The ladies of the Presbyterian church desire to express their most hearty thanks to the general public for their liberal patronage at the Japanese Tea held at the armory, and for the interest manifested, which contributed to make the affair so complete a success.

Services at the Evangelical church on Sabbath as follows: Sabbath school at 10 A. M., preaching at 11 A. M., prayer meeting at 6:30 P. M., and preaching at 7:30 P. M. Subject of the morning discourse "Infant Baptism." Revival service in the evening. All are invited.

The amount taken in by the ladies of the Presbyterian church at the Japanese Tea at the armory was \$26.15. This is much larger than was expected and speaks well for Albany. At a similar affair given recently in Tacoma, which claims 18,000 population, only \$630 was taken in, and in Albany with 5000 population the amount was almost as much.

The Japanese Tea.

The very unique and pleasing Japanese Tea given by the ladies of the Presbyterian church at the armory closed last evening. It was attended by fully as great a throng as on the opening evening. The programme as announced was fully carried out, except the corn solo of Prof. David Link, which was unavoidably omitted on account of the absence of the accompanist. A beautiful piano solo was played by Miss Anna Honk. The recitation by Miss Jesse Wagner, of Corvallis, was highly appreciated, and the solo by Miss Minnie Van Horn was sung in her most pleasing manner. The affair has been an entire success in every way. The amount taken in was \$26.15, and a net sum of over \$450 will be realized after the expenses are paid.

THE FERRY BOAT LAUNCHED.

It Will Hit the River too Soon and Make an Excellent Stage.

The new ferry-boat, which is soon to be put in use by the Albany Ferry Co., was launched yesterday afternoon. It was placed on the ways, and was all ready to be loosened and let down into the river, preparatory to receiving its final coat of paint.

The boat was built by Isaac Conn on the river bank immediately below Hochstetler & Sears' planing mill, where it was launched. The contractor was oiling the skids beneath the bulky structure, when it started of its own accord down the incline. One of the guy ropes broke and the other was whirled about a post to which it was attached with so much friction as to cause a flame that resembled crossed lightning. Mr. Conn was caught in the ropes and narrowly escaped being dragged into the river. The boat plunged down the ways and splashed into the river with so much force as to lead the bystanders to think it had been dashed to pieces. It rose, however, and went sailing down the beautiful Willamette as if nothing had happened. It was quickly caught and moored to a wharf, when it will be finished and painted.

Mr. Conn's arm was slightly hurt by the accident, but beyond this no damage was done, and the new ferry-boat will soon be making regular trips across the river. It is somewhat larger than the old boat, and is a substantially built structure.

Oregon Federal Appointments.

The Eastern Oregon Republican says: While it is not given out who the lucky one are, the following list is said to be the slate arranged at Washington within the past two weeks: Surveyor general, J. C. Tolman, of Jackson county; United States marshal, John W. Minto, of Marion county; Collector of customs, at Portland, R. P. Hartman, of Multnomah county; United States district attorney, John C. Leasure, of Umatilla county; Postmaster at Portland, George A. Steel; Collector of customs, at Astoria, J. H. D. Gray, of Clatsop county. The office of collector of internal revenue is still in doubt and although Governor Whitaker, the present incumbent, has tendered his resignation he will doubtless hold his office until it is made manifest what the next congress intends to do regarding the abolition of a government tax upon liquors and tobaccos, in which event the internal revenue business may possibly be transferred to the customs department. The only recognition that Eastern Oregon is likely to get will be the appointment of J. C. Leasure as district attorney. While such an appointment may not be satisfactory to all parties, it will be generally acceptable as any other nomination that could be made, and be as productive of as much harmony within the party ranks as would be an elevation of any other Eastern Oregon aspirant to a federal position.

It is Coming to Oregon.

The speculative tendencies of the past has concentrated on Washington property chiefly, until the past few months, since which time property in good Oregon towns has attracted much attention. When it is considered that matured agricultural, stock and mining interests constitute the foundation for permanent growth in these Oregon towns, it is only surprising that money has not long since found lodgment in these growing states. In less than six months the real activity of the Northwest will be almost wholly in Oregon, and men with means will then wonder why they had not anticipated the future.

Tramps in Winter Quarters.

L. Sowers and H. F. Merrill had a quantity of baled hay removed from a warehouse at the foot of Baker street the other day, when they made a queer discovery. Tramps had effected an entrance through a window and had actually made a long and circuitous tunnel through the huge pile of bales to the rear of the building, where they had removed a sufficient quantity of hay to make comfortable winter sleeping apartments. It showed constant use, and had evidently been occupied by a good many tramps. The owners of the hay disliked to break up their housekeeping but they shipped the hay away.

Injured by a Runaway.

A team owned by L. Faulkner ran away yesterday on Montgomery street. L. W. Deyoe, who was taking his two little boys to school, saw the team coming down the street, and he seized one of the leads and carried him out of the team's way. The other ran behind a wood pile. The team ran into the wood pile and the boy was knocked down and received a severe wound upon the head. Dr. Maston was called and dressed the wound, which is not dangerous.

Helen Blythe Coming.

Helen Blythe, the gifted actress, and her entire company, who have delighted large audiences in Portland recently, and who have won such enthusiastic praise there, will appear in this city next week, playing two nights, Wednesday and Thursday. The opening play will be their great success, "A Mother's Love," and the second evening, "Credie." The Oregonian, which is not given to flattering dramatic companies, says of Helen Blythe: "This very finished artist gave her second performance in her latest success, 'A Mother's Love,' at the New Pacific theatre last night. It is rarely any artist receives the praise and creates so favorable an opinion as did Miss Blythe. It does not seem to be generally known to theatre-goers of Portland that they have in the person of Helen Blythe an extraordinarily gifted actress. Miss Blythe, at 17 years of age, was the leading lady of Daly's theatre, in New York, when Miss Helen was the soprano. It was considered a marvelous thing for a girl to step into the position vacated by Clara Morris and Fanny Davenport. This, however, Miss Blythe did do. The leading journalist in New York, paid a high tribute to her powers, endorsing her as the coming emotional actress, and one of the brightest gems on America's stage. Miss Blythe is surrounded by a splendid dramatic company. Her leading support, John Brown, was leading man for the renowned and lamented Adelaide Nielson, he playing 'Romeo' to her 'Juliet' for two years." The price of admission will be 50 and 75 cents. Reserved seats will be on sale at Blackman's. This will be a really first-class performance, and the Herald predicts that the opera house will be packed both nights.

Go to the Front.

The Orient came up the river yesterday. She was chartered by a company of seventy-five Italian railroad laborers, who will proceed at once to the Oregon Pacific front. They will be employed in pushing the eastward extension, which will reach the summit before many weeks. Already large forces of men are working along the line, but the company is anxious to have the road built through to Boise City and eastern connections as soon as possible.

A Chinese Thief.

The Chinese swill gather, who was arrested the other day for beating his horse, stole two hams yesterday from the grocery store of LaForest & Thompson. He was caught in the act, and Bert Mager, the clerk, gave him a Evely chase down the alley. He was captured and the hams recovered. The Mongolian begged, and was not let off to jail, although he deserved it.

One of the most extensive and elegantly stocked establishments in the Willamette valley is to be found in the Golden Rule Bazaar store of Julius Gradwohl in this city. In order to accommodate his many customers he is in the field only this year, and has already commenced receiving his immense line of beautiful goods for the fall and winter and for the holidays, and has one of the most gorgeous and dazzling displays to be seen in any Golden Rule Bazaar in Oregon.

The line carried comprises a bewildering assortment of fine china, queensware and glassware of the latest styles and most delicate designs. The beautiful china and glassware, together with the decorated and fancy wares, novelties, elegant stand and hanging lamps, toys, boys' wagons and general bazaar goods, present a scene well worth one's time to visit.

Here may be found a complete line of table cutlery of the celebrated makes, Roger Bros' silver and silver plated, gold and Bohemian wares of every variety while his stock of dolls, toys, toilet and fancy goods, in plush and silver, and novelties for the children will be larger than ever before.

Mr. Gradwohl has enlarged his stock in such a complete manner that his Golden Rule Bazaar is not only a credit to the city of Albany but to the entire Willamette valley, being one of the most extensive establishments of the kind in Oregon. The most important feature to purchasers is in prices, and when we assert that his prices are as low as 277 house in the state and that his goods are sold at figures that cannot be equaled in the Northwest, it is but the recital of an absolute fact. It will be to the interests of the country merchants
