Dr. G. A. Whitney returned yesterday from a trip up to the front on the Oregon Pacific work. He will shortly establish a tent hospital somewhere at the front.

Baker City and Corvallis are the next two towns of Oregon that will have street cars. A company is incorporated in each case who will begin construction work immediately.

The regular semi-monthly meeting of the W. C. T. U. this afternoon will be one of special prayer for the success of the national convention, now in session. A full attendance is desired.

The Astoria Transcript says that the work on the Hillsboro end of the Astoria road is being pushed rapidly forward. A contract for grading ten miles has been let and a large force of men are at work.

The Southern Pacific will soon have its tracks in Oregon enclosed with substantial fences. Past events have proven most conclusively that there will be a great saving of life and property thereby.

Laborers are being conveyed to the front by every train to work on the extension of the Oregon Pacific eastward, and railroad men express the belief that work can be prosecuted all winter, almost without cessation.

Hon. Jeff Myers, of Linn county, has purchased twenty acres adjoining Capital Park addition to Salem, for a consideration of \$4000. He says he will plat it immediately, laying it off in blocks and lots, and put it on the market.

The regular meeting of the Y. W. C. T. U. will be held this evening at their hall at 7:30. Business of importance will come before the society, and your presence is earnestly requested. Opportunity will be given for the reception of new members.

It is said that at Brownsville the other day Layman Butts and Mrs. Clark, both aged people, became enraged at each other in some trivial quarrel, and Butts struck Mrs. Clark, who is infirm and nearly blind, a blow in the face. He was arrested and fined before Justice Hume, which served him right.

They have fitted up neat quarters in the property next to the post office. They purchased yesterday five acres of N. A. Blodgett south-west of the city for \$250 per acre. They are enterprising men and will do a good business.

Thanksgiving Turkey.

We have made arrangements for a fine lot of stall-fed turkeys, and those desiring a nice fat turkey for their Thanksgiving dinner will do well to leave orders at the Willamette Packing Company's store in time to secure the best.

THE BOARD OF TRADE.

It Should Take "Burr of Life" or Some thing to Rejuvenate It.

Considerable inquiry has been made recently as to why the Albany Board of Trade does not take some part in the present activity and growth of the city. In other cities boards of trade are doing much toward promoting the prosperity of their respective places, and the Albany board has been instrumental in aiding several important enterprises heretofore, but recently it has fallen into a state of lethargy that suggests some powerful stimulant as the only means of bringing it into active operation again.

Albany is taking on a steady and rapid growth now, and the Board of Trade should be an active factor in promoting such enterprises as will aid in the material advancement of the city's interests. Albany is already growing rapidly, but the Board of Trade by organizing itself into a board of immigration could do much toward adding to the population of the country. It is estimated that not less than 100,000 people per annum is being added to the population of Oregon. This portion of the state, possessing the natural advantages, the shipping facilities and rich soil that it does, should receive a larger share of this immigration than it does now.

TRouble AT CHEMAWA.

Charges that Rev. H. A. Irwin is Destroying the Discipline at the Indian School.

Saturday one of the instructors at the Chemawa Indian school, near Salem, was in Portland, and made serious charges against Rev. H. A. Irwin, the superintendent. He alleges that Irwin is destroying the discipline by ordering the pupils not to accept any instruction from the corps of teachers now employed there. He says that Irwin's conduct is attributed to his desire to rid himself of the present corps and employ another. The pupils are at a loss to know whom they should obey, and serious trouble is liable to arise.

The Portland Telegram says of the trouble: Irwin was appointed to the position about three months ago, but how he can continue to hold the office is a query, when the fact is considered that during the September Methodist conference he was found guilty of falsehood and libel while editing a paper in Union, for which the bishop reprimanded him and nothing more.

There is also another serious charge against him which will, however, not be pushed, that of being unfaithful to a fiduciary trust.

REAL ESTATE SALES.

The following real estate sales were recorded yesterday: G. R. Blackman to Fred Grammer, parcel in block 23, Hackleman's 3d addition, \$500.

Allen & Hawkins addition to Albany, Filed.

Fair Dale addition to Albany, by W. T. Wiles, Filed.

A Case of Unrequited Affection.

There is an old rooster in McMinnville who has got into the habit of proposing to the girls of that town, and has made an unmitigated nuisance of himself, says the West Side. He called on a fair damsel one day last week and poured his soul into her unwilling ear, declaring that it were better he were dead than to live without her; he then invited her, in a cracked voice to become the companion of his declining years; the partner of his joys and sorrows, etc., etc. She wanted none of him, however, and she went out and got several of her chums. Together they tied the aged swain to a bed post and whaled him with a mop; then they combed his hair with a rake, put treacle and apple-jack on his old bald head and down his neck and played the hose on him. He is now seeking the aid of the law for protection against the ire of the festive McMinnville girl.

Severe Accident.

A man by the name of Watson, working for Mr. Wm. Sullivan cutting ties, a mile and a half below Gates on the Oregon Pacific railroad, had the misfortune yesterday to cut his foot very severely. The ax cut through the toe next to the smallest, severing the bone and cutting diagonally through the foot, penetrating clear through the bottom of the sole of his shoe. The wound was dressed by a doctor from Mill City, and the young man was resting easy at last accounts, but it will be some time before he uses that foot again. He was half a mile from the camp when the accident happened, and nearly fainted from loss of blood before he got in.

Grading Washington Street.

Dr. D. M. Jones has half a dozen teams engaged in cutting down the grade on Washington street in front of his residence. The city council will probably take some action regarding the work, and order the grading done through to First street, at its regular meeting to-night.

Accidents are happening daily to those who least expect them. Be on the safe side and insure with Wm. in the Travelers.

THE OREGON PACIFIC.

The Track Laid to Breitenbush—Work on the Bridge—Construction Notes.

Vice-President Wm. M. Hoag, Chief Engineer Schenk, A. Hackleman, F. F. Simpson and others returned on a special train last evening from the front on the Oregon Pacific railroad.

The track is now laid to Breitenbush, and a force of 1000 graders are busily engaged pushing the road toward the summit. A force of bridge carpenters are at work under Frank J. Miller, superintendent of bridges, putting in the Breitenbush bridge. It will be completed and ready for trains to cross within a week.

Trains run daily to the end of the track and return, and many men are constantly being sent to the front and given employment. It is thought the work on the road will be prosecuted all winter.

CORVALLIS NOTES.

Circuit court convened on Monday in the new court house.

The new public school, costing \$25,000, will be ready for occupancy in a few days.

With the fine buildings of the state agricultural college, the new court house and the public school, Corvallis is becoming noted for the excellence of its public improvements.

Rumor has it that the Southern Pacific will complete its line from this point to a junction with the main line the coming spring. If this proves true the West Side will have an immense boom.

The plan of a canal for the purpose of furnishing water for manufacturing purposes, which has received much attention from leading citizens and its practicability having been assured by engineers employed for the purpose, steps will be taken at an early day towards its construction. Liberal inducements will be offered manufacturers to locate here.

The Chicago Comedy Company.

This well known company in the opening of their return engagement at the opera house last evening was greeted by a large audience. The play "Engaged" is an exceedingly humorous production, and the audience was kept in a roar of laughter. The company has two new members, Miss Mamie Smith and Mr. Arthur Sutherland. Some fine costumes were worn during the evening. James Devlin, as Cheviot Hill, brought down the house, and the other members of the company exhibited some clever acting, which won a hearty applause. To-night will be presented "Lady Audley's Secret," and a farce. This is one of the company's greatest successes, and another large audience will doubtless be present.

The Grants Pass Factory.

R. A. Booth, of the Grants Pass Sugar Pine Manufacturing Co., is in the city, looking after the matter of the establishment of their proposed factory here. The business men of Albany are taking hold of the enterprise in a manner that seems likely to insure its success. The factory will be a valuable addition to the city's manufacturing industries.

RAILROAD DIGTARIES.

PORTLAND, Nov. 11.—A party of Eastern railroad men, all representatives of the Vanderbilt system, arrived in this city by special train yesterday afternoon. They were met at Hood river by Messrs. A. L. Maxwell, of the O. R. & N., and C. C. Crane, local representative of Vanderbilt's system.

IS HE GIBBS?

There are many of the leading officers here who believe that the colored man recently arrested in Yreka is H. C. Gibbs, murderer of young James McDevlin. Chief Deputy Sheriff Witherell is in receipt of a telegram from Sheriff Moxie, of Siskiyou county, in which he gives a description of the captive, which tallies in almost every respect with Gibbs' appearance, excepting his high lip, but that discrepancy is a slight one.

Chief Deputy Gretmerch, who saw the telegraphic description of the Yreka prisoner this morning, states that there is every probability that he is the fugitive murderer. At any event an interesting question will be settled in a day or two.

A POPULAR ESTABLISHMENT.

How Julius Gradwohl's Golden Rule Bazaar Meets the Public Want.

One of the most extensive and elegantly stocked establishments in the Willamette valley is to be found in the Golden Rule Bazaar store of Julius Gradwohl in this city. In order to accommodate his many customers he is in the field early this year, and has already commenced receiving his immense line of beautiful goods for the fall and winter and for the holidays, and has one of the most gorgeous and dazzling displays to be seen in any Golden Rule Bazaar in Oregon. The line carried comprises a bewildering assortment of fine china, latest styles and most delicate designs. The beautiful china and glassware, together with the decorated and fancy wares, novelties, elegant stand and hanging lamps, toys, boys' wagons and general bazaar goods, present a scene well worth one's time to visit.

Here may be found a complete line of table cutlery of the celebrated makes, Roger Bros' silver and silver plated goods and Bohemian wares of every variety while his stock of dolls, toys, toilet silver, and novelties for the children will be larger than ever before. Mr. Gradwohl has enlarged his stock in such a complete manner that his Golden Rule Bazaar is not only a credit to the city of Albany but to the entire Willamette valley, being one of the most extensive establishments of the kind in Oregon. The most important feature to purchasers is in prices, and when we assert that his prices are as low as any house in the state and that his goods are sold at figures that cannot be equaled in the Northwest, it is but the recital of an absolute fact. It will be to the interests of the country merchants to purchase their holiday goods from this establishment, and orders should be sent in at once.

Mr. Gradwohl has long since proven his adaptability to this business, and it is taking no risk to say that this emporium of elegant fancy and decorative ware is the most complete in the Willamette valley. Those who deal at the Golden Rule Bazaar, will find a large assortment to choose from, and a square, reliable gentleman to deal with.
