Rubber and leather belting of all discriptions at Stewart & Sox.

WASHINGTON NEWS.

Attorney-General Miller Will Not Succeed Justice Matthews

REFUSED AN OFFICE.

Col. Clark Says He Is Not Competent—Back Work Must be Done Before Leaves of Absence Will be Granted.

Special Correspondence.]

WASHINGTON, July 29.—Secretary Windom went to Deer Park Saturday. It is expected that he will remain until the middle of the week as he has a number of important matters to submit to the President.

Attorney General Miller has returned to Washington. His visit to the President gave the old rumor that he was to be appointed to succeed the late Justice Matthews of the Supreme Court a fresh start. I have the very best of reasons for believing that Mr. Miller will not go upon the Supreme Court bench, although there is not the slightest doubt that the President had at one time almost fully determined to make the appointment. The change of mind is understood to have been brought about by a strong protest from a number of leaping Indiana republicans. Of course it is always possible for the President to change his mind again, but I think he has been made to see that the appointment of Mr. Miller, however much he might like to make it on personal grounds, would be bad politics, and the political sagacity of the President is too great for any apprehension to be felt by his friends that he will make any bad breaks of that sort.

Secretary Rusk and the Attorney General are the only members of the Cabinet in town to day, but several of the others will be at their desks to morrow.

Secretary noble has appointed W. C. Elam, of Virginia, Chief of a division in the Interior department. Mr. Elam has for years been a hard worker for the republican party. While editor of the Richmond Whig he fought several duels on account of his fearless editorials. He is at present a member of the Virginia legislature.

Col. Emmons Clark, of New York, who was recently appointed consul at Havre, France, has declined the appointment. The position is one of great commercial importance, and it is said that the principal cause of Col. Clark's declination was his fear that he lacked the business experience necessary to a successful administration of the office. If that is true he deserves great credit, for the men who know how to gauge their own ability are very rare,

Notice has been given the clerks in the Record and Pension division of the War department that no more leaves of absence will be granted in that division until the back work is disposed of. In that division there are 30,000 pension cases in arrears. They disposed of about 800 per day, but as the Pension office sends up several hundred new cases every day it will be sometime before they can catch up.

Secretary Windom has concurred in an opinion given by Solicitor Hepburn that a book keeper brought over to New York by an English firm with a branch house in New York City will have to be sent back to England as his coming there under contract was a violation of the alien labor law. The complaint was made by the American bookkeeper who was discharged to make a place for the Englishman.

A committee representing the 'New Era Exposition", to be held in September and October next at St. Joseph, Missouri, called on Secretary Rusk Saturday and presented him with a handsome and unique invitation to attend the Exposition, which, by the way, is to be held in honor of the establishment of the Department of Agriculture. The Secretary informed the committee, that he could not, at this time definitely accept the invitation, but that he would try to so arrange his engagements as to attend.

Commissioner of Pensions Tanner has ordered a big pension agency with head-quarters in New York and Chicago to stop sending out a circular headed "Corporal Tanner's Policy", as the said circular had never been submitted to the Pension office for approval, according to the rules of that office. Among the objectionable features of this circular is a statement said to have been made by Commissioner Tanner to newspaper correspondents expressing his opposition to the policy of paying small pensions of $2, $3 and $4 per month. Mr. Tanner never made such a statement.

Secretary Noble says the rumors affecting the war record of Gen Morgan, recently appointed Indian Commissioner, do that gentleman great injustice, and that there is nothing in the record reflecting on the honor of Gen. Morgan, whom he believes to be a man of the highest integrity.

The Commission appointed by Secretary Noble to investigate the rerating of pensions during the last twelve months are busily at work. Nothing will be made public until their report is made. Commissioner Tanner is in perfect accord with the Commission, and is just as anxious to get to the bottom of some suspicious looking matters.

Secretary Tracy has signed the contract for the construction of a coast defense vessel. She is to be built by the Union Iron Works, of San Francisco, and is to cost $700,000.

To Cure the Taste for Liquor.

A correspondent of the New York Sun, in answer to the question, "Can anyone give me a cure for drunkenness?" says:

"Indulgence in spirit after a while—which is longer or shorter according to the constitution of the person—produces irritation, inflammation and fever of the stomach, hence the craving for drink; and the greater the fever the greater the craving. As spirits act also on the nervous system and on the brain, the nervous system becomes impaired and the brain weakened. Who can deny that a person ailing in these several ways is laboring under a serious disease? He has then no will power to exercise, because the seat of the will is in the nervous centers, and when these are impaired or destroyed so is also the will power.

"Here is the cure: Let the person have within his reach a small vial of the best kind of Peruvian bark, and when the craving for liquor comes on him let him take a teaspoonful of the tincture every two hours. In a few days the taste for liquor is destroyed, and destroyed while indulging in it, for tincture of Peruvian bark is spirits into which has been drawn all the substance of Peruvian bark. It is to be found in every drug store, but it should be of the very best.

"Peruvian bark is a tonic. It is also the best, if not the only, cure known for fever. It is from Peruvian bark that quinine is extracted, and, moreover, it is anti-periodic. It is by these three agencies that it destroys the craving for liquor. Any one wishing to be cured of that ailment can be in the way I have described, but there are few drunkards, indeed, who wish to be cured."

Grumbling and Nagging.

The Quiver.

For want of a little thought, many a wedding ring has cut, as it were, the wearer's finger to the bone, Many a wedding ring has been heavier than a ton of lead. Men must make allowance for women as women, if they want to be happy themselves and to make their wives happy, and women must make allowances for men and for men as men. They each have their own troubles and their own needs, and very often the one does not understand and cannot understand the needs of the other. Men have their own troubles and worries, and women have theirs; let each be assured of that as regards the other and act accordingly. It will be appreciated—don't be afraid of that. Beware of naggledom, my dear. The man that will stand being nagged at is a saint, and saints are not as plentiful as blackberries in the world. There's male nagging, my dear, as well as female—male grumbling and never being pleased; and folks who expect to come out as "duck" at the end of 120 years would, after eighty or ninety years nagging, make a poor figure in a matrimonial poultry show. If the man had been grumbling and the woman nagging all that time, they'd look like two moulting birds, and not like two well-established, healthy fowls. Each to be the other's help, each the other's blessing; each to hope to be with the other forever and ever, and so to live here that they may be fit for being together there.

Mrs. Jacob Scondue, of Springfield, Ohio, while visiting with her father in law at Gaynor City, Mo, was taken very sick with cholera morbus. A physician was sent for, but as the doctor was not at home, Mr. S. E. Wible a merchant of Gaynor City, handed the husband of the sick lady, a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and ask him to try that, and if did not cure, he need not pay for it; but it did its work, and before returning to their home, they called and procured another bottle, Uncle John Scondue says he never be without Chamberlain's Colic, Cholera and Diarrhoea Remedy. 25 and 50 cent bottles for sale by Foshay & Mason.

Not a California Bear.

Anybody can catch a cold this kind of weather, The trouble is to let go, like the man who caught the bear. We advise our readers to purchase of Foshay & Mason a bottle of Santa Abie, the California King of Consumption, Asthma, Bronchitis, Coughs and Croup Cures, and keep it handy. 'Tis pleasing to the taste and death to the above complaints. Sold at $1 00 a bottle or 3 for $2 50. California Cat-R-Cure gives immediate relief. The Catarrhal virus is soon displaced by its healing and penetrating nature. Give it a trial. Six months treatment $1 00, sent by mail $1 10.

Pocket Cutlery.

The largest and finest display every brought to this valley just received at Stewart & Sox's. Call and examine.

OVER THE WIRES.

Congress Must Shoulder the Seizure Matter.

PENDLETON'S SMALL FIRE.

Robbing a Train and Securing Two Thousand Dollars—No Late News From Spokane.

The HERALD's Special Dispatches.]

WASHINGTON, Aug. 5.—Acting Secretary Wharton was asked this morning if the state department had anything to say in regard to the escape of the British bark Black Diamond. "The department," Wharton said, "has not been advised of the seizure of the Black Diamond or any other vessel. It has no news on the subject, and therefore has no statement to make in regard to its future action in the matter."

"Have you seen the statement that it was the desire to let the Black Diamond escape after the capture, and therefore but one man was put aboard her from the Rush?"

"No," said Wharton, "I have not seen that statement, and have no means of knowing that it is true. This whole matter of the seizure of these vessels, so far as it has gone, is under the control and direction of the treasury department. If there is any blame altogether, to these seizures, it must be laid at the door of congress. It passed a law demanding the president to issue a proclamation extending to the water of Behring sea, same protection to seals and other fur-bearing animals, as is accorded, the fur-bearing inhabitants of Alaska, and the waters thereof, by the general act of fisheries. The law, is simply being enforced, and that is what we are here for, to carry out the laws that congress exacts. So far this question has not become an international one. The state department has not been informed officially of any sort of proceeding and therefore has nothing to act upon."

PENDLETON'S VISITATION.

Fire Breaks Out in a Photograph Gallery—Total Loss $40,000

PENDLETON, Or., Aug. 5.—Fire broke out in the photograph gallery of Tennery & Wheeler, Thompson & Barnhart's brick block yesterday at 2 o'clock P. M., but was gotten under control by the prompt action of the fire department, before much damage from the flames was done. Tennery & Wheeler lost all, but others received only slight damage to goods through removal. Rothchild & Bean's large stock was badly damaged by fire and water. The total loss will amount to probably $10,000, well covered by insurance. There was an abundant supply of water at the time of the fire.

STANDING UP A TRAIN.

Getting Away With a Large Pile of Booty.

FORT WORTH, Tex., Aug. 5.—Six masked men stopped the Fort Worth & Denver mail and express train, south-bound, between Cheyenne, Wyoming, and Tazcaso early this morning. Two thousand dollars were secured.

Wires Down at Spokane.

PORTLAND, Aug. 6.—No news was received last night from Spokane. The wires are all down. It is expected that a wire will be working by 10 o'clock.

Disarming an Unseen Foe.

"This was sometime a paradox," Hamlet says. Since, however, people of America and other lands have been enabled to pit Hostetter's Stomach Bitters against that unseen foe, malaria, it is no longer a paradox but an easy possibility. Whatever malaria evolves its misty venom to poison the air, and decaying unwholesome vegetation impregnates the water, there, in the very stronghold of miasma, is the auxiliary potent to disarm the foe and assure efficient protection. Fever and ague, bilious remittent, dumb ague and ague cake, no matter how tenaciously they have fastened their clutch on the system, are first forced to relax their grip and eventually to abandon it altogether. But it is preventive force that should chiefly recommend the Bitters to persons dwelling in malaria cursed localities, for it is a certain buckler of defence against which the enemy is powerless. Cures, likewise, dyspepsia, rheumatism, kidney and billious ailments.
