WEATHER INDICATIONS.

For Albany and vicinity—Following is the forecast for 24 hours, ending at 8 p. m. to-day: Fair weather, warmer; northerly wind.

GOTTINGS ABOUT TOWN.

Chicago Comedy Co. next Monday. Coming—"Mirror of Ireland." Watch for date. Coming—"Kitty from Cork." Watch for date.

Just received—a large invoice of genuine Estrella cigars at Ellis', 2 for 25c.

Mrs. Dr. Price, of Seattle, is visiting in this city, at the residence of Mrs. Tate.

The second of the series of dancing parties at the opera house last night was a very successful affair.

Luther Claypool, of Paulina, Crook county, who drove across the mountains to Portland by the Barlow route a band of fat cattle, is visiting a few days in this city, the guest of his uncle, James Elkins.

Dr. G. W. Maston has received a fine diamond studded gold Masonic watch charm, emblematical of the Knight Templar and 22d Scottish right degrees, of which there are few in Oregon.

Mrs. Stone, nee Freeland, from Hal-ey, with her daughter Olive Freeland, is visiting in this city. The daughter is seeking medical treatment. Mrs. Stone came from Roseburg yesterday morning, where she had been to attend the funeral of her brother, Samuel K. Raymond, who died of pulmonary disease at the age of 55 years.

The entire day yesterday in the circuit court was consumed in hearing the evidence read in the Workman divorce case. All the neighborhood gossip that has occurred in Seaside since the war and much besides is woven into it. The case will probably occupy the attention of the court all day to-day.

Professor Rork addressed a fair sized audience at the W. C. T. U. hall last evening, on the subject of the new union labor and prohibition party. Prof. Rork is a fluent talker, and in the course of the evening managed to explain a few of the radical changes the new party proposes to make when it gets the reins of government.

WILL HAVE TO EAT ORANGES. Oregon's Apple Crop Is Small. Fear is Quality and Abundant. It is said in Portland that the scarcity of apples has caused a sharp advance in prices. A lot was sold to ship to Sitka at \$1 25 per box, and a lot for shipment to China was sold at the same price.

NO LOSS WITHOUT GAIN.

State Chairman Davis Thinks the Democratic Victory May Prove a Blessing

Hon. L. T. Barin, of Oregon City, chairman of the republican state central committee, was in the city yesterday, and said in reply to a questioning reporter: "No, I do not feel in any way solicitous in regard to the democratic gains in these elections. I have been a close observer of politics for a long time, and have been discussing the matter with prominent republicans. It is always the way in the year following the national campaign. The party that is victorious will lose the next year.

"I take satisfaction, in one sense, that things as they are, for it will, I am sure, be the means of stimulating the republicans and making them work harder another campaign. "No, there is nothing moving in the state committee work now. I shall call a meeting of the committee about the usual time in the spring, probably in March, and until that time things will be quiet."—Oregonian.

AN OPEN LETTER.

TO THE EDITOR OF THE HERALD: Allow me to say through your paper that I saw an item in the Albany Daily Democrat of the 8th inst. entitled "A Sad Spectacle," which I presume was intended by the editors of that paper to refer to myself. If so it was a mean, contemptible lie of the basest kind, and is only another evidence of that paper's unfitness toward honest toil, and well shows the deep hatred that exists in the hearts of the editors of that paper for the honest laborer who earns his bread by the sweat of his brow. It makes but little difference to me, but I would advise the editors of the Democrat if they do not wish to show the depravity of their own evil natures to attend to their own business and endeavor in the future, in their own weak way, to learn to respect the man who has to toil for his living.

W. L. VANCE.

Unjust Justice.

The ways of legal proceedings form sometimes a travesty upon justice, that, if it could be divested of the misery vent and suffering attendant upon it, would present the aspect of a broad farce on its face. For instance a man named Dupont is confined in the county jail under the charge of having appropriated a blanket to keep his little boy warm. They were traveling with a troop of acrobats, stopped in Shedd, and when they went on the next morning the lady of the house sent on and had the man arrested for stealing the blanket. The man claims the blanket is his own, and that he can prove it by his wife, who is in San Francisco, and the man who was with him, and in order to procure the witnesses his case was continued until the next term, and he must lie in jail, his boy be sent to the mother in San Francisco by charity, all for a single fault—if it was committed—which should have been condoned in the first place, and an indictment that should not have been found to saddle costs upon the county.

Sentences for Ten Years.

In the case of Hill, the train wrecker, who was found guilty of manslaughter, a motion was made yesterday to set aside the verdict of the jury. Judge Boise overruled the motion, however, and sentenced Hill to ten years in the penitentiary and a fine of \$25. The sentence is light, considering the enormity of the offense, and it is a sad commentary on the laws of the country that the other two parties who were equally guilty with Hill in the crime should have escaped scot free. Hill was taken to the penitentiary at noon yesterday.

An Important Move.

The Albany & Astoria Railway Company of this city has purchased the entire plant of Seale & Deane, which was used on the Oregon Pacific road. The plant is sufficient for use by a force of 1000 men. It will be seen that the Albany & Astoria Co. means business. Some further important developments concerning the movements of this road may be expected soon.

A Ton of Santiam Ore.

Messrs. W. F. Read and Capt. E. J. Lanning have returned from the mines of the Albany Mining & Milling Co., up the Santiam. They brought out a ton of ore, which will be shipped to San Francisco for a practical working test. Recent developments in these mines point to a general mining boom in the Santiam district in the near future.

G. A. R. Encampment.

The encampment of the Grand Army and the convention of the Woman's Relief Corps will be held at Eugene, February 12th and 13th. It is expected there will be an attendance of 400 and to entertain them Eugene is already making preparations.

To the Ladies.

Mrs. S. A. Wayne, of San Francisco, would be pleased to have the ladies of Albany and vicinity call and examine her stock of millinery, which is of the very latest importation at very reasonable prices. She would be pleased to receive calls from all the ladies, even though they do not wish to purchase. She will be at the St. Charles hotel for a short time.

The people of Albany and vicinity are very cordially invited to call and inspect our new stock in the Blumberg block. H. C. Hubbard, proprietor.

STATE DISPATCHES.

The Mania for Self-Amputation at the Penitentiary Continues—Portland News.

Special to the Herald.] SALEM, Nov. 8.—The certified tax roll of Wallowa county shows a total taxable property, \$756,567; polls, 757. Clackamas total taxable property, \$2,842,469; polls, 1639.

J. D. Moore was left at the penitentiary to-day, being the first prisoner from the new Harney county. He comes for one year for polygamy. It took three weeks to clear the docket.

For some reason or another, unknown to the outside world, convicts in the Oregon penitentiary continue to cut off or attempt to cut off their hands. The latest to perform the self-amputation feat were Cummings and Burke, from Multnomah. The former succeeded only in cutting a piece off the end of one finger. The latter made two bad backs to the bone. Five now have performed this feat and in punishment they will be kept in dungeons.

J. E. McCoy, of Salem, was awarded the contract for building an electric street railway line to the penitentiary. Work begins at once. His contract is for the road bed only.

W. A. Hill was brought to the penitentiary from Linn county on a ten-year sentence for manslaughter. He wrecked a train at the Lebanon switch.

PORTLAND NEWS.

PORTLAND, Nov. 8.—Arthur M. Plato, an employment agent, was arrested to-day on a charge of larceny preferred by R. S. Jones, who paid him \$1 for a position which Plato guaranteed him. Jones did not secure the position, hence the charge.

Joseph Holladay has returned and been put under arrest. He was released on \$1000 cash bail until he purges himself of contempt.

Governor Moore Censured.

Spokane Falls Review: Governor Moore's failure to attach his signature to the constitution forwarded to Washington by an official messenger is not justified by his explanation. He did wrong in taking anything for granted, or in jumping at conclusions. The law gave simple and explicit directions to the territorial officers. A school-boy need not have erred in following these instructions. However, no great harm can follow the error. It has temporarily clogged the wheels of government, but a little time will remedy all that and the new mechanism will soon be working smoothly and satisfactorily. The governor and his friends are probably more deeply chagrined than the general public over the unfortunate occurrence.

Theological Department.

It is announced that the newly established theological department of the Willamette university opened yesterday for the school year of 1889-90. The following are the professors of the new department as organized: Rev. T. Van Scoy, president of the university; Rev. M. C. Wire, dean of the theological department and professor of New Testament Greek; Rev. William Rollins, professor of Hebrew; Rev. N. Doane, professor of systematic theology; Rev. H. K. Hines, professor of historical theology. Three courses of study have been arranged: The degree course, the diploma course and the eclectic English course. The course of study extends through three years, and the school year closes with the literary department in June of each year.

No Catfish.

The Salem Statesman says: The state fish commission announces itself as being practically opposed to the introduction of catfish in any of the waters of Oregon, saying that they are enemies to our salmon and other food fishes, and that our fish are superior to catfish in every respect, while the latter was of no commercial value. The commission has been applied to for catfish to introduce into lakes and streams, but for the reasons above stated has declined to furnish them.

Fine Bargain.

Yesterday G. L. Blackman bought of Fred Grimmer 80 acres of land, two miles above the ferry in Benton county, for \$1500. The land contains an excellent stone quarry, with croppings that indicate granite of a superior quality, and will undoubtedly prove very valuable.

SAD DROWNING.

A Mother and Seven Children Drowned at Yaquina.

Advices are received of a heart-rending accident that took place on Thursday at Yaquina Bay. A family named Parker, consisting of the father, mother and seven children, ranging in age from eight months to 12 years, and a brother-in-law named Wagner, all recently from Dakota, entered a rickety boat at Newport wharf to cross to South Beach on the way to a ranch that had been purchased by Parker. The boat got into the breakers and was capsized, and all the inmates excepting Parker, who swam ashore, were drowned. The bodies of Mrs. Parker and six of the children have been recovered. Wagner and the other child had not been found at last accounts.

A SERIOUS BLUNDER.

A Lady Nearly Prostrated by a Patent Medicine. A lady well-known in the Western Addition has been a great sufferer for years with indigestion and dyspepsia. Struck with the testimonials praising Joy's Vegetable Sarsaparilla, she sent for a bottle. The druggist, not having it, talked them into taking another Sarsaparilla. As the leading Sarsaparilla use mineral blood purifiers, the effect of the emptying of Jodide of Potash into a stomach already distressingly delicate was disastrous, almost prostrating her before the mistake was rectified. She then called upon Mrs. Fowler, of 37 Ellis street, whose name was among those cured by Joy's Vegetable Sarsaparilla. Mrs. Fowler said it was true that it had cured her. Again reassured, the vegetable compound was sent for and gotten. The gentle action of its vegetable stimulants upon the liver, kidneys and alimentary organs, and its warming stomach action, were the very things needed, and she began improving and was herold self within a fortnight. This sounds like fiction, but the names can be given if necessary. —San Francisco Examiner.
