### OVER THE WIRES.

The Shocking Crime of a California Minister.

### SENATORIAL CRONIN TRIAL.

A Committee from the Catholic Congress Call Upon President Harrison—Eastern News Items.

The Herald's Special Despatch. STOCKTON, Nov. 12.—The report has been received here that a Congressional minister named Ross had killed his wife and 12-year-old son and then committed suicide at Lockport, about fifteen or twenty miles from here at 4 o'clock this morning. No detailed particulars of the tragedy have been received.

### THE TIMES SUIT.

Fierce Accusations of Treason and Infamous Outrages.

LONDON, Nov. 12.—Sir Henry James continued his speech on behalf of the Times before the Parnell commission to-day. He pointed out an abundance of evidence that had been produced to show the common aims and methods of the Irish republican brotherhood and Clan-na-Gael. The skirmish fund, he declared, was a murder fund, behind the pretense of a constitutional method. That the members of the Parnell party sought to conceal their active alliance with the secret societies, many of the members of which were ready to commit murder and infamous outrages.

### A Woman Testifies who Heard Dr. Cronin's Death Cry.

CHICAGO, Nov. 12.—At the opening of the Cronin trial this morning State Attorney Longenecker offered the testimony the experts had omitted in the evidence, but did not offer the other specimens, such as blood stained pieces of wool. Pauline Hoelstel was called. She testified that she passed the Carlton cottage between 8 and 9 o'clock on the night of the murder. She says when a horse drawing a buggy in which were 40 men was driven up to the cottage, a large man got out of the buggy and taking a satchel or box out of the buggy entered the cottage. The driver of the white horse at once turned around and drove back toward the city. The witness stated that she then heard somebody crying, "Oh, God!" and then a sound of hard blows and of some body falling.

### NEW TRAFFIC AGREEMENT.

The First Official Intimation Made by the Chicago & Northwestern.

CHICAGO, Nov. 11.—The first official intimation of the reported traffic arrangement between the Chicago & Northwestern and Union Pacific railroads came from the former to-day. The companies have formed a combination for the handling of freight and passengers, and the joint through service is to be known as the Chicago, Union Pacific & Northwestern line. A fast limited mail train will be established November 17, whereby passengers and mail will be carried through from Chicago to Portland and San Francisco, making the time from Chicago to Portland eighty-three hours, and from Chicago to San Francisco eighty-five hours. This will reduce the time heretofore made on the Chicago & Northwestern, as well as the New York and Eastern mail to Portland seven hours, and to San Francisco twelve hours, the arriving time of the new train being 6:10 A. M. at Portland, and 10:45 A. M. at San Francisco, instead of in the evening, as heretofore. It makes the practical delivery of mails twenty-four hours quicker. A similar reduction in the time Eastbound is made on passengers and mail, which now reach Chicago at 8:30 A. M.

The sixteenth annual meeting of the National Woman's Christian Temperance Union now in session in Chicago, bids fair to be one of the most interesting meetings ever held. ### TWO CIVIL SERVICE CRANKS.

Secretary Noble and the Cherokee Outlet Colored Men Call on Harrison—The Speakership Contest.

Special Correspondence. WASHINGTON, Nov. 4.—Senator Pettigrew, of South Dakota, who passed through Washington a few days ago, is a good representative of the material interests of that state. He wears clothes manufactured at his own mill, at Sioux Falls, from wool grown on Dakota sheep. There is no doubt about where he stands on the tariff question.

The number of Government employes that have gone to their homes in the several states to vote is unusually large for an "off year" election. There is much newspaper talk about the Civil Service Commission's prosecuting members of a Virginia republican club in this city for sending circulars to Government clerks asking contributions, to the campaign fund, but there are few people that think anything will come out of it, for the very good reason that the club violated no law in sending out these circulars. The only thing so far made apparent by this cyclone in a tea-kettle, is that at least two of the Civil Service Commissioners should padlock their jaws if they hope to escape the ridicule of the country.

Secretary Noble is receiving commendation from all quarters for his bold attack upon the cattle ring of the Cherokee outlet, and he deserves them all, for it was a courageous stand for him to take, and it was taken against a pressure that few people outside of the Secretary's office have any conception of.

Representative Perkins, of Kansas, who has been stumping Virginia for the republicans, has had an experience that he says he is not anxious to repeat. He has been continually abused and misrepresented by the press of the state, and to cap the climax, the proprietor of a hotel at Orange Court House compelled him to leave the house, after he had made a speech, and he had to go some miles before he could get a meal.

A committee of colored men from the late Baptist convention held at Indianapolis called on the President, while here, and presented the resolutions adopted by the convention as a gift to Congress to appropriate \$50,000 to assist the negroes of the South to go west. They also called on the Attorney General in relation to recent outrages perpetrated upon colored men in the South for attempting to exercise the elective franchise.

Owing to the various state elections, the canvass for the Speakership of the House has been extremely quiet during the past week. But after this week things will begin to get lively. The Postmaster General has definitely settled the question of rats to be paid by the Government to the telegraph companies for transmitting official messages, which has been in dispute for several months. The rates named by Mr. Wanamaker are substantially the same as those charged to general public by the Baltimore and the Ohio telegraph company at the time of its absorption by the Western Union.

Commissioner Raum says his new rule requiring all applications for pensions involving any considerable amount of money to be submitted to him for examination and approval before the certificate is issued, works smoothly and does not delay the business of the office at all.

Secretary Blaine accompanied a party to the White House the other day that attracted the attention of all the passers-by on account of the gorgeousness of their uniforms. It was a party of French naval officers, who had come over from Baltimore, where their ship is lying at anchor, for the express purpose of paying their respects to the President. Mr. Blaine presented them.

Important Notice. Owing to the change in ownership of the Albany and Santiam canal, the Magnolia flouring mills and city water works, all persons indebted to me are hereby notified to call at the office and settle the same immediately.
