above Independence, was shot in
the leg the other day while in
camp in the mountains. Wm.
Douty was extracting a shell from

have been just as easy to point the
gun the other way.

Owing to the large amount of
business now on hand at the Ore-
gon City land office, the register,
Hon. J. T. Apperson, announces
that no further applications for
timber land will be received until
Monday, September 9, and during
each week thereafter until further
notice there will be received not to
exceed thirty applications at this
office. When it is remembered
that each application is for 160
acres, it will be seen how rapidly
the timber lands of Western Ore-
gon are being taken up.

Chicago dried beef, chipped to
order at C. E. Brownell's.

DISTURBING ACCIDENT.

A Frightened Lady Leaps from a Street
Car and Receives Severe Injuries.

Yesterday about noon Mrs.
Propst, wife of Marion Propst, who
lives near this city, was riding on a
street car, when the horse became
frightened and sprang sideways off
of the track. This excited Mrs.
Propst, who ran to the rear of the
car, and throwing her child off
leaped into the street. C. G.
Burkhardt, who was on board, at-
tempted to hold her, but she feared
an accident and jumped off of the
platform backwards to the ground.
Her right leg was broken at the
ankle by the fall and other in-
juries received. The child was not
seriously injured. The unfortunate
woman was taken to the residence
of Mr. Burkhardt, and Dr. G. W.
Mason and Dr. W. H. Davis were
called, who set the broken mem-
ber. Mrs. Propst was subsequently
removed to her home, every effort
being made to render her as com-
fortable as possible.

KEEP COOL.

The People of Salem Exercised Over the
Albany and Astoria Railway.

The people of Salem are evi-
dently becoming exercised over
the prospects of the building of the
Albany and Astoria railroad. The
State-man of Saturday says:
"Albany is not likely to get a rail-
road to the sea on the strength of a
very poor survey alone. A few
wobbly stakes set through the
country wouldn't build a railroad.
But Salem should not sit down
with the serene indifference of a
knot on a log and wait for the rail-
road to build itself. Astoria tried
this for a long time, but it wasn't
a success. It was only after her
people got out and rustled up some
\$200,000 stock things began to
move toward the required end, and
now the prospects for the connec-
tion of the city with the Willamette
valley by rail are very bright.
In fact the thing is assured. What
are you going to do, gentlemen?"
Keep your temper, good people
of Salem. While you are deciding
"what to do about it," business
men of Albany have incorporated
a company with a capital stock of
\$1,000,000. Its stockholders are
among the city's wealthy citizens.
The line is nearly surveyed and
the money will be forthcoming to
build the road. Before you have
finally decided what to do about it
the graders will be throwing up
the dirt on the line from Albany
to the sea.

PERSONAL MENTION.

S. G. Dorris and wife of Lafay-
ette, are in the city.

J. A. Gross left last evening for
a trip to the Klamath springs.

Dr. W. C. Negus and wife re-
turned yesterday from a trip to the
mountains.

Elder Shea, of Sweet Home, who
occupies the position of Linn county
coroner, is in the city.

James Charlton and Frank
Propst will leave to-morrow to re-
sume their studies at Princeton
College.

Miss Anna L. Heut, who has
been attending the Holmes Busi-
ness College of Portland, is visiting
in this city.

CITY PROPERTY TRANSFERS.

Yesterday the Bank of Oregon
purchased of E. F. Sox his property
on First street, consisting of 25 feet
front, paying for the same \$6,000.
The proprietors of the bank will
erect upon the same next
season a fine two-story brick build-
ing and fit themselves up fine
barking rooms.

T. L. Wallace also sold to C. E.
Hawkins a house and lot in Hack-
leman's second addition, owned by
H. C. Haley, for \$650. He also sold
to Mrs. L. B. Wetzel a lot in Hack-
leman's second addition, owned by
E. W. Langdon, for \$500.

Eastern Oregon Indians.

The advancement in civilization
made by the Warm Springs Indi-
ans has been mentioned frequently
and the Ochocho Review says it is
probably most noticeable in the
way they pattern after the whites
in their style of dress and their de-
sire to own hacks and buggies in
which to ride over the country.
As farmers and gardeners they also
deserve some credit. This season
they have been supplying the
Primeville market with vegetables
that almost put the white garden-
ers to shame, and show that the
native American has learned the
secret of making the ground pro-
duce as well as his white brother.

Taking Possession.

Manager Koehler, of the Oregon
lines of the Southern Pacific com-
pany, came up on a special train
yesterday and was met by a hack,
in which he rode to Macleay and
there met Receiver Scott and other
officials of the narrow gauge rail-
road, who, it is said delivered
over to the Southern Pacific full
and absolute control of the narrow
gauge system. It is now hoped
and expected that these lines will
be run in good shape so as to ac-
commodate the people of the val-
ley who are depending on them
for connection with the outside
world.—Salem Statesman.

Findley Soda Springs.

Frank Crabtree has removed to
Findley Soda Springs, and has
taken charge of the hotel and
springs. He is prepared to furnish
first-class accommodations to trav-
elers, and will furnish feed for
horses when desired. Satisfaction
guaranteed to all who patronize
the popular pleasure and health
resort.

Notice.

If you want a good mattress call
and see me. I will sell woven
wire mattress 25 cents cheaper than
any other man in the city.

STATE DISPATCHES.

Oregon Exhibit in the East—Newsp Notes
from the State Capital.

Special to the Herald.
PORTLAND, Sept. 7.—Your cor-
respondent visited the office of Mr.
Wallace R. Struble, secretary of the
board of immigration, this
evening and learned from him that
the big exhibit of Oregon products
recently dispatched from this city
to the East is working wonders.
The first place it stopped at was
Williams' Grove, Pa., where a
granger picnic, which lasted
through a week, was held. The
exhibit was placed in a big tent
which occupied a conspicuous place
on the grounds, and during the six
days it was open, it was visited
by over 200,000 people. The gentle-
man who had charge of it says
everybody was profuse in expres-
sions of admiration and could not
understand how such wonderful
growths of vegetables and grain
could be attained anywhere.

NOW AT BUFFALO.

The exhibit is now at Buffalo,
where it was set up last Tuesday.
It will remain there till next Fri-
day, when it will be taken to De-
troit, where a fair is to be held.
There it will remain ten days, at
the expiration of that time it will
be divided into three parts: one
going to New York, one to Chi-
cago and the other to Cincinnati.
At those cities the exhibits will be
made permanent.

THE GREAT WORLD'S FAIR.

It is expected that the board
will make arrangements for for-
warding a grand exhibit to the
great world's fair to be held in
1892, either at Chicago or New
York. It would require little, if
any more than \$10,000 to make up
a magnificent display of Oregon
products.

INSURE.

Julius Gradwohl calls the atten-
tion of the citizens of Albany to in-
sure before it is too late. He re-
presents seven insurance companies
who carry a capital of \$76,000,000,
with a cash deposit in the state of
Oregon of \$350,000.
Farmers who have spent the en-
tire year in producing a crop
of wheat should run no risks now,
but promptly get insurance upon
the crop and guard against fire, for
if they lose their crop by fire, it is a
calamity to the whole community
as well as an irreparable injury to
them.
Seattle, Ellensburg, Vancouver
and Spokane Falls has nothing to
do with our companies; the losses
will all be paid and still we are
ready for business, the same as at
the Chicago fire.

Let us give the readers of the Her-
ald a little timely advice. Hot
weather is coming and with it cholera,
cholera morbus, dysentery and di-
arrhoea. The only safe way to com-
bat these diseases is to keep some
reliable remedy at hand, and all who
have tried Chamberlain's Colic,
Cholera and Diarrhoea Remedy will
admit that it is the most prompt,
reliable and successful medicine
known for these complaints. It costs
but 25 or 50 cents, and may be the
means of saving you or your family
much suffering if not life itself, be-
fore the summer is over. For sale by
Foshy & Mason.
