THE TEACHERS MEET.

A Full and Thorough Day's Institute Work.

SOME PRACTICAL DISCUSSIONS.

Questions of School Work Taken Up with Lively, Interesting and Interesting Sessions.

The largest gathering of teachers ever brought together in the state, yesterday assembled in our public school building, and went to work in earnest for the benefit of education. Our report will show:

THURSDAY—MORNING SESSION.

The first business session of the Teachers' Institute opened at 9:30 a. m.

All preliminaries were decided in the appointment of the following committees and secretaries.

Executive committee—Supt. L. M. Carl, Linn county, Supt. D. W. Yoder, Marion county, Supt. J. W. Reynolds, Polk county, Supt. L. H. Baker, Yamhill county.

Committee on Introduction—Prof. Walker, chairman, assistant, teachers of Albany public school.

Enrolling secretaries—Mr. W. A. Robb, Miss Jane Morris. Rept. Secretaries—G. F. Russell, Halsey, Miss Lillie Robertson, Albany.

Certificate secretary—Supt. D. W. Yoder.

Musical Director—W. A. Robb, Organist—Miss Lillie Robertson, Ubers—Prof. G. A. Walker.

The teachers sang "Work for the Night is Coming" with rousing enthusiasm, after which Mr. G. F. Russell introduced the subject, "Civil Government in Schools."

A hearty vote of thanks was tendered to Rev. Rollins for his address on Wednesday evening.

"Language Lesson" introduced by Mr. L. L. Say, Brownsville public school. Language is not to furnish thought but to express thought.

2. Criticisms forms of expression. 3. Require written exercises upon some picture or object. Discussion opened by Mr. Mitchell of Linn county, teach the present series of readers and the subject of Language Lesson is attended in a great degree.

Supt. Baker expressed the desire to hear from lady primary teachers. Mr. J. B. Leatherman of Woodburn public school, considered present series of language books as filling a want. Mrs. Thrall of the Albany schools, thinks the child should be taught the use of period, capital, etc., are, has, were, from the first day in school.

Rupt. Reynolds presented points in Language Lesson. 1. Let children be sent to certain places and report in writing what is observed. 2. Read to pupils and require written notes.

Rev. Bell of Roseburg, demands words from the ladies. Supt. Baker emphasized Mrs. Thrall's remarks. Miss Wright reads stories, presents pictures, gives "plant talks," requires written descriptions of objects. Some work from Miss Wright's pupils was placed on exhibition.

After singing by Institute a recess of 15 minutes was given.

Discussion after recess on topic, "What rules ought a teacher to make at the opening of the school. Opened by J. B. Leatherman of Woodburn. He does not believe in rules beyond that of good deportment. J. C. C. Lewis, Marion Co., make few rules and break none. Mr. Manning, Marion Co., "Do Right" is the only rule. Mr. Vaughn, Linn Co., make general rules such as promptitude, quietude, obedience. Specific rules to suit necessities. Forbid inquiries or interruptions during recitation. Occasion demands rules. Mr. D. N. S. Reid of Albany, believes in rules—many of them. There must be law before transgression. Require rigid observance of school law and many of the evils of school discipline will regulate themselves. Mr. Adams, principle Forest Grove schools. The infraction of every rule is not willful disobedience. Do not trust too much in moral suasion. Mr. Swake of Linn Co., considers all rules only modifications of the rule "Do Right." Mr. J. D. Guise of Albany, believes in originality of rules. Each teacher must study his pupils and adapt various means of government to each. Mrs. Laura Williams of Polk Co., ascertains as nearly as possible the methods of home government, simmers them down, and applies.

On motion the subject was postponed until 1:30.

Mr. Leatherman of Woodburn, Mrs. Thrall, of Albany, were appointed critics for afternoon.

AFTERNOON SESSION.

Discussion on Rule continued at 1:30. Messrs. Garland, Wright and Baker participated.

The institute was pleasantly greeted by some songs by Miss Brink's pupils, after which the work of the afternoon commenced by a discussion of the topic "School Management," introduced by W. R. Brown, of the Turner public schools. No discussion.

Supt. Reynolds opened the subject, "How to use School Aids." He said make practical use of the objects within reach, find the area of the school desks, school rooms, blackboards, etc., and survey the school grounds.

Prof. Van Scoy, of Jefferson, heartily concurred with Supt. Reynolds in securing collections of insects, flowers, pictures, grasses, etc.

Supt. Bryan, of Benton, believed in collections.

Mr. Sutherland, of Linn county, thought there was more theory than practice. The six hours school work are not sufficient for such an amount of supplementary work.

Supt. Bell said there was too much cramming as it is, but believed more practical work might be attended with less text books. The best aid to school work is a good school house.

Mr. Edom thought each part of the collection brought by pupils should have the child's name attached.

"School Organization" was introduced by W. A. Roberts, of Silverton. He said the success of a school depends on proper organization. The teacher should acquaint himself with parents and pupils before opening school. The teacher should set pupils to work immediately upon commencing school.

After a song by the institute a recess of ten minutes gave the large audience an opportunity to rest before continuing work.

Recess was followed by an anti-social discussion of "Proper Motives and Incentives to Study." Mr. Campbell suggested that the teachers must discover the natural bent of a child's mind and adapt his instruction to that inclination.

Prof. Gilbert, of Philomath believes that pupils should be skillfully complimented under all circumstances where there is a possible excuse for it.

Mr. Longacre says: Interest pupils; make them believe that the teacher is interested in them and they will study. By studying in little things which make them feel their importance.

Mr. Hunsaker, of Marion county, there does not need any special incentive to study. The child is an interrogation point, and naturally desires to know. By studying the child's mind it will be easy to secure his attention and interest. Mr. Hickman, of Lebanon, believes that the beauty, use and utility of knowledge are in themselves attractive and proper incentives to study. Mrs. Williams suggests question box. Mr. Lewis, of Marion county, advises familiar talks. Prof. Bell opposes Mr. Hickman. A child cannot grasp the world but can a ball grasp. Consequently, knowledge must succumb to the capacity of the mind. Don't teach, but administer palatable doses of it, when merited. Superintendent Reynolds suggested that it is a good idea to have a branch, either alder or hickory, growing in the school yard. The question arose as to whether or not it is proper for a teacher to engage in a social dance where teaching. Superintendent Carl regards such a practice as rather damaging than otherwise. Mr. Longacre thinks that inasmuch as dancing is a questionable amusement a wise teacher will refrain.

Superintendent Baker believes in respecting the feelings of his patrons.

Some discussion between leading educators closed a pleasant session.

After singing "Coronation" the institute adjourned till 7:30 o'clock.

WEDNESDAY SESSION.

The evening's programme was greeted by a house literally jammed with people.

Miss Stratton, from Salem, rendered the opening number, an instrumental solo. The lady possessed a delicacy of touch appreciated by the audience.

Melvin Williams, of Lebanon, delivered recitation on "Fact and Talent," which displayed marked ability.

The Misses Giber, of Brownsville, sang "My Mother's Picture," with such effect that a delighted audience demanded more and listened with equal pleasure to a bright walk-song.

An instrumental solo by Miss Frances Gilbert was warmly cheered.

The wand exercise by pupils of the public school, under direction of Miss Gilbert, was one of the most pleasant and appreciated exercises of the evening and loudly applauded.

A vocal duet by Mr. and Mrs. Little was pleasingly rendered.

Marie Hyde and Edith Ashby, of the Albany public schools, presented recitations which showed careful preparation and displayed considerable talent.

Prof. Campbell, of Monmouth, delivered the address of the evening. Subject, "The Teacher's Profession." Prof. Campbell drew a comparison between various professions and detailed many advantages belonging to that of the teacher.

Abbe J. Fry, of Lebanon, delivered a recitation which showed taste in selection and remarkable retentive powers.

The exercises of the evening were concluded by a duet by the Misses Giber, which was heartily encored.

Following is the programme for the remainder of the session:

FRIDAY—MORNING SESSION. Value of School Libraries—Jay H. Jewitt, principal Harrisburg public schools. Language—J. B. Leatherman, principal Woodburn public schools. The Recitation—G. A. Walker, principal Albany public schools. General Discussion—Physiology and hygiene, methods of teaching. AFTERNOON SESSION. Technical Grammar—A. J. Garland, principal North Brownsville public schools. A Plea for Skilled Workmen—R. N. Wright, Santiam Academy. Comparative Merits of Mixed and Graded Schools—W. T. Van Scoy, principal Jefferson public schools. General Discussion—Legal rights and duties of teachers. EVENING SESSION. Music. Recitation—Mrs. A. E. Garland, Brownsville. Instrumental Solo—Miss Lora Vance. Address, "The School, The Philomath College."—Prof. W. S. Gilbert, Philomath College. Music. Lecture—Mrs. T. J. Brownson, McMinnville College. Music. SATURDAY—MORNING SESSION. School Economy—S. A. Randall.

"Baby Is Dead."

This sad message comes to us from San Bernardino, California, where our well known and highly esteemed fellow citizen Geo. S. Royce and family are spending the winter. Mr. Royce's health, Bessie Francis, the baby that the telegraph says died on March 19, 1890, of brain trouble, had gladdened the hearts of its parents less than one year, but had won a place that can never be filled.

A Tribute to Sam Simpson.

An item from the Eugene Guard is going the rounds of the weekly press of the state in which the name of Oregon's most gifted poet is paraded in a very uncharitable manner. Sam L. Simpson has his weakness, but there are few in or out of the editorial profession who can assume the responsibility of casting darts at him, and there is little to be done in the way of holding him up for public gaze and criticism, as some newspapers are now doing. Mr. Simpson has given to Oregon the finest gems of literature in prose and poetry it possesses, and he is still contributing these gems, and will probably continue to do so for several years, for the fires of his genius are not by any means extinguished. Sam L. Simpson is as harmless as a babe, he is bereft of family comforts, and he is still contributing these gems, and will probably continue to do so for several years, for the fires of his genius are not by any means extinguished. Sam L. Simpson is as harmless as a babe, he is bereft of family comforts, and he is still contributing these gems, and will probably continue to do so for several years, for the fires of his genius are not by any means extinguished.

Reliable information has been received in this city that Wm. N. Hoag will arrive from New York about the 1st of April, and Col. T. Edgerton Hoag, with several New York capitalists, will arrive about one month later, when the plans for improvements here will be inaugurated. Work will be resumed upon the road just as soon as the snow is out sufficiently to allow the work to be commenced.

Sunday's Bill of Fare.

Soups. Macaroni, Vermicelli, Salmon, Fish, Mackerel, Codfish, Salmon, Meats.

A fine fat chicken. Stuffed with Apples, Raisins, Currants, Oranges, Figs, Apricots, Lettuce, Chipped beef, Bacon, Honey, St. Clair ham, Etc.

All these delicacies at the Willamette Packing Company's.

Feed Stable sold.

The City Feed Stable, belonging to Dr. Nigus, was sold yesterday to Dr. J. N. Woodie, by Writteman & Hulbert. Terms private.

The Portland Branch.

Going away, going away. We have decided to close out business, and our entire stock of clothing, boots, shoes, goods, furniture, crockery, etc., must be sold by April 15th, next, regardless of cost. Remember this is your last and only chance to get goods at almost your own price. Come one, come all, and take advantage of this great opportunity. Also house and lot for sale cheap in the best locality in Albany. The Portland Branch, F. Wise & Co., proprietors, S. E. Young's old stand.

Wanted.

Mr. J. C. Goodale, of Coburg, has settled the trouble over the logs lost from the mouth of the Mohawk by purchasing the interests of the other mill men and loggers. Several million feet of the logs are scattered along the river above Harrisburg. He will send them down the river to Max Friendly's mill at Corvallis.—Eugene Register.

Astoria Fishers.

In keeping both eyes on Astoria, do not forget that the property offered by the Oregon Land Company is no "job lot," to be sold off at auction, but good, sound property, in which the company have invested their own money. The new cable cars run to the corner of Ocean Park addition, making this very desirable property. There is also a steamboat landing and a railroad station adjacent to this addition. Parties who desire to make investments in the Ocean Park addition to Astoria will have to apply soon, as it is being closed out very rapidly and prices advancing.

An Enjoyable Dinner.

Is what pleases every one, in order to get up a first-class meal it is a wise plan to look over the articles mentioned in the Willamette Packing Co.'s bill of fare, make up your order and send it in early, so as to get the best.

Dried beef, chipped to order at F. L. Kenton's.

FARMER'S INSTITUTE.

Programme of the Session to Be Held in This City March 27 and 28.

The sixth session of the series of farmer's institutes held under the auspices of the State Agricultural College will convene in this city on Thursday evening, March 27, and continue until Friday evening.

Following is the programme:

THURSDAY, 7:15 P. M. Quartetto—Messrs. Lee, Sears, Barrows, and Fortmiller. Opening address—Mayor J. L. Cowan.

Response—Pres. B. L. Arnold, Corvallis.

Vocal solo—Miss Minnie Van Horn.

Recitation, "The Mowers"—Miss Lora Vance.

Domestic Economics—Prof. Margaret Snell, Corvallis.

Albany and Mrs. S. S. Train, Albany, and Mrs. L. L. Hillenry, Turner.

Select reading—Miss Vesta Mason.

FRIDAY, 9 A. M. Farming for profit—M. H. Wilde. Discussion—Lead by A. N. Steward and J. H. Scott.

Pruning fruit trees—Prof. E. R. Lyle.

Discussion—Lead by John Briggs and W. N. Phillips.

Agriculture in Oregon—Combination and laws bearing thereon—S. P. Payne.

Discussion—Lead by John R. Smith and Hon. A. Blewitt.

FRIDAY, 2 P. M. Transportation—S. S. Train. Discussion—Lead by Hon. R. A. Irvine and B. A. Witzel.

Methods of Improving stock—James Elkins.

Discussion—Lead by Thomas Brandon and B. A. Stafford.

Mechanical and Chemical effects of Drainage—Prof. E. Grimm.

Discussion—Lead by F. Propst and J. A. Gross.

FRIDAY, 7:15 P. M. Quartetto—Messrs. Lee, Sears, Barrows, and Fortmiller. County road making—Alex Brandon.

Discussion—Lead by Hon. John Bryant, and Hon. F. M. Kizer.

Recitation, "Milk Maid"—Miss Helen Crawford.

Solo—Prof. W. H. Lee. Mechanics for Farmers—Prof. G. A. Covell.

Discussion—Lead by Pres. B. L. Arnold and Hon. J. K. Weatherford.

Relation of Common Schools to Agriculture—Prof. W. E. Yates.

Discussion—Lead by Prof. D. V. S. and J. G. Gillet.

Quartetto—Messrs. Lee, Sears, Barrows, and Fortmiller.

Citizens generally are asked and expected to take part in the discussion. A question box will be provided, which will add much to the interest of the session.

Choice Acre Property.

We have just finished the survey of 80 acres of land 4 miles southeast of this city in 10-acre tracts. This soil is very rich and is peculiarly adapted to grain growing and gardening. Having recently bought this land for the express purpose above named, we will sell for a few days at a bargain.

When we say this land is four miles out, we mean four and not six. One acre is worth more than any man's money than ten acres of mountain, gulch and swamp land, which is being sold in Astoria and other towns at fabulous prices. Wallace & Cusick.

Will Soon Be Home.

Judge Deady writes from San Francisco to his son Paul that he will not be home before April 1 and perhaps not till a week later, as he and Mrs. Deady will visit friends in San Francisco and other parts of California before starting for Oregon. Judge Deady states that he has been much benefited by his trip.

Noted.

Mr. J. C. Goodale, of Coburg, has settled the trouble over the logs lost from the mouth of the Mohawk by purchasing the interests of the other mill men and loggers. Several million feet of the logs are scattered along the river above Harrisburg. He will send them down the river to Max Friendly's mill at Corvallis.—Eugene Register.
