In a time of trouble, when the evil eye was especially triumphant, all the red tape in a certain county of England was brought up to ward off its baleful influence. The preservation of faith in red still exists, as is shown in the great

ROCKFIELD SPRINGS, N. Y., Sept. 26 .- The wedding of Emmous Blaine, son of the secretary of state, and Miss Anita McCormick, of Chicago, was solemnized here to-day at noon. The little Presbyterian church, in which the ceremony took place, is situated upon a knoll overlooking the village. It was lighted with electric ights and its arches were trimmed

The German peasant, if he cuts humself, thinks he stanches the blood better with the red ribbon, This may be accounted for not only because or tradition, but the fact that blood would not form so startling a contrast when wetting a red ribbon as when wetting a white one

A Southern friend tells me that the negroes make a doll of red flannel, with the five needles stuck in it crosswise, and place it inside of a child's bed or mattress to keep off all of the diseases to which children are subject.

Disarating an Unseen For.

"This was sometime a paradox," as Hamlet says. Since, however, the people of America and other lands have been enabled to pit Hostetter's Stomach Bitters against that unseen foc, malaria, it is no longer a paradox, but an easy possibility. Whatever malaria evolves its misty venom to poison the air, and decaying unwholesome vegetation impregnater the water, there, in the very stronghold of miasma, is the auxiliary potent to disarm the foe and assure efficient protection.
