

Morning Daily Herald

SPECIAL 12:30 A. M.

Not to see our stoves and ranges before buying is a mistake. Mistakes are always costly. In heating stoves we have the largest as well as the most carefully selected stock in the city.

Geo. W. Smith.

JOTTINGS ABOUT TOWN.

Chicago dried beef, shipped to order at C. L. Brownell's. Fresh oysters served every day at Hermann's restaurant.

James V. Pipes and wife will start for the Sound this morning to make a few weeks' visit.

Yesterday showed a large number of our citizens in attendance upon the State Fair in Salem.

Look at Krauss & Klein's offer in hand made French kid shoes, the best goods ever sold in the city, only \$4.00.

Walter Brown, of Canyon City, has purchased the Hayes farm in Linn county just on the Lane county line.

R. H. Simpson, a merchant of Helix, Oregon, and formerly of this city, is paying a visit to old scenes in this vicinity.

Dr. R. L. Willoughby and family, of Crook county, are spending a few weeks at their old home in the southern part of this county.

A fine assortment of "Universal" heating stoves, the best in the market, just opened at Hopkins & Saltmarsh's. Call and see them.

An "Inquiry Social" will be given at the Congregational church on Friday evening next. Something new. A cordial invitation is extended to everyone.

Delicious Saratoga Chips, fresh from the factory, also "Boston Baked Beans," melons, peaches, tomatoes and fruit of all kinds in profusion at LaForest & Thompson's.

Mr. Raiston, of the Linn County bank, has purchased the residence and lots owned by Mrs. Webster, on the corner of Seventh and Baker streets, paying for the same \$3200. Wallace & Cusick made the sale.

The Dalles Times-Mountaineer says: Mr. Joel G. Koozts reports that the dead body of a man was found in the road about ten miles south of Wasco a few days ago. He is supposed to have been thrown from a horse, but nothing definite could be ascertained.

Off the Upper Route. The Salem Statesman says the Modoc, the new river steamer built by the O. R. & N. Co. to run the year round on the Salem and Portland route, will not come to Salem for the present.

Mr. Herren yesterday evening received notification by telegraph that the boat's trips to Salem will be discontinued for the present. The reason for this is that there is such a vast amount of wheat lying along the lower river, unprotected, that the services of their boat will be needed in conveying it to points below. The Modoc has made a brave effort in plying the waters of the upper Willamette and in doing so this year has demonstrated beyond the possibility of a doubt that navigation can be successfully carried on the year round. The boat would not have been temporarily taken off at this time but for the fact that it is urgent that the lower river freights be moved. The Modoc has made regular trips all summer, in the fact that the water in the Willamette has been lower this summer than was ever before known. It now stands nearly five inches below the low water mark.

College Notes. The attendance at the college opens larger this year than it ever has been before in the history of the school. Upwards of thirty new names have already been added to the roll of students. The Latin class under the direction of Prof. Lee is an unusually large one and is doing fine work.

Gaze on This and Smile. We have just received and opened fresh to-day fine comb honey, chipped beef to order, our celebrated gold medal cream cheese, young America cheese, smoked herring, codfish, dried beef, roast beef, corn beef, lunch tongue, mustard, sardines, clam chowder, lobsters, oysters, etc. Willamette Packing Co.'s.

Burglary. Last night two stores were entered by burglars in Dallas. Polk county, and about \$200 worth of dry goods and hardware taken from them. The goods were recovered, but the burglars were not.

THE STATE FAIR.

Thursday Was the Big Day in Attraction and Attendance.

Yesterday the attendance at the state fair was immense, by far the largest that has been on the grounds for years.

The exhibit and parade of stock was excellent, speaking well for the enterprise, thrift and foresight of the agriculturists of the state.

The fruit and cereal departments were full and complete, and the various committees were busily at work on the awards.

THE RACES. The first race of the day was the one and one-fourth mile running, for \$500. The winner was Jubilee, owned by Charles Peterson, and 2d was Coloma, owned by W. C. Whitmore. The time was 2:10 1/2. A protest was entered because the winning Jubilee had not been entered the first day.

The second race was the running handicap 1/2 mile dash. The winning horse was Kitty Van, owned by J. R. Ross; the 2d was Sunday, owned by Jack Dowd.

The third race was a trotting 2:30 class, \$600. On the 1st at Gloster stood 1st, Almonette 2d; second heat, Altona stood 1st, Gloster 2d; and Altona distanced. Third heat, Gloster stood 1st, Almonette 2d; Altona set back for running, and Coquette distanced. Fourth heat, Gloster 1st, Almonette 2d, Altona 3d, Gloster winning the race. Time, 2:25; 2:30 1/2; 2:27; 2:28 1/2. Gloster is owned by Jas. Weyenhurst; Almonette by J. L. Hallett, Altona, by Van DeLa-hmutt, Coquette by Jay Beach, and Leona by W. L. Whitmore.

Taking it all in all the fair is proving a decided success this year and a vast improvement over recent years.

STATE NEWS. Meyer DeLashmutt's Horse Offered an Extra Premium.

FAIR GROUNDS, Salem, Or., Sept. 19.—At a meeting of the Oregon State Board of Agriculture it was decided to offer a special purse of \$250 as an inducement for V. B. DeLashmutt's 3-year-old stallion, Blondie, to try to beat the best 3-year-old Oregon record of 2:31, which was made on this track yesterday. The trial will be made on Friday afternoon at 2 o'clock.

DEER PARK, Md., Sept. 19.—The president to-day appointed A. N. Gilbert postmaster at Salem, Or., in place of Richard H. Dearborn, deceased.

THE OREGON'S TROUBLE. PORTLAND, Sept. 19.—The R. R. Thompson went down this morning at 2 o'clock and pulled the Oregon off the river bank. Owing to the density of the fog she was unable to get her bearings, and instead of getting out into the channel, drove her illustrious nose straight into the mud bank again. This morning the E. N. Cook with a barge went down to lighter her, and it is probable that by evening she will be off again.

The British ship Saline, drawing 19 feet of water, came up yesterday and hailed the Oregon as she lay in the mud. There is no scarcity of water in the river, only if the ships would come up they must stay in the proper place and not cut across lots to save time. The smoky weather and heavy fog have been the cause of all the trouble.

What the Country Needs. The Tillamook Headlight correctly remarks that "what this country needs is a large number of settlers and courageous minds and hardy, physical strength, who are willing to endure a few hardships while they are carving out a home in the forest. Such a class of citizens is to be desired very much. Clerks and professional men are good in their place, but are very apt to get discouraged when it comes to swinging an axe one day after another and living on plain food in a lonesome wilderness. When at a distance reading of these things or even at our desk writing on the subject it seems easy enough, and we feel now as if we could 'log over' a quarter section of land or clear out a farm in a few minutes, but we have found by actual experience that it is no afternoon picnic and that it takes many a hard, well-directed stroke to accomplish much. Yet the home of the independent rancher is a happy one and such a life is conducive to health and contentment."

BUSINESS CHANGE. ALBANY, Sept. 19, 1889. Notice is hereby given that I have sold out my butcher business to Mr. Wm. Waechter, who has lately come from Nebraska, and who will continue to do business at the old stand. Thanking the people of Albany for their liberal patronage, I would solicit the same for Mr. Waechter, who has been in the business for years in the East and thoroughly understands the wants of the public, and he will be pleased to have the people of Albany call and get acquainted with him. JAMES V. PIPE.

A Sea Monster. The Statesman is responsible for this new version of the mermaid business: Capt. Charles King of the New York aquarium, is exhibiting a remarkable amphibian on the fair grounds. It is a singular combination of species, bearing a striking resemblance to human in the formation of the upper half of its body. There is the head arms and body are human in cast; but the eyes are those of a fish. The arms and back are covered with scales, and the vertebrae of a human runs down its back to the lumbar region where it joins the dorsal fin of the fish, and from thence down to the caudal ex-remity the formation is that of a fish. It is to be seen near the main pavilion on a platform in a tank.

PENNOYER'S POLITICAL CAPITAL.

The Railroad Commission Business Still Grouped At.

We quote the following upon the latest phase of the railroad business: Governor Penroyer is not through with his railroad commission night.

It will be remembered that last February the legislature elected a commission in accordance with the provisions of the amended railroad law. The governor refused to recognize the commission and appointed one of his own, under the terms of the old law, holding that the new law, which he vetoed, was not operative until ninety days after the adjournment of the legislature. It was held by the legislature that the passage of the bill over the governor's veto carried the emergency clause with it, and put the law into effect immediately, the same as if it had not been visited with executive dissent.

Since the question has been in litigation and the legislative commission has been successively sustained by the state circuit court of Marion county and the state supreme court.

The governor is now making what sailors call a new tack. The railroad law contains the following provision: "And each of said commissioners shall also, before entering upon the discharge of his duties, enter into bonds with security, to be approved by the governor, in the sum of \$10,000, conditional for the faithful performance of his duty as said commissioner."

The governor maintains that he has not approved the bonds of the commissioners, and has instructed Colonel Knight, his attorney, to begin suit to enjoin secretary of state McBride from paying the commissioners their salaries, because they are illegally in office. The outcome of the suit and perhaps most interesting phase of this entertaining judicial muddle will be watched with mingled interest and anxiety—interest on the part of the public and anxiety on the part of the incumbent commissioners.

Satisfactory Test. The test of the hand engine being better than was contracted for, and so of course eminently satisfactory, the machine will be shipped on next Tuesday to its new owners, the city of Hillsboro. The certificate of efficiency will be sent this morning.

Fire in a Cemetery. As the through train was nearing Jefferson last evening it was seen that a fire was devastating the cemetery just north of that city. The people were fighting it back with might and main, but it was doing considerable damage to the fencing.

Plate Glass. The immense panes of plate glass were set in their places in the front of the Linn County Bank, making one of the finest and most beautiful business fronts in the city.

Y. M. C. A. Convention. L. E. Lee, brother of Prof. Lee, is representing both the city and the College Y. M. C. A.'s, at the convention which assembled at Vancouver, B. C., yesterday.

INSURE. Julius Gradwohl calls the attention of the citizens of Albany to insure before it is too late. He represents seven insurance companies who carry a capital of \$76,000,000, with a cash deposit in the state of Oregon of \$250,000.

Farmers who have spent the entire year in producing a crop of wheat should run no risks now, but promptly get insurance upon the crop and guard against fire, for if they lose their crop by fire, it is a calamity to the whole community as well as an irreparable injury to them.

Seattle, Ellensburg, Vancouver and Spokane Falls has nothing to do with our companies; the losses will all be paid and still we are ready for business, the same as after the Chicago fire.

THE HUGE GRAIN ELEVATOR.

Mr. Peavey Out on an Inspecting Visit—He Is Well Pleased With It.

The Oregonian says that F. H. Peavey, head of the great Minneapolis firm of Peavey & Co., is in the city on his first visit to this section. He is out here to inspect the big elevator at Albina, and those along the lines of the O. R. & N. Co., which have been built by Peavey & Co. He will, in company with Mr. E. C. Michener, the resident partner, take a trip over the lines of the O. R. & N. and satisfy himself as to the grain producing qualities of the country through which they run.

Mr. Peavey is very much pleased with the million-bushel elevator at Albina, and says it is the best built elevator in the country. Two Chicago elevator men have looked through it and expressed the same opinion. Steam has been raised at the elevator, and the machinery put in motion, and if necessary grain could be received on Monday, but work will not be commenced for a few days till everything is running smoothly.

Mr. J. A. McLennan, the contractor for building the big elevator, will leave for New York in a few days to meet the representative of an English syndicate, who wish some elevators built at Buenos Ayers. Mr. McLennan has built and shipped to South America one million-bushel elevator and two half-million ones, all like the one here, arranged for sacking wheat.

The Ladies. Will please take notice that Krauss & Klein will on Friday and Saturday of this week, the 20th & 21st put on sale sixty pairs of ladies genuine French kid hand sewed shoes, and warranted in sizes from 2 to 6 1/2, all widths from B to EE and \$4.00 per pair. The regular price is \$5.50. The above are the same make and quality as the ones we recently sold, and in machine sewed. This is decidedly the best offer ever made in Albany. Come and examine them, and if they are not as we represent don't buy. KRAUSS & KLEIN.

Findley Soda Springs. Frank Crabtree has removed to Findley Soda Springs, and has taken charge of the hotel and springs. He is prepared to furnish first class accommodations to travelers, and will furnish feed for horses when desired. Satisfaction guaranteed to all who patronize the popular pleasure and health resort.

THE FIREMEN.

Result of the Races for the Various Prizes.

Tacoma, (Wash.) Sept. 18.—Result of the races for the various prizes: Tacoma No. 1, 30:1 2; Old Tacoma, 40; Tacoma, 40; Tacoma No. 2, 41; Nanaimo, 39. First two Tacomas and Nanaimo ruled out on account of their not being enough threads at the nozzle, thus giving first prize to Vancouver, B. C. In the dry test the following is the result: Corvallis, 36 2-3; Nanaimo, 38 1-5; Tacoma No. 2, 34 2-3; Tacoma No. 1, 37 9-10; Walla Walla, 32 1-5, no place; coupling not complete; Victoria, 33 1-5; East Portland, 32 4-5; Vancouver, B. C., 29 9-10; New Westminster, 34 2-3; Old Tacoma, no time; Astoria, 31 4-5; Seattle, no time; Vancouver again winning first place championship. Race will be run to-morrow.

Much praise is due the enterprise of the postal telegraph company and its efficient force here for running wires to the track and sending out the races run and for their prompt service.

LATER—The races were called at 9 o'clock this morning, but for some misunderstanding with some of the judges and board of directors the races were delayed until 11 o'clock. The time in the championship race resulted as follows: Astoria, 1:09.35; Vancouver, 1:15.15; Seattle, 1:18.39. Speed race: Vancouver, 27.5; Astoria, 27.4-5, and four teams 27.1-5.

ARCHIE V. BLACKBURN, WITH C. E. BROWNELL, THE GROCER.

A CALIFORNIA SENSATION. (Petalinga Courier.) It is reported that the sales of the "California Remedy," Joy's Vegetable Sanaparilla, have grown within a few months till they are now really sensational. The way the fame of this production has spread is simply marvellous. Six months ago it was unknown. Today it is all over the country. It is authoritatively stated that they have been actually giving it away in San Francisco to people afflicted with dyspepsia, sick headaches, indigestion and liver troubles, not to be paid for unless it cured. Such practical tests are so startlingly convincing as to be almost sensational. It is stated that two of the active principles of the new remedy belong to the vegetable kingdom of California, and are so well known to us all under common names that it would surprise us if told them. But we are not surprised at anything Californian, and this recent discovery of the new medicinal virtues of its vegetable kingdom is but another instance of the astonishing possibilities of a soil and climate like ours.
