JOTTINGS ABOUT TOWN.

Keep up your cows. For the finest silver polish in the market go to H. Ewert's. A supply of fine honey can be obtained at F. L. Kenton's. More railroads are being projected in Oregon than ever before. Rubber and leather belting of all descriptions at Stewart & Sox. Kenton's Premium Savon Soap continues to sell rapidly at \$1 per box. The new exempt badges just received by the board of fire delegates are very neat. Monday morning I will receive a good supply of fine Kittinn blackberries. F. L. Kenton. The residence of Hon. Edward Hirsch, of Salem, was burned Friday night. The loss was \$2500. A farmer's team ran into the street railway excavation yesterday and overturned, but no damage was done. It is reported that handsome prizes will be offered by the directors of the State Agricultural Society for firemen's contests. Judge D. R. N. is removing his old residence on Calapooia street and will erect an elegant new residence upon his property. A phaeton lamp was lost in this city on Thursday. The finder will be liberally rewarded on returning the same to Derringer's meat market. The drug store of John Long, formerly of Albany, was among the buildings burned at Ellensburg. His loss is probably \$5000. Clinton Monroe, of the Chemekete hotel in Salem, is in the city. This popular Salem hotel is to receive \$15,000 worth of improvements. All cows found running at large on Monday morning will be taken up promptly by the city marshal. Owners of cows should take due notice. Dr. G. W. Maston is improving his residence on Lyon street. He has removed the fence, terraced the lawn, giving it a decided metropolitan appearance. The Oakland Home, one of Julius Gradwohl's insurance companies has promptly paid \$45,848.35 losses in the Seattle fire. The names will be published in our next issue. The issue of the HERALD of Sunday morning, with supplement and birds eye view of Albany has been entirely exhausted, but a few hundred of the views still remain at this office and will be sold at 10 cents each. The young man, whose girl employed a dray to haul him off while intoxicated on the Fourth, was not at the ball. No drunkenness was tolerated and it was an elite and brilliant affair, much credit being due to the committee in charge. The reason the display of fireworks was curtailed on the evening of the Fourth was that about \$75 worth, including a dozen fine balloons, was set on fire by the irresponsible small boys and exploded.

PERSONAL.

W. B. Scott, of Lane county, is in town. M. S. Monteith left yesterday for Portland. M. A. Miller, of Lebanon, was in the city yesterday. Owen Osborn, druggist of Brownsville, is in town. Mrs. Dr. Dodd, of Seio, is visiting relatives in town. A. B. Seal left last evening for a trip to San Francisco. Arch Monteith, who spent the Fourth in this city, returned home yesterday. Mrs. J. K. Elderkin and family and Miss Hattie Ross went to the seaside at Yaquina yesterday. J. W. Cusick, Frank Woods and several others from this city went to Portland yesterday. Mrs. J. H. Townsend, of Portland, is visiting in this city, the guest of Mrs. L. E. Blain. Geo. W. Davis and son, Rev. of Shedd, were in the city yesterday and made the Herald office a pleasant call. Rev. E. R. Prichard returned Friday from Yaquina and will occupy the pulpit at the Presbyterian church to-day. He will return to his family at the bay to-morrow.

Merit Wins

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never had better remedies that sell so well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Foshay & Mason Druggists. The "Pacific Argand" ranges both four and six hole. An Eastern-made and especially for this coast's trade. Sold only by Geo. W. Smith, Albany.

A NARROW ESCAPE.

Harry Perrin Falls Forty Feet from the Residence of C. E. Wolverton. About 6 o'clock last evening Harry Perrin, a brick layer from Eugene, while working on a chimney on the roof of the residence of C. E. Wolverton on Lyon street, slipped and fell a distance of nearly 40 feet. He struck first upon the balustrade of the porch and then fell upon the steps below. He was picked up and carried into the house and medical aid summoned, Dr. M. H. Ellis being called. It was found that one rib was broken and severe bruises inflicted, but considering the frightful fall his escape was remarkable, as his injuries will not prove fatal. He was taken to his rooms at the City Restaurant lodging house in Tweedale's block, where he was resting easy last night. He is a member of the I. O. O. F. fraternity, and had just recovered from a severe attack of pneumonia.

Railroad Matters.

The HERALD is reliably informed that W. B. Barr, city surveyor of this city, and also a member of the Albany and Astoria Railway Co., will begin work during the coming week running the preliminary line of the proposed road from Albany to Astoria. The company is duly incorporated, with a capital stock of \$1,000,000 and have assurance of outside capital as soon as the line is surveyed and the right of way secured. Work on the Oregon Pacific will also be commenced this week on the twenty-mile contract of Messrs. Antonelle & Roe and will be vigorously pushed. This seems to be a year of railroad building and a branch line is talked of from Brownsville to Halsey. It is in no wise improbable that such a branch will be built.

A New Postage Stamp.

Specifications have just been issued by the postmaster-general for the guidance of bidders under the next contract for postage stamps, advertised for under date of June 17, 1889, and providing for bids for two series of stamps in different sizes, one of them being the size now in use, and the other about one-third smaller. In speaking of the proposed changes, Postmaster-General Wanamaker said that he believed the smaller sized stamp would be quite as useful and popular as the larger size now in use, and by reducing the size of the stamp a material saving would be effected, which could be profitably expended in a better and every way more desirable color.

Rev. W. G. Simpson, pastor of the M. E. church at The Dalles, and grand secretary of the I. O. G. T. grand lodge of Oregon, will deliver a lecture in the Whitechurch, Harrisburg, Wednesday evening, July 10th, at 7:30 p. m. sharp. All are cordially invited to attend, and judging from Mr. Simpson's reputation as a speaker, we think every one will be well repaid for their time spent in listening to his remarks. We know that just now is a very busy time for our farmers, but we would like to have all attend that possibly can. Remember that the exercises will commence at 7:30 p. m.

Married.

Saturday morning July 7, 1889, a quiet wedding occurred at the pleasant home of Mr. A. B. McIlwain in this city, the contracting parties being Mrs. Katie Fuller and Mr. Geo. W. Poor. The officiating clergyman was Rev. E. R. Prichard. The newly married couple departed on the noon train for their future home at Heppner, Oregon.

Speak in Words of Praise.

Those who went to Albany from Salem on the Fourth speak in glowing terms of their reception, entertainment and treatment at the railroad center. The committee succeeded nicely in caring for their guests, thereby endearing themselves to the hearts of the recipients of favors.—Salem Journal.

Church Notice.

"The cause and cure of worry." Sabbath school at 12:10 p. m. Young people's prayer meeting in the lecture room at 6:45 p. m. All will be made welcome to these services.

Pictures of the Seattle Fire.

With the June number of The West Shore Magazine is issued a splendid colored supplement giving scenes in Seattle immediately before, during and after the fire, showing the Tacoma relief tent, business tents, burning block, the train bearing the Portland fire engine, etc. As a collection of engravings of that most memorable event, the destruction of the largest city on Puget sound, entailing a loss of fully \$15,000,000.00, it will become more and more valuable as time passes. Such total destruction of business and such courage, energy and quick recuperation as is being shown render Seattle one of the marvels of the age, and these engravings are a valuable souvenir of the event. The West Shore is published monthly at Portland, Oregon, at \$2.50 a year, or 25 cents a copy.

OFF TO NASHVILLE.

Oregon Will be Better Represented Than Any Other Pacific Coast States.

State Superintendent and Mrs. E. B. McElroy and party left Salem Saturday to attend the National Educational Association at Nashville, Tenn. Supt. McElroy carries a large number of copies of the "Resources of Oregon" and other Oregon immigration literature, in about ten thousand pamphlets, for free distribution. In addition to this, he carries a large school exhibit, consisting of drawings, free hand and mechanical, crayon work, sketches and other school products. This school exhibit has been made up and forwarded by the public schools of Portland, Baker City, Roseburg and other places, as well as a crayon and drawing exhibit forwarded by the State Agricultural college at Corvallis. Eight hundred and fifty square feet have been secured for exhibit in the grand exhibition pavilion at Nashville. Oregon will be represented at this association by thirty teachers, prominent among whom are: Prof. M. L. B. Pratt, of the Astoria schools; Prof. D. W. Jarvis, of the Athena public schools; Prof. H. W. Herren, of the Portland business college; President Van Scoy, of the Willamette university; Prof. Van Scoy, of the Jefferson schools, and others.

OREGON PRESS ASSOCIATION.

The Oregon Press Association will meet some time in August at Newport to devise ways and means for the furtherance of the mystic art. A number of papers and addresses will be the order of the meeting by the royal craft. A programme will be published in a short time and all the features of the meeting will be outlined. All the brotherhood and sisterhood we hope will be on hand. Reduced rates and ample accommodations will be provided. Such a meeting on the sea beach ought to be an enjoyable as well as profitable affair. Let all get ready for this important occasion. All persons anticipating attendance upon this meeting will please send me their names and addresses at once, as it will be of mutual advantage to all concerned. J. R. N. BELL, ROSEBURG, Or., President.

The Steamer Contest.

The Salem Statesman refers with perhaps pardonable pride to the winning of the steamer contest in this city on the Fourth by Capital Engine Co. of Salem. A mistake, however, is made by the Statesman when it says the Salem and Albany engines are the same size. The Salem engine is a 3d class while Albany's is a 4th class engine, and in tournament rules a handicap of 50 feet is given between such engines. As no handicap was given the contest was not for the \$100 prize, being merely a friendly contest, which Salem won by 30 feet. Theirs is perhaps the finest engine in Oregon.

Still a Little Behind.

Great interest was manifested in the firemen's races which took place at Walla Walla on July 4th. The championship race was won by the Walla Walla team in 1:11 3/4. In the speed race they made the distance, seven hundred feet, in 29 seconds. This race was run in Seattle one year ago by the Albany boys in 27 1/5 seconds, being the fastest time ever made in the United States by an amateur hose team. The Albany boys are still resting upon their laurels, and if any team in the Northwest has any desire to dispute it let them be present at the next firemen's tournament.

Reflect a Moment.

A metropolitan store, handling no other class of goods, infringing on no other line of trade, willing to live and let live. By patronizing the merchant in his leading line or specialty you enable many to live, and you get better returns yourselves, whether merchant or mechanic, professional or capitalist. The man who has houses and stores to let is interested. Public spirit dictates this course, every generous impulse prompts it. Buy your cigars and tobacco of Blum, opposite the Revere House, and get your money all back again directly or indirectly. Twenty years' experience in the business.

A THRIVING TOWN.

Some Facts Concerning the Terminus of the Lebanon Branch.

Lebanon is a thriving town of about 600 inhabitants, pleasantly situated in the midst of the most favorable portion of Linn county and also the Willamette valley. It is the terminus of the Lebanon branch of the O. & C. R. R., 13 miles from Albany, overlooking the beautiful Albany prairie, and controls the trade of a large section of country, both prairie and hill lands being tributary to it, giving a large variety of products. Some of the finest fruit lands of the valley are near this place; there are also great facilities for manufacturing and stock raising. It is about 4 1/2 miles to the famous mineral springs at Soda-ville, and 6 miles to Waterloo, where there is a magnificent water power and also a mineral spring. Altogether, this is a most desirable location for settlers.

Lebanon is the seat of the famous

Santiam Academy, one of the oldest educational institutions of the state. There is also a flourishing public school, three nice churches, a bank, two hotels (the St. Charles the principal one), two general merchandise stores, four groceries, one bakery, two drug stores, one stove and tin store, one livery stable, two barber shops, two shoe shops, two saloons, two blacksmith shops, one wagon shop one gunsmith, one saddle and harness maker, one hardware and implement store, one furniture store, one book store, one meat market, one real estate office, one printing office, one newspaper, two dentists, one photo gallery, three doctors, one attorney, three ministers, two house and sign painters, one jeweler, one millinery store, three dress makers, one laundry, one flouring mill, two planing mills, one saw mill, one large and well equipped fire department, one telegraph office, post office and Wells, Fargo & Co's. express office.

A water ditch is projected to

bring water from the Santiam to Lebanon. When completed it will furnish excellent water power for a paper mill, grist mill, woolen mill, or other factory. This is an enterprise that will well repay the cost of building. This is also a good location for a fruit cannery and a creamery.

Lots at a Bargain.

A plat of the town of Gatesville, a new and thriving town on the eastward line of the Oregon Pacific is on file at the office of Curran & Monteith in this city. This town is situated near the Santiam mines which are now being developed, and is destined to become a thriving trading town. Lots have been placed upon the market at the exceedingly low price of \$12 to \$40. Money invested in these lots now will bring a big return in a very short time. It will pay those interested to call and see Messrs. Curran & Monteith concerning this property.

OVER THE CASCADE MOUNTAINS

FROM ALBANY OR LEBANON EASTWARD.

The Willamette Valley and Cascade Mountain Wagon Road is in excellent condition, and by all odds is the best and shortest wagon road to Eastern Oregon. Water and grass is abundant along the entire road. The grades are easy, accommodations superior and the road well bridged making it the best mountain road in the state. For summer jaunts, hunting and fishing the Cascade Mountains in the vicinity of Clear Lake and the Three Sisters afford superior advantages.

ONECO, NO 846I—RECORD, 2:29 3-4.

Oregon's Greatest and Gamest Racehorse, with a Record of 2:29 3-4 First Season after Four Years Retirement, a Performance never before equalled by any horse on the NORTH PACIFIC COAST

Will be at Albany Tuesday and Thursday, at the McKnight farm Wednesday, at Salem Friday, Saturday and Monday, going by way of Jefferson and Turner's Station, and allowed to serve a limited number of miles. Oneco was sired by Altamont, wagon road, 2:26 1/2 in 8th heat; dam, Belle Price, by Doble, 2:28 (2 year record 2:40), fastest in the world for 4 years) son of Ericson (4 year old record 2:40), fastest in the world for 14 years). The grandeur of Oneco's performances the past season of breaking and defeating the most determined combinations which shrewd men and able manipulators with fast horses devised to defeat him, are still fresh in the minds of all horsemen; but we would remind them again that he was the sensational trotter both as a 2 and 3 year old, lowering in turn both records and thus assuming the imperial purple of Juvenile King of the Northwest. His bulldog tenacity, never failing courage, indomitable will and high strung temperament will not brook defeat, and his present record is as yet no measure of his speed, as it was made in the mud and under the most adverse circumstances. At 3 year old he sired 6 colts in all. Three of these were trained at 2 year old. At the end of 60 days work, breaking and training, any of them could show a 3 minute gait. Forfeit was paid to two of them in match races at Albany, and later on one proved the winner of the Inland Empire stakes at The Dalles, and the following season won the 3 year old race at Seattle. These are all that have been broken, and have changed hands and brought the sum of \$2000. A glance at Oneco's pedigree will with a fair consideration of his performances convince the most prejudiced that he will transmit as he inherits his great speed and unflinching gameness. Terms \$50.

ALTAGO—3 year old record 2:42, by Altamont, 2:26; dam, Megie Arnold, 2:35. Will be kept at Corvallis and independence. Term, \$25 to insure.

EDWARD EVERETT—Full brother to Kitty Lynch, record 2:41, will accompany Oneco, terms \$15 to insure. No liabilities assumed for accidents. Will take pleasure in showing the horses any day, except Sunday. For extended pedigree or further particulars address
