WEATHER INDICATIONS.

For Albany and vicinity—Following is the forecast for 24 hours, ending at 8 P. M. to-day: Fair; slightly warmer.

JOTTINGS ABOUT TOWN.

Fountain pens at Will & Stark's. Miss Jessie Blake is to be post-mistress at LaGrande.

Good morning. Have you tried Hubbard's elegant lotion. Hubbard's headache capsules are a sure cure. Try them.

For fine perfume, toilet articles and soaps go to Hubbard's drug store.

The machinery for O'Neil Bros. paper mill at Lebanon will soon be purchased.

Attention is directed to the new bargains in real estate offered by Burkhardt & Malin in their adv. this morning.

Bristles in your mouth. You won't have them if you buy your tooth brushes at Hubbard's drug store.

O. C. Maxwell, of Halsey, passed through this city yesterday on his way to Prineville to engage in teaching in Crook county.

The Ladies Aid Society will meet with Mrs. Miller at the residence of Mrs. L. E. Blain on Monday at 2 P. M. A full attendance is requested.

Mr. Eastham has purchased a part of the cigar and confectionery business of Mr. S. J. Brown, opposite the Revere House. They will make a strong firm.

Mr. Stanard, of the firm of Stanard & Cusick, is a competent prescription druggist of five years experience. All prescriptions entrusted to them will be accurately compounded.

It is estimated that there are 1000 of the Mohawk logs above Harrisburg that can be got into the river at a moderate expense. Parties are negotiating for the logs along the river.

Joseph Talt has received 100 volumes of his circulating library, which has been placed temporarily in the store of C. E. Brownell. He will commence Monday canvassing the city for another installment of books.

Washington's birthday was duly observed in this city by placing the flags at half-mast. Jim Murray did not look at his flag very close and as a result had to stand considerable geying for getting it upside down.

C. M. Rose and son, of Kansas, are canvassing this city for Harper Bros. circulating library. The gentlemen arrived here a few days ago and are spying out the land with the purpose of making a permanent settlement.

The piano recital to be given at the college by the pupils of Prof. E. Lorillard will take place next Monday evening, February 24th at 8 o'clock, instead of Tuesday evening as previously announced. The public are cordially invited to attend.

Crawford & Paxton have just laid on our table a complete set of food and wash out views taken in and about Albany and along the railroad line, which are unsurpassed for truthfulness and fine finish.

They have a few more on hand which are valuable souvenirs and mementos of the great flood.

Dr. Patton treats successfully all diseases of women, and guarantees to cure all curable private diseases. He has a sure remedy for catarrh of the head. He sleeps in his office and answers city calls day or night. Consultation is free and everything is strictly confidential. He can be found in his office in Blumberg's block from 10 to 12, 2 to 4 and 7 to 8.

The bonded indebtedness of Astoria is \$57,050, and the city's indebtedness is \$14,668. In addition to this it is proposed to add \$22,950 to the amount of the bonds, to run for 20 years at 4 per cent. This indebtedness, if the city has improvements to show for it in the way of paved streets, good sewerage, proper fire protection and good public buildings is by no means a bad showing.

Old Jefferson, who has been accused of such naughty habits as smoking, belching and spitting forth fire, etc., is calm and quiet, thus verifying the remark of the HERALD, that the stories were fishy canards. Enough credence were given them, however, to induce a reporter of the Evening Democrat to ascend to the cupola of the court house, where, after a hasty view of the mountains, he spent two solid hours in his attempts to get down, two naughty boys having fastened the hasp of the trap door.

THE TOWN OF GATESVILLE.

It is Growing in Importance. Its Mining and Lumbering Interests.

Among the towns on the eastward extension of the Oregon Pacific railroad none shows more evidence of growth and future importance than does Gatesville. Messrs. Griffin and P. Brady, whose experience in railroad building enables them to give a safe judgment on such questions, were asked by a reporter yesterday what they thought of the prospects of the country generally through which the eastward extension of the Oregon Pacific passes, and of Gatesville in particular.

"I was surprised," Mr. Griffin said, "to find such a wide scope of agricultural land up there. Opposite Gatesville is King's Prairie, which is dotted over with thrifty farm houses, while across on the Marion county side is also a rich country from which a wagon road is now being built."

Gatesville is now the end of the division over which regular trains are run. It is surrounded by some of the finest timber in Oregon, and several saw-mills are running in the vicinity, while others will be started during the summer. The town is provided with two good hotels, and a considerable impetus has been given to business and building there.

Property and rents are cheap, as in all new towns, and it is in such places that a few dollars invested in land often results in a fortune a few years later on.

Some Later Developments.

The following additional particulars concerning the recent Saltmarsh tragedy would seem to indicate that the young husband, who is now dead, was more sinned against than sinning. The Eugene Guard says: "The principals in the above tragic occurrence were married in Eugene, Dec. 19, 1889. They went at once to Albany and for a short time lived happily it is said. About the last of January Mrs. Saltmarsh in company with a young man by the name of Mark M. Long, came to Eugene and took rooms at the Minnesota hotel, claiming to be half brother and sister. The suspicions of the proprietor, Mr. Johnson, were aroused by their actions, and they were required to leave the house. They then took quarters at a private residence, claiming the relation of husband and wife. This state of affairs lasted several days until the blockade on the railroad was raised, when Mr. Saltmarsh came upon the first train. Long skipped out and Mr. and Mrs. Saltmarsh, accompanied by the wife's mother, went back to Albany. Long stopped in Eugene several weeks during the winter and played a clarinet in a string band. Three days before the marriage of Mr. and Mrs. Saltmarsh, upon urgent and imperative solicitations he went to Salem and married a girl whom it is said he had betrayed, then came back and attended the wedding of Mr. and Mrs. Saltmarsh. His responsibility for the unfortunate tragedy is certainly a heavy one."

Exhibitions for the East.

The Oregon immigration board has sent during his week 9600 pamphlets to Nebraska, and 4800 to Chicago, and has made preparations to send about 50,000 to Iowa, Michigan and New England. Eight small boxes of Oregon prunes, the choicest raised here, have been sent for exhibition in Chicago. These prunes will do much to attract attention to the wonderful adaptability of the Willamette valley for raising the finest qualities of fruits. There have been recently several inquiries as to the prospects for fruit canneries and driers, showing that the attention of fruit growers in the East is already aroused.

A Joint Bridge.

The Eugene Guard is informed that K. Koehler, who is manager of the Oregon division of the Southern Pacific railroad company has made a proposition to the commissioners court of Lane county for the building of a joint railroad and wagon bridge to be constructed of iron over the Willamette at Springfield. It is proposed that the work shall be done the coming summer. The proposition will probably come before the court at its meeting the first Wednesday in March.

Appointed Supervisor of Census.

Hon. John Kelly, of Springfield, has been appointed Supervisor of the Census for the Western district of Oregon. The salary of the position is \$1,000, traveling expenses and clerk hire. Hon. J. H. Stimppe, of Douglas county, was first appointed but being an applicant for register of the Roseburg land office declined the appointment.

Found.

An overcoat was picked up in the road south of the Southern Pacific depot by W. L. Moore and left at this office. The owner can have the same by calling at this office, proving property and paying for this notice.

Return Them.

The party who entered my house on or about February 1, 1890, and took therefrom a suit of clothes, some jewelry and other articles is known, and this will give notice that unless the stolen articles are returned I will prosecute the party. If property is returned I will give a reward of \$10.00. A word to the wise is sufficient. E. E. CONN.

POTATOES IN PORTLAND.

Killed Through Imbibing Potatoes—Important Committee Appointed.

Special to the Herald. PORTLAND, Feb. 22.—The potato question is quite an important one just now, owing to the scarcity of the article. Commission houses are now paying about \$1 per bushel on average for them, and the prospect is that the price will go even higher before the new crop comes in.

BOARD OF TRADE COMMITTEE.

Following well known citizens have been appointed by President McLay, of the Board of Trade, to investigate the "Hunt proposition." Van B. DeLashmuit, John McCracken, B. Goldsmith, C. E. S. Wood, E. J. DeHart, William M. Ladd, Walter Burrell, John Lewis, L. L. Hawkins, Hale William Kopus, T. M. Richardson, Charles H. Wood, Ward O. Paxton, E. A. King.

EMBALMED WHILE ALIVE.

Yesterday afternoon Edward Johnson died in a room on Front and Clay streets. Deceased had been working on a building formerly occupied by DeLin & Holman on Second and Morrison streets, but for the past few days was drinking very hard. A report was circulated that his death was caused from drinking embalming fluid contained in the rear of the present morgue on the north side of Morrison between Second and Third streets, and the coroner took charge of the remains. This morning a reporter visited DeLin & Holman to ascertain what he could in relation to the unpleasant report. Mr. A. P. DeLin stated that he had informed the laborers on the building undergoing improvements that the embalming fluid was deadly poison and warned them not to touch it. But there were other kegs in the yard containing sour wine left there by John Watson when he vacated his saloon premises a short time ago. Johnson had been partaking of this sour wine and others who saw him do so persuaded him to desist.

SHOT HIMSELF.

At 7:30 o'clock last evening David Hogan left word at the morgue that a man had been found dead of heart disease in his room on Ninth and Washington streets. The victim was Frank E. Neighbors, who shot himself through the heart while temporarily insane. He came from here from Grinnell, Iowa, a little more than a month ago in quest of employment in which he was unsuccessful. Mrs. M. J. Smith, who keeps the lodging house, spoke well of the deceased.

Almost a Fire.

A narrow escape from a serious conflagration happened yesterday at the residence of Mrs. Fredell Anderson, one mile south of this city. A defective flue was the cause of the fire, but fortunately it was quickly discovered, and a few buckets of water extinguished it. Another small blaze occurred yesterday afternoon in the third ward in Mrs. Jane Stimpson's residence, occupied by G. W. Humphrey, caused by a partition through which the pipe passed catching fire, but it was extinguished with but small damage.

Board of Trade.

Following are the officers of the Board of Trade: President, O. P. Coshov; vice-president, W. C. Cooley; treasurer, Peter Hume; secretary, A. S. McDonald; committee on finance, C. H. Cable, E. N. Thompson and W. C. Cooley; committee on membership, J. E. Stanard, J. M. Waters and C. F. Henry. Albany used to have a board of trade, but for several months it has been taking a winter vacation. It should now be revived, or a new one organized.

Has Resigned.

It is learned that F. E. Bowen, assistant manager and superintendent of the Oregon Pacific railroad, has tendered his resignation, the same to take effect on March 1st. Mr. Bowen has been with this company nearly two years. He intends to go to San Francisco to make his home in the near future, where he is interested in another business which will require all his time. He has made many friends in this city all of whom will regret his departure.

More Valuable Additions.

Surveyors have been at work for several days platting some valuable additions in the southern suburbs of this city. Plats of these will shortly be filed. They will include J. W. Cusick 20 acres, J. H. Townsend 35 acres and Milton Hale 15 acres. The lots will lie in a desirable location and will soon be filled up with residences. Albany is steadily extending her borders to make room for her rapidly increasing population.

Pension Board Appointed.

A dispatch from Washington states that Drs. Cusick, Rowland and Richardson have been appointed as a board of medical examiners of applicants for pensions to meet regularly at Salem as soon as organized. Veterans have hitherto been compelled to go to Portland and Independence to be examined.

For a Telephone System.

The Electric Light Co. of this city are arranging to establish a telephone system in this city. They have sent for special sample telephones of the kind proposed to be used, and they would have been here but for the blockade. It is proposed to have the system running by May 1st.

Died.

The infant child of Rev. G. S. Hanleiter died yesterday. The funeral will take place to-day from the M. E. Church South parsonage at 11 A. M. and burial in the Masonic cemetery.
