ELECTION JUDGE ARRESTED.

A Postoffice Demolished by Election Rioters —Nothing New in the Cronin Case Annual W. C. T. U. Convention.

The HERALD'S Special Dispatches.]

WASHINGTON, Nov. 8.—The president has issued a proclamation admitting Montana as a state.

Secretary Blaine was among the first of the president's callers this morning. He brought a proclamation announcing the statehood of Montana. The president signed it and it was given to the press for publication. It is the same as the Dakota proclamation.

THE CRONIN CASE.

Sullivan Will Be Discharged--Nothing New in the Case.

CHICAGO, Nov. 8.—Application was made this morning before Judge Baker for the discharge from $25,000 bail of Alexander Sullivan, in which he was held last June. Claim is made that the grand juries since then having failed to act, his bail should be released. The court is inclined to coincide in this opinion, but put the matter over until to-morrow at the request of the state.

In the Cronin case the cross-examination of Captain Shutter was continued this morning. Nothing new was developed.

AN APPEAL FOR FOOD.

Men, Women and Children Starving in Novia Scotia.

HALIFAX, Nov. 8.—The reported distress among fishermen at Torrence Bay and Lower Prospect, West Halifax, is confirmed. Nearly half the population in the east village is on the brink of starvation, owing to the failure of fisheries. Twenty or thirty families in each place, numbering nearly 200 persons, have consumed every scrap of food they could obtain. Provisions will have to be sent to them or many will undoubtedly perish.

AN ELECTION RIOT.

A Postoffice in Kentucky Demolished by Dynamite.

WASHINGTON, Nov. 8.—The postmaster general has received a telegram from the postmaster at Louisa, Kent county, Kentucky, dated Nov. 7th. in which he says his office was completely demolished by persons who wanted to let him know how Ohio had gone politically. They used dynamite. An investigation has been ordered.

A TRAMP'S ROMANCE.

Pardoned By His Rich Father in England.

VINCENNES (Ind.), Nov. 7.—On December 28, 1888, Frank Cinge, a tramp, was arrested in this city on a charge of highway robbery. He, with a companion, was convicted and sentenced to the Jeffersonville Prison for one year. Yesterday he was released.

It now turns out that Cinge is a tramp with a romantic history. On Friday last he received from his father, who is a wealthy manufacturer at Crew, Cheshire, England, a letter containing a ticket from Jefferson to England and enough money to pay his expenses.

Several years ago the father detected the young man in the act of stealing cloth from his factory, whereupon the old gentleman gave him $500 and sent him to America with instructions to never return.

The boy's money soon gave out, and he went from bad to worse until he became a full-fledged tramp, finally landing in the penitentiary.

The lapse of a few years has softened the old gentlemen's heart and he now recalls the prodigal son to the fold. The latter says he will return and lead a better life.

OHIO ELECTION.

Republicans Expecting The Governor.

COLUMBUS, O., Nov. 7.—The following was given out from the republican headquarters at 10 o'clock tonight: "We now have returns from the entire state, showing the election of Judge Deckman, Attorney-General Watson, State Commissioner Brown, Member of the Board of Public Works Hanschool, Commissioner John Hancock and Clerk of the Supreme Court Heston by pluralities ranging from 2500 to 5600, We believe that Lamson is elected lieutenant governor, but the race between him and Marquis is close, and Lamson's plurality will be small. It will require the official count to obtain the exact pluralities of the republican candidates.

CAMPBELL'S PLURALITY.

The State Journal, republican, says the republican state committee estimates Campbell's plurality over Foraker for governor at from 10,000 to 12,000. Returns from nine of the leading counties show that Foraker ran 10,365 behing the ticket.

IOWA.

Republicans Claim the Election of All Except the Governor.

DES MOINES, Nov. 7.—The additional returns on the legislative ticket show that the republican majority on a joint ballot will be eight, thus insuring the re-election of Senator Allison.

The Register, Rep., says: The revised figures give Boies, for governor, 4790 plurality, and indicate the probable election of all the republican state ticket except the governor.

IT WILL NEVER BE KNOWN.

Which One of the Dakotas Was Admitted First.

WASHINGTON, Nov. 7.—Efforts have been made recently to establish the priority of admission into the Union of one of the Dakotas. It now transpires that no one knows which was admitted first. On Saturday the President received from the State Department the two proclamations, deficient only to the extent of his signature. The question of priority at once came up, and it was found to be difficult to decide. After some debate the two documents, unlooked at, were laid face downward on the desk on a sheet of paper, and then they were shuffled together.

When this stage of the game had been reached the proclamations were turned face upward, but protected by the sheet of paper upon which they had been laid. The sheet was slipped aside until the blank spaces for the Presidential signature were exposed. The autograph was appended to each, the ink allowed to dry, the proclamation turned over once more and again vigorously shuffled. The two Dakotas were admitted to the Union of States, and although one of them was ahead of the other just the length of time it took the President to write his name, history will never be able to record the name of the leader. It is a profound mystery, and it will always be so.

A SENSATIONAL SERMON.

How a Preacher Astonished His Congregation.

MINNEAPOLIS (Minn.), Nov. 5.—The Rev. J. A. Graham, pastor of the Holy Trinity, Episcopal Church, astonished his congregation yesterday morning by assuming the role of Robert Elsmere, renouncing Christianity and denying the Bible and the church and their teachings.

So cleverly did the gentleman play the part that a startling scene ensued. Many of his listeners were in tears. Some thought that he was crazy, and all were inexpressibly shocked at his words. His strange discourse was spoken in a very impressive manner, and not a member doubted that he meant all he said, but he did not. He was trying to show the people the evil results of indifference in religion, so that they might get an idea how terrible it was to hear religion denounced.

His main point was to make them see the necessity of clinging to the faith. It was a strange way of getting at the people, but it had its effect and gave them an unusual shaking up on religious questions.

COALING STATION AT HAWAII.

The Subject to be Considered by Secretaries Blain and Tracy.

WASHINGTON Nov. 7.—A subject that will receive the consideration of the secretaries of the state and navy, and will probably be presented in their annual reports, is that of establishing a coaling station on the Pearl river, on the island of Oahu, of the Hawaiian group, about seventy miles from Honolulu. The privilege of establishing a station there was secured to the United States by a treaty concluded with Hawaii by Secretary Bayard, but no appropriation was made by the last congress to make it effective, The site must be purchased and the bar across the mouth of the harbor will have to be blasted out to make an entrance for ships of war. Appropriations to secure this end will probably be urged upon congress.

Cheering News From the Ranges.

Walla Walla Statesman: There have been grand rains recently on the the vast stock ranges of Eastern Washington and the pasture has not only been benefitted thereby, but an abundance of water for winter use is assured. The manner in which the herds of these ranges pass the winter is of interest to all, as the live stock market is naturally affected by it. No one is so devoid of human principles as to desire such a thing, but if this winter proves very rigorous and a large proportion of cattle on the range perish while others come out in the spring in bad condition, the price of cattle will naturally rule higher. It is a deplorable fact, but a fact indeed, that speculators frequently base their calculations and hopes in the cold weather killing the cattle on the ranges. It is also a fact that the owners of these immense herds often neglect their cattle and allow many to die simply because it is cheaper than to take care of them.

Croup Can Be Prevented.

We want every mother to know that croup can be prevented. There is no question about this; as it has been done in thousands of cases, and you may depend upon it that when a child takes the croup it is wholly owing to the negligence of its parents. True croup never appears without due and timely warning; a few hours or a day or two before the attack, the child becomes hoarse. This hoarseness is the first indication of croup, and is a sure sign that croup is to follow, unless promptly and properly treated. The free use of Chamberlain's Cough Remedy as directed with each bottle, under the heading "To prevent croup," will dispel all symptoms of the disease. This first sign of croup, hoarseness, may be overlooked by young mothers or those not familiar with the disease. Under such circumstances, or when not properly treated, the hoarseness becomes more marked, and the child shows shows symptoms of having taken cold, then a peculiar, rrugh cough is developed. Even at this stage Chamberlain's Cough Remedy will prevent the croup, but after the cough has developed the croup is liable to appear at any moment. The proper way is to keep a bottle of this remedy at hand, it costs but 50 cents, and only a few doses, or at most not over a third of a bottle, is required to dispel all symptoms of the disease. Can you afford to risk so much for so little? There is not the least danger in giving this remedy in large and frequent doses, which are always required, as it contains no injurious substance. As proof of this fact we refer to John L. Olson, of Des Moines, whose 18 months-old boy drank the entire contents of a 50 cent bottle of Chamberlain's cough remedy without the least injury. Certainly it made the baby vomit very freely; but after taking a nap he would have been glad to have drank another bottle of the remedy, as he liked it. A similar instance occurred near Valley Springs, Dakota. Mrs. Mattie Johnson's two-year-old daughter, Annie, drank a full bottle of the remedy without injury. This remedy has been the sole reliance of thousands of mothers for croup, and especially as a preventive for many years, and has never been known to fail. It is also invaluable for colds and whooping-cough, For sale by Foshay & Mason.
