FROM BROWNSVILLE. Nominations for City Officers—The Proposed Railroad to the Mines.

BROWNSVILLE, Dec. 10. Born, in this city, on the 10th inst., to the wife of C. H. Elswick, a daughter.

The heaviest rainstorms for years visited us the past two days, but it is getting over now and shows signs of clearing off.

Last Sunday evening Mr. W. B. Smith, who lives near here, fell from the hay loft in his barn, some ten feet, into a wagon, and bruised himself considerably, but it is thought no bones are broken.

There is considerable talk just now about building a railroad to tap the timber and mineral belt near the head of the Calapooya, and a number of our citizens are going to form a company and incorporate, and commence business soon.

The citizens held a meeting at the city hall last night, and placed the following persons in nomination for city officers for the coming year: For president of the council, J. M. Waters; councilmen, J. M. Howe, I. D. Boyer, C. H. Elswick, J. B. R. Morelock; recorder, O. P. Coshov; marshal, John Senger; treasurer, C. E. Starnard. The above is the choice of this city and it remains to be seen whether there will be any more candidates in the field or not.

Mr. H. W. Goddard, superintendent of the Oregonian Railway Company, came up from below this evening to this city, and a meeting of the directors and stockholders of the Trinity Mill and Mining Company is to be held this evening to make the necessary arrangements for active work to begin on the company's claim early in the spring; for what with the favorable opinion of Mr. Harnett, given not long since on our mines above us, and the proposed new railway up the Calapooya, things are beginning to liven up in this part of Oregon, that even surprises some of our most-back citizens and the end is not yet.

The trains on the Lebanon branch of the Southern Pacific have lately changed time so as to connect with the narrow gauge road at the crossing, so persons can go to Albany and return on the same day, but a change could be very easily made by the Lebanon train that would be of greater advantage yet to our people. It would be this—to make the time of starting from Albany one to one and a half hours later in the afternoon, and give that much more time to spend in Albany, instead of having to wait at the crossing nearly two hours for the south-bound train. And at present there is no depot or place to stay in at the crossing, which makes it very disagreeable this damp weather.

Oregon Arrivals for Eleven Months. From January 1 to November 29, the number of callers at the Portland Board of immigration rooms was 32,678. The secretary in his report says: These figures indicate a very large immigration to our state. It should be borne in mind that the number of callers at the board rooms does not by any means include the entire influx to the state. We have heretofore figured the proportion of callers at about one-fifth of the whole. Estimating on this basis we have as an actual immigration for the 11 months of this year the actual immigration number of 163,390, or an increase of the corresponding period of last year of 73,955. Allowing a liberal percentage for those who come and went back, and for transient "lookers," we may safely figure that we have had an actual settlement in our state during the year of 160,000.

Are Wanted Here. Four sleek-looking scoundrels who have been in this city for several days skipped out yesterday, leaving an unenviable reputation behind them. One of them, W. A. McGuire, was a photographer, two others were painters and the fourth was a dentist. McGuire, who has been employed by W. H. Greenwood to solicit work for pictures in his gallery, collected several small amounts for photographic work, which he forgot to turn over. He also carried away a lot of pictures. The men also left an unpaid board bill of \$17 at Sam Goets' restaurant.

At 9 o'clock the jury announced that they had found a verdict. This fact flashed into the street with strange rapidity, and before Clerk Church had time to read the verdict the court room was again densely filled. The teachers of Linn county and others interested in education will please take notice that a teachers' institute for the 24 judicial district will be held in Corvallis, Benton county, Oregon, commencing on Thursday, Dec. 20th, and will continue until Saturday evening. Arrangements are being made with railroads to secure reduced rates. The local committees are also making arrangements to entertain visiting teachers free, at any rate there will be greatly reduced rates at hotels. Supt. McElroy is making the usual efforts to make this one of the most successful meetings. Many leading instructors in the state will be present to participate in the discussions. This meeting coming on during the holidays there will be no good excuse for non-attendance. Let every lover of good institute work be present. Teachers from Linn county are not compelled by law to attend, but a cordial invitation is extended to all and teachers are especially requested to be present.

Respectfully, L. W. CURRIE, Co. Supt. Linn Co.

A Corvallis Highwayman. Plutarch Lewis, a young man who has lived near Corvallis all his life, says the Times, and until very recently in the barber business in that city, has been arrested as a highwayman. A POPULAR ESTABLISHMENT.

One of the most extensive and elegantly stocked establishments in the Willamette valley is to be found in the Golden Rule Bazaar store of Julius Gradwohl in this city. In order to accommodate his many customers he is in the field early this year, and has already commenced receiving his immense line of beautiful goods for the fall and winter and for the holidays, and has one of the most gorgeous and dazzling displays to be seen in any Golden Rule Bazaar in Oregon.

The line carried comprises a bewildering assortment of fine china, queensware and glassware of the latest styles and most delicate designs. The beautiful china and glassware, together with the decorated and fancy wares, novelties, elegant stand and hanging lamps, toys, boys' wagons and general bazaar goods, present a scene well worth a visit.

Mr. Gradwohl has enlarged his stock in such a replete manner that his Golden Rule Bazaar is not only a credit to the city of Albany but to the entire Willamette valley, being one of the most extensive establishments of the kind in Oregon. The most important feature to purchasers is in prices, and when we assert that his prices are as low as 27 1/2 house in the state and that his goods are sold at figures that cannot be equaled in the Northwest, it is but the recital of an absolute fact. It will be to the interests of the country merchants to purchase their holiday goods from this establishment, and orders should be sent in at once.

Mr. Gradwohl has long since proven his adaptability to this business, and it is taking no risk to say that this emporium of elegant fancy and decorative ware is the most complete in the Willamette valley. Those who deal at the Golden Rule Bazaar, will find a large assortment to choose from, and a square, reliable gentleman to deal with.
