THE MAILS. At the Albany postoffice close... Arrives Albany... Oregon Pacific Time Table...

NOTINGS ABOUT TOWN. Boots and shoes at cost at Read's. Table linen just received at W. E. Reads.

Wheat has advanced to 65 cents this city. Fine peaches at 90 cents per box at LaForest & Thompson's.

Outside money is being invested in Albany real estate every day. G. L. Blackman will sell his entire stock of books and stationery at cost for 30 days.

Finest yellow Crawford peaches at their best for canning at LaForest & Thompson's. Choice pickle roll butter at Bardue & Robertson's.

The city cow pound is well patronized by bovines, which still insist in running the gauntlet of the new cow law.

The finest Crawford peaches, which are now in their prime for canning, Bartlett pears, and all kinds of fruits, can be obtained in quantities to suit at LaForest & Thompson's.

George Waggoner, clerk of the railroad commission, which has been examining the tracks of the different railway lines of the state, was in the city yesterday on his way home to Corvallis.

A room is being fitted up in the opera house building, which will be occupied by the Electric Light Co. as an office. A doorway has been put in opening on Ferry street, for that purpose.

Persons having rooms to rent to students will do well to communicate with President Condit about the matter. Pupils are now seeking places for the fall term, which opens on Tuesday, September 10.

The fire boys of this city are anxious to send a team to the tournament at Tacoma to compete for the prizes. If sufficient encouragement is given by the citizens here they will go and win a portion of that \$4200.

A proposition is on foot to establish a public park immediately east of Hackleman's grove in the eastern suburbs of this city. It is proposed to connect it with the city by a street car line, and improve it so as to make it an ornament to Albany.

Mr. J. N. Hoffman of this city is down on the programme for an address at the coming firemen's tournament at Tacoma. The committee in charge, however, have incorrectly put him down as chief engineer of the Albany Fire Department, a position which is now filled by Mr. C. H. Stewart.

PERSONAL MENTION. Mr. J. F. and J. Y. Westerett, of Sterling, Ills., are visiting Thos. Brink.

Mrs. J. K. Elderkin, who has been seriously ill at Yaquina, is reported much better. Dr. E. A. McAllister, Platt Elderkin and others returned yesterday from Yaquina.

Last Night's Play. The old yet ever-laughable play "Fun on the Bristol" was presented at the opera house last evening by the Laurence & Conner's Musical Comedy Company.

INSURE. Julius Gradwohl calls the attention of the citizens of Albany to insure before it is too late. He represents seven insurance companies who carry a capital of \$76,000,000, with a cash deposit in the state of Oregon of \$350,000.

Farmers who have spent the entire year in producing a crop of wheat should run no risks now, but promptly get insurance upon the crop and guard against fire, for if they lose their crop by fire, it is a calamity to the whole community as well as an irreparable injury to them.

Seattle, Ellensburg, Vancouver and Spokane Falls has nothing to do with our companies; the losses will all be paid and still we are ready for business, the same as after the Chicago fire.

Good Investment. For a small amount of money that will in a year's time double or treble your money, such an opportunity is offered in South Albany, only one-half mile from the city, embracing the tract of land from Elkins' falls to the fair ground road. Lots sold on the installment plan.

TWEDDALE & REDFIELD. Two doors south of postoffice. Building and Loan Association. The regular monthly meeting of the Building and Loan Association will be held on Friday evening, August 16th. Dues can be paid on or before that date at the bank of H. F. Merrill. By order of the secretary, Jay W. Blain.

THE PROPOSED HOSPITAL.

A block of Ground, or More if Necessary, Offered for That Purpose.

Arrangements were consummated yesterday which will probably result in the building of a first-class hospital in this city, under the management of the Sisters of Charity. Through the efforts of Mr. J. A. Gross, the Willamette Land Co., composed of several solid citizens of this city, have offered to donate a block of land in the eastern suburbs of the city, or two blocks, if necessary, as a site for the hospital buildings and grounds. This, Mr. Gross says, will be accepted, and arrangements will be made to erect the hospital with all the necessary buildings, which with the grounds will occupy at least one block.

This enterprise is one of importance to Albany, as the city will be provided with a hospital of no mean proportions, and will add a fine public building to the city, besides centering certain interests here which could not be effected in any other way. The hospital will be managed similarly to the Sisters hospital in Portland, which is patronized from all portions of Oregon.

Disturbing School. The Salem Statesman says three boys about 17 or 18 years old kicked up a disturbance at the school and threatened to whip the teacher at Mill City a few days ago and warrants were sworn out for their arrest. Two of them were caught and taken before Justice Wm. T. Clark, where they were fined \$10 costs each. One of them, Hobson, (no relation of W. H. Hobson, of Stayton) paid his fine, but the other, Frank Smith, was unable to liquidate, and was brought down yesterday by Special Constable Henry Hadley to serve out 21 days under the fatherly care of Sheriff Croisan. The third one is still at large, but if caught will probably receive a like punishment.

Horses Burned at Jacksonville. About 3 o'clock Wednesday morning the stable belonging to Mrs. George Justice at Jacksonville was discovered to be on fire. The fire increased so rapidly that it was impossible to get out two valuable horses belonging to Granville Seares. The fire soon communicated with the house in which E. S. Seares resided, but was soon extinguished without much damage to the house. The horses were valued at \$300. Aside from the burning of some outhouses, no further damage was done.

In Oregon. Following is the right of married women in regard to holding and disposing of property in Oregon: A married woman may hold real or personal property in her own name and free from the control of, or liability for, the debts of her husband, but a schedule of personal property must be filed with the county clerk. Her husband must join in all conveyances of her separate property. She may make a will uninfluenced by her husband.

Descriptive of Linn County. Mr. F. F. Alley has just received from the printing establishment of Hibler & Paisley an edition of 10,000 pamphlets, descriptive of Linn county and her towns. Of these 5000 were taken and will be distributed by the Board of Trade, and the remainder by Mr. Alley. It is well written in a truthful, accurate and readable manner, and contains a vast fund of valuable information for those who expect to find homes in Oregon.

Tea Commissioners. The tea commissioners at the New York harbor have been notified by the commissioners at San Francisco to keep a sharp look out at that port, as there is a great deal of very inferior tea being shipped from China and Japan. It has now become necessary for dealers to import direct and take a written guarantee, so to be sure and get a good article. We have just received a large shipment of pure uncolored Japan tea, called Unity, which can be seen displayed in our show window; also a pure China tea set of fifty-four pieces, valued at \$15, which we offer as a gift to the person guessing the correct or nearest correct number of beans contained in a glass pot. One guess is allowed for each pound bought of this tea. At the Willamette Packing Company's store.

Something New. Julius Gradwohl has opened, at the Golden Rule Bazaar store, a magnificent line of the latest decorated ware, including Wedgwood & Co.'s New York shape, richly decorated with flowers and gold, handsomely enameled, new shape and prettiest decoration on the market. These goods were received direct from England, and are latest designs. Ladies are invited to call and inspect them. There is no need of sending away for such goods when such a selection, imported direct, can be obtained in this city at a less price than anywhere else.

Another New Store. Messrs. R. G. Watson & Co. recently from Memphis, Tenn., have rented the rooms in Froman's block now occupied by the furniture of Fortueller & Irving and will this fall open a new grocery store.

Dressed Chickens. For Sunday's dinner, also sweet potatoes, fine comb honey and chipped beef at the Willamette Packing Co.'s.

Black Silk Scarfs. I received to-day an invoice of Chantilla and Spanish lace scarfs, hand run, ranging in price from \$4 to \$11 each. They are very nice and stylish, a new thing, and the price is right. Samuel E. Young.

DOWN BY THE SEA.

A Newby Letter from Yaquina-Hill-Tops Dotted With Tents-Sea-side Pleasures.

NEWPORT, August 15. Inasmuch as a great number of Albany's citizens have been and are now here, and form no inconsiderable portion of the vast throng enjoying the beautiful sea air, I think perhaps a brief resume of the doings of the crowd in general, and Albany's contribution in particular, might not be uninteresting to a large portion of your readers.

The season is fast nearing its end; much too fast to please those who daily wander along the long stretch of white sand or plunge into the foamy surf. But as if to keep pace with the fleeting days, society seems to exert itself more and more, until it seems as though every one is whirled along in a continual round of pleasure, thinking not caring for naught but to extract all the excitement and fun possible from the few remaining days before the inclement weather shall drive them back to the city.

We dance at least three times a week, and the hall is filled to its utmost capacity on each occasion. Good music is always in attendance and a delightful evening invariably passed.

Open air concerts have many devotees and sweet voices may be heard each evening with which are mingled the soft strains of guitars and banjos. The air is redolent with the perfume of wild flowers and of "tutti fruiti."

The hill-tops are dotted with tents and the campers seem to enjoy life as well as those who are guests of the hotels, despite the fact that mother earth is rather damp and hard.

Excursions to Seal Rock, Cape Foulweather and to various places of interest are of daily occurrence. Claim parties are much in favor, as are also "wading picnics," as they are called. The modus operandi is simply to prepare for a picnic, not forgetting to attire in such a manner that the breakers may be allowed to reach one's knees without soiling one's apparel. Especially are the picnics popular with the young people, and I believe were introduced by a party of young folks from Albany. A great honor.

A reading room has been opened to the public, where books, the leading daily and weekly newspapers and excellent literature of all kinds are kept for the perusal of the public.

Last evening we enjoyed a hilarious time on the beach until a late hour, the occasion of the unusual festivities being what we in our boyhood days called a "taffy pull." The candy was excellent, the only disappointment arising from the small supply. The attendance had not been correctly gauged. Immense fires were lighted upon the beach and all were in the best of spirits, some of which were contributed by kind neighbors. Those privileged to pull the taffy were mostly from Albany and Corvallis and a few from Portland. The hands of the fair "pullers" seemed to add sweetness to the mixture, and although the writer swallowed a few pebbles and a small quantity of fire-wood by mistake, he readily distinguished the difference. After the candy had been disposed of to the satisfaction of those fortunate to secure some, singing was indulged in by some and a game of authors was enjoyed by others. At last with many good-nights the merry party dispersed. The writer would like to mention some of those present but knowing his deficiency in spelling refrains. Much more could be written for the theme is inexhaustible, but fearing we have already taxed your endurance overmuch we desist.

Blain's tailoring department, the very latest patterns in piece goods for suitings and trousers, which will be made up to order in the most approved style by Mr. E. A. Do Not Suffer Any Longer. Knowing that a cough can be checked in a day, and the first stages of consumption broken in a week, we hereby guarantee Dr. Acker's English Remedy for consumption, and will refund the money to all who buy, take it as per directions, and do not find our statement correct.

Mr. F. J. Smith, Editor of the Ft. Abernethy, Dakota, Herald, says: "The most wonderful medicine I have ever met with, is Chamberlain's Colic, Cholera and Diarrhoea Remedy. In case of cholera it gives speedy relief. On hunting trips I have found it indispensable. Put in alkali water, it imparts a pleasant taste and prevents the painful diarrhoea, which alkali water produces. I could not feel safe without it in my house." 25 and 50 cent bottles for sale by Foshay & Mason.

Terrible. Two thirds of all deaths in New York city are from consumption, pneumonia. The same proportion holds good for most other cities. Delays are dangerous; Dr. Acker's English Remedy for consumption will always relieve, and may save your life.

CREAMERY BUSINESS.

Why the McMinnville Creamery Failed-It Will Resume.

A correspondent to the Oregonian gives the reason of the failure of the McMinnville butter making establishment by saying that the principal cause has been inexperience. In the beginning, the company that furnished the plant, sent an unreliable man here to initiate the managers into the mysteries of the business, but his habits were such that he was discharged at once. Some of the stockholders then undertook to run it themselves. But as is always the case where there are too many to boss there is no one to lead, so there was a mixture of jealousy, contrariness and inexperience. Some of the cream wagons traveled as much as thirty miles to make one trip; they paid 20 cents a gauge for cream which is supposed to make a pound of butter, and sold the butter for less than 20 cents a pound in the market. Although they made a good quality of butter, the competition was so great in the spring on account of the market being full of home-made butter, they were compelled to sell at a sacrifice. They then lowered the price of cream; this displeased the farmers so that many of them refused to furnish any at the reduced rate; some farmers claimed that a "gauge" would make more than a pound of butter and that the corporation was getting rich off them. A competent and experienced buttermaker has been secured and the creamery will start up again September 1.

Have you heard what Mr. G. L. West, of Cambridge City, Ind., says of Chamberlain's Colic, Cholera and Diarrhoea Remedy? If not, here it is: "During last summer I was troubled very much with severe pains in the stomach and bowels, and was induced by a friend to try this Remedy. I took one dose, as per directions, and it gave me almost instant relief. I cheerfully recommend it to the afflicted." 25 and 50 cent bottles for sale by Foshay & Mason.
