ON THE OREGON PACIFIC.

100 Tracklayers at Work Bridging the Santiam at Breitenbush.

From a gentleman who returned yesterday from the front on the Oregon Pacific railroad some facts were obtained concerning the work on the eastward extension of the road.

About 100 tracklayers are at work laying rails from the end of the track toward Breitenbush. About one mile a day is laid. The company is having more ties cut, and it is understood has about concluded letting another contract to a Colorado firm of railroad contractors for a big slice of the road toward Boise City.

Agaz of bridge carpenters are at work framing the timbers for the bridge across the Santiam at Breitenbush, which will be finished this fall. J. S. Antonelle is increasing his force of graders on his contract, so as to complete the grade ready for the tracklayers. It is expected that thirty miles of track will be laid within a month. This will complete the road about thirty-five miles beyond Gatesville.

A Good Show Coming.

Mr. A. G. Allen, representing the Oakes Comedy Sketch Club and Swiss Bell Ringers, is in the city arranging for the appearance of that excellent company in this city on Thursday next. The company has the highest endorsements from the press of the East. The Pueblo, Colorado Chief in says: "The Oakes Comedy Sketch Club and Swiss Bell Ringers gave two excellent performances at Hermann's opera house yesterday afternoon and evening. The performance was a success from beginning to end. One minute the audience would be filled with rapture by their harmonious and marvelous music, and the next convulsed with laughter by their mimicry and mirth. It is an exceptional company, and they will find it profitable to return again."

Farewell Party.

A very pleasant farewell party was tendered Miss Flora Mason by Mrs. O. S. Pollock, of the Albany College, at the residence of Mrs. W. T. Hearst, Thursday evening. Send your orders to them for these views and you will be well pleased with them.

Enjoyable Church Sociable.

A very pleasant sociable was given last evening at the Congregational church by the ladies of that church. It was a literary as well as a social success. The feature of the evening was a series of literary questions propounded upon slips of paper to which answers were written which proved very instructive, as well as interesting. An elegant supper was served and an enjoyable evening spent.

JUSTICE FIELD AND PARTY.

Deputy Marshal Neagle Traveling Loose and Calls Himself Jones.

PORTLAND, Sept. 20.—Last night at 10 o'clock Justice Stephen J. Field and party, accompanied by two deputy United States marshals, one of whom was Deputy Neagle, the man who killed Judge Terry at Lathrop, California, left on the Northern Pacific passenger train for the East.

Only a few persons in this city were aware of the presence of Neagle, and as he walked about the city he seemed as unconcerned as if his handy pistol had not wrought horror in Judge Terry's breast. He is about 5 feet 9 inches in height, has grey eyes, and wears a light mustache. He wore a black derby hat, dark cutaway coat and light pants. In his vest pocket he carried the gold watch given him by Justice Field. To those who knew him he refrained to talk concerning the shooting, saying that he had enough notoriety, and that he was not jubilant about the occurrence. A reporter saw him, but he declined to talk, saying that he was not Neagle, but that he was J. J. Jones.

A Handsome Tribute.

From the Advance, of Lynchburg, Virginia, we clip the following very pleasing item concerning Mrs. O. S. Pollock, professor of history and elocution in the Albany College:

An Advance reporter was shown to-day by Mr. Wm. A. Heffernan a royal piece of work in stained glass which he has prepared for the M. E. Church at Christiansburg. The loving and admiring friends and pupils of Mrs. O. S. Pollock, former principal of Montgomery female college, are the donors. It is a full size window, about three feet wide and eleven ft. long, and is made up of the best glass known to the trade, and most artistically designed and executed. There are no painted effects on it. Wherever these effects are necessary it is produced by tinted glass. It is wonderful how this can be done, and is done. It is a marvelous gem of glittering beauty, and holds one charmed in viewing its loveliness and dazzling brilliancy. At the foot of the window, on a rich tablet, appears the following inscription: "A testimonial of love to Mrs. Pollock, principal of Montgomery Female College, 1876-1886. From her friends and pupils." The above will be read with interest by the many friends of Mrs. Pollock in this city, where her efficient and cultured work in the college has been a source of much gratification.

Our new school house was to have been dedicated this week, but from some unexplained reason the seats have not arrived from the East yet. We expect a grand time here, as many noted professors and teachers are going to be in attendance.

A CALIFORNIA SENSATION.

[Petaluma Courier.] It is reported that the sales of the "California Remedy," Joy's Vegetable Sarsaparilla, have grown within a few months till they are now really sensational. The way the fame of this production has spread is simply marvelous. Six months ago it was unknown. To-day it is all over the country. It is authoritatively stated that they have been actually giving it away in San Francisco to people afflicted with dyspepsia, sick headaches, indigestion and liver troubles, not to be paid for unless it cured. Such practical tests are so startlingly convincing as to be almost sensational. It is stated that two of the active principles of the new remedy belong to the vegetable kingdom of California, and are so well known to us all under common names that it would surprise us if told them. But we are not surprised at anything Californian, and this recent discovery of the new medicinal virtues of its vegetable kingdom is but another instance of the astonishing possibilities of a soil and climate like ours.
