PACIFIC COAST NEWS

Huntington and Stanford Have Had a Disagreement.

SOUTHERN PACIFIC'S PLANS. The Lone Highwayman Operating as Usual in California. Northern Pacific Railroad Paranoia.

SAN FRANCISCO, April 10.—Both Senators Stanford and Huntington declined to be interviewed today, when a newspaper reporter sought to inquire into the personal feelings that are said to have arisen between them.

What do you think will be Huntington's policy in administering the affairs of the company? "Well, he has already announced it; whether he will be able to carry it out or not I cannot tell. "I had known there was a feeling between them for some time. When Col. Crocker went East he returned thinking he had done so. This thing is as much a surprise to me as to anybody else. I did not read all Huntington's remarks before the board of directors. I read only as far as his reference to Stanford's election as United States senator. There was not a cent of this company's money used for that purpose, though Huntington may think so.

California Prohibitionists. They Denounce High License and California Wine-Making. SAN FRANCISCO, April 10.—The state prohibition convention adopted a platform today. It endorses the platform of the national prohibition party and denounces high license and the payment of state money in promoting wine-making. He passed over \$5, but the robber said he knew Burke had more, and jumped into the wagon to look for the money. Burke then jumped on the tongue of the wagon. The robber fired at him twice. This scared the team into a run and the robber decamped.

GREAT DISSATISFACTION. Portland Business Men Do Not Dwell Together in Unity. PORTLAND, April 10.—Great dissatisfaction has been expressed at the selection of Williams' block as the site of the proposed chamber of commerce building. It is said the selection of the block did not represent the choice of the majority of the 5,000 subscribers to the stock. Only 147 voted at the meeting Tuesday evening. The great objection to the site is that it is too far from the business center. It is probable a site further up town will be selected, as the first selection is not final.

The Nationalists. SAN FRANCISCO, April 10.—A convention of independent Nationalists, composed of seceders from the regular state national convention, opened at the Palace hotel today. A platform was adopted, demanding the government ownership of telegraph and railroad lines, and by municipal control of street railways, water, gas and light, the election of United States senators by a direct vote of the people, and the adoption of the Australian ballot system and other measures.

Ended in a Row. CHICAGO, April 10.—The conference of the German Evangelical delegates held to-day resulted in a row and the police were called to quell the disturbance. Bishop Esper, who was regularly assigned to preside over the conference, was on hand early with his supporters. A majority of the conference decided that he had been deposed by a Pennsylvania trial committee, and excluded him from the meeting. Esper's supporters then withdrew.

Bishop Esper made a statement of the case from his standpoint. Bishop Bowman of Ackley, Iowa, announced that the "bolters" there were making a desperate opposition to him, but that he was holding the fort. This was received with cheers. A resolution was made by Rev. Wellman, which was adopted unanimously, that they sustain Esper and Bowman, and condemn the opposition in endeavoring to form an illegal organization, a revolutionary organization, and that Esper and Bowman were declared null and void.

They smashed many windows and tried to set fire to the hotel, when the troops dispersed them. Many persons were wounded. A mob of 2000 persons invaded the Carlist club and set fire to the furniture.
