### OVER THE WIRES.

Squire and Allen Will Be Washington's U. S. Senators.

### FIGHTING IN RIO DE JANEIRO.

Two Girls on a Jaunt Around the World—News East of the Rockies Old World Affairs.

The HERALD'S Special Despatches.  
OLYMPIA, Nov. 19.—The vote in the senatorial contest to-day resulted as follows: East Side senatorship in the house: Allen 46, Turner 14, Brents 1, Voorhees 8. In the senate: Allen 29, Turner 6.  
Ex-Governor Squire was also elected West Side senator on the first ballot.

### BRAZIL AFFAIRS.

A Movement to Restore Dom Pedro Said to be Afoot.

LONDON, November 19.—Dispatches from Rio De Janeiro state that Da Torasca, president of new ministry, has formally announced deputies of supreme executive authority, and until the country shall have decided upon new government ordinance funds of administration will continue as under the old regime.  
Dispatches of yesterday have afforded reassurance in financial circles. Brazilian securities have recovered much of the ground lost yesterday, and were quoted as from one to two points higher than last night's closing prices. A few privileges on change that the government will injuriously affect Brazilian financial obligations.  
Rio Janeiro Republic has been proclaimed in all the provinces.

### A FIGHT REPORTED.

PARIS, Nov. 19.—The Figaro says that the merchants in Hamburg have received dispatches from Rio Janeiro stating that a movement has been started in this city for the restoration of Dom Pedro, and that fighting has occurred in the streets between the monarchists and the republicans.

### A LONG JAUNT.

Two Young Ladies Racing Around the World on a Wager.

RENO (Nev.), Nov. 19.—Miss Elizabeth Bisland, a young lady who is to compete on behalf of the Cosmopolitan magazine, with Nellie Bly, of the New York World, her effort to make the trip around the world in 75 days, passed through here last night on a fast mail train. She will arrive in San Francisco to-day and sail for China by steamer Oceanic not later than Thursday next.

### THE NEW FAST MAIL SERVICE.

The First East-Bound Train Passed Union Station Monday Evening.

UNION STATION, Or., Nov. 18.—The first train of the new fast mail service passed here this evening on time. Colonel John McCracken, F. A. Carle and C. P. Church, of Portland, were among the passengers. An average speed of thirty miles was maintained, the train stopping at all the stations on the road. From Huntington to Granger, 641 miles, but five stops will be made, with extra fast time.

### AMERICAN CONGRESS.

It is Called to Order for the Trans-action of Business.

WASHINGTON, Nov. 18.—In the American congress to-day two more delegates were admitted, making a full representation of all the American nationalities. These two were Mr. Latostreie of Hayti, and his secretary, Mr. Preston, General Preston's son and Senator De Cord of Paraguay. President Blaine has appointed Senator Zegara of Peru and Dr. Guseman of Nicaragua, acting secretaries pro tem. They are to interpret the speeches of the delegates. After President Blaine had called the congress to order, he asked the committee on rules if it was ready to report. It was not, and as nothing could be done until the rules were formulated, it was decided to adjourn until 1 o'clock Wednesday. It has also been decided for the present, or until the committee on rules makes a different arrangement, that the congress shall meet but three days in each week—Monday, Wednesday and Friday—at 1 o'clock each day for the present. This thought to be as frequent as meetings can be held to advantage. A committee of three was appointed to examine the credentials of the delegates present and it is to report Wednesday.

It was settled to-day that the southern republicans would meet here Wednesday or Thursday next to ascertain whether they can act in unity in the election of the officers of the coming congress, and for their further interests hereafter.

There was some confusion in the proceedings, owing to the fact that several of the delegates do not understand the English language. Delegate Quintana, of the Argentine Republic, wished the appointment of two secretaries, one that the English and Spanish speaking delegates might be equally represented. After a discussion the proposition went over until the next session, but in the meanwhile two of the delegates were selected to act as secretaries until the

arrangements were made. All of the motions and remarks were thereafter translated making the proceedings somewhat slow.

The committee on committees presented a report providing for the appointment of a number of committees to consider and report on various important points, among them one on the basis for an American customs union and the ratification of that subject, three committees on the means of extending and improving the facilities for transportation, and postal and telegraph communication, others on railway communication, customs regulations, a uniform system of weights and measures, sanitary regulations, the protection of patents, trademarks, etc., extradition, the basis of a monetary convention, the extension of the banking and credit systems, international law, arbitration and other topics. The report was laid aside for future consideration.  
Through the courtesy of the Mexican government, the congress has been supplied with several Spanish stenographers.

### THE NICARAGUA CANAL.

Satisfactory Outlook for the Progress of the Work.

SAN JUAN DEL NORTE, Oct. 28.—Everybody is enthusiastic over the canal. The American engineers will make a cut three miles long which will sever the backbone of the new world and eventually connect the Atlantic ocean with the Pacific. To-day the chief engineer and the Nicaraguan Commissioners start for Managua to smoke the pipe of peace and generally shake hands over the pleasant and promised state of affairs which has succeeded the recent little unpleasantness between Nicaragua and Costa Rica.

### SUPERSEDES THE SILKWORM.

A Syrian Who Produces Silk From Mulberry Bark.

NEW YORK HERALD.  
If Moussa Effendi Khouri is right, the value of silkworms will soon be very much depreciated. This gentleman is a Syrian and a native of Beyrout. For years he has been trying to manufacture silk without the aid of silkworms, and now he claims that he has succeeded. He has patented his invention in the east and in all the countries of Europe. In this country he has also filed an application for a patent.  
After studying for a long time the manner in which silkworms do their work Moussa Effendi Khouri came to the conclusion that quite a fine silk could be made out of the twigs and bark of the mulberry tree, as is made at present from the leaves. He therefore experimented with the bark and twigs, discarding the services of the worms altogether, and after years of labor he succeeded in producing a silk which has been pronounced by European experts to be no wit inferior to the article manufactured by silkworms.  
In appreciation of Moussa Effendi Khouri's devotion to science, the Turkish Government has granted him certain rights over all the mulberry trees in the Sultan's domains. "So long as I have enough mulberry trees," says Khouri, "I can produce silk at less than half what it costs when produced by silkworms."

### Money to Loan.

Money to loan at a low rate of interest, on improved farm and city property, in sums of \$200 to \$10,000. For particulars call on Burkhardt & Malin, Real Estate Agents.

Fifty pieces of furniture given with all cook stoves or ranges sold by Matthews & Washburn.

Farmers! I must have your butter and eggs. U. E. Brownell.

### WASHINGTON NEWS.

Return of the Delegates of the Three America's Congress.

### THE SUPREME COURT VACANCY

The President's Forthcoming Message—New York Notes and Political Gossip from the Capital.

Special Correspondence.  
WASHINGTON, Nov. 11.—The Three America's Congress returned from its long excursion this week. That the foreign members have been most favorably impressed by what they have seen, there is no doubt, and that they will be prepared to join the representations of this country in devising some practical means of increasing commercial intercourse between American countries is hoped for all.  
Ohio democrats are already talking about the way in which they are going to cut up the Congressional districts of that state in order to have at least fifteen Democratic Representatives elected to the Fifty-second Congress. McKinley's district is to be made hopelessly democratic. They want to get him out of the House because of his tariff views.  
Postmaster General Wanamaker has received a letter from the postmaster at Louisa, Kentucky, stating that the democrats of his neighborhood blew up his office with dynamite to celebrate the Ohio victory. The matter will be investigated by Post-office officials.  
It is stated here on what appears to be good authority that the appointment to the vacancy on the bench of the Supreme Court will not be made until January. From the same source comes the statement that the President has definitely decided not to appoint Attorney General Miller to the position.

There is a feeling here caused largely by quiet hints from prominent men, that as soon as the President gets his message off his hands there will be a large number of appointments made.  
The recent elections have largely caused a number of republican congressmen, who had been "on the fence" to declare themselves in favor of repealing the civil service law.

Secretary Windom has at last succeeded in finding a man whom he thinks suited to be Commissioner of Navigation, and the President has appointed him. The fortunate gentleman is W. W. Bates, of New York.  
That Senator Allison escaped the democratic landslide in Iowa is a matter of thankfulness to every republican in the United States. His absence from the floor of the Senate would be an irreparable loss to the party as well as to the country. As an all-around statesman Senator Allison has few equals, and no superior.  
Ex-President Cleveland was here last week to attend the marriage of ex-secretary of State Bayard. He afterwards called on the President, with whom he spent a pleasant hour.

### Group Can Be Prevented.

We want every mother to know that croup can be prevented. There is no question about this; as it has been done in thousands of cases, and you may depend upon it that when a child takes the croup it is wholly owing to the negligence of its parents. True croup never appears without due and timely warning; a few hours or a day or two before the attack, the child becomes hoarse. This hoarseness is the first indication of croup, and is a sure sign that croup is to follow, unless promptly and properly treated. The free use of Chamberlain's Cough Remedy as "prevented croup," under the heading "To prevent croup," will dispel all symptoms of the disease. This first sign of croup, hoarseness, may be overlooked by young mothers or those not familiar with the disease. Under such circumstances, or when not properly treated, the hoarseness becomes more marked, and the child shows symptoms of having taken cold, then a peculiar rrrugh cough is developed. Even at this stage Chamberlain's Cough Remedy will prevent the croup, but if the cough has developed the remedy is liable to appear at any moment. The proper way is to keep a bottle of this remedy at hand, it costs but 50c, and only a few doses, or at most one of a third of a bottle, is required to dispel all symptoms of the disease. Can you afford to risk so much for so little? There is not the least danger in giving this remedy in large or frequent doses, which are always required, as it contains no injurious substance. As proof of this fact refer to John L. Olson, of Des Moines, 18 months-old boy drank a centimic contents of a 50 cent bottle of Chamberlain's cough remedy with the least injury. Certainly it is the baby vomit very freely; but after taking a nap he would have been; I to have drank another bottle of remedy, as he liked it. A similar instance occurred near Valley Springs, Dakota. Mrs. Mattie Johnson, a 1-year-old daughter, Annie, drank a bottle of the remedy without injury. This remedy has been the sole reliance of thousands of mothers in croup, and especially as a preventive for many years, and has never been known to fail. It is also invaluable for colds and whooping-cough. For sale by Foshy & Mason.

### Why Women Fade

Women lose their beauty because of colds underlining their life. Atter's English Remedy for consumption is an absolute cure for colds.

### Durno's Catarrh Snuff.

Sure cure for sore eyes, deafness, headache, and the worst form of catarrh in the head and throat. Price 25 cents. Sold by Foshy & Mason, Albany, Oregon.

### What can we reason for what we do?

Brooklyn sells goods because his price is cheap, and especially as a preventive for many years, and has never been known to fail. It is also invaluable for colds and whooping-cough. For sale by Foshy & Mason.
