EDITORIAL NOTES. ONE of the strongest advocates of the silver coinage is Senator Allison of Iowa.

GEN. BUTLER is suggested in the east as the most probable candidate for the prohibition party for the next presidential nomination.

That picture canvasser who traveled over Minneapolis, calling upon nearly all the families while he was breaking out with the smallpox, gained a good many anatomists.

The younger of the two women taken from Michigan to Kansas, suspected of being the Bender woman, has proven that she is just as she claimed to be, Mrs. Johnson, and was living at Wild Fowl Bay in Michigan in 1873 and 1874.

WORCESTER, MASS., has arrived at an appreciative knowledge of the dangers of the garbage business, and has commenced the building of a crematory in which to burn the garbage until its dangerous properties are removed.

As smart as a Philadelphia lawyer is soon to be supplanted by "as smart as a Philadelphia doctor." We are gravely assured in a letter to the Cincinnati Enquirer that a physician in the city of Brotherly Love has actually located the soul.

The cormorants who prey upon the public, by forcing margins into their pockets through the trust and other speculative methods without returning any equivalent, must eventually come to the end of their power in the matter.

and the stock market, but now every leading article of produce has its "exchange," where the cries all day long are for bets on "futures," and the victims are so many plucked gamblers, or adventurers who have gone on an expedition for wool and came back shorn.

The commercial and monetary transactions of the country are fluctuated by every political wave in a far greater degree than people think. It is said that with a really remarkable increase in iron production, bank clearings, railroad earnings and exports of domestic products, and in the state of domestic trade at interior points, the prospect for an excellent business were altogether encouraging when the news of revolution in Brazil came to cause some uncertainty.

HE TOOK THE WRONG MEDICINE. Robert Stewart, of Petaluma, recently had a queer experience. He writes: "Carbuncles and boils afflicted my face and neck for weeks. Finally I procured a bottle of one of the leading sarsaparillas. To my surprise it made matters worse. This made me lose faith in Sarsaparillas, but seeing a statement that Joy's Vegetable Sarsaparilla dried up boils and drove eruptions instead of forcing more out, as the potash sarsaparillas do, I bought a bottle. The effect was astonishing. The carbuncles and boils began to dry up, and in two weeks my face was as well and smooth as ever. My brother also took a bottle with the same benefit."

EXPLANATORY NOTE.—The mineral, Iodide of Potash, which is the basis of nearly all the sarsaparillas, attacks the blood directly, hence forces impurities through the skin, creating more boils and pimples. Joy's Vegetable Sarsaparilla acts oppositely. Its vegetable ingredients stimulate the various secretory organs and thus eliminate all impurities through the natural channels, hence dries pimples and skin eruptions at once. The above testimonial is a case in point.
