By Corb. Bro's Express 5 cent Havana cigars.

LINKVILLE BURNED.

Incendiaries Apply the Torch to This Southern Oregon City.

THE LOSS WILL REACH \$200,000. Sixty Miners Killed. The Spokane Postoffice Clerks Will Not Strike—Disastrous Dynamite Explosion.

The Herald's special dispatches. LINKVILLE, Or., Sept. 6.—This city was swept by a destructive fire this morning. A few minutes before 3 A. M. a fire was discovered in the rear of Forbes' saloon. The flames spread rapidly until almost the entire business portion of the town was destroyed, together with a number of dwellings. The burned district extends from the Linkville bridge to the U. S. signal office, one side of which is burned out. The principal business houses burned are: Linkville and St. Charles hotels; Reams, Martin & Company; Baldwin & Forbes; G. W. Smith; Ralph Roberts; Egut & Redfield, merchants; Wright's and Kessler's drug stores; Forbes & Hatton's saloon; Klamath Star building; Parker & Cranston, lawyers; J. W. Hammacher, lawyer; Seaman's barber shop, and K. T. Baldwin's harness shop. The estimated loss is \$200,000. It is settled beyond a doubt that the fire is of incendiary origin.

DYNAMITE EXPLOSION. A Cartridge Factory Blown Up and Several Persons Killed.

ANTWERP, Sept. 6.—Dynamite exploded to-day in the cartridge factory in the vicinity of the bourse, killing several persons, and doing much damage to property. Portions of the bourse were struck by burning fragments and set on fire, causing a panic in the building which was crowded. One hundred and twenty-six persons were killed. Eighty thousand barrels of oil are burning. Eighty persons are injured, the majority of them workmen. Several soldiers received injuries.

THEY WILL NOT STRIKE. Postoffice Clerks at Spokane Falls Will Remain at Their Posts.

WASHINGTON, Sept. 6.—The acting postmaster-general received a telegram from Spokane Falls, W. T., conveying the information that a majority of the clerks in the postoffice had concluded to remain at their post and not strike on account of the alleged inadequate allowances for salaries, etc., as they threatened to do.

A WARNING TO BISHOPS. The Clergy Must Not Take any Part in the Elections in France.

PARIS, Sept. 6.—Thevenet, minister of justice, has sent a circular to the bishops of France reminding them that the clergy is prohibited by law from taking any part in the elections. The circular says the government will unhesitatingly and vigorously protest against ecclesiastics who may overstep the lines enjoined under all governments since Concordat.

Fire in San Francisco. SAN FRANCISCO, Sept. 6.—A fire broke out among the packing houses and warehouses in the vicinity of Sacramento and Drum streets this afternoon, and destroyed considerable property. Nearly all the buildings burned were flimsy structures, and belonged to Jessup and Tate. The total loss is estimated at \$38,000.

Going Back to Washington. PHILADELPHIA, Sept. 6.—President Harrison, accompanied by Postmaster-General Wanamaker, left for Washington this morning. Before leaving, Wanamaker's Chestnut Hill residence was visited where the president planted a chestnut tree. He expects to return to-morrow and spend Sunday.

Fifty Lives Lost. EDINBURGH, Sept. 6.—The colliery explosion yesterday resulted in the death of fifty miners, only fourteen of the sixty-four being rescued.

Hunting for a Jury. CHICAGO, Sept. 6.—The hunt for jurors in the Cronin case was resumed this morning, but no addition to the panel was secured up to noon.

During our epidemic of dysentery in the summer of 1879, I sold 108 bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and it proved very successful. The remedy is standard in this community.—George B. Darbar, Druggist, Center Point, Iowa. The epidemic referred to, was by far the worst that has ever occurred in Iowa. Over 40 persons died from it, in a town of only 500 hundred inhabitants; but every case in which the remedy was used, recovered. It was equally successful during the epidemic of bloody flux in Virginia, in 1857, and in Michigan and Southern Illinois, in 1858. It has been in constant use for over seven years, and has proved itself to be the most successful medicine yet discovered for bowels complaint. For sale by Foshy & Mason.

A fine gold watch, full jeweled and guaranteed, for \$20 each, at F. M. French's, the corner Jewelry Store.

FRIGHTENED TO DEATH.

The Fatal Effect of Going to See a "Ghost."

BELLEVUE (Ky.), Sept. 6.—The largest funeral seen here for years was that today of Mrs. Angelo Rusconi, one of the richest women in the State. She was frightened to death by a "ghost." For some time an uneasy visitor has appeared directly in the room over her's grocery, and crowds gathered nightly to see it. Saturday night Mrs. Rusconi went to see the "ghost." She was very lonely and was afflicted with a tumor. When suddenly the ghost appeared she fell dead. Last night a thorough investigation was made and it was found that the "ghost" is a reflection of an electric light at the river lamping.

A SUDDEN DEATH. A Young Man Dies During a Game of Baseball.

RED BANK (N. J.), Sept. 6.—Thomas Vincent Murray, the nine-year-old son of Superintendent of Police Murray of New York, met with a sudden death yesterday. He was playing ball and ran to catch a fly. As he threw up his hands he was seized with a sharp pain near the heart, and fell. He was taken home and it was found that he had ruptured a blood vessel near the heart by over-exertion. He died two hours later.

Fish for the Yellowstone Park. WASHINGTON, Sept. 4.—Colonel McDonald, United States Fish Commissioner, has directed the consignment of 5000 Eastern brook trout and 1000 each of rainbow and English trout to be placed immediately in the Yellowstone streams recently inspected by him. The Eastern brook trout to be put in the middle and west forks of the Gardner river, the rainbow trout in the Gibbon river, and the English or European trout in the Madison river, above the Geyser basin.

100 OUNCES OF GOLD. Left On a Creek By Ancient Astorians—Lost Treasure.

A correspondent of the Bellingham Bay Herald narrates the following story, told him by one of the old-timers, whose father in 1803, named Jones, joined the party of John Jacob Astor and came to the mouth of the Columbia river, to assist in establishing a fur trading post. After trapping on the Colubia, Lewis, Clark, and Snake and other rivers with indifferent success for some time, Mr. Jones through the Lunni Indians, who journeyed thence one year to trade their furs for notions, etc., heard of the great inland sea. In 1806 Mr. Jones and his small party struck across the country from the Columbia, and after encountering many hardships, landed on the shores of the great inland sea, at a point where the city of Olympia now stands. Here they procured canoes and an Inoian guide and started for Nooksack, along which the Indians said there were multitudes of beaver. They were quite successful on the Nooksack. Finally, after a trip up Chocanet creek, which they found alive with the valuable little animals, they concluded to locate their post. This was done here a small branch stream empties into the Nooksack. Chocanet. A stone cabin was built at the base of a high, bold mountain, which served as a landmark. They remained here two seasons, and at the end of that time, having a large supply of furs on hand, it was necessary for them to go to Astoria. They departed with the intention of returning the next season, but at that time war broke out between the United States and England, and Mr. Astor failed to supply the provisions. Great dissatisfaction was expressed, and the posts, furs and everything possessed by them were sold to the Northwesters Fur company, and the party joined a homeward bound train. They claim that besides tools, etc., they left behind in the old stone cabin 100 ounces of gold, taken in trade from the Alaskan Indians.

27 PER CENT. DIFFERENCE. Tests Showing the Strongest and Most Economical Baking Powder.

Some valuable tests have been made by the Government chemists as to the practical strength and usefulness of baking powders. Efforts are continuously made to introduce inferior baking powders, the statements being published that they are as pure, or as strong as the "Royal." Such powders are sold to consumers at the same price as the pure Royal, but being deficient in strength, are more expensive in use, besides making inferior or unwholesome food. These low class powders are frequently exposed by the public analysts. Publications have recently been made by Price Baking Powder Co., the obvious purpose of which was to rid themselves of the exposure of the inferiority or low test of the baking powder which they manufactured.

The tests by the Government chemists and also by Prof. Chandler, of the New York Board of Health, revealed the fact that Price's powder contained twenty-seven per cent. less strength than the "Royal."

When compared in money value, this difference would be as follows: One pound can Royal Baking Powder worth 36 cents; One pound can Price's worth 36 cents.

The public are indebted to the Royal Baking Powder for the light they have been making for years past to break up the practice of substituting cheap substitutes for cream tartar, as well as short weights and low test in baking powders, and it is hoped that the "stop thief" cry will not prevent that Company from continuing the exposure of all who are engaged in the nefarious business of palming upon the public cheap or injurious baking powders at the same price at which a pure and wholesome article is sold.

The Royal Baking Powder has the commendation of the most noted chemist in the country for its purity and freedom from every substance of an injurious nature. Its manufacturers will receive the support of all consumers for the fearlessness of their crusade against all manner of food frauds.

Electric Bitters. This remedy is becoming so well and popular known as to need no special mention. All who have used Electric Bitters sing the same song of praise—A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys and remove Pimples, Bolls, Salt Rheum and other affections caused by impure blood. Will Drive Malaria from the system and prevent as well as cure all Malarial fevers—For the cure of Headache, Constipation and Indigestion try electric bitters—Entire satisfaction guaranteed, or money refunded. Price 50 cents and \$1.00 per bottle at Foshy & Mason.

Woman's Discovery. "Another wonderful discovery has been made and that too by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle had been miraculously cured. Her name is Mrs. Luther Lutz." To us write W. C. Hamrick & Co. of Shelby, N. C. Get a free trial bottle at Foshy & Mason's Drug Store.

Why Women Fade. Women lose their beauty because colds undermine their life. Dr. Acker's English Remedy for Consumption is an absolute cure for colds.

A GREAT WORK.

Construction of the Nicaragua Canal Going Forward.

A BIG AMERICAN ENTERPRISE. Six Steamship Loads of Material Shipped From New York for the Construction Company—Notes of the Work.

New York, Sept. 6.—By the steamship Aguan, which sailed from Brooklyn yesterday, additional material and re-inforcements were sent to Greystown for the use of the Nicaragua Canal Construction Company. This will make a total of six steamship loads and three sailing vessels' cargoes sent to Nicaragua since the construction party sailed from this port on May 24th last. The Aguan also took down sixty miles of telegraph wire, sufficient to complete the line now being constructed from Greystown to Fort San Carlos, on the shores of Lake Nicaragua, from which point there is a Government line connecting with San Juan del Sur, and thence to Galveston, Tex., via Mexico.

The steamer also took one mile of eight-inch water-pipe to be used in the proposed aqueduct between Greystown and San Juan del Sur, the object being to supply the Atlantic terminals of the American canal with an abundance of pure water.

A mile of railroad material to connect the landing-place at Greystown with the company's storehouses along the beach is also on board the Aguan, and two additional miles of water-pipe and of railroad material will be sent by seventy tons of provisions, a quantity of house furniture, bedding, etc., and several railroad construction cars also form part of the Aguan's load.

100 OUNCES OF GOLD. Dismissing an Escaped Fec.

This was sometimes a paradox," as Hamlet says. Since, however, the people of America and other lands have been enabled to pit Hostetter's Stomach Bitters against that unseemly foe, malaria, it is no longer a paradox, but an easy possibility. Whatever malaria evolves its misty venom to poison the air, and decaying unwholesome vegetation impregnate the water, there, in the very stronghold of miasma, is the auxiliary potent to disarm the foe and assure efficient protection. Fever and ague, bilious remittent, dumb' ague and ague cake, no matter how tenaciously they have fastened their clutch on the system, are first forced to relax their grasp and eventually to abandon it altogether. But it is preventive force that should chiefly recommend the Bitters to persons dwelling in malarial-cursed localities, for it is a certain bumper of defence against which the enemy's powerless. Cures, likewise, dyspepsia, rheumatism, kidney and bilious ailments.

Administrator's Sale. NOTICE IS HEREBY GIVEN THAT the undersigned administrator of the estate of Geo. W. Perry deceased, will pursuant to an order of the county court of Lin county, Oregon, duly made and entered of record on the 5th day of September, 1889, at the court house door in Albany, Oregon, on Friday, the 4th day of October, 1889, at the hour of one o'clock in the afternoon of said day, sell all the right, title and interest of the said Geo. W. Perry, deceased, at the time of his death in and to the following described premises, to-wit: The west half of the northeast quarter of section 21 in town 19p north, range 1 east of the Willamette meridian, in Lin county, Oregon, containing 36 acres, to the highest bidder for cash. Witness my hand and the day of sale.

W. C. HAMRICK & CO., Administrators.
