Julius Gradwohl calls the attention of the citizens of Albany to insure before it is too late. He represents seven insurance companies who carry a capital of \$76,000,000, with a cash deposit in the state of Oregon of \$50,000.

Farmers who have spent the entire year in producing a crop of wheat should run no risks now, but promptly get insurance upon the crop and guard against fire, for if they lose their crop by fire, it is a calamity to the whole community as well as an irreparable injury to them.

Seattle, Ellensburg, Vancouver and Spokane Falls has nothing to do with our companies; the losses will all be paid and still we are ready for business, the same as after the Chicago fire.
