## SEATTLE'S

Mighty growth the last ten years into one of the world's great cities is  
without a parallel. No one can now portray her resources or the continued  
prosperity that the years of the future will pour into her

nature been so lavish in her gifts as to make the

## Worlds Last Great City.

Rome, on her seven hills, was as nothing to Seattle's snow crowned Olympic  
peaks on the north and west Cascades on the east and south, and from those  
mighty bulwarks of health, energy inspiration-giving, there arises the mighty  
Mount Rainier, a w-a-y above every competitor on the Pacific, reminding one  
of

## SEATTLE, THE QUEEN CITY.

city on the Pacific, the world's largest ocean.

## WASSOM'S ADDITION

Is the place where people of money, sense and refinement will make their  
homes, and why? Because the college, the mineral springs, Ravenna Park,  
the view of Mount Rainier, (which is grander here than anywhere else on  
Puget Sound) if for no other reason, would make it most desirable.  
In Seattle a mighty city is building. Take hold of the best while you have  
a chance at all lowest prices.

TO THE PIONEER A WORD:

Why did you cross the plains? Why did you take your life and that of  
others in your hands and come to the Coast? What pen can write the  
history? You have conquered this land, made the growth of great cities im-  
perative and the amassing of colossal fortunes, almost in a day, possible.  
Now, by the investment of a few thousand, or hundred dollars, you may reap  
the harvest that belongs to you. Will you do it? The greatest corporations  
the ablest financiers of Europe and America are investing thousands, nay,  
millions, in Seattle. Will you not invest? Your chance is NOW. Soize it.  
I have a 60 acre tract, an 80 and two 40 acre tracts. Only a few left—cheap;  
ripe for plating, any one of which will make you a fortune in a short time.  
Boy quick. I can't duplicate them.

Rev. J. R. Kirkpatrick is among you and the sole agent for Wassom's  
Addition in Oregon. Call on him at once.  
I will be in Albany in a few days and will remain only a day. I would  
be glad to meet you personally and urge you to join us in the material up-  
building of Seattle, the Queen City of the Pacific. When in Seattle be sure  
and call at room 348, Seattle Block, where I will take pleasure in showing  
you the city.

ment has arisen between the pre-

imminent.

**TELEGRAPHIC BRIEFS.**

The Central Pacific is still block-  
aded.

Over \$3,000,000 real estate has  
been sold at Spokane since Jan. 1.

North Dakota reports about 500  
families suffering for want of  
necessities.

The output of the Oregon gold  
mines doubtless will annually  
reach over \$1,000,000.

Dewey says he doesn't propose  
to be a candidate for president of  
the United States.

Japan is threatened by a finan-  
cial crisis, \$500,000,000 is floating  
with only \$100,000,000 capital to  
secure it.

Mrs. Collett, a farmer's wife  
near Montreal, together with her  
seven children, was burned to  
death March 9th.

The old man Scott, who has  
been on trial before Justice Har-  
ding at McMinville during the  
week, charged with the murder of

his wife, has been held to answer  
before the grand jury without  
bonds.

The Bavarian government has

of railroad war.

An Indian medicine woman,  
residing on Rock Creek, east of  
Golden, Wash., failing to cure one  
of her patients, was taken out by  
some of the noble braves of that  
vicinity, a rope put around her  
neck and she was dragged to death.

James G. Blaine has aged very  
much this winter. His domestic  
afflictions have crushed his proud  
heart, and done more to furrow his  
cheeks and wrinkle his hair than  
years of political disappointments.  
The highest political honors no  
longer possess the attraction that  
they did when he was surrounded  
by an unbroken family circle.

**MONTANA SENATORS.**

**Committee Decide in Favor of**  
Republican Senators.

**WASHINGTON, March 8.**—The  
senate committee on privileges and  
elections spent nearly the entire  
day on the Montana case, and the  
result was the same as predicted  
in these dispatches. After care-  
fully going over the case a resolu-  
tion was presented to the effect  
that Wilbur Fiske Sanders and  
Thomas C. Power were duly elected  
senators from the state of Montana  
and were entitled to seats in the  
senate. The question was put, and  
Everts, Spooner, Teller, Frye and  
Hoar, republicans, voted in the  
affirmative, and senators Sainsbury  
Vance, Pugh and Turpie, democ-  
rats, in the negative. There will  
be two reports; the majority in  
favor of seating Sanders and Power,  
and the minority in favor of Clark  
and Maginnis. The case will be  
called up in the senate at an early  
day. There will be a debate, and  
it will be decided by a strict  
party vote in favor of the repub-  
lican claimants.

Colonel Sanders is very happy  
to-night, and remarked that the  
facts before them the commit-  
tee could do nothing else. Clark  
and Maginnis have affected to  
believe that they stand some show,  
but the decision of the committee  
has convinced them that there is  
no further hope. They want the  
case taken into the senate, how-  
ever, and debated, so that when  
defeated upon a party vote they  
can pose as martyrs, and return to  
the people as such. The long con-  
tested Montana case draws near to  
a close.

**SINKING FUND BONDS.**

**Sec. Windom Substituting Railroad**  
Securities for Four Percents.

**WASHINGTON, March 8.**—Acting  
under the opinion of the attorney  
general, that he has discretionary  
power in the matter, Secretary  
Windom has begun the transfer  
of Pacific railroad sinking fund  
bonds and the investment of the  
proceeds in first mortgage bonds  
of subsidized railroads. Purchases  
for the present will be confined to  
government 4 per cents. Four  
and a half million dollars is about  
the amount of those already trans-  
ferred, and the proceeds were in-  
vested in mortgage bonds of the  
Central Pacific road.

**New York, March 8.**—An even-  
ing Post reporter called on Sidney  
Lailion and asked him for his propo-  
sition to substitute for  
United States 4 per cent bonds  
amounting to \$4,000,000, which  
now form part of the sinking fund  
of the Union Pacific railroad, an  
equal amount of first mortgage  
bonds of that railroad bearing 6  
per cent interest. Dillon remarked  
that he was not at liberty to say  
how the matter was standing  
between the government and the  
railroad, but acknowledged that  
such an arrangement would be  
regarded favorably by the latter,  
the sale of its bonds being an ad-  
vantage, while the interests, al-  
though coming out of the road's  
earnings, would be applied towards  
extinction of the road's liability to  
the government. "What the  
government ought have to do,"  
said Dillon in conclusion, "is to  
take the bonds of our branch roads  
in exchange for its bonds. These  
bonds have been declared to be of  
benefit to the main line, and sub-  
stitution of their securities for the  
government's will be of greater  
advantage to the roads than even  
the proposed arrangement.

**Florida's Prize Mule.**

Jupiter, Fla., can boast of the  
most intelligent mule on record.  
The animal is 21 years old. Every  
night he proceeds to the life saving  
station. It is customary for the  
man on the watch to discharge his  
costly signal (a red light) when  
vessels come too near the beach.  
The mule has "caught on" to what  
this signal means. So every night  
at 8 o'clock the sailor's four-legged  
friend proceeds to walk the beach  
and if a vessel comes too near the  
shore the mule, instead of a coston  
signal, sends forth a neigh that  
makes night hideous. "Port or  
starboard your helm," is the order  
on the ship, and away sail the  
jolly tars in perfect safety and  
with a grateful heart to the four-  
legged patrolman.

## CIVIL SERVICE.

The Montana Senatorial Contest  
Ended.

**POSTAL TELEGRAPH OPPOSED.**

Taulbee and Kincaid, Vice President  
Morton and Family—Alaska Seal  
Fisheries.

**WASHINGTON, March 3.**—The  
president is understood to be  
taking a great deal of interest in  
the investigation of the civil ser-  
vice commission now going on  
here, and there is reason to  
believe that the resignation of at  
least one member of the present  
board will as a consequence be  
asked for at an early day if it is  
not tendered voluntarily. Up to  
the time Shidy a confessed perjurer  
and the man who was given a  
position in the census office here  
for turning states evidence against  
the postmaster of Milwaukee, was  
put on the witness at stand, Com-  
missioner Lyman was the only  
sufferer, but Shidy made it plain  
that all three of them are in the  
boat and now the popular verdict  
is guilty. Guilty of trying to bam-  
boozle the public with reform talk  
while following practices that  
would bring blushes to the cheek  
of the most hardened spoilsman.  
If this be reform the people have  
had quite enough of it.

The senate committee on elec-  
tions discussed the Montana Sena-  
torial contest on Saturday without  
arriving at any conclusion and ap-  
pointed a sub-committee Senators  
Hoar and Gray to make a colla-  
tion of the facts in the case and  
report them to the full committee  
next Saturday. (The committee  
has since reported seating the rep-  
ublican members.)

The president of the Western  
Union telegraph company made  
an argument before the house  
postal-office committee Saturday  
against the Postmaster General Wana-  
makers Postal telegraph bill.

Mr. C. E. Kincaid, correspond-  
ent of the Louisville, Kentucky,  
Times had a personal difficulty  
last Friday in a corridor of the  
Capitol building with ex-Represen-  
tative Taulbee, of Kentucky,  
and the latter gentleman was shot  
in the head by the former. The  
wildest excitement existed for a  
while in the building. Mr. Taulbee  
is now out of danger and Kincaid  
has been released on bail.

Vice President Morton and  
family have gone to Florida for a  
stay of several weeks. Senator  
Ingalls has been elected president  
pro tempore of the Senate to act  
during Mr. Morton's absence.

Secretary Windom has accepted  
the offer of the North American  
commercial company of New York  
and San Francisco and awarded it  
the exclusive privilege of taking  
seals in Alaskan waters for the  
next 20 years. The amount to be  
paid is about \$1,000,000.

Secretary Tracy has returned  
from his hurried trip to Brooklyn.  
He looks well, but his extreme  
restlessness tells the close observer  
that his shattered nerves have not  
yet resumed their normal condi-  
tion.

The house has seated two new  
republicans—Atkins, of W. Va.  
and Featherstone, of Arkansas.  
The other contested cases are to be  
pushed along as rapidly as possible.

Ex-President Cleveland has sold  
his suburban residence near this  
city for \$40,000. His friends say  
that he has cleared \$100,000 in  
the transactions, but lots of people  
here believe that the entire
