the location of the new lines has
not yet been determined.

PERSONAL MENTION.
Mrs. Flint and children, of
Medford, are visiting their old
home, Albany, this week.

John Sommerville, banker of
East Portland, brother of Mrs. N.
A. Blodgett, was in the city yester-
day.

Quite a number of Harrisburg's
citizens were seen upon our streets
yesterday. Among them we noted
B. A. Rapp, W. J. McMeekin,
Sam May, J. P. Schooling, R. H.
Snodgrass and Charles Lewis.

Almost an Accident.
The extra train which brought
in the passengers from the steamer
Willamette Valley from Yaquina
Bay last evening met a hand car on
one of the grades. The occu-
pants of the car were appar-
ently busy watching a forest fire
raging near the road, and did not
notice the whistling, which the en-
gine put on vigorously, or the
noise of the approaching train until
they ran into it. No material dam-
age was done, the examination
after the shake up showing only a
small contusion upon a Chinaman's
foot.

Yaquina City Fire.
Our citizens were greatly excited
yesterday afternoon about five
o'clock upon receipt of a telegram
from Yaquina City, a-king Albany
to aid from the fire department.
Drays and express wagons imme-
diately made a rush for No. 2's
engine house, and in a very short
time the boys had the engine and
hose cart on board the cars, and
sent them off at a mile a minute.
As our fruits and vegetables have
arrived from California, we expect
a similar excitement. Willamette
Packing Co.

Will Test The Hand Engine.
The hand fire engine recently
sold by this city to the city council
of Hillsboro will be given a public
test this evening. It is expected
that the mayor and councilmen of
Hillsboro will be present, but if
not the test will be made in the
presence of the committee here.
Their is no doubt but that the
engine will do all and more than is
demanded in the test, after which
she will be shipped to the new
owners.

Church Burglary.
The Catholic church in Salem
was the scene of a bootless bur-
glary Saturday night. The thieves
or hoodlums must have been
armed with keys that fitted the
door locks, as the doors on the east
end and north side were found
open. They also broke into several
drawers and cupboards in which
vestments and other church para-
phernalia are kept, but nothing was
taken. What they were after it is
hard to tell.

PACIFIC COAST NEWS

The First Days Races at the
Firemen's Tournament.

ASTORIA LEADS THE WETTEST

Officers Elected and Judges and Time-Keepers
Chosen—List of Passengers of the
Willamette Valley.

Special to the Herald.
TACOMA, Sept. 17.—The associa-
tion left to the board of directors
the selection of the next place for
holding the tournament.

The selection of officers resulted
as follows: President, R. S.
Worsely, Astoria; first vice-presi-
dent, T. Dacey, Victoria; third
vice president, E. Sanderson,
Walla Walla; fourth vice-presi-
dent, A. P. Pinctus, Vancouver;
fifth vice-president, Chas. Albert-
son, Seattle; secretary, C. W.
Watts, Albany; treasurer, W. F.
Dugan, Salem; statistician, T. D.
Hart, Walla Walla; board of di-
rectors, J. N. Hoffman, Albany,
Geo. A. Burbanks, Tacoma, W. J.
Barry, Astoria. The salary of the
secretary was increased to \$100
and traveling expenses to the meet-
ing.

The parade was the grandest in
the history of the association, be-
ing half a mile long and took fifteen
minutes to pass a given point.
Three brass bands, two militia
companies, fifty delegates, repre-
sentatives from fifteen fire com-
panies and thirteen hose teams.

The races began at 2 o'clock.
The wet test came first. Prizes:
\$1000, \$300, \$100. The judges for
all the races were: John Fox,
Astoria, H. Pinam, Petaluma, H.
Hipple, Portland, Starter, F.
Casey, Victoria, Timers, Charles
T. Uhlman, Tacoma, C. W. Watts,
Albany, J. C. Rainey, Tacoma.

The teams that ran and time
was as follows:
Corvallis, 40 11-20. Waited
four seconds for water.
Astoria, 34 1-10. Protest en-
tered.

Walla Walla, 38.
East Portland, 39 1-10.
Vancouver, B. C., 36 2-5.
Seattle, 35 1-10, but given no
time.

New Westminster, 33 2-5.
Victoria, 38 3-5.
The races were continued until
to-morrow morning.

It will be many days before so
great numbers of professional run-
ners will be together in the North
Pacific coast. That there is scarcity
of ho-e teams is not so represented.
They include Brett, the champion
coupler of America, Harry Belline,
W. P. Gilkan, W. Dobbins, C. C.
Peck, Jack Gibson, champion of
America, E. G. Cameron, W. H.
Fletcher, Wm. Morgan, J. C.
Brown, Ed. Rea, Pete Grant, W.
Ferguson, Dave Campbell, W. H.
Odell, O. Trine and several others.

Passenger List.
YAQUINA, Sept. 17.—The steam-
ship Willamette Valley arrived to-
day at 2:15 p. m. with the follow-
ing passengers: Capt. Lugens,
Mrs. Bersell, E. Williams, M.
Roberts, C. F. Warden, Mrs. Bra-
ley, R. Sibley, S. A. Palmer, C. M.
Rinwater, N. H. Calcutt and
wife, W. J. Roach, R. X. Cooper,
Thos. Duncan, H. Winters, Wm.
Edelstein, Jr., Wm. Borden, Henry
Nichols, P. Mayworld, J. Miner,
Wm. Clark, E. J. Reilly, W. Herd-
man, C. L. Hurlburt and W. J.
Tyler.

STATE FAIR.
More Successful Than Usual A Large
Attendance.

The first and second days of the
state fair have opened with a large
attendance, and promises great
success.

"The indications for a successful
fair never were better," said Sec-
retary Gregg, in response to an
Oregonian reporter's query.
"There are more entries in all the
departments than last year. In the
live stock department than last
year. In the live stock de-
partment especially people will see
a great increase and a better dis-
play than ever before. As is usual,
exhibitors are slow in getting their
exhibits arranged. They are work-
ing as hard as they can, however,
and in another day the pavilion
will present a different appearance.
The outlook is indeed promising,
and if the weather remains favora-
ble, as we have every reason to
believe it will, the fair of 1889 will
be the largest, the best and most
successful ever held in this state."

An Important Industry.
Claus Soreckles has just returned
to San Francisco from the East.
In speaking of the beet sugar in-
dustry of the Pacific coast, he said:
"It will not be long before the
farmers of this country, and espe-
cially of the Pacific coast, will ar-
rive at the conclusion that the pro-
duction of sugar in the United
States is of more vital importance,
as far as profits are concerned, than
is the production of wheat. Of
course, when I speak of this mat-
ter, I refer to the production of
beet sugar. Beet raising is the
coming farming industry of this
coast, and I propose to show the
farmers that this statement is a
fact. Careful calculations will
show that a sufficient amount of
beets can be raised on the soil of
this state alone to make enough
sugar to answer the demand for
consumption of the entire United
States. Farmers can easily net
\$60 per acre from their lands by
raising beets. When our ten new
factories are started in this state,
they will be able to consume all
the California farmers can pro-
duce." Mr. Ashby Pearce and
several others have been testing
the raising of sugar beets in Linn
county, and have found that they
grow to perfection.

ALBANY RESPONDS.

Yaquina Asks for Aid and No. 2's Steamer
is Sent.

Yesterday afternoon about 4:30
p. m. a telegram was received by
Curran & Monteith from Yaquina
City, asking for aid to save their
city from the fire fiend. D. B.
Monteith immediately went to
Mayor Cowan, who issued orders,
and in a very few moments No. 2's
steamer, accompanied by Chief
Engineer C. H. Stewart, Steamer
Engineer John Jones, J. R. Whitney,
of the Herald, C. G. Rawlings, of
the O. R. & N. dock, F. M. French
and others, was on board the cars
and speeding to the rescue.

Happily the fire was subdued so
that no damage was done and the
menetated danger averted, as the
following dispatch will show:
Special to the Herald.

YAQUINA, Sept. 17.—For several
days the surrounding country has
been full of forest fires, increased
by the intense warm weather.
Yesterday while some one was at-
tempting to clear a small patch of
thick underbrush near Wisar's
canyon, about half a mile from the
edge of the town of Yaquina, the
fire became uncontrollable, and to-
day quickly spread through the
timber towards the town, but every
one being on the alert steps were
quickly taken by the employees of
the Oregon Pacific railroad com-
pany, with all available assistance,
to prevent the destruction of the
shops of that company and the
stores and dwelling houses in the
city, which at one time was greatly
in danger of destruction. Happily
the wind at no time was strong
and has since died out, and to this
fortunate circumstance is due the
probable saving of the city from
fire. The fire is still raging, but no
destruction to property as yet.

SORRY FOR CORPORAL TANNER.

No One Blames the Administration for Let-
ting Him Out of Office.

The Oregonian sums up the mat-
ter thusly: The resignation of
Pension Commissioner Tanner has
been the subject of considerable
comment among republicans and
democrats principally among the
Grand Army men. Corporal Tan-
ner stamped the state for the re-
publicans last year, and made
many friends. It was Oregon in-
fluence too, that helped to seat him
in the office he has just vacated.

He was strongly endorsed by the
leading republicans and some say
that President Harrison was espe-
cially urged to appoint him in re-
cognition of the victory for pro-
tection in this state last June. As
the corporal did not have an easy
time of it in getting the place it is
fair to presume that the webfoot
support counted for a good deal.
An Oregon man, who was in
Washington early in the summer
paid a visit to Commissioner Tan-
ner's residence and was presented to
his wife.

"But for my kind friends in Ore-
gon," said Corporal Tanner, after
the presentation, "I would not
have been appointed."

A number of prominent republic-
ans who were seen yesterday
said the administration was not to
blame for letting Tanner go, as he
talked too much.
"We all feel sorry for Corporal
Tanner," said R. T. Chamberlain,
commander of George Wright Post
No. 1, G. A. R. "No one blames
the administration for the step it
took. Tanner talked too much
and furnished the democrats polit-
ical capital. His speech at Mil-
waukie was foolish. Corporal
Tanner was perfectly honest in all
his doings. No one questions his
integrity. The G. A. R. men gener-
ally think that his aim was to
give a pension to every old soldier
entitled to one and are glad he was
in office as long as he was. He
was only too glad to be of service
to the boys, and he would listen to
whatever they had to say and
answer their letters. A notable
instance is the case of Colonel
Baker, of this city, who came out
of the war in 'eeble health. He
deserved a pension and we wrote
to Commissioner Tanner and he
was put on the list.

OREGON WHEAT.

The Willamette Valley Grain Growers
Should Import New Seed.

It is yearly becoming more ap-
parent that the wheat growers of
this state should pay more atten-
tion to changing their seed wheat.
The other day at Portland a ship-
per who was looking at a lot of
wheat said:
"The wheat of the Willamette
Valley is deteriorating. The favor-
ite old white winter wheat, which
has been grown so long and which
made such white flour, is getting
mixed with red wheat. Several car
loads have been rejected this sea-
son on that account.

Wheat that will make the whitest
flour is always in the best demand
and brings the highest price, and
this is why Valley wheat has al-
ways brought more than Walla
Walla wheat. There can be plenty
of wheat secured, which will make
yellow flour, but wheat which will
make the finest grades of flour is
not so plentiful. Throughout the
valley the bran is getting thicker
and the wheat is losing its strength
and the white wheat is getting red
or so mixed with red that it will
not rank as first class."

This is because farmers do not
pay attention enough to changing
their seed. They should import new
seed. If the farmers would
take up the seed question they
would find it a profitable one. An
effort was made to get them to in-
troduce the Scotch Fife wheat a
short time since, and some millers
offered to pay five cents a bushel
more for this variety, but the
farmers would not favor the scheme.
Something must be done to give
our wheat strength, as if the
strength is not in the wheat good
flour cannot be made from it.

Three Sisters Laid Up.

The Oregon Pacific's riversteam-
er, the Three Sisters, arrived up
from Portland Sunday evening and
tied up at her dock here. All
hands were discharged, except
Jack Spong, who will remain in
charge of her as watchman, and
the boat will remain here until
high water. The Mole will be up
this morning with a good cargo
of freight.—Salem Statesman.

Let us give the readers of the HER-
ALD a little timely advice. Hot
weather is coming and with it colic,
cholera morbus, dysentery and di-
arrhoea. The only safe way to com-
bat these diseases, is to keep some
reliable remedy at hand, and all who
have tried Chamberlain's Colic,
Cholera and Diarrhoea Remedy will
admit that it is the most prompt,
reliable and successful medicine
known for these complaints. It costs
but 25 or 50 cents, and may be the
means of saving you or your family
much suffering if not life itself, be-
fore the summer is over. For sale by
Foshy & Mason.

During our epidemic of dysentery
in the summer of 1879, I sold 108 bot-
tles of Chamberlain's Colic, Cholera
and Diarrhoea Remedy, and it proved
satisfactory in every instance. The
remedy is standard in this commu-
nity.—George B. Darbar, Druggist,
Center Point, Iowa. The epidemic
referred to, was by far the worst that
has ever occurred in Iowa. Over 40
persons died from it, in a town of only
500 hundred inhabitants; but every
case in which the remedy was used,
recovered. It was equally successful
during the epidemic of bloody flux in
Virginia, in 1887, and in Michigan
and Southern Illinois, in 1888. It has
been in constant use for over seven-
teen years, and has proved itself to be
the most successful in curing yet dis-
covered for bowels complaints. For
sale by Foshy & Mason.

Farmers who have spent the en-

but promptly get insurance upon
the crop and guard against fire, for
if they lose their crop by fire, it is a
calamity to the whole community
as well as an irreparable injury to
them.

A CALIFORNIA SENSATION.

[Petaluma Courier.]
It is reported that the sales of the "Cal-
ifornia Remedy," Joy's Vegetable Sarsa-
parilla, have grown within a few months
to the point where it is now really sensa-
tional. The way the fame of this production
has spread is simply marvelous. Six months
ago it was unknown. To-day it is all over
the country. It is authoritatively stated
that they have been actually giving it
away in San Francisco to people afflicted
with dyspepsia, sick headaches, indiges-
tion and liver troubles, not to be paid
for unless it cured. Such practical tests
are so startlingly convincing as to be
almost sensational. It is stated that two
of the active principles of the new remedy
belong to the vegetable kingdom of Cal-
ifornia, and are so well known to us all
under common names that it would sur-
prise us if told them. But we are not
surprised at anything Californian, and
this recent discovery of the new medicinal
virtues of its vegetable kingdom is but
another instance of the astonishing possi-
bilities of a soil and climate like ours.
