OROF WEATHER BULLETIN.

A Weekly Review of the Prevailing Conditions of Crops in Oregon.

The following crop-weather bulletin is compiled from reports received by the Oregon State Weather Bureau, co-operating with the United States signal service, for the week ending Saturday, August 31.

The temperature has been below the normal during the week. The nights were cool and in the heat of the day the thermometer ranged from 65 to 90 degrees.

Showers of rain fell in Western Oregon on the 26th, 27th, 30th and 31st. In Eastern Oregon in a few places a sprinkle was observed.

The rainfall for the week was about normal. The sunshine has been below the normal. The rains have cleared the atmosphere of the smoke, and to a great extent quenched the forest fires.

These weather conditions were favorable to the grass, late garden products and late potatoes. Farmers in sections are beginning to work their summer fallow.

The wheat output of the section east of the Cascades will be about 70 to 80 per cent. of the average. It is reported that from Athena more wheat will be shipped than last year.

INSURE.

Julius Gradwohl calls the attention of the citizens of Albany to insure before it is too late. He represents seven insurance companies who carry a capital of \$76,000,000, with a cash deposit in the state of Oregon of \$50,000.

Farmers who have spent the entire year in producing a crop of wheat should run no risks now, but promptly get insurance upon the crop and guard against fire, for if they lose their crop by fire, it is a calamity to the whole community as well as an irreparable injury to them.

Seattle, Ellensburg, Vancouver and Spokane Falls has nothing to do with our companies; the losses will all be paid and still we are ready for business, the same as after the Chicago fire.

A fine gold watch, full jeweled and guaranteed, for \$30 cash, at F. M. French's, the Corner Jewelry Store.

Let us give the readers of the HERALD a little timely advice. Hot weather is coming and with it colic, cholera morbus, dysentery and diarrhoea. The only safe way to combat these diseases, is to keep some reliable remedy at hand, and all who have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy will admit that it is the most prompt, reliable and successful medicine known for these complaints.

If you want a clean and fine smoke ask for J. Joseph's home made white labor cigars. For sale by most cigar dealers and at J. Joseph's factory.

Disarming an Unseen Foe. "This was sometime a paradox," as Hamlet says. Since, however, the people of America and other lands have been enabled to pit Hostetter's Stomach Bitters against that unseen foe, malaria, it is no longer a paradox, but an easy possibility. Whatever malaria evolves its misty venom to poison the air, and decaying unwholesome vegetation, impregnates the water there, in the very stronghold of miasma, is the auxiliary potent to disarm the foe and assure efficient protection.

Woman's Discovery. "Another wonderful discovery has been made and that too by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she sought incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle had been miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamick & Co. of Shelby, N. C. Get a free trial bottle at Foshay & Mason's Drug Store.
