The Evangelical Quarrel Will Be Carried Into Law.

CHICAGO, April 12.—At to-day's session of the rival factions of the Evangelical convention very mild manifestos were exchanged, each calling the other to return to the fold. Both have formed completely separate organizations. The Espers faction, however, is determined to have the records and other books and a legal fight which will be begun this week will probably hasten the completion of the rupture in the church.

NICARAGUA CANAL.

How The Work Is Being Done and The Prospects Advanced.

Edward Stubbert, chief surgeon of the Nicaragua Canal Company, arrived in New York on Wednesday. He says that although he has been in nearly every climate in the world, there is none which he would prefer to that of Nicaragua. The thermometer ranges, he says, from 70 to 90 degrees the year around, and, in fact, seldom reaches these extremes. The formal opening of actual work on the canal was begun in the latter part of October of last year, and since last August there have been on an average 800 men at work on the canal. The death rate during that time has been only one person every six weeks. The diseases from which the men suffer are chiefly mild forms of tropical fevers, and Dr. Stubbert says that the death rate has only been one man out of every 219 cases in the hospitals. None of those who went from the United States have been fatally attacked by fever.

Work on the east end of the canal is well under way. The breakwater at Greywater already extends 502 feet out into the sea, and is advancing at the rate of ten feet a day. When it reaches the extent of 1800 feet it will furnish protection for ships drawing fourteen feet of water. Dredging of the inner harbor will be begun on April 15th. A telegraph line has been built from Greytown to Castillo, which is on top of the divide between Lake Nicaragua and the sea. A railroad has already been surveyed between these two places, a distance of about seventeen miles, and the work of construction has been begun.

The entire line of the canal has been cleared of timber, and before the end of this month there will be 2000 men at work on the actual construction of the canal. It is expected that Admiral Gherardi will start with the Dolphin, Kearsarge, Galena and Yantic from Key West on April 15th for Greytown to inspect the canal.

SHOULD THEY MARRY?

Should newspaper women marry? and if so, should they marry newspaper men? was the weighty problem for discussion which occupied the time of the members of the Press Club of New York City their fortnightly meeting recently. About fifty women were on hand to express their opinions on the matter.

Mrs. E. Mitchell Tyng presided. Five special guest of the club were present. These were Mrs. Elizabeth Bisland, Mrs. S. L. Cowell, Mrs. Mary G. Humphreys and Mrs. Merrill. "Jane Kincaid" of the Botson Globe. Mrs. Tyng read the opening paper, which was strongly in favor of the affirmative answer to both queries.

Grace Greenwood voiced similar opinions, but Mrs. Mary E. Bryan who followed, thought that marriage narrowed down the sphere of a newspaper woman's work, and that if she were going to do her duty to her profession she had better remain single.

Mrs. Eliza Putman Heaton and Mrs Townsend Percy thought that newspaper men made congenial life mates for newspaper women.

Prof. H. C. Palmer's Conservatory of Music.

He can be found in his office in Blumberg's block from 10 to 12, 2 to 4 and 7 to 8.

OLD WORLD AFFAIRS.

The German Government Wants a Protective Tariff.

THE YOUNG GERMAN RULER.

A Lack of Confidence in His Purposes The Canadian Pacific's Plans for Extending Its Business.

(Copyright 1890 by the New York Associated Press.)

BERLIN, April 12.—Immediately on his return from Weisbaden, Emperor William will hold a series of prolonged conferences with the heads of the various departments, Chancellor Von Caprivi, Baron Von Berlepshen and Baron Von Bieberstein successively. It is reported to be the determination of the emperor to exercise a rigid personal scrutiny over every measure. The federal government does not share the emperor's taste for reform. The Progressist press indulges in visions of a change in the tariff policy, a reduction of duties on cereals and a progressive modification of customs so as to abolish taxation on articles that are necessary for the use of the people and a simultaneous adoption of the tariff, so as to develop the industries of the country. It is not believed in official circles that the emperor was rash enough to entangle himself in the difficulties entailed by the revision of the tariff, which would involve complete reforms in the whole financial and fiscal system of the empire. Already the leading federal princes of the empire are incredulous of the emperor's capacity, and of his methods of governing, and are trying to run down his self-confidence.

This afternoon the United States minister and the British and German representatives deposited the formal ratification of the Samoan treaty and signed the final protocol.

BERLIN MERCHANTS.

They Won't Like Our New Tariff Schedule.

BERLIN, April 12.—Many of the Berlin merchants interested in exporting goods to America are seeking to bring influences to bear for the purpose of having McKinley's bill either greatly modified or altogether withdrawn. They say that the measure, if it goes into effect in its present form, will strike a fresh blow at the exportation of German goods to America.

Hundreds of men are searching the country for the tramps and if caught they will be lynched.

A Count Arrested for Assailing His Wife's Character.

PHILADELPHIA, April 12.—Guiseppi, better known as Count Monteriele, an Italian noble, a couple of years ago married Miss Virginia Knox, a wealthy belle of Pittsburg. The couple went to Europe, but after a few months the countess returned alone, and it was announced that she had left her husband because of his brutal treatment. The count followed her to this city, and persecuted her constantly with demands for money. He also circulated on the street a printed letter to the public in which he grossly attacked her character. He was arrested on a charged of criminal libel and was to-day held in $5000 bail, in default of which he went to prison.

A DESPERATE FIGHT.

Three Men Shot in Making an Arrest in Georgia.

BRUNSWICK, Ga., April 12.—This morning W. W. Baldwin was fined $2 for pushing off the sidewalk a negro woman. This enraged him, and on leaving the court he made an insulting remark to the police judge. Officer Massey was sent to bring him back. Baldwin shot the officer twice, inflicting fatal wounds. He then shot Marshal Houston. Officer Willcher grapled with him, and in the struggle for the gun Baldwin accidentally shot himself in the thigh. He was overpowered and lodged in jail.

RHODE ISLAND ELECTIONS.

The Control of the State Hinges on the Battle of Ballots.

PROVIDENCE, April 12.—Return from the supplementary elections in this city are coming in slowly, and indicate the probable election of four or five democrats as senator and members of the legislature.

On the result of this second election the control of the state hinges.

THE DEMOCRATS WIN.

THE SLIPPERY CHINESE.

Trying to Dodge the Laws in the California District.

SAN FRANCISCO, April 12.—Eighty-seven Chinese, who arrived from China this week by the steamer Oceanic, were to-day transferred to the steamer City of Sidney, en route to Panama. The collector of this port at first refused to allow them to be transferred, owing to the fact that a number who had gone by the same route were captured at San Diego, while trying to enter the United States. The United States district attorney assured the collector that he had no right to detain them in transit. The collector then issued an order allowing them to depart, though the steamship company promised that that the Chinese should be landed 350 miles south from Guaymas.

WASHINGTON, April 12.—The senate passed the following bills to-day: A senate bill extending to the seats of South Dakota, North Dakota, Washington and Montana, the benefits of the act allowing certain states five per cent on the sale of public lands; also the senate bill to increase the efficiency and reduce the expense of the signal corps; also the army bill for the transfer to department of agriculture of the weather bureau, leaving the signal corps of the army to remain in the war department. The executive session then adjourned.

Dawes presented a petition from the Boston board of trade endorsing the resolution of the New York chamber of commerce remonstrating against legislation for driving Chinese out of the country.

A SWINDLER CAUGHT.

While Trying to Obtain $500 in Portland.

PORTLAND, April 12.—Officer Day several days ago arrested a man named Jones on a message from another Jones in Hornbrook, Cal. The dispatch said that Jones in this city was about to come in possession of a fraudulent draft for $500 from a lady in Henley, California. A decoy package was sent to the Portland Jones through the mail, but before he could get it he was arrested. The prisoner claims that he received a dispatch from from his sister in California some time ago asking whether he was in need of money. He wired: "Yes; send me $500." While waiting for the money he was arrested on a message from Jones No. 2. The Portland Jones is not guilty of receiving money under false pretence, as the officer was not allowd to wait in making the arrest until the money was sent. Unless he is guilty of some crime in California the officers will have to release him.

Woman's Discovery

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Luts." Thus write W. C. Hamrick & Co. of Shelby, N. C.—Get a free trial bottle at Foshay & Mason's Drug Store
