE TROUBLES.

Receiver Scott Starts a Train Out. The New Crew—The Former Employees, Etc.

Receiver Scott succeeded in getting a train started out from Dundee junction with the mail at 9:15 Wednesday night over the west side narrow gauge. The crew he sent to Ray's landing returned to Dundee and reported that the strikers at Ray's prevented Ray from taking them across the river on his ferry. They were sent around another way and arrived there yesterday.

Deputy Marshal Waite has returned home from Dundee, having been unable to find anybody to arrest. Mr. Scanlon, an engineer, arrived in Portland Wednesday evening. His engine was disabled by some one, but no one knew who did it. The fact remains that two or three engines were disabled.

A committee from the employees of the Oregonian railway state that they know nothing about any damage having been done to any of the company's property, and that they do not approve of any such measures.

They intimate that they fear that the men sent up by Mr. Scott to take their places have damaged the company's property, with the intention of injuring the employees who have quit work.

WEDDING BELLS.

"Hear dem bells! Don't you hear dem bells!" Well, they were ringing around the home of John Blevins about 10 A. M. Tuesday, May 28, 1889, as Mr. A. B. Milroy, of Washington territory, and Miss Lena Whitson, of Linn county, Oregon, were united in marriage by Rev. Thompson, D. D., of Olympia, W. T., assisted by Rev. H. Gould, of Shedd. A number of friends, most of whom were relatives of the family, were present. An early dinner was announced and we were ushered into the dining room, to find the table well loaded with the good things of the land. Of one thing I am sure, if all of Mr. Milroy's dinner are to be made up of such rich dainties, served in so tempting a style as was this first dinner of his married life, he has not much of life to enjoy, for dyspepsia will surely come and nip his enjoyment in the bud. After dinner, amid the shaking of hands, good wishes of friends, waving of handkerchiefs and a cloud of shoes, old and new, the newly wedded couple took their departure, to catch the 1:20 train at Corvallis, on their way to their new home in Yakima, W. T. In a side table were to be seen the following presents: Silver cake stand, her Grandfather Tillotson; silver butter dish, her Grandmother Tillotson; castor, salt and pepper, Mrs. Gourley; silver fruit spoon, Mrs. McClung; silver butter knife, Mrs. Guy; silver sugar shdl, Mrs. Vader; set silver teaspoons, Miss Mary Blevins; china tea set, Mr. and Mrs. John Blevins. ONE OF THEM.

Spread Eagle.

The finest sign in the city was put up by the Willamette Packing Co. last evening. It represents the American eagle. It is a fine piece of work and a credit to the city and to this enterprising firm.

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Foshay & Mason Druggists.

You Cannot Afford.

At this season of the year to be without a good reliable diarrhoea balsam in the house, as cramps, colic, diarrhoea and all inflammation of the stomach and bowels are exceedingly dangerous if not attended to at once. One bottle of BEGG'S DIARRHOEA BALSAM will do more good in cases of this kind than any other medicine on earth. We guarantee it. G. L. Blackman, druggist.

Why Is It?

That people linger along always complaining about that bad feeling? The battle of BEGG'S BLOOD PURIFIER and BLOOD MAKER will entirely remove this feeling, give them a good appetite and regulate digestion. G. L. Blackman, druggist.

FROM EASTERN OREGON.

This is written sixty-six miles south of Prineville on May 15.

We left Albany May 7, Tuesday, while it was raining and mud until we got on the top of Wiley hill, on the W. V. C. road. From there we found the road fair to McKinnon's. At this place there is a fine camp ground and good accommodations. From thence the road was fine, no mud, grades good and good substantial bridges over every stream through the mountains, and we had fine weather which made it very agreeable up to Prineville.

While at Prineville all I saw were hoping for some of the moisture of the Willamette Valley to reach them. We left Prineville on the 13th, the weather was cloudy but no one thought of a storm, but the cold bleak rains on the 14th, reminded me of the winter in Webfoot, but the sun set clear with a rainbow. At 12 o'clock that night it rained and something worse than I ever experienced, although raised in Illinois where it was cold for a fact. But on the desert, as it is from 20 to 30 miles without water, it may be readily understood that it would be a storm if it once set in, and it did set in. It would have made a grand picture for Crawford's gallery, if he could have seen the snow, the beautiful snow, lying in every direction as far as the eye could see, and to see three sleepy travelers rousing from sweet slumbers at the hour of 2 o'clock at night, harnessing and packing for a move, such were the facts in this case, either to move on or lose our teams.

It was so intensely cold that we all walked and led our pack team for 18 miles, and the snow four inches deep. It has snowed more in thirteen years than I ever knew it to snow in one year in the valley, and still snowing, while we are comfortable situated with our old friend Bruce Price.

We don't know now where this thing will cease as you know it is May and would hardly be expected at this time, but they are proud to see it as it wets the ground and makes the grass grow, they are happy while we as good pilgrims are very much troubled as it is bitter cold. The grass is good away from the watering points, but none at the water. The crops look very slim to a Webfoot but prospects good for a Crooked Riverite. This may do for some but some it will not do for. Stock looks well at present; stock is all the cry, rodéro is the word, lasso is the game and they become experts at this business.

Our friend Price has the most beautiful place that we have seen since we left the Willamette Valley, juniper on hills which look like one gigantic orchard reaching as far as the eye can see. He has a beautiful bottom which he cultivates, and his grain looks well, he also mows from 30 to 100 tons of hay, it looks as if his farm was cut out and set down in this desert for a stock farm, as it is 20 miles south to first house and 10 north, so you see it makes it very lonesome for women in this country as they see but few of the sex other and I think it a punishment to cause women to live such a secluded life.

We are down spirited as it still continues to snow. You may hear from me again if you like this. A. B. MORRIS.
