SOLD OUT.

HAVING SOLD MY INTEREST IN THE store of general merchandise of the firm of Coshow & Cable to C. E. Stanard, I wish to call the attention of all who know themselves indebted to Coshow & Cable to call and settle at once. Having sold out on account of poor health, I expect to change climate for a while, and all accounts not settled before I get ready to leave Brownsville will be left with an officer for collection. A word to the wise is sufficient.

C. F. COSHOW, Brownsville

Green peas, cabbage, cauliflower, onions, celery, pie plant, fresh, at Brownell & Stanard.

Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing consumption and to the head, causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your throat, lungs or nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.

You Cannot Afford.

At this season of the year to be without a good reliable diarrhoea balsam in the house, as cramps, colic, diarrhoea and all inflammation of the stomach and bowels are exceedingly dangerous if not attended to at once. One bottle of BEGGS' DIARRHOEA BALSAM will do more good in cases of this kind than any other medicine on earth. We guarantee it. G. L. Blackman, druggist.

SPECIAL NOTICE.

DR. W. C. NEGUS,

Graduate of the Royal College of London, England, also of the Bellevue Medical College.

EAST OF THE ROCKIES

The Chippewa Indian Outbreak Assuming a Serious Outlook.

SAMOAN TREATY RATIFIED.

The Kearsage Will Leave for Hayti on Sunday—A French Battle—Old World Affairs.

The HERALD'S Special Dispatches.

MINNEAPOLIS, (Minn.) June 14.—A reporter started for the scene of the Chippewa Indian outbreak last night, arriving this morning. Three companies of regular troops are at Mora, the nearest town. It is not known positively that more than one man has been shot, but the grave reports are not yet discredited and they are thought to come from responsible men. Captain Staunch left for the scene of the outbreak with his force this morning. Several families are living near the lake who had trouble with the Indians, and it is feared that these have suffered.

THE SAMOAN TREATY.

It Has Been Ratified by the American Commissioners.

BERLIN, June 14.—The Samoan conference met at 3 o'clock this afternoon. It is understood that the American commissioners have withdrawn their objections to certain provisions of the protocal.

WASHINGTON, June 14.—Information has been received at the state department that the Samoan treaty was officially ratified this morning at Berlin.

BERLIN, June 14.—The Samoan treaty was signed by members of the conference this afternoon.

A Trifle Warlike.

LONDON, June 14.—The Times correspondent at Constantinople says that Porte has been advised from Vienna that Austria regards the present hostilty to Austria on the part of Servia as casus belli, and hopes that European diplomacy will succeed in securing a modification of hostilities. The Porte has ordered six Syrian battillions to Servia.

A French Battle.

PARIS, June 14.—Fighting occurred yesterday between the French and Italian outposts in the department of Hautemarne. Troops have been sent to quell the disturbance.

The Report Denied.

CHICAGO, June 14.—The Illinois Central railroad officials deny that the road is going to build a branch line from Pierre, Dakota, to Puget Sound, or any other Pacific coast point.

Will Leave for Hayti.

WASHINGTON, June 14.—Admiral Gherardi has informed the navy department that he will sail from New York for Hayti next Sunday on the Kearsage.

The Verdict Unanimous

W. D. Sult, Druggist, Bippus, Ind., estifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at Foshay & Mason's Drugstore.

The Pride of Woman.

A clear pearly and transparent skin is always a sign of pure blood, and all persons troubled with dark, greasy, yellow or blotched skin can rest assured that their blood is out of order. A few doses of BEGGS' BLOOD PURIFIOR and BLOOD MAKER will remove the cause and the skin will become clear and transparent. Try it, and if satisfaction is not given it will cost you nothing. It is fully warranted, G. L. Blackman, druggist.

CANADA AROUSED.

Bitter Hostility to the Jesuit Estate Bill.

NEW YORK, June 14.—The Herald's correspondent from Ottawa, Ontario, says: The allowance of the Jesuits' Estates bill, granting $440,000, to the order of Jesuits for land claimed to have been owned by the order in Quebec previous to their expulsion or departure from the country, was the last act required to kindle into flame the bitter feelings of animosity against the Government for their pandering to the support of the French in Quebec.

Now Ontario is up in arms against the administration. "The French shall rule no longer," they say. This feeling is rapidly spreading to the maratime provinces of Nova Scotia and New Brunswick, where the population is strickly Protestant, and to Manitoba, where the power of the French Roman Catholic organization had only recently been felt. Party lines have for the time been forgotten, and the united energies of the Portestant community are concentrated in the struggle against French ascendency.

Sir John Macdonald, whose keen foresight of public feeling has been the secret of his success as a leader, admits that he has made a fatal blunder in allowing the Jesuits Estates bill. "I am in the worst political dilemma of my life" are his own words.

Added to all this is the steady growth of the idea of commercial union, which promises to be an issue which cannot be ignored. The conservative party can offer the commercial unionists nothing. The movement is essentially liberal.

What is the meaning of this? It means that if the Liberal party are called upon after the next general election to form a government a decided change will take place in Canada's relations with the United States. That commercial union or any other kind of union would immediately follow is highly improbable. The idea of any kind of union with the United States without the consent of England would be looked upon by Canadians as an act of treachery to the mother country, tending toward disruption of the empire.

There is strong probability however, that in time the Canadian people will sink their ideas of loyalty to the empire before the all-powerful argument of dollars and cents, but this cannot be accomplished in a day or a year. The present Federal Government is conservative, and it has ruled the country uninterruptedly since 1878. Previous to that time Canada enjoyed a kind of free trade with the United States That state of affairs grew tiresome to the people of the country and, together with the hard times of three previous years, brought about the election of a Conservative government with Sir John Macdonald as its leader.

Since 1878 Canada has progressed with leads and bounds. The Canadian Pacific Railway was built, the northwest territory opened up for settlement and the trade of the country greatly enlarged.

Disarming an Unseen Foe.

"This was sometime a paradox," as Hamlet says. Since, however, the people of America and other lands have been enabled to pit Hostetter's Stomach Bitters against that unseen foe, malaria, it is no longer a paradox, but an easy possibility. Whatever malaria evolves its misty venom to poison the air, and decaying unwholesome vegetation impregnater the water, there, in the very stronghold of miasma, is the auxiliary potent to disarm the foe and assure efficient protection. Fever and ague, bilious remittent, dumb ague and ague cake, no matter how tenaciously they have fastened their clutch on the system, are first forced to relax their grasp and eventually to abandon it altogether. But it is preventive force that should chiefly recommend the Bitters to persons dwelling in malaria-cursed localities, for it is a certain buckler of defence against which the enemy is powerless. Cures, likewise, dyspepsia, rheumatism, kidney and billious ailments.

Woman's Discovery

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lute." Thus write W. C. Hamrick & Co. of Shelby, N. C.—Get a free trial bottle at Foshay & Mason's Drug Store.

A CHIPPEWA UPRISING.

Several Inoffensive Swedes Murdered Near Mille Lacs Lake.

ST. PAUL, June 13.—A telegram was received at Governor Merriam's office this evening, which contains the startling intelligence that the Chippewa Indians in the vicinity of Mille Lacs lake are once more at their bloody work of butchering inoffensive settlers.

It is as follows:

MORA, June 13.

Chippewa Indians at Mille Lacs lake commenced killing and driving out the white settlers last night. Six whites were killed and wounded. All of them were inoffensive Swedes. There is no known cause. I don't know how many may have been killed last night. Help us to quiet the Indians.

EVEN MICILSEN.

Prompt measures will be taken to suppress the uprising.

ANOTHER REPORT.

MINNEAPOLIS, June 13.—The Tribune's special from Mora says: "Evan Nicholson arrived here from the Mille Lacs reservation to day, and reported that the Maquisons were shot and killed by the Indians last night, and that three families who had located there were missing. The settlers are getting very anxious and are expecting an attack at any minute. The Indians have been having a dance and have come from all parts of the reservation, and are drinking and are making the woods ring with their hideous howls.

"The people of Mora are making arrangements to raise a company of home rangers to send out to their relief if news of any further depredations is received."

General Ruger, the commanding officer at Fort Horning has made arrangements to leave at once for Mora with several companies of regulars, upon receiving intelligence of any further troubles.

COLLEGE SPORT.

How the Yale Boys Manage to Make Things Lively.

NEW HAVEN (Conn.), June 10.—Barnum's circus parade here to day has to run through a gauntlet of Yale boys with missiles, who did their best to create a riot and infuriate the animals. The parade always has the same kind of experience here, and it is said that the performers are ordered to carry disinfectants through New Haven to counteract the effect of rotten eggs. Two years ago the boys made the tigers wild by throwing sunlight into their eyes with mirrors. To-day the enterprising youths provided themselves with torpedoes, which they hurled at the elephants and the Arab horses ridden by the Moors. One of the elephants on whose back rained a shower of explosives broke loose and made a rush at the Yale boys, who scattered in all directions.

After the elephant quieted down, the students, who had exhausted their torpedoes, began to make sarcastic remarks touching on the appearance of the Moors, who, strange to say, understood their purport, and retorted with volleys of the latest Bowery slang. One Moor dashed his horse into the crowd and swung his gun over the sea of heads. He chased one fellow almost into the campus, but the bystanders interfered. When a fat lady passed ungentlemanly remarks were made about her. The remainder of the procession was a trying ordeal for the freaks.

Merit Wins

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Foshay & Mason Druggists.
