The Hospital.

The Sisters of Mercy, who have decided to establish a public hospital in this city are expected to arrive within a few days. Mr. J. A. Gross, who with Rev. Father Metayer, has been largely instrumental in securing the establishment of the hospital here, says that a residence has been rented for their use. Several desirable locations have been offered for the buildings, which will occupy a block or more of land and will be an ornament to the city. The buildings will go up early in the spring without a doubt.

Another Addition to Albany.

The 14 1/2 acres of land adjoining Hackleman's Fourth addition to Albany, purchased by Dr. I. N. Woodie of Jay W. Blain for \$8000, will together with 10 acres more, be platted and placed in the hands of Wallace & Cusick for sale. These gentlemen are now having the land laid off in town lots. It is desirably located in the eastern suburbs of the city, and will be sold so that everybody can secure a slice of Albany real estate.

Pacific Coast Navy Yard.

The commission appointed to select a site for a navy yard on the Pacific coast north of the forty-second parallel have recommended to the secretary of the navy the selection of a site on Puget Sound. They say Port Orchard has particular advantages over all the other locations, and that the particular site should be sought behind Bainbridge Island.

Association Meeting.

The fall meeting of the Willamette Association of Congregational churches will meet at Oregon City on Tuesday and Wednesday, October 15th and 16th. A good programme is in preparation and an interesting session may be expected. The attendance will also be larger than usual and some interesting work will be done.

Again on the Road.

Many people thought the engine which was thrown from the track at the Lebanon switch near this city, causing the death of Big Jack Miller and Quint Guthrie, was demolished past all repair. But it passed up the road last night for the first time since the wreck, looking as good as new.

A DEAF AND DUMB MAN'S FEAT.

He Crosses the Plains Alone With a Mule Team, Arriving Here From Iowa.

Wm. Kester, a deaf and dumb man in the city yesterday, and to a Herald reporter stated, or rather wrote upon his tablet in a plain round, business hand, that he had just arrived in the primitive way, from Iowa, having crossed the plains with a mule team. He is at present stopping with John Denny near Lebanon, with whom he was acquainted in Iowa. He left Appanoose county, Iowa, on March 14th, and arrived at Lebanon on Friday of last week.

He started for Tacoma, but is so pleased with this part of Oregon that he has decided to stay here. He lost one span of mules at Shoshone Falls, Idaho, and the other nearly starved to death at Sand Mountain. His greatest trouble was to find feed for his mules. He saw plenty of game, and killed some, and had on the whole an adventuresome yet enjoyable trip. There were no Indians laying in wait for his scalp, but otherwise the trip across the plains he thought were very much as they were in the fifties. He traveled entirely alone except when he fell in with immigrants going his way.

He then described the trip, and from the notes we quote: "I crossed the Missouri river at Omaha, then went up the Big Platte to near Cheyenne, Wyoming, then north to the North Platte, then over to the Sweetwater, up across the South Pass, then through the Sulpet mountains, by way of Albion, Idaho, then down the Snake River. I kept this side of the Snake river and came across Sand Mountains. I saw no emigrants going west till I camped at Soda Springs, Idaho, on July 2d. There eighteen wagons drove in and camped by me, headed for Walla Walla."

Mr. Kester is an intelligent farmer, and expects to remain here.

REAL ESTATE SALES.

The following sales were recorded yesterday: John Briggs to John H. Mullan, S. W. quarter block 59, Albany, \$1300. John B. Braun and wife to J. H. Mullan, west half south-west quarter block 78, Monteth's south Albany, 300. A. Hackleman to G. W. Young, east half block 14, Hackleman's second addition to Albany, 1611. United States to Henry C. Fountain, patent.

The Salvation Army.

The Salvationists in East Portland have been raising a hideous din with braying instruments, greatly to the annoyance of citizens. Several of the Salvationists have been arrested, but they came out victorious Wednesday in a case in the circuit court, when Judge Shattuck held that the ordinance recently passed by the East Portland council, prohibiting the playing of bands on the street without permission, was invalid, because there is no authority for it in the city charter, and that it was special legislation. The decision was on the application of Millard Rambo and Walker Hayes, members of the Salvation army, who had been arrested for violating the ordinance. They were discharged from custody.

Resources of Oregon.

The printers in the state printing office yesterday sent to press the first forms for the second edition of the Resources of Oregon. The first edition is exhausted and the second is printed by an act of the last legislature. It will consist of 25,000 copies of their most valuable work. A new map of the state is being made for it, the old one being inaccurate, since several new counties have been created, thus changing boundary lines, etc. Also many new towns have been established and many miles of railroad built and surveyed. All these indications of progress will be accurately portrayed on the new map, which will be very valuable.

A Fire Alarm.

At 6 o'clock last evening the ringing of the fire bell brought the fire department out on a double quick. It proved, however to be a false alarm. The workmen at the iron works were taking on a heat and the flames were pouring out of the smoke stack, which, seen over the tops of the roofs was the cause of the alarm. A fire would have a poor chance to spread in Albany, as the boys were on the ground last evening with two steamers and the hook and ladder truck before the sounds of the fire bell had died away.

Sold His Exhibit.

Mr. Geo. Belshaw, who exhibited 300 varieties of wheat at the state fair sold most of his exhibit to the Oregon Land company, of Salem, and it will be taken to Iowa and other Eastern states with an exhibit car now being fitted up. It will be displayed at Sioux City at the corn palace. Mr. Belshaw received over \$200 for his display at the fair, from premiums and sale.—Engine Register.

A FINANCIAL SUCCESS.

The State Fair Receipts Larger Than Ever Before—Compared With Last Year.

Special to the Herald. The total receipts of the state fair for this year will foot up more than \$18,000, and when the \$5000 state appropriation for payment of premiums is added, the state board of agriculture will have nearly \$24,000 to its credit.

The receipts at the main gates were \$8721, the balance of the receipts over \$4000 and the 100 lb bar privileges, booth, stall and ground rent, premium entries, etc.

The total receipts for last year were \$16,615. The gain in receipts for this year was made almost entirely on the gate receipts, showing that the crowds in attendance were much larger.

A reporter asked Hon. J. T. Gregg, secretary of the state board of agriculture, what improvements would likely be made next year. He replied that of course this question could not be answered at this early day, as the opinions and intentions of all the members of the board are not known; but he thought it was generally conceded that the big pavilion will be ceiled and painted inside and out; that enough additional stables will be built near the grand stand to accommodate all speed horses, and that the grounds will be cleaned up generally and improved. The outlook for the future success of the fair is certainly very flattering.

A Beautiful Display.

Julius Gradwohl has not opened his Golden Rule Bazaar for nothing. He has just commenced receiving his immense line of beautiful goods for the fall and winter and for the holidays, yet he has one of the most gorgeous and dazzling displays to be seen in any Golden Rule Bazaar in Oregon. His fine new parlor lamps must be seen to be appreciated. His stock of fancy goods was never so complete, and he invites the ladies especially to call and inspect them and bring their children to see the beautiful dolls and holiday goods, the fine chinaware, silverware and novelties. His prices have been marked down so low that any one can afford to beautify their homes. Call and see his beautiful stock and you will find it true and nothing misrepresented.

CRAWFORDSVILLE NOTES.

CRAWFORDSVILLE, Sept. 25. Mrs. John Wilson and family, moved into town last week.

Mr. Gura, of Missouri, is visiting his aunt Mrs. Wiseman.

School opened to-day under the care of Prof. Finley. Mr. Finley has taught several terms at this place, he seems to be a very successful teacher.

Mr. John McCaw and family, of Washington, are visiting their parents of this place. Mr. McCaw was born and raised here but has not been here for about 13 years.

Mr. Benjamin Cutler has bought a lot in town, on which he will build a residence soon. Mr. Cutler is moving in to town to school his children, we are glad to have such citizens move in among us, we have a good school and good society.

The citizens have been doing some much needed work on the road between here and the flouring mill. They hauled gravel and made a good road where it has been almost impossible for several winters. They also straightened the road and took out many stumps and other obstructions, the work was most all voluntary.

The Band boys received their new instruments last Friday evening. They are undoubtedly the finest instruments ever brought to this part of the country. They cost a little over \$50 apiece. The boys show a good deal of enterprise in fitting out such a nice band. Some of the citizens helped the boys quite liberally.

Our town is in need of a good schoolhouse as the one in use at present is hardly large enough to accommodate all that wish to attend. If we had a nice school building here we could offer quite an inducement to people to move in here to send their children to school as we have a very quiet nice place no saloons or anything of the kind, we have preaching and Sabbath school every Sabbath, and it is certainly as healthy a place as there can be found in the country.

Noted Lecturer Coming.

Miss Henrietta Moore, of Ohio, who stands high on the list of National W. C. T. U. lecturers is now speaking at different points in this county, and will reach Albany on Monday, the 30th inst. She will give an address at the W. C. T. U. hall at 3 P. M., to which all are invited, and especially the ladies who desire to know more of the work of both the national and local unions. Her evening lecture will be well worth the hearing of all thinking people. She has recently done good work in Washington territory and meets with general favor wherever she speaks, this being her second visit to this coast.

Fine Suitings.

Schuffler, the experienced tailor who has charge of that department. Call early and get your choice of patterns before the stock is broken.

STATE DISPATCHES.

The Wealth of Marion County as Shown by the Assessment Roll.

Special to the Herald. SALEM, Sept. 26.—County Assessor Blackberry to-day completed the assessment roll for 1889. Total amount of taxable property is shown to be \$6,317,429, as against \$4,415,456 upon which taxes were collected last year. Gross valuation is \$9,929,269; indebtedness is \$2,370,529; exemption \$521,311. The roll shows 396,637 acres of land of a valuation of \$4,414,380. There are 1608 polls, being 206 more than last year. There are 65 less horses than last year. The list shows a good increase in everything.

E. Rice was brought to the Asylum from Astoria to-day. He is 28 years of age and a native of Wales. He thinks he is followed by persons who seek to kill him.

Chas. Anderson, a brother of the gentleman who was killed on the train last Saturday, was in the city this morning looking up the affair and to see if the railroad company was to blame or not. He decided to leave the remains here.

PORTLAND'S BIG FAIR.

The Exposition Was Formally Opened to the Public Last Night.

Special to the Herald. PORTLAND, Sept. 26.—The North Pacific Industrial Association's big exposition was opened at 7:30 this evening and was attended by a great throng of people from this city and various portions of Oregon.

The opinion is frequently expressed that the exposition building is the finest in the country. Of course there are larger ones, but none so nicely arranged or so handsome architecturally, while the music hall, or central display is without an equal. The display of all kinds are very complete and attractive.

Signor Liberati and his celebrated band, which promises to form a most attractive feature of the fair, arrived this morning, bringing with them Madame Sophie Roman, prima donna and international songstress. The fair was opened by an overture by this band, which consisted of a composition of national airs dedicated to Governor Penney.

The committee who have in charge the matter of entertaining the newspaper men on Saturday, newspaper day, have about completed their arrangements and have prepared a somewhat elaborate programme.

Last Night's Entertainment.

John H. Oakes Comedy Sketch Club and Swiss Bell Ringers gave one of their enjoyable entertainments at the opera house last evening. The audience was delighted from the opening to the close. The company is posed of musicians of merit and give a clean and laughter-provoking programme, in which an endless variety of novel musical selections and comedy sketches were interspersed in a most agreeable manner. From here the company goes to Salem.

AUNTIE PERPLEXED.

"For heaven's sake what does your mother do to you children that makes you so hungry?" "Please, auntie, she gives us Joy's Vegetable Sarsaparilla and its awful good." T. S. Milton, of 311 Post street, San Francisco, writes: "I had been ailing for weeks with a disorder of the liver and kidneys. Finally my wife, becoming frightened, procured a bottle of 'The California Remedy'—Joy's Vegetable Sarsaparilla. It cured me right up. In fact I do so much for me that I give it to my children with the most satisfactory results."

A GOOD SUGGESTION.

Concerning the Town Clock Question, Which are Timely and to the Point.

Special to the Herald. Considerable has been said in Albany recently about a town clock. The city certainly needs one. That it should be centrally located all admit. Why not have it placed in the court house tower? It could from there be seen all over the city.

The county would no doubt be disposed to aid in improving the court house, and the city and county together should place a town clock in the building. The tower would probably have to be built a little higher. It needs rebuilding any how. The writer believes it would be in place for the city to make a proposition to the county to do the work jointly. Say the county would remodel the tower and the city pay half of the cost of putting in the clock.

It would be of benefit to farmers when in town and to the public generally. As a taxpayer I believe the expenditure would be wise, and it is an improvement demanded by the public. Let the city council move in the matter and give us a town clock on the court house. CITIZEN.
