It has been affirmed, with sufficient force to be accepted as truth, that the farms of New England are being deserted...

To such an extent has this matter extended in that locality that active efforts have been inaugurated to induce Scandinavians to resettle some of the deserted farms...

The Philadelphia suspect turns out not to have been Tascott. Not yet Tascott astute detective has got.

Accidents are happening daily to those who least expect them. Be on the safe side and insure with Winn in the Travelers.

PRICES 50 AND 75 CENTS. Reserved seats now on sale at Blackman's.

Useful inventions and systems. Take as an example the report that a recent discovery by a New England chemist of a cheap method of dissolving zinc by combining it with hydrogen is regarded as a most valuable one.

A LONDON banker uses the valuable time of the Atlantic cable to send the New York Herald this pun: "In your notice to-day of the Hatzfeldt-Huntington marriage you say that Prince Hatzfeldt is the direct heir of a line 900 years old. Surely the American eagle can beat this. Miss Huntington is the direct heir to a line 1500 miles long-the Central Pacific."

The Union Pacific railroad seems to be actively enlarging its scope and influence. In addition to securing a contract with the Northwestern it is now said that it has secured a controlling influence in the Chicago and Alton, which forms an important connecting link in the immense system now under its control.

The rumors of trouble in the Central American states continue to come, and it seems altogether likely that these mercurial and belligerent neighbors will shortly proceed to cut each others throats. It is quite a risky business to be any ways prominent in political circles down there.

The first conviction in Kansas, under the prohibitory law, for selling hard cider, recently took place in the circuit court at Topeka. The defendant was a hotel proprietor.

The Philadelphia suspect turns out not to have been Tascott. Not yet Tascott astute detective has got.
