What is CASTORIA

Castoria is Dr. J. C. Peckham's old, harmless and quick cure for
Infants' and Children's Complaints. Superior to Castor Oil,
Paregoric or Narcotic Syrup. Children cry for Castoria. No
House of Mothers does without Castoria.

Castoria cures Colic, Constipation,
Sour Stomach, Diarrhoea, Indigestion,
Sleeping sickness, etc. It is a safe,
pleasant and agreeable medicine,
and can be given to infants,
children, and the aged with perfect
safety.

ROYAL BAKING POWDER

Absolutely Pure.

This powder never varies. A matter of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight alum or phosphate powders. Sold only in cans. **ROYAL BAKING POWDER** is made by the **McCormick & Co., Agents,** 100 Wall St., N. Y.

C. E. STANDARD, Successor

WANTED.
THOSE WISHING A FIRST-class piano, sewing machine, the latest music or artists' materials, will find a bargain by calling at Mrs. J. Hyman's. The pianos are fully guaranteed for five years. The best pianos made to stand the climate of the Pacific coast. The New American Sewing Machine will please most fastidious. Painting and music lessons given there. Stamping, Embroidery and Dressmaking done to order. No. 115 1st St., Albany, Or.

For children and frost-bitten ears Chamberlain's Pain Balm. When promptly applied to the frozen parts it will prevent the skin from turning black or peeling off. It allays the itching and smarting of chilblains and when rubbed on the parts in a healthy condition. For sale by Foskay & Mason.

Warnings.
The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and gradually by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing consumption and to the head, causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel its coming, it is wrong with your throat, lungs or nostrils, obtain a bottle of Besic's German Syrup. It will give you immediate relief.

You Cannot Afford.
At this season of the year to be without a good reliable diarrhoea balsam in the house, as cramps, colic, diarrhoea and all inflammation of the stomach and bowels are exceedingly dangerous if not attended to at once. One bottle of BEGG'S DIARRHOEA BALSAM will do more good in cases of this kind than any other medicine on earth. We guarantee it. G. L. Blackman, druggist.

SPECIAL NOTICE.
DR. W. C. NEGUS.
Graduate of the Royal College of London, England, also of the Bellevue Medical College.
The Dr. has spent a lifetime of study and practice and makes a specialty of chronic diseases, tumors, cancers, scrofula enlargements, tumors and wens, without pain or the knife. He also makes a specialty of treatment with electricity. Has practiced in the German, French and English hospitals. Calls promptly attended day or night. His motto is "GOOD WILL TO ALL."

No. 27—5 white grape currants.
No. 28—5 white grape currants.
No. 29—5 white grape currants.
No. 30—5 white grape currants.

NARROW GAUGE SOLD
The Southern Pacific Buys the Oregonian System.
IT WAS BOUGHT FOR \$1,000,000
C. F. Huntington Assumes Indebtedness to the Amount of \$500,000—The Lines to be Consolidated.

It is learned from good authority that a sale of the Oregonian Railway Company's lines (narrow gauge) has been made to the Southern Pacific Company for about \$1,500,000. This is a consummation which has been wished and expected for some time, and will be a great benefit to the country along the lines of the Oregonian railway, which has been kept back by the troubles and misfortunes which have hampered the roads and obstructed their usefulness since they were completed.

Shortly after the suit of the Oregonian Railway Company against the O. R. & N. Co. was decided by the supreme court of the United States in favor of the O. R. & N. Co., a liquidator was appointed by the Scottish courts to wind up the affairs of the Oregonian company. This liquidator, Mr. Myles, sent his attorney, Mr. Alexander Mackay, out some time since to examine into the affairs of the company, the condition of the lines, etc., and to take such action as he thought best in the premises.

Mr. Mackay went to San Francisco and talked to Colonel Charles F. Crocker about selling the property to the Southern Pacific Company and was referred by him to Mr. C. P. Huntington, in New York. Negotiations were carried on there and on June 8 Mr. Mackay sailed for Scotland, carrying an agreement signed by Mr. Huntington which has since his arrival been approved by the bondholders.

HUNTINGTON TO PAY THE DEBTS.
This provides that the bondholders of the Oregonian Railway Company shall make a deed of all their interest in the company to C. F. Huntington as attorney of the Pacific Improvement Company, in exchange for which, the Pacific Improvement Company is to give them \$1,000,000 in 5 per cent bonds of the Southern Pacific Company, and Mr. Huntington agrees to give sufficient bonds or money to relieve the indebtedness of the receiver of the Oregonian Railway Company to the extent of \$500,000, provided that he shall have the right to reject any receiver's claims that are not fully warranted and that his representatives in Scotland shall designate whether the claims presented are legal and valid before being paid. Mr. Huntington pays no operating expenses since the 1st of June. Mr. Patrick Buchanan, of London, who holds bonds to the amount of \$200,000, sent voluntarily \$5000 to keep the road running since June 1st, for which the thanks of the bondholders were extended to Mr. Huntington. The property to be conveyed to Mr. Huntington includes the lines of the Oregonian Railway Company and the property of the company in Portland, consisting of the block and water front between Madison and Jefferson streets east of Front, except 100 feet square owned by Mayor Delashunt. This property was purchased for a passenger depot, and with the public levee property gives the Southern Pacific a water frontage of 920 feet.

A committee of the bondholders has been appointed to close all negotiations, and the sale has been approved and now goes to the court of sessions to be confirmed and approved, and as it is not expected that there will be any objections this will probably be done in a few days.

AN ASSESSMENT TO PAY EXPENSES.
The liquidator recently made a first assessment on stockholders to raise \$30,000, of which \$20,000 will be used to pay off the expenses of the law suits in the United States, for which preferred stock was issued in 1884. The other \$10,000 will be applied on an indebtedness to the British Locomotive Co. of London, amounting to \$49,000, and another assessment will be made to pay the balance.

As one of the results of the sale, it may be stated that \$100,000 of the receiver's certificates of the Oregonian railway were purchased on Friday last at 90 cents on the dollar, and \$16,800 of receiver's checks at about 83 cents on the dollar. There is \$336,000 in receiver's certificates out, and \$96,000 in pay checks.

The result of this sale will be that the Oregonian railway lines will be consolidated with the Portland & Willamette Valley Railway, making a complete narrow gauge system as far as that is intended. An effort will be made to build a bridge across the Willamette at Ray's Landing this fall and then the narrow gauge system will amount to something and benefit the country through which it passes and also Portland.

DR. J. J. WEST.
The old and reliable physician, has located permanently at 109 East Sixth street, where he is prepared to treat all kinds of diseases in a careful manner. He readily locates a disease and gives his name and origin by examining the places on the breast and two under the shoulder blades. He manufactures his own medicines and gives consultations and information free. Call on him for experienced treatment.

Now is the time to get one of these celebrated cook stoves, only \$19, at Hopkins & Saltmarsh's.

WHITE SLAVES.
Americans Said to Be Suffering at the Hands of Contractors.
New York, June 24.—The following letter, sent to the secretary of state by a laboring man yesterday, is self-explanatory:
"New York, June 20, 1889.
James G. Blaine, Secretary of State, Washington, D. C.—Sir: Please find enclosed two letters received from my brother in Yucatan. You will notice in reading the letter dated Merida, June 6th, that he is one of seventy-two men sent down there on the City of Washington. John Hennessy, my neighbor, has also received a letter from his brother Patrick, who is at Merida, and makes complaints similar to those in the letter I enclose.
"They say that many of these men are dying of yellow fever, and that they are not paid enough to keep them from starving; also that the railroad company exhibits contracts which bind them to work eleven hours a day for one year for \$1 a day in Mexican money, while the agent, John Fitzpatrick, in New York, promised their board and \$35 a month in American money.
"These facts and many other letters have been published in New York, which caused the arrest of John Fitzpatrick, alias 'Liverpool Jack,' and his indictment by the grand jury for kidnaping. His trial comes off next Tuesday, and everybody thinks he will get fifteen years in the state prison.
"Now, Mr. Secretary, I am unemployed at present and have no means of paying my brother's expenses home, and I thought that if you were told about his condition and that of at least seventy other Americans detained in Mexico against their will you would see that the United States government did something for them.
"In addition to being American citizens, my brother and a good many more of these men are Irish men of the kind that never forget their friends.
"They are practically white slaves, whose condition is a hundred times worse than that of any negro before the war. If something is not done for them they will die the most miserable of deaths in a foreign country. In order to more fully explain the condition of my brother and his comrades, I enclose clippings from a New York paper I have kept containing letters from other unfortunates.
"Hoping your department can do something for the relief of my brother and his comrades, I am, very respectfully,
T. F. McCoy.
The Pride of Women.
A clear, healthy and transparent skin is always a sign of pure blood, and all persons troubled with dark, greasy, yellow or blotched skin can rest assured that their blood is out of order. A few doses of BEGG'S BLOOD PURIFIER and BLOOD MAKER will remove the cause and the skin will become clear and transparent. Try it, and it satisfies you. It is fully warranted. G. L. Blackman, druggist.

THE FIRST NEGRO PRIEST.
Ordained by Cardinal Gibbons for Missionary Work in the South.
BALTIMORE, June 22.—On Thursday last Cardinal Gibbons ordained a number of students of St. Ann's and St. Joseph's academy. Among others on whom the tonsure was bestowed was Charles Randolph Ucles, a colored student of St. Joseph, who will be the first colored priest ordained in America. The elevation of colored men to the priesthood is in pursuance of a decree passed by the last papal conclave to send colored missionaries to the South to work among the negroes. The cardinal is of the opinion that men of their own race will have more influence among the negroes than white priests. The elevation of Ucles is the first step toward carrying out this decree.

A FOOLHARDY MAN.
He Proposes to Go Over the Horse-shoe Falls at Niagara.
NIAGARA FALLS, N. Y., June 22.—Charles D. Graham, the hero of several trips through the Whirlpool rapids, announces that he will, in a few days, go over the Horse-shoe falls, which rushes over a 200-foot precipice, with what little protection his new barrel life boat can afford. This barrel boat is designed for a life boat, and is eleven feet long and forty inches in diameter. It looks a little like a torpedo, with a turret amidship, and has side wheels, storing apparatus and other appliances similar to a flying machine, for aquatic use. The craft is a cylinder in shape, and has three compartments, each of which is water-tight. The center compartment is forty-three inches long and forty inches in diameter. The craft is strongly built of well-seasoned oak and cedar staves, and is bound with twenty-four iron bands. But it is extremely doubtful if it can escape being dashed to pieces, either on the rocks at the foot of the falls, or elsewhere in the gorge.

TWO FIRES IN ONE DAY.
A Sharp Scare at Spokane Falls and a Narrow Escape.
SPOKANE FALLS, June 22.—Fire broke out this afternoon at 3 o'clock in the southeast part of the city among the small dwellings. It caught in a barn, and was communicated to the houses. Three houses and a barn were burned. Four horses were in the barn at the time. One of them escaped, and the rest perished. A very high wind prevailed all day. The citizens were quite alarmed.
A further fire broke out at about 6 o'clock in a small shanty on the island near the Echo Flour mill. Before it could be checked four small dwellings were burned. Very little was saved. The cause was children playing with fire. The fire companies prevented its spreading. The high wind still prevails. Great precautions are being taken, and extra watchmen are on duty.
During the excitement at the fire to-day, a man standing across the logs in the river near by fell into the water. He had some under the third time when two men caught him by the hair and rescued him in a very weak condition. He will probably recover. The men nearly lost their lives in rescuing the drowning man.

CONDENSED DISPATCHES.
Los Angeles, Cal., is to be supplied with electric street cars.
Thirty-two bodies were taken out of the ruins at Johnstown Saturday.
Claus Spreckles announces that he will erect a sugar refinery at Reading, Pa.
Over a million and a half dollars have already been disbursed by the relief committee at Johnstown.
It is announced that the 5000 men employed by Andrew Carnegie, at Pittsburg, will go on a strike on the 30th inst.
The cortex of Spain yesterday declared that it would not sell Cuba, and would entertain no proposal looking to that end.
The responsibility for the accident at Armaugh, Ireland, whereby by over seventy Sunday school scholars lost their lives, has been placed on the engineer of the train and he has been indicted for manslaughter.

Herit Wins.
We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell so well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Foskay & Mason Druggists.

A Safe Investment.
Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised Druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief to every case, when used for any affection of the Throat, Lungs or Chest, such as Consumption, Inflammation of the Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc., etc. It is safe and agreeable to take, perfectly safe, and can always be depended upon. Trial bottles free at Foskay & Mason's Drugstore.

A WOMAN'S WAY.
A Startling Business Proposition.
When Mrs. Fowler, of 27 Ellis street, stepped in at a leading city druggist's to ask what effect Joy's Vegetable Sarsaparilla would have in dyspepsia and sick headaches, she was assured it would cure both. She was so incredulous that the druggist gave her a bottle, not to be paid for unless it cured. The following is the convincing conclusion:
SAN FRANCISCO, Feby. 8, 1888.
DEAR SIR: Notwithstanding my ill-givings, Joy's Vegetable Sarsaparilla did all that you promised. I had tried so many prescriptions that I had come to believe nothing would relieve my dyspepsia and sick headaches, but I have not had a return of either since. You have my permission to make this public, for a remedy that will cure dyspepsia and prevent sick headaches should be generally known. Respectfully,
Mrs. M. Fowler,
27 Ellis street.

Among others on whom the tonsure was bestowed was Charles Randolph Ucles, a colored student of St. Joseph, who will be the first colored priest ordained in America. The elevation of colored men to the priesthood is in pursuance of a decree passed by the last papal conclave to send colored missionaries to the South to work among the negroes. The cardinal is of the opinion that men of their own race will have more influence among the negroes than white priests. The elevation of Ucles is the first step toward carrying out this decree.

A FOOLHARDY MAN.
He Proposes to Go Over the Horse-shoe Falls at Niagara.
NIAGARA FALLS, N. Y., June 22.—Charles D. Graham, the hero of several trips through the Whirlpool rapids, announces that he will, in a few days, go over the Horse-shoe falls, which rushes over a 200-foot precipice, with what little protection his new barrel life boat can afford. This barrel boat is designed for a life boat, and is eleven feet long and forty inches in diameter. It looks a little like a torpedo, with a turret amidship, and has side wheels, storing apparatus and other appliances similar to a flying machine, for aquatic use. The craft is a cylinder in shape, and has three compartments, each of which is water-tight. The center compartment is forty-three inches long and forty inches in diameter. The craft is strongly built of well-seasoned oak and cedar staves, and is bound with twenty-four iron bands. But it is extremely doubtful if it can escape being dashed to pieces, either on the rocks at the foot of the falls, or elsewhere in the gorge.

TWO FIRES IN ONE DAY.
A Sharp Scare at Spokane Falls and a Narrow Escape.
SPOKANE FALLS, June 22.—Fire broke out this afternoon at 3 o'clock in the southeast part of the city among the small dwellings. It caught in a barn, and was communicated to the houses. Three houses and a barn were burned. Four horses were in the barn at the time. One of them escaped, and the rest perished. A very high wind prevailed all day. The citizens were quite alarmed.
A further fire broke out at about 6 o'clock in a small shanty on the island near the Echo Flour mill. Before it could be checked four small dwellings were burned. Very little was saved. The cause was children playing with fire. The fire companies prevented its spreading. The high wind still prevails. Great precautions are being taken, and extra watchmen are on duty.
During the excitement at the fire to-day, a man standing across the logs in the river near by fell into the water. He had some under the third time when two men caught him by the hair and rescued him in a very weak condition. He will probably recover. The men nearly lost their lives in rescuing the drowning man.

CONDENSED DISPATCHES.
Los Angeles, Cal., is to be supplied with electric street cars.
Thirty-two bodies were taken out of the ruins at Johnstown Saturday.
Claus Spreckles announces that he will erect a sugar refinery at Reading, Pa.
Over a million and a half dollars have already been disbursed by the relief committee at Johnstown.
It is announced that the 5000 men employed by Andrew Carnegie, at Pittsburg, will go on a strike on the 30th inst.
The cortex of Spain yesterday declared that it would not sell Cuba, and would entertain no proposal looking to that end.
The responsibility for the accident at Armaugh, Ireland, whereby by over seventy Sunday school scholars lost their lives, has been placed on the engineer of the train and he has been indicted for manslaughter.

Herit Wins.
We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell so well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Foskay & Mason Druggists.

A Safe Investment.
Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised Druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief to every case, when used for any affection of the Throat, Lungs or Chest, such as Consumption, Inflammation of the Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc., etc. It is safe and agreeable to take, perfectly safe, and can always be depended upon. Trial bottles free at Foskay & Mason's Drugstore.

A WOMAN'S WAY.
A Startling Business Proposition.
When Mrs. Fowler, of 27 Ellis street, stepped in at a leading city druggist's to ask what effect Joy's Vegetable Sarsaparilla would have in dyspepsia and sick headaches, she was assured it would cure both. She was so incredulous that the druggist gave her a bottle, not to be paid for unless it cured. The following is the convincing conclusion:
SAN FRANCISCO, Feby. 8, 1888.
DEAR SIR: Notwithstanding my ill-givings, Joy's Vegetable Sarsaparilla did all that you promised. I had tried so many prescriptions that I had come to believe nothing would relieve my dyspepsia and sick headaches, but I have not had a return of either since. You have my permission to make this public, for a remedy that will cure dyspepsia and prevent sick headaches should be generally known. Respectfully,
Mrs. M. Fowler,
27 Ellis street.

WANTED.
THOSE WISHING A FIRST-class piano, sewing machine, the latest music or artists' materials, will find a bargain by calling at Mrs. J. Hyman's. The pianos are fully guaranteed for five years. THE FIRST NEGRO PRIEST.
Ordained by Cardinal Gibbons for Missionary Work in the South.
BALTIMORE, June 22.—On Thursday last Cardinal Gibbons ordained a number of students of St. Ann's and St. Joseph's academy. Among others on whom the tonsure was bestowed was Charles Randolph Ucles, a colored student of St. Joseph, who will be the first colored priest ordained in America. The elevation of colored men to the priesthood is in pursuance of a decree passed by the last papal conclave to send colored missionaries to the South to work among the negroes. The cardinal is of the opinion that men of their own race will have more influence among the negroes than white priests. The elevation of Ucles is the first step toward carrying out this decree.
