AT YAQUINA BAY.

Inspection of the Government Work—The Jetty's Effecting an Improvement.

Captain Symons, United States engineer, has completed an inspection of the government works at Yaquina bay. He spent part of three days there, and made a thorough inspection of the works and the plant, which has been laid up for the winter, and found everything in good order.

Captain Symons was favorably impressed with Yaquina bay, and sees no reason why there should not be a prosperous community there, which will be of great importance in the development of the country. There have been some very heavy storms there this winter, but the jetty's are standing them all right. He was out on the bar in a tug, and saw some large waves and got rocked in the cradle of the deep enough to last him till his next visit.

The O. P. Company are getting some fine machinery in their shops at Yaquina, among it large and expensive lathes, etc., and they are going right along with the construction of their road.

The jetty's being constructed will certainly improve the harbor, and Captain Symons is inclined to think they will have the effect desired. There is a few thousand dollars of the appropriation left to meet emergencies, and it is expected that an appropriation will be made which will enable the work to be finished next summer.

No Suffering There.

The Pendleton Tribune, speaking of the alleged appeal for aid sent out from that section, says: "As far as could be learned from merchants and others in Pendleton, who would certainly know of any such appeal, there is not the slightest foundation for the statement. Pendleton is in Eastern Oregon, and as the county seat of Umatilla county, any suffering by reason of the failure of this year's crop would become known here. Inquiries from a gentleman, who has just returned from a visit to all the counties in the eastern end of the state, reveals the fact that no such appeal was ever sent to the farmers or citizens of any western county for aid. If such a thing has been done, it does not possess the sanction of people in the eastern end of the state. It is true that the past season was a bad one and that Umatilla county lost many thousands of dollars by reason of the drought, but at the same time farmers in this, as well as in other eastern counties, are thrifty, and the profits of previous seasons will more than ride them over the difficulties of the present."

Eastern Oregon Pleasuries.

The local customs over in Prineville are somewhat peculiar, as the following from the News of that town will show. Stealing chickens, ducks and the like, borrowing wood under cover of darkness, milking other people's cows in the gloaming or elsewhere, as the case may be, is not according to law, but is simply a local custom. Now, one of these times some innovator, desiring a change, will give a blow-down of some sort to the non-traditional prowler who thinks the above custom a nice way of living without labor.

For an Orphan's Home.

The members of the Ladies Aid Society of this city are considering a plan for the building of an orphan's home in Albany. They propose to erect a creditable building to be conducted by the society as a public institution, giving aid to orphan children and employment to destitute and in need. The proposition is a good one, and if sufficient encouragement is given the plans will be perfected and the building commenced. It deserves to meet with success.

G. A. R. Post Election.

The election of officers of McPherson Post No. 5, G. A. R., was held at their hall last evening, resulting as follows: Commander, S. W. Reese; senior vice, R. Fox; junior vice, J. F. Whiting; officer of the day, Geo. E. Sly; officer of the guard, John Morrison; surgeon, L. H. Montague; chaplain, Rev. L. B. Fisher; quartermaster, G. W. Hawkins; delegates to the department, W. C. Cassell, I. B. Fisher; alternates, Geo. E. Sly, J. P. Galbraith.

Dr. Gibson's Lecture.

Rev. M. M. Gibson, D. D., pastor of the United Presbyterian church of San Francisco, delivered a most interesting lecture at the W. C. T. U. hall in this city last evening to a large audience. Last year Dr. Gibson took a six months' trip through England, Scotland and Ireland, and his observations during his travels, under the title of "On the Wing" was the subject of his lecture. He is a fluent and eloquent speaker, and kept the audience deeply interested throughout.

COAST DISPATCHES.

Murderer Gibbs Sentenced to the Penitentiary For Life.

PORTER'S SWEAR VENGEANCE.

A Southern Oregon Murderer Hanged—News from the State Capital—Prize Fight Arranged in Portland.

PORTLAND, Dec. 13.—Gibbs, the condemned porter, found guilty of murder in the second degree, was today sentenced to life imprisonment in the penitentiary. No new trial was asked for. His father made a pathetic appeal to the court. From reliable sources the fact is obtained that many of the colored pullman car porters have sworn vengeance on M. C. Pennington, who was at the bottom of the trouble that cost James McDevitt's life and H. E. Gibbs liberty. There are also other colored men who express dangerous sentiments. While talk in itself amounts to nothing, any attempt to assault Pennington because of his complicity in this tragedy will be met with summary vengeance.

PORTLAND'S PRIZE FIGHTERS.

PORTLAND, Dec. 12.—A challenge issued by Dave Campbell, a local pugilist, to either Professor Corbett or William Smith, has been accepted by the former and the principals and their seconds will meet at once and arrange for the match, which will come off in the mechanics' pavilion. Much interest is manifested in Portland over the proposed match, and both men will be heavily backed by their admirers. There is a sentiment among many that Corbett is a little too heavy for Campbell, yet no one is willing to give odds against the Portland man.

HANGED AT MARSHFIELD.

MARSHFIELD (Or.), Dec. 13.—Gibbner, the murderer of Mrs. Gilman and child, was hung today at Empire City. The drop fell at 1:16 o'clock. Death was instantaneous.

TRAINS AGAIN RUNNING.

ASHLAND, Dec. 13.—A dispatch from Redding, Cal., says: The storm has broken and trains from the south are expected to-night. Two overland trains from the north are lying here but will get away to-night.

The line carried comprises a bewildering assortment of fine china, queensware and glassware of the latest styles and most delicate designs. Mr. Gradwohl has enlarged his stock in such a replete manner that his Golden Rule Bazaar is not only a credit to the city of Albany but to the entire Willamette valley, being one of the most extensive establishments of the kind in Oregon. The most important feature to purchase is in dresses, and when we assert that his prices are as low as ever had in the state and that his goods are sold at figures that cannot be equaled in the Northwest, it is but the recital of an absolute fact. It will be to the interests of the country merchants to purchase their holiday goods from this establishment, and orders should be sent in at once.

Mr. Gradwohl has long since proven his adaptability to this business, and it is taking no risk to say that this emporium of elegant and decorative ware is the most complete in the Willamette valley. Those who deal at the Golden Rule Bazaar, will find a large assortment to choose from, and a square, reliable gentleman to deal with.
