

Morning Daily Herald

SPECIAL 12:30 A. M.

Not to see our stoves and ranges before buying is a mistake. Mistakes are always costly. In heating stoves we have the largest as well as the most carefully selected stock in the city.

Geo. W. Smith. The Daily Herald will be on sale each morning at the new stand of W. F. Kuhns, where it can be procured at 5 cents per copy.

WEATHER INDICATIONS. For Albany and vicinity—Following is the forecast for 24 hours, ending at 8 P. M. to-day: Rain; stationary temperature.

NOTINGS ABOUT TOWN.

The locks at Oregon City are closed by high water.

Miss Clara McMeekin of Harrisburg is visiting in this city.

Geo. W. Saltmarsh has retired from the firm of Hopkins & Saltmarsh.

Boats are unable to pass under the Slem bridge on account of high water.

Dr. Patton returned yesterday from Portland, where he had been summoned professionally.

The U. S. revenue cutter, the Rush, is due in Portland to-day with delayed southern mails.

The Oregon Pacific is about the only Western railroad that has been able to run trains regularly during the recent storms.

The Willamette last night had reached 18 feet and 10 inches above low water mark and is slowly rising. The continued rains are likely to bring it up still higher.

The street cars prove a great public convenience during the incessant downpour of rain, and there has been a marked increase in its traffic recently.

D. B. Monteith purchased yesterday of Dr. J. P. Wallace 2 1/2 feet frontage on First street west of the Waverly boarding house, paying for the same \$500.

Californians who are so boastful of their climate and even charge high prices for it along with their real estate, will hereafter be forced to remember that the worst storms in the West have occurred this year in that state.

Bandmann and company played Hamlet and the trial scene in the Merchant of Venice at the opera house last night to a fair sized audience. This excellent company has given the people of Albany a rare treat of finely presented Shakespearean plays.

"KICK" AT THE MAIL SERVICE

FOX VALLEY, Jan. 28. To the Editor of the Herald:

As you were instrumental in saving our postoffice from extinction in the first place, when it seemed imminent, you may wonder what ever has become of your patient. True it was revived some months ago, but postoffices have a sine qua non in the shape of mail supply, without which they are only a name. We have a wide awake mail carrier in S. W. McLane, but acting on the principle that "He who trusts busts" he would not trust even old Uncle Sam to pay for rough weather mail carrying, left his route and took the dignified mode of riding past on the cars. Uncle Sam has been patient, very, so have we. Bowing to the apparent fact that the department had erred in not consulting "Mac" first of all, we simply continued to send to Mehana over the snow for our mail matter, and were studying how to do without mail, when this morning, in his bounty, "Mac" gave us a card with a full mail sack, the first of a series. Whether Uncle Sam apologized or kicked, "Mac" only knows.

DAVID SCOTT.

Plenty of Land.

Comparatively little is known of the great area of land in Oregon that is yet to be settled, and can be available for immigration. A writer in the Oregonian thinks that it might amaze many to know that Oregon to-day offers a greater area for settlement than Washington does. Railroads have penetrated all parts of Eastern Washington, and population has poured in there, but middle and southeastern Oregon are little developed and less understood, but people are gradually beginning to discover that middle and southern Oregon have also great undeveloped resources that will in time provide fortune for thousands of happy and contented people.

Important Notice.

Having sold our entire stock to Mr. Geo. C. Henderson, a gentleman well known in our city, and whom we take great pleasure in recommending to our many customers, we now take our leave of the business, heartily thanking the public for their patronage during the three years past.

LOCAL AFFAIRS.

A Force of Men to Work on the Oregon Pacific Road.

PUTTING THE TRACK IN ORDER

Condition of Things at the Front—A Few Washouts and Slides—News About the City.

Superintendent F. W. Bowen returned yesterday from a trip to the front on the Oregon Pacific railroad. He reports little or no snow at Gates. Trains are now running regularly no further East than that place. There has been a few landslides and washouts above Gates, but the track has not been much damaged.

A train will go to the front Monday with forty men under G. V. Stevens, superintendent of construction, for the purpose of putting the track in order, and placing it in readiness for the work of construction as soon as the storm abates. Messrs. Orman & Crook, the contractors, are in this city waiting for that time. Their pack horses are still at Gates, and they have supplies and men all in readiness to push the work forward as soon as the weather will permit.

Domestic Infelicity.

A despatch from Walla Walla contains this newsy account of a domestic difficulty between former residents of Harrisburg: Last night a man named Loftus attempted to leave town with money belonging to his wife, formerly Mary A. Boggs, which he had drawn from a bank, and started for a contemplated trip. She rushed to the depot just in time to catch the recalcitrant. She grabbed him by the collar, threw him in the mud and held him until the train left, then had him arrested and searched. The money being found her complaint was withdrawn.

Church Notices.

Preaching services Sunday at the Presbyterian church at 11 A. M. and 7:30 P. M. Sabbath school at 12:15 P. M. Young people's prayer meeting in the lecture room at 6:30 P. M. The public will be made welcome to these services. Strangers in the city are specially invited to attend. The annual business meeting of this church and congregation will be held next Monday evening at 7:30 o'clock. Besides the usual business transacted other matters of importance are to be considered, therefore a full attendance of the members of the congregation is desired.

Neatly Caught.

An exchange says that at Olympia the merry autograph album went round, and numerous scholars eager to "put themselves on record," inscribed their names upon the party-colored and delicately perfumed pages. It has since transpired that these legislative souvenirs are the property of ladies not recognized by respectable people, who exhibit the signatures of their "dear friends," the solons, with great satisfaction. The solons all seem to know this, and are sorry they are "on record."

Waiting for the Gentle Spring.

The dramatic companies now on this coast are experiencing the rough side of the life behind the scenes. The blockades and washouts have played havoc with their dates and left the companies where they least wanted to be. A number of them are tied up in the California blockade and others are on expenses in Portland waiting until the warm weather in the spring thaws out the snow covered track in the land of oranges.

Business Change.

Mr. George C. Henderson has purchased of Messrs. LaForest & Thompson their grocery business in the Flinn block, and has assumed charge of the same. Mr. Thompson will remain in the store for a short time. Mr. Henderson is an energetic young man and will doubtless do a thriving business. He expects to extend it into a wholesale and jobbing business.

Shocking Death of a Tramp.

The body of an old tramp was found alongside the Narrow Gauge near Annsville, Thursday. The coroner's jury returned a verdict finding that death had resulted from a tree falling on him while asleep, mashing his head flat, after which his clothes took fire from the campfire and burned off entirely, roasting the body. The man's identity is unknown. He was about 60 years old. Henry Keene, justice of the peace, conducted the inquest.

Death of S. A. Johns.

Hon. S. A. Johns, formerly a resident of this city, but who for the past three years has resided at Prineville, Crook county, died at the Good Samaritan hospital in Portland on Wednesday evening last. The deceased was well known to many of our citizens, having served one term as judge of Linn county. He leaves a wife and several children.

Real Estate Transfers.

Geo. L. Henderson has sold to E. W. Langdon his farm containing 316 acres, situated nine miles from this city, the price paid being \$12,000. He also bought of Mr. Langdon two blocks in Goltra's addition in Fairdale addition to Albany, for \$2000.

S. J. Brown, who recently purchased the cigar store of H. S. Ellis & Co., opposite the Revere House, keeps a fine assortment of the best brands of domestic and imported cigars. Customers are invited to try his goods.

NO DANGER IN OREGON

Of a Spread of the Dreaded Disease Among the Cattle.

Dr. Wythecomb in a card says: I fear the article in yesterday's Oregonian, relative to Mr. W. S. Ladd's cattle, will create unnecessary alarm among the stock men of this state. There is but little danger of the disease spreading among other herds. It might seem as though such a wholesale slaughter of fine cattle is unnecessary; but when we consider the nature of "Bovine Tuberculosis," and how liable it is to be transferred to human beings in the form of "Phthisis Pulmonalis" (consumption) the necessity for such action becomes apparent.

A postscript revealed the fact that in the 34 head slaughtered last Monday, there was not a healthy animal in the lot. Those were the animals selected from the herd which exhibited, more or less, positive symptoms of the disease.

Tuberculosis is a very insidious disease, and the form known as "Tabes Mesenterica" cannot be detected with any degree of certainty in the living animals; hence the great danger in using the milk and butter from a herd known to be quite extensively affected with the disease. It is very unfortunate both for Mr. Ladd and the state, to have to lose such a finely bred herd of cattle; nevertheless, the health of the citizens should be protected, regardless of pecuniary losses.

Residence Burglarized.

Burglars entered the residence of Dick Conn on Second and Railroad streets last night, while the family were absent and stole a suit of clothes, some jewelry and several dollars in money. About \$100 worth was taken. The burglars effected an entrance by breaking out a window. They were not caught.

Damaged by the Rising Waters.

A portion of the Oregon Pacific's wharf gave way yesterday before the swollen waters of the Willamette, and the stringers now point up into space, presumably about where the waters may be expected to reach if the heavy rains continue to bring down the great drifts of snow in the mountains. The ferry has stopped running.

COAST NOTES.

In Palouse country, Wash., snowdrifts in some places are 20 feet deep.

The river at Vancouver has been closed by ice for three weeks.

Clarke county, Wash., contains 3361 school children, of which 904 are in Vancouver district.

A special census of all the Chinamen in the state of Washington is being made.

The murder of James B. Oglesby by William Holtzstein, of Colville, will be as atrociously cold-blooded, the victim being shot down after asking for mercy at the hands of Holtzstein.

Prof. H. C. Palmer's Conservatory of Music.

Twoedale's block, First street, Albany, Oregon, opened January 20, 1890. The course of instruction will consist of classes for piano, organ, harmony and voice culture. There will be a normal class and diplomas furnished to teachers, specifying capacity and experience. Students participate in monthly recitals, and are graded to insure equality in rendition. This conservatory will be conducted on the same basis as those in Boston, New York, etc. This is the only recognized successful musical education. Send for circulars and references. Office hours from 1 to 3.

Thousands of Men Reconstructing the Damaged Road Between Albany and San Francisco—The Wires.

SPECIAL TO THE HERALD.

PORTLAND, Jan. 31.—A Union Pacific through Eastern passenger train arriving in this city at 8 A. M. today, bringing about 200 pouches of mail. Another train arrived at 5 o'clock with a second installment of pouches. There is now a delay of two days' mail. The difficulties along the line have been overcome and both passenger and freight trains will now run with their former regularity.

ON THE SOUTHERN PACIFIC.

The condition of the Southern Pacific line is not much improved, although between Albany and San Francisco the company have thousands of men working as fast as possible, endeavoring to reconstruct bridges and trestle work and removing the earth that has slid upon the track. ALBANY.

The queen manufacturing city and railroad center of Oregon, Albany, to-day has the brightest future before it of any town in Oregon, and she will certainly by the end of 1890 have a population of from 10,000 to 15,000 souls. She is maintaining a steady and healthy growth, and is destined to be the great railroad center and manufacturing city of Oregon. Real estate to-day in Albany is cheap compared with other towns in Oregon and Washington that have not one half the future before them that Albany has. It will only be a short time until the speculator will prefer Albany to any other town in Oregon or Washington to invest his money in and those now who are smart enough to embrace the present opportunity to buy real estate in Albany while it is cheap will be the ones that make the money. The real estate firm of Burkhardt & Malin have some excellent bargains in inside property, as well as some good bargains in some of the closest additions. They have lots for from \$50 to \$1000 and on the installment plan. Parties who wish to get in on the ground floor should call at their office and be shown their large list of city property, which embraces residence property in all portions of the city. A few special bargains we note below, to which we respectfully invite the attention of the public:
