Morning Daily Herald

SPECIAL, 12:30 A. M.

Not to see our stoves and ranges before buying is a mistake. Mistakes are always costly. In heating stoves we have the largest as well as the most carefully selected stock in the city. The stoves we offer were not bought as an experiment but as a certainty. We know what each stove will do, and they were bought for cash, so the price is right. We have specialties in heaters, beside our regular lines of Garland, Argand and Superior stoves and ranges.

ANOTHER DISASTER.

The Overland Passenger Train Wrecked Near Halsey.

A BAND OF CATTLE THE CAUSE

The Fireman Instantly Killed, and the Engineer Severely Wounded—Full Particulars of the Disaster.

The south bound overland passenger train, which left this city Monday evening a few minutes behind time, met with a fatal disaster near Halsey. The train ran into a band of cattle, killing three of them, and derailing the engine, the baggage and express car, a fruit car, and one Pullman coach. The engine plunged into the ditch, and was badly damaged. The fireman, William Ransom, was almost instantly killed, having both legs broken and being frightfully crushed and scalded. Engineer John McFadden was slightly scalded and cut about the face and shoulders, but no bones were broken and it is thought his injuries will not prove serious.

The passengers in the Pullman were roughly shaken up but no one else was hurt. The fruit car was literally broken to pieces, and from the debris three tramps scrambled out and ran off, having seemingly almost miraculously escaped.

Owing to the fact that the telegraph offices in this city were closed no news of the accident reached here until nearly 1 o'clock. A wrecking train was sent to the scene and Justice Humphrey, acting coroner, was summoned, but the manner of the death of the fireman being so apparent no investigation was held. The passengers were brought to this city and kindly cared for, and the wounds of the injured engineer were properly dressed by Dr. G. W. Maston the Southern Pacific surgeon.

The local train from Eugene arrived at noon, on which the wounded engineer was taken to Portland. The north bound overland train was delayed by fallen trees in the Siskyous and reached this city at 6 o'clock last evening. The remains of Fireman Ransom, having been properly cared for and placed in a casket, were taken aboard and conveyed to Portland.

The fireman killed was a sober, straightforward young man, and had been on the road but a short time, having took the place of the late fireman Guthrie. He was to have been married in a short time. The engine was the same one wrecked at the Lebanon switch, causing the death of Engineer Miller and fireman Guthrie.

Railroad engineers, like seamen, are a little superstitious, and the number of the engine had been changed, but this particular engine seems to be as ill-fated since the change as it was before.

Alexander Downing's Death.

Hon. Alexander Dowing died at his farm near Lebanon in Linn county, on Sunday, Oct. 6th, after a lingering illness brought on mainly after so many years by injuries which he received while serving in the union army in the war of the rebellion. Mr. Downing's only brother on the coast, Superintendent G. S. Downing, of the state penitentiary, was notified of his death on Sunday evening by telegraph, and himself and wife immediately started for his deceased brother's home. Mr. Downing came to Oregon in 1875 and resided in Marion county in 1886. In 1884 he was elected on the republican ticket a representative to the legislature and served during the regular and special sessions of 1885. Mr. Downing was aged about 53 years, and leaves a wife and nine children to mourn the loss of a kind and indulgent husband and father.

They can be purchased of the Southern Pacific agent, and are good going to Portland only on the local train, but in returning are good on any train. The price of round trip tickets from Albany is $4.40, including one admission to the fair.

W. C. T. U. CONVENTION.

Assembling of the Delegates in This City to Attend the First Regular meeting.

The first regular meeting of the W. C. T. U. convention for the second district, comprising Linn, Lane and Marion counties, convened in this city last evening, at which time interesting addresses were delivered by Mrs. A. R. Riggs of Portland and Miss Mary West, editor of the Union Signal.

Mrs. Pentland, of Scio, Mrs. Adkinson, of Corvallis, Miss Sharples, of Eugene, and several other delegates arrived yesterday, but the storm and delayed train hindered many other arrivals.

The regular business session will open to-day, when the following topics are to be presented and followed by discussion: Evangelistic Work, Social Purity, Conference with Influential Bodies, Heredity, and Temperance Literature.

The afternoon from 2:30 to 4 o'clock will be occupied by Miss West's School of Methods drill and Miss Henrietta Moore on the subject of district and county work.

As before announced Miss Moore will give an address in the evening and those who attend will be well entertained.

A POPULAR ESTABLISHMENT.

How Julius Gradwohl's Golden Rule Bazaar Meets the Public Want.

One of the most extensive and elegantly stocked establishments in the Willamette valley is to be found in the Golden Rule Bazaar store of Julius Gradwohl in this city. In order to accommodate his many customers he is in the field early this year, and has already commenced receiving his immense line of beautiful goods for the fall and winter and for the holidays, and has one of the most gorgeous and dazzling displays to be seen in any Golden Rule Bazaar in Oregon.

The line carried comprises a bewildering assortment of fine china, queensware and glassware of the latest styles and most delicate designs. The beautiful china and glassware, together with the decorated and fancy wares, novelties, elegant stand and hanging lamps, toys, boys' wagons and general bazaar goods, present a scene well worth one's time to visit.

Here may be found a complete line of table cutlery of the celebrated makes, Roger Bros.' silver and silver plated goods and Brittania wares of every variety, while his stock of dolls, toys, toilet and fancy goods, in plush and silver, and novelties for the children will be larger than ever before. Mr. Gradwohl has enlarged his stock in such a replete manner that his Golden Rule Bazaar is not only a credit to the city of Albany but to the entire Willamette valley, being one of the most extensive establishments of the kind in Oregon. The most important feature to purchasers is in prices, and when we assert that his prices are as low as any house in the state and that his goods are sold at figures that cannot be equaled in the Northwest, it is but the recital of an absolute fact. It will be to the interests of the country merchants to purchase their holiday goods from this establishment, and orders should be sent in at once.

Mr. Gradwohl has long since proven his adaptability to this business, and it is taking no risk to say that this emporium of elegant fancy and decorative ware is the most complete in the Willamette valley. Those who deal at the Golden Rule Bazaar, will find a large assortment to choose from, and a square, reliable gentleman to deal with.
