ALONG THE O. P.

Observations of a "Herald" Man on a Trip Over the Eastward Extension.

Boarding the O. P. train at Albany at 8:30 A. M. Wednesday Sept. 17, we traveled eastward along the line, our destination being Lyons, a small town situated on the road about 28 miles from Albany. The road runs through a country varied and picturesque, part rich farming lands, through heavy timber and our numerous mountain streams, from whose frequent waters a speckled beauty frequently throws its bright scales to the sunlight.

The trip was made with but few incidents worthy of mention. A few miles east of Minke's, in the heart of a dense forest, a red-headed girl, dressed in a spotted calico gown, jumped upon a log and waved her handkerchief at the passing train. I thought at first she was signaling the conductor, but as we made no effort to stop I changed my mind. But I believe yet that the red-headed siren of the forest had some connection with R. R. officials, anyhow she seemed to be recognized by a brakeman who was leaning out of the window. After this little bit of mountain flirtation things moved along quietly, and feeling unutterably drowsy I drew my feet over the back of the next seat and went to sleep, and like the prophet of old, or the gifted Lambert of my last letter I had a vision. It seemed that I had a vision. It seemed that I had a vision. It seemed that I had a vision.

It is a matter of pride to the firemen of Albany that twelve of the picked teams of Oregon, Washington and British Columbia, assisted by at least twenty of the professional sprinters, could not better the record set for them by the Albany team, consisting of only local firemen. Albany is proud of her firemen both on duty and as represented at tournaments, and next year when the tournament meets at Spokane Falls, as it probably will, the citizens will give them all support in sending a team there that will set other records for the professionals to run at for years to come. Following is the time made by the teams in each of the races:

Hose race, wet test—Corvallis, 40 11-20; Astoria, 34 9-10; Walla Walla, 28; East Portland, 39 1-10; Vancouver, B. C., 36 2-5; Seattle, 36 1-2; New Westminster, B. C., 38 2-5; Victoria, B. C., 38 2-5; Old Town, Tacoma, 41.

Hose race, dry test—Corvallis, 36 2-5; Nanaimo, B. C., 38 4-5; Tacoma No. 2, 34 2-5; Union, No. 1, Tacoma, 37 9-10; East Portland, 36 4-5; Victoria, B. C., 35 4-5; New Westminster, B. C., 34 2-5; Vancouver, B. C., 29 1-9; Astoria, 81 1-5.

Championship race—East Portland, 1:25 2-5; Union No. 1, Tacoma, 1:35; Seattle 1:18 1-10; Tacoma No. 2, 1:26 1-10; Astoria, 1:09 3-5; Vancouver, 1:15 2-5.

Speed race—Astoria, 27 4-5; Seattle, 29 1-3; Nanaimo, 28 2-5; Victoria, B. C., 28; Tacoma No. 2, 28; East Portland, 28; Walla Walla, 29 1-5; New Westminster, B. C., 28; Vancouver, B. C., 27 1-5.

Hook and ladder race—Astoria, 43; Tacoma, 32; Seattle, 29 1-5.

Explosion of Powder.

At Brownsville the other day Ira Walker met with a peculiar accident, resulting in some severe burns upon the face. A bottle containing powder fell from the young man's pocket, striking the ground, breaking and scattering the contents, which, while he was in the act of gathering it up, became ignited from a bunch of matches also falling from his pocket. The explosion which followed threw him violently to the ground, but fortunately effected no serious injuries.

Death of Samuel Wilson.

Samuel M. Wilson died at his home in Sodalville on the 16th inst. He was born April 29, 1857, near Burlington, Des Moines, county, Iowa. The deceased leaves two children, a girl of sixteen years and a boy of eleven. The wife and mother with three children were swept away in a cloudburst six years ago in Eastern Oregon.

Church Notice.

Preaching services to-day at the Presbyterian church at 11 A. M. and 7:30 P. M. Subjects discussed will be "Christian Benevolence" and "Physical and Spiritual Strength as Factors of Character." The Sabbath school will convene at 12:10 P. M. Young Peoples' prayer meeting at 6:30 P. M. in the lecture room. All will be made welcome to these services.

Burned.

The barn situated on one of the farms of A. Gellatly, about two miles southwest of Philomath, was burned on Saturday afternoon last, and only by the greatest effort were the house and outbuildings adjoining saved. The contents, consisting of a mow and some hay, were consumed.—Corvallis Gazette.

A Good Recommendation.

I desire to tender my thanks to the State Insurance Co. of Salem, Or., for the prompt manner in which they paid my loss by fire in the destruction of my dwelling on Sept. 13. I received my full insurance in less than one week from time of the fire, and I cheerfully recommend the state as a prompt and reliable insurance company.

Awbry and others, after which he will organize one or more classes in the study of vocal music. The concert will be held in the W. C. T. U. Hall.

Splendid Lumber.

Four car loads of lumber, a large share of it being timber about sixteen inches square and reaching the full length of two flat cars, was standing at the depot last evening, having been transferred from the Oregon Pacific track on its way to Salem for the new woolen mills. It came from Lyons and was the product of Blain brothers' mill, which is situated between Lyons and Mehana. They are turning out large quantities of very fine lumber.

THE FIREMEN'S TOURNAMENT.

Albany Still Has the Fastest Team—Summary of the Races at Tacoma.

Below we give the time made by each of the teams taking part in the tournament at Tacoma during the past week. Comparison with the time made at other tournaments shows that it was a little faster this year than formerly, except in the speed race. Albany still remains champion of the North Pacific coast, and we will add of the United States, their time of 27 1-5 seconds at Seattle last year never having yet been equaled.

It is a matter of pride to the firemen of Albany that twelve of the picked teams of Oregon, Washington and British Columbia, assisted by at least twenty of the professional sprinters, could not better the record set for them by the Albany team, consisting of only local firemen. FELL FROM A TRAIN.

A Strange Killed by Falling from the Overland Train Near Turner.

Yesterday morning after the north bound overland train had passed Turner, the body of a man was found lying beside the track, where he had evidently fallen from the train. He was a light complexioned man of about 35 years of age, and wore a pair of striped pants and dark colored coat.

It was found that he had been aboard of the overland train, but after leaving Turner he had been missed. His name was found to be C. A. Anderson and he was bound for Stut Junction, W. T. No information as to his home or whether or not he had a family was obtained.

The remains were properly taken care of and was taken to Portland, where they will probably be identified.
