Last Night's Play.

The audience present at the opening play of the Lauri & Bell Comedy Company at the opera house last evening was not as large as they deserved. The audience was both surprised and delighted with the original and extremely funny rendition of Haverly's Strategists. Marietta Nash as Nellie Howard was simply charming, while Harry B. Bell, who impersonated three different characters brought down the house by the wonderful perfection of his impersonations and the ludicrous situations produced. The entire cast is strong, and there is not a poor member in the company To-night they will presented "Katti, the Family Help," which is said to be equally as enjoyable and interesting. The prices will be 25 cents for the gallery and 50 cents below, with no extra charge for reserved seats. There will doubtless be a large audience this evening.

Arm Broken.

Freddie Tway, a boy aged about 10 years, whose parents reside in the eastern portion of the city, was playing yesterday about the porch when the eave trough fell striking him upon the arm, breaking it near the shoulder. Dr. W. H. Ellis was called and set the fractured limb. The boy's injuries will not prove serious.

Still They Come.

If you want to get screen doors and windows put on your house call on R. B. Yunk, shop corner Second and Ferry street.

THE ASTORIA RAILROAD.

It is Now Certain That the Road Will Be Completed Without Delay.

It now seems to be settled that the Astoria & South Coast Railway line is to be built. Concerning the road the Astorian says:

"The Astoria & South Coast Railway Company builds the road. The road is to be built about a mile farther than originally contemplated. It runs clear through what is known as "the Gearhart woods" and extends to the Ocean house, or Mrs. Byrd's place. The $175,060 paid or pledged by Astorians is to be paid in. The Pacific Construction Company pays in $200,000 additional, and takes that amount of stock in Astoria & South Coast Railway Company. That $200,000 in stock is to be placed in the hands of D. K. Warren as trustee. Work is to be pushed with all diligence and the road is to be completed as rapidly as possible. The road is to be run from the proposed present terminus in the most direct route to the Nehalem and is to connect with the the Oregon & California standard gauge railway or the Portland and Willamette Valley railway in Washington and Yamhill counties. The road (which is the Astoria and South Coast railroad right through) is to be completed to such connection by September 15, 1891. This is guaranteed by the Pacific Construction Company, an organization with one hundred million dollars. The road will be about 100 miles in length. The Astoria & South Coast road is to issue to the Pacific Construction $20,000 in stock and $10,000 in bonds per mile as fast as the road is completed and accepted. The Pacific Construction Company is to furnish the Astoria & South Coast Railway Company all the money necessary to build, equip and place in operation the entire road."

In the meantime the Albany and Astoria Railway Co., recently organized in this city with a capital stock of $15,000,000 is arranging to put surveyors in the field at once to survey the route for the proposed connection at Albany, and will secure the right of way and start the work going.

Narrow Guage Through Polk Co.

The Salem board of trade held a session Thursday to consider the project of building a narrow guage railroad from the west to that point through Dallas to Falls City, thence through the valuable timber belts of Luckiamute valley and ultimately to the coast. Judge J. J. Daly, Hon. W. C. Brown and L. Van Meter, of Dallas, were present and addressed the meeting. The scheme was favorably considered, and a committee consisting of J. H. Albert, H. W. Cottle, E. M. Waite, J. C. Putnam, and S. D. Gibson were appointed to confer with the Dallas committee and devise the necessary ways and means for the early building of the proposed line.

Steady Growth.

The growth of Albany is well attested by the new lines of goods that are required to be kept in the stores. For instance Stewart & Sox have found it imperative that they add to their stock a full line of leather and rubber belting, and they have laid in a large stock and are ready for any demand in that line.

Albany Postoffice Salary.

A dispatch in the Oregonian and Statesman in reference to the salaries of the postoffices of the Pacific coast states that the salary of the Albany postoffice has been reduced from $1600 to $1200. This, Postmaster Thompson says, is a mistake. The salary will be increased to $1700, the volume of business exceeding $5,000, which fixes the salary at $1700.

A Streak of Good Luck.

Mr. Harry Barrymore, the leading man of the Georgie Woodthorpe company, who played in this city recently, is just in receipt of news from the east of the settlement of a suit of long standing by which he falls heir to the snug sum of $5,000 with interest for ten years.

Carriage Factory.

A glance into Stewart & Sox's hardward store gave the impression that a new carriage factory had been started, but investigation showed the entire force engaged in setting up an immense invoice of the finest baby carriages just received direct from the factory.

Hand Cut Off.

Jessie Mason, an employe in the saw-mill of Allen Parker, near Yaquina City, met with a serious accident Thursday. In some manner his hand was caught in a circular saw, and it was so mutilated that it had to be amputated. He was taken to Yaquina City for medical treatment.

The Street Railway.

The track has been laid on the street railway up to the Revere House on First street. Here it will be stopped until after the Fourth. The street will in the meantime be leveled up and put in good condition. The switches for Lyon street line will be received and ready to put in within a week.

New Police Appointed.

In accordance with the recent action of the city council, Chief of Police J. N. Hoffman has appointed as special night policeman until Sept. 1, W. A. McCain. His salary is fixed at $50 per month.

Yaquina Bay.

Fifteen hundred dollars will buy one hundred feet of water front, between Fall street and the Bay View House, Newport. Address Lock Box 18 Newport, Oregon.

It pays to patronize a cash store. If you have any doubts on this subject try F. L. Kenton, near the postoffice.

CIRCUIT COURT.

The Cases Disposed of Yesterday—The Term Nearly Ended.

The cases on the circuit court docket have nearly all been disposed of. The cases yesterday were as follows:

Martha Houston vs Josie Timmerman, appeal; judgment for appellant.

In the matter of the assignment of J. W. Ellison, continued.

W. W. Yantis vs John Smallmon, to recover personal property: continued.

Thomas Jefferson vs G. S. Montgomery, attachment; continued.

Tuedor Iron Works vs O'Connor, Barr and Harrigan, to recover money; jury out.

D. M. Close vs J. M. Potter, to recover money, attachment; judgment and order to sell attached property.

R. W. Moses vs H. F. Merrill, rustee of S. H. Althouse, to recover money, attachment; judgment for deft's on demurrer.

John F. Grishman vs A. S. Grisham, divorce; granted.

Hiram Smith vs J. F. Martin, confirmation; sale confirmed.

A Dangerous Place.

A business man of this city was going home about 11 o'clock last evening when in passing along Broadalbin street between Second and Third a foot pad stopped him and demanded his money. Being unarmed he turned about and fled. Just at that place the sidewalk has been torn out for repairs and the Broadalbin street branch of the canal, which flows under the sidewalk, was left open, forming a dangerous chasm, which was not provided with a light or any barricade, and in running along where the sidewalk was supposed to be, he fell into the canal. The foot pad, on seeing his victim thus suddenly disappear before his eyes, also became frightened, turned and fled. Another gentleman who happened to be passing assisted the other from the water, who declared it was bad enough to be attacked by foot pads, but to run the risk of having one's neck broken by such carlessly contrived man traps, is even worse. This dangerous place should be look after at once.

Keeping up With the Times.

In order to keep pace with the rapid growth of this city, and the necessity of having absolutely correct time, our enterprising jeweler, F. M. French, has just purchased and set up one of Seth Thomas standard regulators, fitted with a 15 pound mercurial pendulum, which is a positive protection against variation in time from the effects of heat or cold. One can easily see the nicety of the adjustment from the fact that the clock carries a 15 pound mercurial pendulum ball attached to a four-foot steel pendulum rod, and only requires a 3½ pound weight to run it. Mr. French has made arrangements to get the correct "Pacific" or standard time from the Lick Observatory, the time adopted by all the railroads on the coast.

Firemen, Attention.

All firemen in the city having shirts or belts are requested by the celebration committee to report the same to the foreman of their respective companies.

Received To-Day.

A fine lot of celery, cucumbers, Cauliflower, green peas, apricots, peaches, lemons, oranges, etc., by the Willamette Packing Co.

The Pride of Woman.

A clear pearly and transparent skin is always a sign of pure blood, and all persons troubled with dark, greasy, yellow or blotched skin can rest assured that their blood is out of order. A few doses of BEGGS' BLOOD PURIFIOR and BLOOD MAKER will remove the cause and the skin will become clear and transpareat. Try it, and if satisfaction is not given it will cost you nothing. It is fully warranted, G. L. Blackman, druggist.

HE SENT IT EAST.

For a year I was troubled with pains in my back and side, and headaches, the result of liver and kidney trouble. I was attracted to Joy's Vegetable Sarsaparilla, by the startling testimonials in the papers. They seemed so practical I was induced to try it, knowing that as it was purely vegetable, it would do no harm. It acted as a gentle laxative. After the second bottle my pains and aches disappeared. It did so much for me that I sent several bottles to my family in New Jersey, who also took it with the most satisfactory results.

Mattie Vickers and Her Excellent Company Will Tender a Benefit to F Co., O. N. G.

On Thursday evening, July 4th, pretty Mattie Vickers and her talented company of New York favorites, will tender a benefit to F Co., Oregon National Guards, producing the great successful comedy, "Jacquine," or "Paste and Diamonds." This company scored a great success in San Francisco, and has been universally spoken of in highest terms of praise by the press. The San Francisco Chronicle of the 14th ult. says: The Alcazar held a large audience last night and Mattie Vickers, as the principal attraction in her new play, "Jacquine," made herself very popular. The piece is one of these written to be a vehicle for the soubrette specialties of which some people never tire and which everybody likes. Mattie Vickers is a very charming and capable soubrette star. She sings and dances well; she has some very attractive music, and she is an actress of decided ability. The dances, songs and medleys are in most instances new, and Mr. Rich, who supports Miss Vickers, is a clever, lively comedian. The piece is interesting and the company does justice generally to it.

At the conclusion of the play the grand ball by F Co. will be given beginning at 10:30.

If you want a clean and fine smoke ask for J. Joseph's home made white abor cigars. For sale by most cigar dealers and at J. Joseph's factory.
